This catalog is an official publication of Johnson & Wales University. As such, it and any other publications or policies provided on JWU’s website are subject to revision at any time. The university reserves the right to add, withdraw or revise any course, program of study, provision or requirement described within the catalog as may be deemed necessary. Occasionally, program requirements will vary by the publication date of the catalog. Requirements stated in the edition published closest to the September enrollment date will take precedence.

Students should read and fully understand the rules, requirements and policies described in this catalog. Additionally, all enrolled students are expected to be familiar with the contents of the Denver Campus Student Handbook. The Denver Campus Student Handbook contains important information regarding academic performance and personal conduct of students as well as university grievance procedures. It also outlines the conditions under which students may be placed on probation or suspension from the university. The Denver Campus Student Handbook (http://catalog.jwu.edu/handbook/denver) is available online. Copies of the Denver Campus Student Handbook and this catalog are also available at Student Academic & Financial Services.
Letter from Vice President and Dean of Academic Affairs

Johnson & Wales University is a unique, private, nonprofit institution of higher education. We've grown from a small New England business school to a recognized leader in career education. Our alumni from across the globe are influencing a wide variety of fields with their passion, drive and knowledge.

Just about every college is talking about experiential education. And that's because it works. At Johnson & Wales we've been perfecting this approach for more than 100 years. It's why we're world renowned for providing students with the optimal blend of intellectual development, and why the National Society for Experiential Education conferred upon JWU its highest honor: the 2014 William M. Burke Presidential Award for Excellence in Experiential Education.

Denver is consistently listed as one of the top 10 "best places for business and careers" by Forbes magazine, most recently earning the No. 1 spot in 2015. With a thriving and growing economy — including more than 2,000 restaurants in the greater metro area, museums, top-notch shopping, and the second largest performing arts center in the nation — Denver provides the perfect foundation for JWU students to get an edge on their future career through internships and experiential learning opportunities.

We invite you to learn more about our unique educational approach and how we prepare students for careers in their industry of choice while instilling a strong sense of civic responsibility.

Sincerely,

Richard Wiscott, Ph.D.
Vice President and Dean of Academic Affairs, Denver Campus

About JWU

Founded in 1914, Johnson & Wales University is a private, nonprofit, accredited institution with approximately 16,000 graduate, undergraduate and online students at its four campuses in Providence, R.I.; North Miami, Fla.; Denver, Colo.; and Charlotte, N.C. An innovative educational leader, the university offers degree programs in arts and sciences, business, culinary arts, education, nutrition, hospitality, physician assistant studies, engineering and design. Its unique model integrates arts and sciences and industry-focused education with work experience and leadership opportunities, inspiring students to achieve professional success and lifelong personal growth. The university’s impact is global, with alumni from 119 countries pursuing careers worldwide.

Here’s what makes JWU different.

- Degree programs are designed to provide you with the knowledge and skills employers have identified as necessary in your field of choice. And you don’t have to wait to build your career skills, as you’ll have the opportunity to take courses in your major in your first year.
- Students learn by doing. Faculty, many with industry experience, bring professional knowledge and networking opportunities into small classroom settings.
- JWU’s programs provide opportunities for real-world experience, which can include internships, classroom projects with actual companies and community service learning. You’ll learn industry best practices and train on career-specific tools and software.
- Dedicated faculty and career advisors help you set professional goals and develop an educational plan designed for you to best attain those goals. In addition, specialized workshops help you build your résumé, highlight your skills and develop a portfolio of work to help set you apart.
- You’ll have the opportunity to network with employers who visit campus each year, including career fairs, on-campus interviews and career events geared to your major.
- JWU students intern at nearly 1,500 sites related to their major each year worldwide.
- At least one-third of credits in each JWU program are in the arts and sciences to help you develop the critical thinking, communication and analytical skills necessary for long-term career progression.
- JWU offers 40 study abroad programs and independent exchanges, all of which include study such as lecture, industry visits and cultural excursions. Study Abroad staff members will help you identify programs that best fit your academic and career goals.
- Participation in competitions as a member of DECA, BPA, FCCLA and other nationally recognized student organizations help build leadership, career skills and your résumé.
- Community service is integral to our educational philosophy. Our ongoing commitment to community service has repeatedly earned JWU a place on the President’s Higher Education Community Service Honor Roll.

History of JWU

Johnson & Wales University (JWU) was founded as a business school in 1914 in Providence, R.I., by Gertrude I. Johnson and Mary T. Wales. From its origins as a school devoted to business education, JWU has grown to a junior college, to a senior college, and ultimately to university status.

JWU was accredited in 1954 by the Accrediting Council for Independent Colleges and Schools (ACICS). In 1963 the State of Rhode Island granted a charter that authorized the university to operate as a nonprofit, degree-granting institution of higher learning and to award associate degrees in accounting, business administration, court reporting and secretarial sciences.

In 1970 the State of Rhode Island approved a revision in the university’s charter allowing it to award baccalaureate degrees as well as associate degrees.

In 1972 and 1973 the university announced the addition of new associate degree programs in the fields of hospitality and culinary arts. This led to additional two- and four-year degree programs in the hospitality and food service fields.

In 1980 the university was granted a legislative charter to replace its previous charter and became authorized to award advanced degrees.

In 1984, a JWU campus was established in Charleston, S.C., which offered a variety of two- and four-year programs in food service, hospitality and travel-tourism. A JWU campus opened in Norfolk, Va., in 1986, offering one- and two-year food service programs.

In 1985, graduate degree programs were introduced at the university, and the university officially changed its name to Johnson & Wales University in 1988.

In 1992, JWU opened a campus in North Miami, Fla. That year also marked the university’s formal establishment of the College of Business, The Hospitality College, the College of Culinary Arts and the School of Technology. A new emphasis on general studies was introduced with the development of the School of Arts & Sciences.

JWU received regional accreditation from the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges (NEASC) in 1993. In that same year, JWU opened a campus in Vail, Colo., which offered an accelerated associate degree program in culinary arts to college graduates. The year also marked the beginning of a four-year bachelor’s degree offering in culinary arts.

From 1994–2004 JWU offered programs at the Institute of Higher Marketing (IHM) Business School in Göteborg, Sweden. This joint educational agreement allowed business and hospitality students to complete one year of study in Sweden and finish their degrees at one of the university’s domestic campuses.

The university consolidated its institutional accreditation efforts under NEASC on June 30, 2000.

September 2000 marked the opening of the Denver, Colo., campus. In 2000, the Vail Campus merged with the Denver Campus.

In 2002, the university made a strategic decision to consolidate its smaller Charleston and Norfolk campuses to build a campus in Charlotte, N.C. JWU’s Charlotte Campus opened in fall 2004. The Charleston and Norfolk campuses officially closed in May 2006.

Beginning with the 2008–2009 academic year, JWU’s College of Business and The Hospitality College eliminated associate degrees and began offering only bachelor of science degrees that allowed students to customize their education. This decision did not impact the College of Culinary Arts and the School of Technology.

In 2009–2010 JWU recruited, admitted and enrolled the entering class for two online bachelor’s degree programs in food service management.

In fall 2012 the university began offering a degree in counseling psychology, the first bachelor’s degree program offered through the John Hazen White School of Arts & Sciences. This was followed in fall 2013 by the addition of two more arts and sciences degree programs.

That same year, the university restructured into three colleges and three schools: the College of Culinary Arts, College of Management, John Hazen White College of Arts & Sciences, School of Engineering & Design, College of Online Education, and Center for Physician Assistant Studies (to be incorporated into the College of Health & Wellness).

Today the university is offering a variety of new degree programs that reflect the growing industries of tomorrow.

Mission and Guiding Principles

Johnson & Wales University … an exceptional education that inspires professional success and lifelong personal and intellectual growth.

In support of our mission and recognizing the importance of preserving our unique student-centered culture we will be guided by the following principles:

- Undertake continuous improvement and planning for a sustainable future.
• Foster a teaching-focused university that encourages appropriate scholarship and offers relevant programs that maximize student potential.
• Enrich our academic programs with experiential and work-integrated learning.
• Be cost-conscious in our endeavor to provide an affordable private university education and be a good steward of our resources.
• Embrace diversity for a richly inclusive community.
• Model ethical behavior and local, national and global citizenship.
• Value our faculty and staff by investing in their quality of life and professional development.
• Provide facilities, technology and other resources to meet the needs of students, faculty and staff.

Applied Psychology - BS

The Psychology bachelor's degree program offers students the opportunity to learn about and understand the complex relationships between human behavior and the world in which we live. Grounded in experiential learning and emphasizing awareness, understanding and appreciation for diversity, culture and global perspectives, this degree incorporates career-related knowledge, skills and abilities that prepare graduates for lifelong learning and professional success.

After taking foundational courses during the first year of the program, students choose one of two areas of emphasis to focus their studies. In Applied Psychology, students pursue advanced work that applies psychological concepts, theories and practice to the real world. This combination of theory and practical application prepares graduates to identify, address and engage everyday personal, professional and societal opportunities and challenges.

Upon completion of the program, graduates are expected to:

• Apply key concepts, theories and research findings in the discipline of psychology to understanding, explaining and evaluating human behavior in both real-world and experimental settings.
• Critically think and problem solve in an empirical manner as evidenced by the ability to use the scientific method, evaluate research findings, conduct applied research and use results to address challenges in the workplace and society at large.
• Exhibit ethically and socially responsible behavior in professional settings through an understanding of needs of diverse individuals in complex multicultural global environments.
• Demonstrate written, oral and interpersonal communication skills required of psychology professionals.
• Define and adopt a professional identity, as well as appreciation and commitment to on-going professional development, as evidenced by applying discipline-specific content to career goals, self-efficacy and self-regulation, project management, teamwork, and collaboration skills.

