Reminder: Check your acceptance letter and I-20 form to confirm if you have been placed in the ESL Program.

International students admitted in the ESL Program will be scheduled to complete the LOEPS battery of tests for placement in the Beginner, Intermediate, or Advanced level. Students with a score qualifying for the Advanced level in ESL can take the Institutional Toefl Test (ITT) and with a **minimum test score of 550 can exit the program** and enroll directly in University courses. Students with a test score under 550 on the ITT will have their individual section scores reviewed in the areas of listening, comprehension, structure, reading, and writing. Section scores with a minimum of 55 on the ITT will exempt the student from the corresponding ESL class. Students with a passing score in at least one section of the Official Toefl (Toefl is official if administered at an official test site and submitted prior to arrival at the University) will be placed in the advanced level for that section

Students must submit a passing score on the Toefl/IELTS prior to arrival at the University to meet the language proficiency requirements and waive enrollment in the ESL Program. The only exemption to this policy is determined with scores from the LOEPS battery of tests for placement administered by the university. Students placed in the advanced level on the University's placement test may take the ITT to place out of the ESL Program.