All Psychology students enroll in a required minor in either Applied Research or General Business. This focus complements major course work, providing students with marketable skills in research design, survey instrument construction, data analysis, critical evaluation or modern business practices that employers need to make decisions.

A required internship experience enables students to use material learned throughout the program in research or work settings, adding to their résumé and emphasizing awareness, understanding and appreciation for diversity, behavior and the world in which we live. Grounded in experiential learning through an understanding of needs of diverse individuals in complex multicultural global environments.

Students are required to complete a 4.5 credit internship. Students may use up to 9.0 credits from free electives to do an internship of 9.0 or 13.5 credits.

# In addition to classes, free elective credit can be applied to a number of options such as Directed Experiential Education (DEE), Internship, Minor or Study Abroad. Students are strongly encouraged to contact an adviser before scheduling free elective credits.

NOTE: Students must pass MATH0010 Basic Mathematics or have equivalent placement scores to enroll in required math course(s).

Students who graduate with a bachelor of science degree must leave Johnson & Wales University with effective writing skills. These writing skills will be assessed at the completion of ENGL1021 Advanced Composition and Communication.

In collaboration with schools and colleges on all campuses, JWU Study Abroad programs offer a variety of options for major, Arts & Science and elective credit at many price points for students during the academic year and summer. Financial aid is applicable to most programs. Visit the study abroad website (http://stud yabroad.jwu.edu) for information, program descriptions and online applications.
Counseling Psychology - BS

The Counseling Psychology bachelor’s degree program prepares students for careers as case/program workers and managers and aides who assist counselors in resolving clients’ personal, family, educational, mental health or work-related issues. Graduates of this program may pursue employment in the public or private sectors working in educational settings, private agencies, hospitals, rehabilitation centers or in nonprofit organizations.

Upon completion of this program, graduates are expected to demonstrate knowledge of the theoretical frameworks in counseling, professional and ethical practices, social and cultural diversity, human growth and development, career development, helping relationships, group work, assessment and research.

Upon completion of the program, graduates are expected to:

• Delineate the historical nature of psychology as well as the biopsychosocial and developmental determinants of behavior.
• Practice effectively within the following core counselor practice domains: use of counseling strategies and techniques, client assessment, case management, treatment planning, addictions counseling, community resource utilization, job development and placement, vocational counseling, research application and ethical counseling.
• Identify, implement and evaluate the various frameworks for ethical appraisal of the individual, including use of methods of data gathering and interpretation, statistical concepts, individual and group testing, case studies, historical perspectives, and individual differences from multicultural and ethnic contexts.
• Employ basic scientific research methods to analyze and critique assumptions, examine available evidence including (but not limited to) statistical analysis, theorize, conduct ethical, representative, and viable research and draw logical conclusions in an attempt to identify and/or resolve a specific problem.
• Identify the nature and needs of diverse individuals in a multicultural society, demonstrating appropriate sensitivity to needs of these populations in applying psychological theory, employing research methodology, and in making referrals for mental health treatment.
• Examine the development, ethical issues and theoretical approaches to group counseling including defining and appraising group counseling theories, group therapy techniques, group purpose, group development and group dynamics.
• Develop criteria, skills and strategies for providing effective crisis intervention, de-escalation of conflict, and conflict resolution in crisis situations
• Apply ethical principles while dealing with clients within the counseling psychology profession.
• Evaluate and describe the philosophy, mission, programs and services of various human service providers as well as to demonstrate the ability to make appropriate individual referrals to said human service agencies.
• Function professionally in a supervised clinical experience that will prepare them to employ effective counseling practices while developing an understanding of the inner workings of public and/or private mental health and related human service agencies.

Courses are selected to provide students with a broad foundation of knowledge concerning human thoughts, emotions and behaviors. The program features a significant number of psychology courses that address both the biological and psychological motivations for certain behaviors. Sociology courses also play a major role by exploring the impact that a person’s social environment (i.e., family, culture, religion, etc.) has had on his or her development. Knowledge gained in these disciplines is then examined from the counseling psychology perspective to determine viable modes of intervention and treatment, if such actions are warranted.

Consistent with the Johnson & Wales University experiential education philosophy, counseling psychology students also gain practical experience while enrolled in this program. For example, courses such as CSLG3010 Principles of Group Counseling and CSLG2030 Counseling Theories and Techniques provide students with classroom exercises in which they learn about, role play and model various counseling practices. Graduates of this program are expected to employ critical thinking skills and ethical principles essential to interacting with and successfully treating clients in the professional environment.

To qualify for the internship, students must have a 2.75 GPA in their major courses, or have permission of the program director, and a letter of approval from their faculty advisor.

Those who do not qualify for the internship are required to take two additional counseling classes in lieu of the internship class, CSLGA099 Internship in Counseling Psychology. Students need to get department chair approval for the 2-course substitution.

In addition, students are expected to use the American Counseling Association (ACA) Code of Ethics and Standards of Practice as a guide for ethical behavior throughout the program.

PLEASE NOTE: A master of science degree is usually required for licensed positions as professional mental health counselors, marriage and family counselors and social workers. At completion of the bachelor’s degree program in Counseling Psychology, students may also choose to pursue a Master of Science degree in Counseling. The bachelor of science degree program prepares students for entry-level care/case/program workers and managers and aide positions who assist licensed counselors.

The Criminal Justice bachelor's degree program prepares students for professional careers in the field of criminal justice. Through this course of study, students are expected to acquire the communication, logic, critical thinking, and ethical reasoning skills essential for both the understanding of complex global and domestic criminal justice issues and for effective career performance and progression.

Upon completion of the program, graduates are expected to:

- Explain the historical backgrounds, agencies, professions, purposes, functions and administration of the American criminal justice system.
- Analyze, evaluate and apply social science research methods to complex issues within the criminal justice system.
- Apply criminological theories and causes of crime, and appropriate methods of control and prevention of criminal behavior to situational contexts within the American criminal justice system.
- Explain the complex responsibilities, procedures and policies of law enforcement agencies operating in the American criminal justice system.
- Critically evaluate evidence used to support criminal justice issues and generate appropriate recommendations.
- Explain conflicts that arise in diverse communities in relation to criminal justice administration.

The program’s judicious mix of Criminal Justice and Arts & Sciences courses is intended to develop and enhance each student’s critical thinking and effective communication skills, as well as their appreciation for diversity, citizenship, leadership and public service. In keeping with the unique curriculum and varied career opportunities available to graduates of the Criminal Justice program, students are encouraged to take advantage of available internship, study abroad and elective course opportunities that target their specific interests and goals.

Graduates of the program are prepared for a wide variety of criminal justice employment at the local, national and federal levels including careers in court administration, private investigation, airport security and social services, or as a federal agent, police officer or border patrol agent, among many others.

### English: Writing and Literature - BA

The English: Writing and Literature bachelor’s degree program prepares students to be critical thinkers and professional writers while developing the global and cultural awareness that traditional literary analysis can offer. Core courses provide theoretical and applied knowledge of the craft of writing, building the skill that employers seek the most — effective communication. Students are prepared for a variety of career fields including journalism, publishing, business, education and media communications.

Upon completion of the program, graduates are expected to:

- Demonstrate excellence in both written and verbal communication skills.
- Analyze the universality and diversity of the human experience through examples from literature, writing and new media.
- Analyze complex ideas and texts in both traditional and digital environments.
- Apply literary and rhetorical theory to texts and writing.
- Demonstrate excellence in the processes of professional writing, such as drafting, revising, editing and publishing.

Students customize their degree through one of two areas of specialization — professional writing or literature — shaping their own academic experience and career interests. The program provides flexibility with free electives that engage literary texts from a variety of genres, authors and cultures, as well as writing courses in fiction, poetry and non-fiction, including those focused on travel, food, fashion, sports and more. Additionally, in their capstone course, students will complete a writing portfolio as a culmination of the program in their area of specialization and to position them well to pursue graduate degrees in a variety of fields.

** Students may choose up to 13.5 internship or study abroad credits.

# In addition to classes, free elective credit can be applied to a number of options such as Directed Experiential Education (DEE), Internship, Minor or Study Abroad. Students are strongly encouraged to contact an adviser before scheduling free elective credits.

NOTE: Students must pass MATH0010 Basic Mathematics or have equivalent placement scores to enroll in required math course(s).

Students who graduate with a bachelor of science degree must leave Johnson & Wales University with effective writing skills. These writing skills will be assessed at the completion of ENG1021 Advanced Composition and Communication.

In collaboration with schools and colleges on all campuses, JWU Study Abroad programs offer a variety of options for major, Arts & Science and elective credit at many price points for students during the academic year and summer. Financial aid is applicable to most programs. Visit the study abroad website (http://studyabroad.jwu.edu) for information, program descriptions and online applications.
Environmental Sustainability - MINOR

The College of Arts & Sciences offers three minors (22.5 credits) that enhance and strengthen the qualifications of graduates: Economics, Environmental Sustainability and Professional Communication.* These are intended to give students opportunities to develop expertise in an area that complements their major. Real-world applications are embedded in the minors.

This minor prepares students to understand the scientific, public policy and economic challenges of current environmental problems such as global climate change and renewable energy. Faced with balancing social, economic and environmental concerns, industry and community leaders are exploring sustainable business practices. Through coursework and field research, students develop the knowledge and skills needed to address sustainability issues and to navigate the emerging green economy.

* The only minors offered are those listed in the catalog. Students cannot elect to create their own minors.

Liberal Studies - BS

Through the required and elective courses in the Liberal Studies bachelor’s degree program, students acquire knowledge and experience in the arts, cultural studies, history, philosophy, the behavioral sciences, math and science. With a required minor in either business or technology*, students are prepared to enter the workforce in business, nonprofit, government, and arts and cultural organizations. The degree also prepares them for further graduate studies. In addition, the program includes experiential learning through an internship, service learning and an optional study abroad.

Key differentiators of the JWU Liberal Studies degree program include a requirement that students complete a minor in business or technology, the inclusion of a heightened form of experiential learning, and in-depth advising in fulfillment of the mission. The required minor is intended to assure that students have an introduction to a profession or set of professional skills prior to program completion.

Upon completion of the program, graduates are expected to:

- Apply oral and written rhetorical strategies to communicate complex arguments.
- Apply appropriate disciplinary criteria to examine complex issues, analyze arguments, conduct credible research, solve problems, make ethical decisions and create original ideas and/or approaches.
- Synthesize and apply knowledge from multiple perspectives to evaluate complex issues and address real-world problems.

**Arts & Culture Track:**

- Exhibit advanced knowledge of the complexities of human culture.
- Critically examine and interpret human expression using the theories and methods of various disciplines, such as history, sociology, philosophy, literature and the arts.

**Science & Society Track:**

- Apply mathematical and scientific reasoning to social problems.
- Exhibit advanced knowledge of the social systems that structure human existence.
- Critically examine and interpret human behavior using the theories and methods of various disciplines, such as economics, sociology, psychology, political science and the natural sciences.

* The technology (Project Management) minor is offered only at the Providence campus.

Johnson & Wales University 23
Media & Communication Studies majors are curious about the production and meaning of media—books, newspapers, magazines, photographs, film, music, radio, television, video games, social networking sites—and about how audiences respond to what they read, see, and hear. Our Principles menu includes courses on specific media forms, while our Practices menu emphasizes advertising, production, writing, and management. Students select courses that complement their intellectual and professional interests, usually by designing focus areas in consultation with advisors.

Upon completion of the program, graduates are expected to:

- Demonstrate knowledge of how the major media industries work in local-global contexts.
- Analyze, interpret and evaluate the aesthetic impressions and expressions of media texts.
- Compare and contrast theories that scholars use to explain the beliefs, attitudes, values, opinions and behaviors of media audiences.
- Assess the political-economic and social-cultural influences among media industries, texts and audiences.
- Integrate primary and secondary sources into well-reasoned arguments.

The program offers a strong liberal arts education and opportunities to study abroad. Media internships serve as springboards for career opportunities in a variety of industries. Additionally, students are well-positioned to pursue graduate degrees in a variety of fields.

Organizational Psychology - BS

The Psychology major offers students the opportunity to learn about and understand the complex relationships between human behavior and the world in which we live. Grounded in experiential learning, and emphasizing awareness, understanding and appreciation for diversity, culture and global perspectives, this degree incorporates career-related knowledge, skills and abilities that prepare graduates for lifelong learning and professional success.

After taking foundational courses during the first year of the program, students choose one of two areas of emphasis to focus their studies. In Organizational Psychology, students focus on the application of psychological concepts, theories and research in the workplace. Emphasizing innovation, worker productivity, interpersonal interaction, organizational culture and change management in diverse settings, students gain practical skills and knowledge to positively impact the contemporary work environment.

Upon completion of the program, graduates are expected to:

• Apply key concepts, theories and research findings in the discipline of organizational psychology to understanding, explaining and evaluating human behavior and industrial organizational processes in both real-world and experimental settings.
• Critically think and problem solve in an empirical manner as evidenced by the ability to use the scientific method, evaluate research findings, conduct applied research and use results to address challenges in the workplace and society at large.
• Exhibit ethically and socially responsible behavior in industrial settings through an understanding of needs of diverse individuals in complex multicultural global environments.
• Demonstrate written, oral and interpersonal communication skills required of organizational psychology professionals.
• Define and adopt a professional identity, as well as appreciation and commitment to on-going professional development, as evidenced by applying organizational-psychoogy-specific content to career goals, self-efficacy and self-regulation, project management, teamwork, and collaboration skills.

All Psychology students enroll in a required minor in either Applied Research or General Business. This focus complements major coursework, providing students with marketable skill sets in research design, survey instrument construction, data analysis, critical evaluation or modern business practices that employers need to make decisions.

A required internship experience enables students to use material learned throughout the program in research or work settings, adding to their résumé and contributing to career employment possibilities. Grounded in a strong scientific foundation, graduates are ready for careers in a wide range of business, nonprofit and government occupations, as well as graduate-level education.

* Students are required to complete a 4.5 credit internship. Students may use up to 9.0 credits from free electives to do an internship of 9.0 or 13.5 credits.

In addition to classes, free elective credit can be applied to a number of options such as Directed Experiential Education (DIEE), Internship, Minor or Study Abroad. Students are strongly encouraged to contact an adviser before scheduling free elective credits.

NOTE: Students must pass MATH0010 Basic Mathematics or have equivalent placement scores to enroll in required math course(s).

Students who graduate with a bachelor of science degree must leave Johnson & Wales University with effective writing skills. These writing skills will be assessed at the completion of ENG1021 Advanced Composition and Communication.

In collaboration with schools and colleges on all campuses, JWU Study Abroad programs offer a variety of options for major, Arts & Science and elective credit at many price points for students during the academic year and summer. Financial aid is applicable to most programs. Visit the study abroad website (http://studyabroad.jwu.edu) for information, program descriptions and online applications.
Professional Communication - MINOR

The College of Arts & Sciences offers three minors (22.5 credits) that enhance and strengthen the qualifications of graduates: Economics, Environmental Sustainability and Professional Communication.* These are intended to give students opportunities to develop expertise in an area that complements their major. Real-world applications are embedded in the minors.

Having strong communication skills is essential for success in many fields of business and industry. Whether making decisions, analyzing performance, designing user-friendly systems or managing a project, effective communication of business and technical details is needed. This minor focuses on building written and oral communication, use of new media, collaboration and problem-solving skills as part of career education.

* The only minors offered are those listed in the catalog. Students cannot elect to create their own minors.

Psychology

The Psychology program offers students the opportunity to learn about and understand the complex relationships between human behavior and the world in which we live. Grounded in experiential learning and emphasizing awareness, understanding and appreciation for diversity, culture and global perspectives, this program incorporates career-related knowledge, skills and abilities that prepare graduates for lifelong learning and professional success.

After taking foundational courses during the first year of the program, students declare a major in either Applied Psychology or Organizational Psychology to focus their studies. Students may also consider a change to the B.S. in Counseling Psychology but will need to work closely with an academic advisor to schedule courses required in the first year of this program.

In the B.S. in Applied Psychology (http://catalog.jwu.edu/programsofstudy/arts-sciences/applied-psychology-bs) program, students pursue advanced work that applies psychological concepts, theories and practice to the real world. This combination of theory and practical application prepares graduates to identify, address and engage everyday personal, professional and societal opportunities and challenges.

In the B.S. in Organizational Psychology (http://catalog.jwu.edu/programsofstudy/arts-sciences/organizational-psychology-bs) program, students focus on the application of psychological concepts, theories and research in the workplace. Emphasizing innovation, worker productivity, interpersonal interaction, organizational culture and change management in diverse settings, students gain practical skills and knowledge to positively impact the contemporary work environment.

All Applied and Organizational Psychology students are required to declare a minor in either Applied Research or General Business. This focus complements major course work, providing students with marketable skill sets in research design, survey instrument construction, data analysis, critical evaluation or modern business practices that employers need to make decisions.

Baking & Pastry Arts - AS

The associate degree program in Baking & Pastry Arts provides students with practical education in baking and pastry production, while developing professionalism and excellence in academic achievement. Hands-on training is paired with academic courses resulting in a curriculum that is both dynamic and directly aligned with industry needs.

Upon completion of the program, graduates are expected to:

- Utilize multiple classical and contemporary cooking and baking techniques to prepare, produce, and present baked products, pastries, and desserts
- Perform the skills and techniques of professional artisanal bread baking and viennoiserie
- Apply FDA recommended food safety and sanitation principles to food and beverage products, tools and equipment used throughout the flow of the food and beverage operation
- Implement cost control measures to track goods, services and costs through the cycle of cost control and to evaluate revenue and expenses and their effect on profitability
- Communicate professionally and exhibit appropriate decision making skills with respect for individual and team diversity as it applies to the food service industry

First-year Baking & Pastry Arts students rotate through two terms of hands-on laboratory classes. Emphasis is placed on skills development and techniques of combining basic ingredients to produce pastries, breads, cakes, frozen desserts, and chocolates. Second-year laboratories emphasize advanced techniques in the preparation and production of cakes, entremets, artisan breads, plated desserts and sugar work.

The baking and pastry lab experience is complemented by a sound general education core and professional studies which include food and beverage cost control, nutrition, and a food safety course that, upon successful completion, results in a Food Safety Manager certification recognized by the Conference for Food Protection.

Baking & Pastry Internship

Associate degree students will participate in one term of experiential education which allows students to participate in food service operations in preparation for future careers. Possible sites include university owned or operated practicum educational facilities, hotels, restaurants, country clubs, resorts, casinos, spas and contract food service providers. Eligibility requirements for certain sites include a 2.75 cumulative GPA and completion of all prerequisite coursework. International internship opportunities at host company sites throughout the world may also be available for students who have met specific college eligibility requirements, have a minimum of one year work experience in a full-service restaurant, hotel or resort, and who maintain a 3.25 cumulative grade point average.

Culinary Arts - AS

The associate degree program in Culinary Arts provides students with practical education in food production, while developing professionalism and excellence in academic achievement. Students progress through a program of study that builds proficiency in food production and cooking, cost control, nutrition, food safety and sanitation. Hands-on training is paired with traditional academic courses resulting in a curriculum that is both dynamic and directly aligned with industry needs.

Upon completion of the program, graduates are expected to:

- Execute professional cooking techniques and skills needed to produce, present and serve quality food and beverages utilizing ingredients and flavor profiles of the major world cuisines
- Apply sound nutritional practices related to healthful cooking by incorporating traditional ingredients and adopting classical and contemporary techniques to yield products that meet universal recognized federal and private dietary recommendations
- Apply FDA recommended food safety and sanitation principles to food and beverage products, tools and equipment used throughout the flow of the food and beverage operation
- Implement cost control measures to track goods, services and costs through the cycle of cost control and to evaluate revenue and expenses and their effect on profitability
- Communicate professionally and exhibit appropriate decision making skills with respect for individual and team diversity as it applies to the food and service industry

The focus of the first-year culinary lab classes is the development and practice of cooking skills, baking, dining and beverage service skills, which includes national certification in alcohol intervention procedures. Second-year laboratories include advanced techniques in classical and international cuisines, garde manger, patisserie/dessert and dining room.

The culinary lab experience is complemented by a sound general education core and professional studies which include menu planning and cost control, nutrition and a food safety course that, upon successful completion, results in a Food Safety Manager certification recognized by the Conference for Food Protection.

International internship opportunities at host company sites throughout the world may also be available for students who have met specific college eligibility requirements, have a minimum of one year work experience in a full-service restaurant, hotel or resort, and who maintain a 3.25 cumulative grade point average.

Additionally each year, a select group of second-year students is chosen to participate in a student Culinary International Exchange program with culinary arts schools in Ireland and the Azores. For one term, JWU students attend classes in either of these countries, as students from these schools attend culinary classes at Johnson & Wales University. Selected students receive full academic credit for an internship term abroad.

Graduates of the associate degree program in Culinary Arts are eligible, or may apply, for entrance into the following Bachelor of Science degree programs: Baking & Pastry Arts, Culinary Arts and Food Service Management, Culinary Nutrition, Food Service Entrepreneurship or Business Studies. Certain requirements pertain to each of these bachelor degree programs, which are noted in their respective program descriptions.

Graduates of the program have the opportunity to gain employment in the food service industry, which would include a variety of positions in full-service restaurants, hotels, clubs and resorts catering operations, quantity food production facilities, health spas and cruise lines.

Teaching Assistant and Fellow Scholarship Program

Each year, administrators at the College of Culinary Arts, in conjunction with the administration of university-owned or -operated practicum educational facilities, select teaching assistant candidates from among the top students of the graduating class in the Culinary Arts and Baking & Pastry Arts associate degree programs. Students who are continuing their education at the university as teaching assistants must be enrolled in a day school program. Qualified teaching assistants may advance to fellow during their senior year. These opportunities allow students to help defray the costs of advanced study while developing their supervisory/management skills.

• Baking & Pastry Arts bachelor’s degree program is only offered in Providence for day students.

• Food & Beverage Entrepreneurship is only offered in Charlotte and Providence for day students.
Culinary Nutrition - BS

The Culinary Nutrition bachelor’s degree program is the only program of its kind in the country that integrates the theoretical foundations of nutrition and food science with practical culinary applications. In answer to industry and consumer demands for healthy menu choices and products, graduates of the program combine their nutrition and scientific knowledge and principles to their advanced culinary skills.

Upon completion of the program, graduates are expected to:

- Integrate scientific information and research into scientific and evidenced based practice.
- Demonstrate the beliefs, values, attitudes and behaviors for a professional level of practice.
- Perform customer services including the development and delivery of information, products and services to individuals, groups and populations.
- Apply the strategic principles of management and systems in the provision of services to individuals and organizations.
- Demonstrate working knowledge of supporting areas of food and food systems, physical and biological science, and behavioral and social sciences.

The Culinary Nutrition program is a four-year degree program that begins with a focus on the craft of culinary arts in the first year of study* and once a student is accepted** into the Culinary Nutrition Program, the second, third and fourth years continue to develop culinary skills and focus on the theory of nutrition and culinary science. The third and fourth years specifically include areas of study that address foundational and advanced nutrition and general sciences, food science, leadership and applied culinary nutrition theory which prepares students for a career in restaurants, clinical dietetics or product research and development.

The Culinary Nutrition program has two tracks of study: Clinical/Dietetics and Culinary Food Science/Product Research and Development.

Clinical/Dietetics is a challenging profession that applies the science of food and nutrition to the health and well-being of individuals and groups. Clinical/Dietetics students develop nutrition care plans and learn nutritional diagnostic skills, as well as refine sensory evaluation techniques. The satisfactory completion of the Clinical/Dietetics track allows students to be eligible to apply for a postgraduate dietetic internship which is a requirement for the National Dietetic Registration Exam to become a Registered Dietitian Nutritionist (RD/RDN).

Students who choose the Culinary Food Science Track are prepared to work in the nation’s leading test kitchens in areas such as product development, recipe development and quality assurance. Culinary Science students are involved in developing potential market products, taking them from product concept through prototype development. Strong communication and presentation skills are necessary to succeed in this fast paced environment.

Qualified students within both program tracks have the opportunity to replace their advanced culinary skills.

The Culinary Nutrition Program is accredited by:

The Accreditation Council for Education in Nutrition (ACEND) of the Academy of Nutrition and Dietetics
120 South Riverside Plaza, Suite 2000
Chicago, IL 60606-6995,
312-899-0040, ext. 5400.

ACEND provides standards of education meeting required dietetics coursework leading to a bachelor’s degree. Such a program is called a Didactic Program in Dietetics (DPD). The Culinary Nutrition degree program meets those standards.

* The first year of study is equivalent to the first year of study in the associate degree in Culinary Arts.

** Upon the completion of the first year of study, all students interested in entering the Culinary Nutrition program must complete and submit an application to the program director before starting Culinary Nutrition specific classes. While application typically takes place during the first year of study, students may apply at any point during their career at Johnson & Wales University. Selection is based on previous academic performance, industry experience and professional recommendations. Students must have a minimum GPA of 3.0 and a B or better in both SCI1015 Introduction to Life Science and NUTR2001 Introduction to Nutrition.

* Baking & Pastry Arts students must complete the three terms of the Culinary Arts degree laboratory classes prior to entering the Culinary Nutrition bachelor of science degree program.

** Students entering this program with an Associate in Occupational Science Degree may be required to complete additional quarter credit hours of general education courses.

*** ServSafe Alcohol Certification course required.

**** Students must pass a national exam that is recognized by the Conference for Food Protection as a graduation requirement.

† FSM2010, Medical Food Service, is strongly recommended for students pursuing a career in the Clinical/Dietetics.

NOTE: Students must pass MATH0010 Basic Mathematics or have equivalent placement scores to enroll in required math course(s).

Students who graduate with a bachelor of science degree must leave Johnson & Wales University with effective writing skills. These writing skills will be assessed at the completion of ENG1021 Advanced Composition and Communication.

In collaboration with schools and colleges on all campuses, JWU Study Abroad programs offer a variety of options for major, Arts & Science and elective credit at many price points for students during the academic year and summer. Financial aid is applicable to most programs. Visit the study abroad website (http://studyabroad.jwu.edu) for information, program descriptions and online applications.
Sommelier - MINOR

The College of Culinary Arts offers a Sommelier minor (22.5 credits) that strengthens the qualifications of graduates preparing for the on-premise restaurant industry whether as managers or chefs. The minor is intended to provide students with the skills and expertise to enhance their major field of studies, particularly in Food Service Management or Restaurant Management. The added beverage specialization will develop students’ abilities to effectively analyze, serve, sell, market and manage commercially important beverages, especially wine and spirits. There is a focus on food pairing principles, beverage menu development, server staff training, costing methodologies and inventory control systems for the purchase, storage, distribution and sales of beverages.

Baking & Pastry Arts and Food Service Management - BS

The Baking & Pastry Arts and Food Service Management program combines the strengths of baking and pastry arts and management to prepare students for a management career in front- or back-of-the-house. Graduates of the Baking & Pastry Arts and Food Service Management program with sufficient experience may obtain positions in a variety of areas that include, but are not limited to, restaurant manager, kitchen manager, pastry chef, executive chef, food and beverage director, catering manager, room service manager, sous chef, beverage manager and dining room manager.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of the food service management profession to address industry problems both locally and globally.
- Communicate effectively to diverse audiences, purposes and situations in food service operations.
- Use decision-support tools and technology to solve problems and facilitate organizational processes within the food service operation.
- Comprehend and apply industry specific operational standards.
- Analyze and interpret pertinent information when making decisions within food service operations.

The curriculum provides ample opportunity for students to build upon their leadership and management abilities, cooking techniques, critical thinking, personal accountability and ethical behavior, problem-solving techniques, strong financial analysis skills and customer awareness. The Baking & Pastry Arts and Food Service Management degree program develops a culinary foundation and management philosophy in its graduates.

The program allows students to receive a world-class baking and pastry and hospitality education. Students receive several senior-level capstone experiences in culinary arts, hospitality operations and strategic management.

Beverage Industry Operations and Retail Management - BS

The Beverage Industry Operations and Retail Management bachelor's degree program prepares students for careers in a variety of areas within the beverage industry. The program is designed to provide a solid business management foundation with course work specific to the beverage industry. Both alcoholic and non-alcoholic beverages are addressed. Graduates may pursue a wide variety of career paths in beverage marketing, sales, manufacturing, distribution and retail operations such as restaurants, brew pubs, wineries and distilleries.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of the beverage management industry.
- Communicate effectively to diverse audiences and situations through a variety of professional methods within the beverage management industry.
- Use decision-support tools to resolve contemporary business issues.
- Articulate ethical and legal concepts as they relate to the beverage industry.
- Employ various beverage business models to develop vision and strategy for sustainable competitive advantage and viable industry operations.

The program prepares graduates for employment in operational management or professional staff positions within the beverage industry and positions them to move to higher level management positions. Career tracks related to this degree program are varied and customized by student use of elective course offerings. Career fields for this degree include retail beverage sales, night club and bar operations, beverage marketing and sponsorship, restaurant operations, beverage manufacturing and distribution.

Beverage Industry Operations and Retail Management students complete a required internship experience.

Students, in consultation with a faculty advisor, determine the best use of electives to customize their degree program. Faculty-suggested areas of specialization are in product knowledge (wines, spirits, beers, coffee, teas, waters, carbonated beverages, etc.), marketing, management, retail, entrepreneurship and restaurant operations. Students may also select course work from other degree areas in entertainment, event management, project management, criminal justice and resort management. Opportunities also exist for students to study and tour abroad.

The Business Administration bachelor’s degree program provides a balanced combination of required core courses to ensure students can achieve a solid business and general studies education, and electives to inspire students to customize their program to best fit their unique interests.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of business administration.
- Communicate effectively to diverse audiences, purposes and situations through a variety of professional methods within business administration.
- Use decision-support tools to resolve contemporary business issues using ethical business practices.
- Solve business problems by generating alternatives and justifying decisions using qualitative and quantitative methods.
- Propose and defend business positions integrating the effects of current global forces on the business environment.

This program’s business-related core builds a solid foundation by exposing students to relevant areas of accounting, economics, information technology, business law, finance, marketing and management. Arts and sciences courses also provide opportunities for students to acquire the skills important for professional success and lifelong personal and intellectual growth.

Students also tailor their degree by working with a faculty advisor to select 45 credits of electives. In doing so, students have the freedom to choose from extensive options to best suit their goals. For example, students can pursue internships, directed experiential education, and/or study abroad credits to prepare for a more specific career.

Business Studies - BS

The Business Studies bachelor’s degree program offers a general business education to individuals already holding an associates degree or equivalent in any field. Earning the bachelor’s degree will generally require two additional years of study.

The program’s coursework builds a basic foundation by exposing students to relevant areas of accounting, business law, economics, information technology, marketing and management. Students also tailor their degree by selecting a focus area that best suits their unique goals. Potential focus areas may include operations management, human resources, international business, marketing and entrepreneurship. Students also take courses through the College of Arts & Sciences to help ensure they acquire skills important for professional success and lifelong personal and intellectual growth.

Upon completion of the program, graduates are expected to:
• Apply the major concepts, skills and values of business administration.
• Communicate effectively to diverse audiences, purposes and situations through a variety of professional methods within business administration.
• Use decision-support tools to resolve contemporary business issues using ethical business practices.
• Present alternative solutions to business problems.
• Identify and analyze the effects of global forces within the business environment.

Upon graduation, students may navigate into one of many industries. In addition to gaining the general business competencies and skills desired by employers, students may use their Business Studies focus area and/or associate degree education and training to position themselves for unique careers of interest.

Culinary Arts and Food Service Management - BS

The Culinary Arts and Food Service Management program combines the strengths of culinary arts and management to prepare students for a management career in front- or back-of-the-house. Graduates of the Culinary Arts and Food Service Management program with sufficient experience may obtain positions in a variety of areas that include, but are not limited to restaurant manager, kitchen manager, executive chef, food and beverage director, catering manager, room service manager, sous chef, beverage manager and dining room manager.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of the food service management profession to address industry problems both locally and globally.
- Communicate effectively to diverse audiences, purposes and situations in food service operations.
- Use decision-support tools and technology to solve problems and facilitate organizational processes within the food service operation.
- Comprehend and apply industry specific operational standards.
- Analyze and interpret pertinent information when making decisions within food service operations.

The curriculum provides opportunities for students to build upon their leadership and management abilities, cooking techniques, critical thinking, personal accountability and ethical behavior, problem-solving techniques, strong financial analysis skills and customer awareness. The Culinary Arts and Food Service Management degree develops a culinary foundation and management philosophy in its graduates.

The program allows students to receive a world-class culinary arts and hospitality education. The program’s strength is that students receive several senior-level capstone experiences in culinary arts, hospitality operations and strategic management.

Marketing - BS

The Marketing bachelor’s degree program prepares students for careers in a variety of managerial and professional positions in the marketing industry. Students learn general marketing concepts and various functional specialties in fields such as digital marketing and research, brand strategy, and creative strategy.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of marketing in business situations.
- Communicate effectively to diverse audiences, purposes and situations through a variety of professional methods required in the marketing industry.
- Use decision-support tools to resolve contemporary business issues using ethical business practices.
- Analyze research and use critical thinking to identify and recommend appropriate solutions for client/brand marketing challenges.
- Develop branding and marketing strategies that are ethically sound and align with business objectives for local, national and global brands.

As part of the program, students are offered the opportunity to develop expertise in consumer behavior, marketing analysis, strategic marketing, marketing communications, brand marketing and design, professional selling, international marketing, and marketing technologies such as data-driven marketing, digital media planning and search engine marketing.

Students may apply these skills in programs such as directed experiential education, internships, and summer work or study abroad programs. These programs are tailored based on student learning and interests, and professional goals, designed jointly in collaboration with students, faculty advisors and business partners. Students also meet with faculty advisors to determine a career focus that best suits their desired professional objectives.

Our graduates are employed in professional marketing positions in disciplines such as product development, digital marketing, sales management, consumer insights, social media marketing, brand management and marketing analytics. Graduates may seek careers in for-profit, nonprofit and government settings.

MBA - Hospitality Concentration

Hospitality Concentration

Johnson & Wales University is the largest educator of hospitality professionals in North America. Economists recognize the global hospitality industry as the largest industry in the world and one of the fastest growing fields for future employment. Through the MBA with a concentration in Hospitality, students acquire the skills and experiences needed to provide exemplary leadership for hospitality-related organizations throughout the world, including Marriott and Compass Group.

Upon completion of the program, graduates are expected to:

- Gather, interpret and analyze research to inform decision making at operational and strategic levels of an organization.
- Use advanced communication skills and awareness of cultural differences in global and domestic business interactions.
- Analyze problems from a diverse perspective, propose effective solutions and evaluate the impact of executive decisions.
- Assess and evaluate business entities taking into account cross-functional environments as they affect ethical decision making in domestic and global organizations.
- Create, introduce, and evaluate a customer relationship management system in the Hospitality Industry including multi-media and intrapersonal communication in complex multi-national environments.
- Create, design, implement and evaluate a business/ consumer event from a broad functional perspective.

Graduates will learn executive business competencies, professional leadership, and strategic and creative thinking skills that will help them ethically solve problems that occur in the global business environment in culturally sensitive ways.

Graduates in the MBA with a concentration in Hospitality may seek higher-level positions within global organizations that require MBA core curricular skills, as well as strategic planning and management expertise. In the highly competitive hospitality and tourism industry, professionals within the industry are needed to conduct high-level research, develop effective strategies, enhance revenues from strategic channels, and evaluate marketing outcomes. The MBA with a concentration in Hospitality provides the advanced training and knowledge needed to secure employment positions in these growing areas.

Foundation courses should be completed prior to registering for core and concentration courses.

Sports/Entertainment/Event Management - BS

The Sports/Entertainment/Event Management bachelor's degree program prepares students to enter the multi-billion dollar sports, entertainment and event management industry with the skills and knowledge to excel in their career. A managerial foundation coupled with a solid core of industry-relevant courses provides students with a theoretical background. Coursework is coupled with professional preparation, active learning classrooms and access to industry professionals.

During the first year of this four-year program, students begin taking foundational courses in sports, entertainment and event management. As they progress into more advanced coursework in areas such as media literacy, ticketing methods, venue management, negotiations and agreements, and ancillary services, they also have the option to begin tailoring their degree to best meet their future goals. Opportunities exist to enroll in specialized classes such as professional sports management, weddings and ceremonies, golf operations management, sports and entertainment marketing, tournament management, or concert and event production.

Students also have the option to participate in one or two term-long, off-site internships under the direction of an industry professional. This experience allows students to actively participate in the real-world setting of sales and marketing, venue management, event production, and golf course operations.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of the sports, entertainment and event management industry by integrating the concepts of marketing, finance, operations and ancillary services in the management of a range of events.
- Communicate effectively to diverse audiences, purposes and situations in a variety of contexts within the sports, entertainment and event management industry.
- Use decision-support tools to solve problems and facilitate organizational processes by applying critical thinking and ethical problem solving to management decisions within the sports, entertainment and event management industry.

* Directed Experiential Education (DEE) opportunities are based on project availability with community partners and student eligibility. For more information, visit Experiential Education & Career Services (EE&CS).

# In addition to classes, free elective credit can be applied to a number of options such as Directed Experiential Education (DEE), Internship, Minor or Study Abroad. Students are strongly encouraged to contact an adviser before scheduling free elective credits.

NOTE: Students must pass MATH0010 Basic Mathematics or have equivalent placement scores to enroll in required math course(s).

Students who graduate with a bachelor of science degree must leave Johnson & Wales University with effective writing skills. These writing skills will be assessed at the completion of ENG1021 Advanced Composition and Communication.

In collaboration with schools and colleges on all campuses, JWU Study Abroad programs offer a variety of options for major, Arts & Science and elective credit at many price points for students during the academic year and summer. Financial aid is applicable to most programs. Visit the study abroad
website (http://studyabroad.jwu.edu) for information, program descriptions and online applications.
Undeclared

Because some students may be unsure of their major when they enroll at Johnson & Wales University, the Undeclared option allows them to pursue a basic business and general studies program and, in their sophomore year, choose a major from a number of business and hospitality programs. Students who begin their studies in the Undeclared program earn a bachelor of science degree at the end of four years of study.

Undeclared

All students enrolled in the Undeclared program pursue the following program of study for the first two years. Students must declare a major no later than the fifth term (sophomore year) of study.

Students gain an in-depth knowledge of traditional and modern ale-brewing technology both on-site and at local craft breweries. Students attend evening and weekend excursions to regional maltsters, hop yards and breweries, and other historic and cultural sites. There is a comprehensive written exam at the completion of the course. Successful candidates earn the BrewLab Practical Brewing Certificate.
Prerequisite(s): CUL3092.
Offered at Charlotte, Denver, North Miami, Providence
9 Quarter Credit Hours

CUL4960 Sommelier Training - Germany
This academically challenging program gives students the opportunity to study wines from around the world at an internationally recognized wine school based in Koblenz, Germany. Participants have three weeks of lectures and classroom presentations by experts in the field. Evening excursions to neighboring wineries on the Mosel and Rhine rivers are included. Classes are augmented with one week of traveling throughout the neighboring wine-producing regions of Europe, including Switzerland and France. There is a comprehensive exam at the completion of the course and a wine certificate is awarded.
Prerequisite(s): Approval of the dean, 2.75 cumulative GPA, Associate degree in Culinary Arts.
Offered at Charlotte, Denver, North Miami, Providence
13.5 Quarter Credit Hours

CUL4966 Pan Asian Cuisine
This course offers an integrated curriculum incorporating theoretical and practical instructions on the art of Pan Asian Cooking. The course concentrates on the cuisine and culture of Singapore, China, India, Malaysia, Indonesia, Thailand, and Indo-China.
Prerequisite(s): Approval of the dean, 2.75 cumulative GPA, Associate degree in Culinary Arts.
Offered at Charlotte, Denver, North Miami, Providence
13.5 Quarter Credit Hours

Culinary Nutrition (NUTR) Courses

NUTR2001 Introduction to Nutrition
This course emphasizes the principles of nutrition and the six basic nutrients and related health concepts. Various eating behaviors, recommended dietary intakes, and tools for diet planning are explored. Students create an in-depth computerized personalized nutrient profile, which will be self-analyzed for nutritional adequacy. (HY)
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

NUTR3030 Nutrition Assessment
The junior-level course is designed to study the cultural, economic and physiological impact of food on the individual. Focus is on the measurement of techniques to evaluate nutritional status. Interrelationships between nutrition-related diseases and current diet recommendations are explored.
Prerequisite(s): NUTR2001, junior status.
Offered at Denver, Providence
4.5 Quarter Credit Hours

NUTR3050 Life Span Nutrition
This course is designed to study the significance of nutrition at specific times of growth, development, and aging. The focus is on understanding the role food plays from pregnancy to the elderly population. The relationship between nutrition and health are traced throughout the human life span. Students apply course content to situations relevant to both community and clinical settings.
Prerequisite(s): NUTR2001, junior status.
Offered at Denver, Providence
4.5 Quarter Credit Hours

NUTR3510 Principles of Food Product Development
This upper-level course introduces the student to the basic principles, practices, and processes in product development labs, test kitchens, and culinary centers in the food industry. It focuses on the product development process from concept through commercialization and provides student groups the opportunity to explore the many aspects of the product development process as they research the needs of one particular target market and the technologies of one particular product category. This course includes lecture, student presentations, group work, guest lecturers, and use of the Internet to research relevant topics and technologies.
Prerequisite(s): Junior status.
Offered at Charlotte, Denver, Providence
4.5 Quarter Credit Hours

NUTR4030 Medical Nutrition Therapy
The course familiarizes the student with the principles of Medical Nutrition Therapy. The critical role of food and nutrients and their effects on various disease states is discussed. Students explore a variety of issues that may impact the management of existing diseases.
Prerequisite(s): NUTR3030, NUTR3050, SCI2031, senior status.
Offered at Denver, Providence
4.5 Quarter Credit Hours

NUTR4630 Advanced Medical Nutrition Therapy
This senior-level course provides the student with advanced Medical Nutrition Therapy (MNT) theoretical knowledge and clinical nutrition skills required for postgraduate programs and advanced degrees in Nutrition. Students utilize critical thinking skills in solving complex medical cases that require nutrition intervention. Students research and apply a variety of evidence-based clinical nutrition practices. Emphasis is on the critical role of utilizing the standardized Nutrition Care Process in all aspects of Medical Nutrition Therapy.
Prerequisite(s): NUTR3030, NUTR4030.
Offered at Denver, Providence
4.5 Quarter Credit Hours

Digital Media (DME) Courses

DME1000 Foundation Drawing and Digital Tools
As a prerequisite to all design thinking, drawing skills offer an effective means of prototyping visual solutions before committing them to software. Students practice the essential visual elements of design including shape, line, value and perspective. Based on graphics industry models, students actively experience compositional and thematic principles as a means of developing flexible approaches to design strategy. Students create initial sketches on paper then learn techniques to digitize files into common software applications. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence
4.5 Quarter Credit Hours

DME1020 Design Perspectives
What makes a great designer is not drawing ability or computer skill, but the ability to think creatively and find unique solutions to complex problems. Digital Media Perspectives provides students with an overview of design industries, historical art movements and styles, current design trends and industry professionals to know, as well as critical brainstorming and thinking techniques. Students participate in a number of project-oriented experiences to explore, learn and develop basic skills and practices to be successful in the program and industry. Through hands-on projects in a collaborative learning space, students are exposed to all the critical components of success in a university level design program. Work includes art analysis, public speaking experience, creative research, hands-on problem solving, and team building exercises. Students are coached and encouraged to provide solutions for design problems ranging from 2D to 3D. Digital Media Perspectives prepares students for success in a challenging Graphic Design and Digital Media curriculum, university academics and industry career paths.
Offered at Denver, North Miami, Providence
4.5 Quarter Credit Hours
DME1030 Principles of Composition & Design
This is a foundation course wherein students investigate the fundamental creative design principles and theories that underlie creative industry work, focusing on various forms of print. This course is project-based with assignments introducing branding, Web layouts, packaging templates, integration of programs and hand-done elements. Students are introduced to image editing software as it pertains to editing, with illustration software being the main focus. This course provides a foundation to any higher-level course in the degree program.  
Prerequisite(s): DME1020 or MCST1030 or any FIT course.  
Offered at Denver, Providence  
4.5 Quarter Credit Hours

DME1040 Screen Design & Coding I
This course aids students in using client side coding languages (i.e., HTML, CSS) to develop design solutions for multiple digital formats including Web browsers, tablets and mobile devices. Student combine research, contemporary visual approaches, compositional design principles, grid-based frameworks and responsive coding practices to develop screen-based solutions for various digital formats. Emphasis is on understanding and applying current practice in planning and design, as well as ensuring a solid vocabulary in the code required to present these solutions as planned. 
Prerequisite(s): DME1050.  
Offered at Denver, Providence  
4.5 Quarter Credit Hours

DME1050 Imaging for Digital Media
This course presents an in-depth investigation into the acquisition, creation, manipulation and distribution of raster-based images. Students learn techniques in digital photography and scanning and best practices in preparing images for distribution in print and digital media formats. Emphasis is placed on creative projects investigating photomontage/layering techniques and the development of essential frameworks for designing prototypes for websites, mobile applications and motion graphics. 
Prerequisite(s): ADVC2001 or DME1000 or MCST1030.  
Offered at Denver, North Miami, Providence  
4.5 Quarter Credit Hours

DME1060 Screen Design & Coding II
In this course, students advance their knowledge of client side coding languages (i.e., HTML, CSS and Javascript) to develop design solutions for multiple digital formats including Web browsers, tablets and smart phones. Students continue to apply solid compositional approaches while incorporating design approaches specific to the medium. Focus is on user experience, usability, responsive coding practices and front-end frameworks. Emphasis is on understanding and applying current practice in planning and design, as well as securing an advanced vocabulary in the code required to present these solutions as planned. Students also learn to deploy and manage their sites on a working server. 
Prerequisite(s): DME1040.  
Offered at Denver, Providence  
4.5 Quarter Credit Hours

DME2000 Typography and Spatial Design
This course presents an in-depth study of typography and its powerful communicative abilities. Type and text collateral are a critical platform for all forms of published communication. Type style, shape and size communicate subtle messages and convey important information. Nearly all design solutions benefit from a thoughtful and creative use of type and layout, whether on a printed page or in digital space. The relationship of typographic design to print and digital publishing is explored through project-based work. 
Prerequisite(s): DME1030 or DME1050.  
Offered at Denver, Providence  
4.5 Quarter Credit Hours

DME2020 Motion Graphics I
This course introduces the fundamentals of contemporary digital motion graphics. Students cover both animation and video techniques. Digital motion concepts and creation techniques are also covered. The course uses a range of software and hardware tools. Students experiment with motion image origination through basic animation and camera applications. Various editing tools are introduced. 
Prerequisite(s): DME1030 or DME1050 or (MCST1030 or COMM1030), sophomore status.  
Offered at Denver, Providence  
4.5 Quarter Credit Hours

DME2025 Basics of Screen Design & Coding
This course allows students to explore the various components of creative Web design using coding languages like HTML and CSS to develop design solutions for multiple digital formats, including Web browsers, tablet computers and smart phones. Student combine research into contemporary visual approaches and learn how to use compositional design principles and grid-based "frameworks" to visualize contemporary responsive Web design solutions. Emphasis is on understanding and applying current practice in planning and design as well as ensuring a solid vocabulary in the code required to present these solutions as planned. Topics also include Search Engine Optimization (SEO), User Experience (UX) and site architecture, key navigation and linking principles, as well as content development and design principles. Various webmaster tools (Google and Bing) are used as well as sitemap best practices and SEO. 
Prerequisite(s): Sophomore status.  
Offered at Denver, Providence  
4.5 Quarter Credit Hours

DME2030 Print Design
This course reviews print formats and typography with an emphasis on publication design, package design and branding/re-branding consistency across different mediums. Students gain further understanding of brand strategy and designing for target audiences. By the end of the course, students should be able to write a brand strategy, apply advanced typographic conventions, develop and design packaging templates, prototype print collateral with a high level of craft, and perform essential prepress production techniques. 
Prerequisite(s): DME2000, sophomore status.  
Offered at Denver, Providence  
4.5 Quarter Credit Hours

DME2050 Interactive Architecture and Content Design
This course introduces a series of techniques to conceive and plan projects in new media environments, especially those that require interactive interface. Students explore and design solutions for interactive applications, simulations, virtual immersive space and other new media uses. User interface, user experience and content strategy are introduced. 
Prerequisite(s): DME1060, sophomore status.  
Offered at Denver, Providence  
4.5 Quarter Credit Hours

DME3050 Basics of Print Design
This course introduces the student to the fundamental principles of print design. Using current industry standard software, students learn the essential design concepts and work flow used in print design. In-class demonstrations and lectures involve the introduction of design theory and practical applications of print design peripherals. Students are required to produce various types of documents using course software. Assignments are completed in class, and projects are required outside of classwork. 
Offered at Charlotte, Denver, North Miami, Providence  
4.5 Quarter Credit Hours

DME3140 Motion Graphics II
This course teaches students advanced digital production techniques and tools for full motion, sound and video editing. Participants explore current and emerging media standards and applications. Topics include converging digital media, content creation and use of digital media communication languages (i.e., HTML, CSS and Javascript) to develop design solutions for multiple digital formats, including Web browsers, tablet computers and smart phones. Student combine research into contemporary visual approaches and learn how to use compositional design principles and grid-based "frameworks" to visualize contemporary responsive Web design solutions. Emphasis is on understanding and applying current practice in planning and design as well as ensuring a solid vocabulary in the code required to present these solutions as planned. Topics also include Search Engine Optimization (SEO), User Experience (UX) and site architecture, key navigation and linking principles, as well as content development and design principles. Various webmaster tools (Google and Bing) are used as well as sitemap best practices and SEO. 
Prerequisite(s): DME2020, sophomore status.  
Offered at Denver, Providence  
4.5 Quarter Credit Hours

DME3200 Digital Video I
Students in this course learn advanced digital production techniques and tools for full motion, sound and video editing. Students explore current and emerging media standards and applications. Topics include converging digital media, content creation and use of new media communication tools for internet enabled application. Students work independently and on project teams. 
Prerequisite(s): DME2020, sophomore status.  
Offered at Denver, Providence  
4.5 Quarter Credit Hours
ECON3310 Digital Video II
This advanced course explores different genres and narrative codes, including documentaries, TV ads and post-modern narratives, in experiential team assignments. Exercises in set lighting, advanced framing and advanced camera movement enhance already acquired production techniques. Additional sound and audio production as well as more in-depth digital editing and special effects are provided for post-production. Topics include contemporary digital media history and film genres. Financing and project management are reviewed.
Prerequisite(s): DME3300, sophomore status.
Offered at Denver, Providence
4.5 Quarter Credit Hours

Directed Experiential Ed (DEE) Courses

DEE3999 Directed Experiential Education
Directed Experiential Education (DEE) offers students an intensive, term-long, project-based experiential learning opportunity conducted under the supervision of a faculty member. Experiences are driven by a specific industry-based or functional-area-based project completed for a nonprofit or for-profit DEE partner. Through weekly group seminar meetings, extensive field work (independent and/or group-based) and purposeful reflection, students apply acquired discipline-specific skills and knowledge, develop leadership and collaborative abilities, and refine critical thinking, problem-solving and active citizenship skills. The course culminates in a formal presentation to the DEE partner. This course is recognized as an Experiential Education (EE) course, indicating that experiential learning is used as a primary method of achieving the course objectives. Students can take up to three terms of this course at 4.5 credits per term.
Prerequisite(s): Faculty recommendation and approval by the department chair. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

Economics (ECON) Courses

ECON1001 Microeconomics
This course is designated as the first of two courses serving as an introduction to economics. It is a survey course covering the foundations of economics and focusing on macroeconomic concepts and issues such as the features and goals of capitalism, the market system, national income, business cycles, macroeconomic theories, and monetary and fiscal policy.
Prerequisite(s): MATH1002 or math placement. (HY) (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ECON1002 Microeconomics
This course consists of microeconomic principles and issues. Course content examines and analyzes both the product and resource markets with emphasis on demand, supply and elasticities. In addition, the costs of production and the basic market models of firms' short run and long run operations are discussed. Other topics covered include various current domestic microeconomic problems, as well as international economic issues such as international trade and foreign exchange.
Prerequisite(s): MATH1002 or math placement. (HY) (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ECON2010 World Economic Geography
The purpose of this course is to provide an understanding of the economic resources at our disposal and the natural conditions under which the utilization of these resources may be achieved. Locations, characteristics, and relationships of economic activities will be discussed and analyzed to permit better insight into these issues.
Prerequisite(s): ECON1001 or ECON1002.
Offered at Charlotte, Denver, Providence, Providence CE
4.5 Quarter Credit Hours

ECON3030 Managerial Economics
This course introduces business students to the application of economic principles at the decision-making level in a business organization. This course demonstrates how economic concepts can be applied to decisions involving business strategy and the attainment of organizational objectives.
Prerequisite(s): ECON1002, (MGMT1001 or MGH1000). (HY)
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

ECON5000 Economics in the Global Economy
This course consists of micro and macroeconomic issues and principles as they apply to the development of a viable and sustainable economy. Course content includes product and resource markets with an emphasis on demand, supply, price elasticity and consumer behavior. The course includes the features and goals of capitalism, the market system, national income, business cycles, and monetary and fiscal policies as they relate to economic viability and sustainability, with a view at causal effects in the global economy. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

English (ENG) Courses

ENG0001 Writing Workshop
This course affords an opportunity to students to complete the Graduation Writing Requirement at Johnson & Wales University. Students will review sentence structure, paragraph development and essay organization with the goal of applying these skills to the classroom and the workplace.
Prerequisite(s): Writing proficiency assessed as unsatisfactory in ENG1021. (HY) (OL)
Offered at Charlotte, Denver, Denver CE, North Miami, Online, Providence, Providence CE
0 Quarter Credit Hours

ENG1020 English Composition
This course provides students with basic writing skills in a variety of genres and contexts. Instruction begins with a review of the fundamentals of writing through the use of personal narratives. The focus widens to forms of public writing, including informative and research-based writing. Research techniques and MLA documentation are covered. Class work includes lecture, writing workshops, and peer critique. Course requirements include five or six different writing projects as well as a final exam. (OL)
Offered at Charlotte, Denver, Denver CE, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ENG1021 Advanced Composition and Communication
This course is a continuation of ENG1020 English Composition. Building on the research and audience skills from ENG1020, students develop more complex and rhetorically advanced papers. All work – written and oral – is aimed at persuading an audience. Instruction begins with the essential components of a logically constructed and articulated argument. Critical thinking skills are reinforced throughout the course as students develop, peer critique, and present projects to the class. Research and MLA skills are expected of students, and all projects require research from a variety of sources.
Prerequisite(s): ENG1020 or ENG1024 or English placement. (OL)
Offered at Charlotte, Denver, Denver CE, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ENG1024 Honors Composition: Writing in the Academy
This Honors composition course introduces students to academic writing by exposing them to various discipline-specific ways of knowing, all of which stress critical thinking, research skills and the writing process. Students gain access to multiple perspectives on issues that cut across the curriculum, allowing them to analyze, synthesize, and evaluate these issues in ways that promote academic rigor, readiness for success throughout their academic program, and the skills critical to writing an engaging Honors Thesis. Students will write summaries and analyses of individual readings, expositions of interdisciplinary approaches, and a proposal for a project that comprises an academic research paper and oral presentation.
Prerequisite(s): Honors status.
Offered at Charlotte, Denver, North Miami, Providence
4.5 Quarter Credit Hours
ENG1027 Honors Advanced Composition and Communications: Civic Discourse
This advanced course in composition and communications builds on the skills developed in Honors Composition: Writing in the Academy (ENG1024) by introducing the element of civic discourse into academic writing in the disciplines. Having studied the conventions of academic writing in multiple disciplines, students now consider issues from the perspective of citizen-scholars. They examine controversial issues in the public sphere by studying rhetorical strategies of persuasion, and determining how classical rhetorical theories inform current socio/political debates. Students are required to participate in these debates as writers, researchers, and public speakers who can make effective persuasive arguments. The culminating assignment is a research/persuasive project comprised of an academic paper and a multimedia campaign.
Prerequisite(s): ENG1024 or English placement, honors status.
Offered at Charlotte, Denver, North Miami, Providence
4.5 Quarter Credit Hours

ENG1030 Communication Skills
This introductory course focuses on communication skills essential to career and personal success. Emphasis is placed upon awareness of and adaptation to the audience, ethical responsibility and cultural diversity. Students progress in gradual stages, gaining an understanding of the communication process along with confidence and experience in numerous speaking, listening and small group interactions. (SL) (OL)
Offered at Charlotte, Denver, Denver CE, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ENG2010 Technical Writing
This course focuses on a practical approach to technical exposition, such as proposals, project reports, feasibility studies, abstracts, and technical correspondence delivered in both hard copy and electronic formats.
Prerequisite(s): ENG1020 or ENG1024 or English placement. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ENG2030 Introduction to Newswriting
This course provides students with a practical introduction to basic news and feature writing and emphasizes writing for the specific fields of business, culinary, hospitality and technology.
Prerequisite(s): ENG1020 or ENG1024 or English placement. (OL)
Offered at Charlotte, Denver, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ENG2100 Introduction to Linguistics
This course provides an introduction to linguistics, the scientific study of language. Students gain an understanding of the core areas of linguistics including morphology, phonetics and phonology, syntax and semantics. Students explore the components of grammar and how to characterize language and become familiar with linguistic research.
Prerequisite(s): ENG1020 or ENG1024 or English placement.
Offered at Charlotte, Denver, Providence
4.5 Quarter Credit Hours

ENG2401 Introduction to Creative Writing
This course offers students the opportunity to practice various forms of expressive writing. Students study models and learn techniques for writing effective poetry and prose. Instructors may also incorporate drama into the course work. Most of the daily class periods consist of discussion, lecture, in-class writing and workshops of student writing.
Prerequisite(s): ENG1021 or ENG1027.
Offered at Charlotte, Denver, North Miami, Providence
4.5 Quarter Credit Hours

ENG2500 Histories and Theories of Rhetoric and Composition
This course serves as an introduction to rhetorical theory and composition studies, with a focus on the ways in which educational and other societal practices have affected persuasion in speaking and writing. Through close readings of major works, students explore how the field has evolved from the teachings of ancient Greek and Roman rhetoricians to contemporary composition scholars. Students discuss works such as Aristotle’s Rhetoric and Peter Elbow’s Writing Without Teachers, analyzing the effect that key scholars in rhetoric and composition have had on contemporary writing practices. Course work includes designing assignments and constructing projects that focus on the ways in which rhetoric functions in daily life as well as on how educational practices in the teaching of writing and speaking have changed over time.
Prerequisite(s): ENG1020 or ENG1024 or English placement.
Offered at Charlotte, Denver, Providence
4.5 Quarter Credit Hours

ENG2540 History of English Grammar
This course allows students to develop a greater appreciation and understanding of English grammar, ultimately making them better writers. English grammar is examined, focusing on its history and development; transformation to a global language; reflection of cultural, social, racial and gender diversity; and an exploration of specific grammar and usage issues that develop the ability to use English effectively.
Prerequisite(s): ENG1020 or ENG1024 or English placement.
Offered at Charlotte, Denver, Providence
4.5 Quarter Credit Hours

ENG3010 Technical Editing
This course prepares students to plan, construct, test and revise documents that develop the ability to use English effectively.
Prerequisite(s): ENG1020 or ENG1024 or English placement.
Offered at Charlotte, Denver, Providence
4.5 Quarter Credit Hours

ENG3012 Report and Proposal Writing
This course prepares students to write effective reports and proposals in a variety of workplace environments including business and industry, government, academic and nonprofit. Students learn to analyze the needs of various audiences including clients, supervisors, and investors or funding agencies, and apply the appropriate rhetorical conventions to create a range of informative and/or persuasive documents. Communication tasks include written reports, proposals and related correspondence, as well as oral presentation.
Prerequisite(s): ENG1021 or ENG1027, ENG2010 or ENG2030. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence
4.5 Quarter Credit Hours

ENG3014 Instruction and Manual Writing
This course prepares students to plan, construct, test and revise documents that enable users to perform tasks effectively. Students apply principles of iterative development including audience/user analysis, usability testing, and test-based revision to produce instructional materials such as training manuals, operating instructions, or online product documentation for specific users in a variety of workplace environments.
Prerequisite(s): ENG1021 or ENG1027, ENG2010. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence
4.5 Quarter Credit Hours
ENG3016 Advanced Business Communication
This course prepares students to perform high-stakes written and oral communication tasks in organizational or entrepreneurial settings in a 21st-century global economy. Building on skills introduced in earlier composition and communication courses, students plan, compose and deliver documents and presentations for a diverse range of external and internal audiences. The course requires the highest level of professionalism not only in producing quality documents but also in interacting with external and in-house contacts.
Prerequisite(s): ENG1021 or ENG1027, ENG1030. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ENG3030 Introduction to Food Writing
This course provides students with an opportunity to concentrate on food writing for cookbooks, magazines, newspapers and websites. Students are introduced to the protocol for getting published while learning how to develop and compose food stories and restaurant reviews. Subjects taught include interview techniques, query letters and tailoring food articles to various publications.
Prerequisite(s): ENG1021 or ENG1027. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ENG3050 Introduction to Travel Writing
Students focus on the history of travel writing, article writing as a specific commercial genre, research skills, descriptive personal narrative, and integrating works with various forms of mixed media including: photography, computer graphics, and maps. This course explores the reasons and mediums for travel writing.
Prerequisite(s): ENG1021 or ENG1027, sophomore status. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ENG3130 Introduction to Sports Writing
This course provides students with the opportunity to pursue the evolving world of sports writing. Students explore the history of sports writing from its early days to its current incarnation. Students study the masters, past and present, and then produce their own articles in print and online. The course further covers the genre’s societal significance and how new media have changed coverage. Course work includes lectures, writing workshops and critiques.
Prerequisite(s): ENG1021 or ENG1027.
Offered at Charlotte, Denver, Providence
4.5 Quarter Credit Hours

ENG3150 Introduction to Fashion Writing
This course allows students to delve into the unique world of fashion writing, focusing both on the history and practice as they learn to craft compelling prose. Students explore past and current coverage, honing their journalism and multimedia skills, including blogging, photography and video. This course further examines the genre’s role in popular culture and its commercial aspects. Course work includes lectures, writing workshops and critiques.
Prerequisite(s): ENG1021 or ENG1027.
Offered at Charlotte, Denver, Providence
4.5 Quarter Credit Hours

ENG3300 Literary Editing and Publishing
This course combines the study of contemporary literary publishing and the practical skills of magazine production in literary creative arts. This course is a production class with the aim of producing a publication for public distribution, either hard-copy or electronically via a website or blog, thus providing students with the practical experience of producing a journal for a real-world audience that exists beyond the classroom. Focus is on improving students’ artistic appreciation of writing, art and/or photography. Students are exposed to all levels of the editorial process with special attention given to soliciting and reviewing submissions of poetry, fiction, drama, creative essays and art; fundamentals of style; copy editing; proofreading; and the principles and practices of design. Additional benefits include experience in teamwork, project leadership, communications, analysis of literature and art, marketing, and technology. Students learn to use software such as Adobe InDesign and Adobe Photoshop, or make use of other online platforms to analyze noteworthy print and digital literary journals as their texts for the course.
Prerequisite(s): ENG1021 or ENG1027.
Offered at Charlotte, Denver, Providence
4.5 Quarter Credit Hours

ENG3320 Applied Research in Professional Writing and Literature
This course offers students an excellent opportunity to practice applied scholarship in the humanities, balancing technical online journal production, research, editing and writing practice. Students may repeat the course up to three times for credit. Working on the campus’s online journal, students provide first review of submissions before editorial and peer review, conducting research into the topic of the submission; maintain correspondence with writers and reviewers, learning how the journal production process works; and develop technical skills related to publishing an online journal. Students also gain practical experience conducting and supporting online interviews for the campus’s blog series. Students set up interviews, corresponding with scholars and artists; learn about audio production, blogging and online publication; conduct research in preparation for interviews; and in some cases moderate the interview itself. Finally, students manage the production of a cultural events series; they organize, promote, record, broadcast and moderate the discussions.
Prerequisite(s): ENG1021 or ENG1027.
Offered at Charlotte, Denver
4.5 Quarter Credit Hours

ENG3402 Intermediate Creative Writing
This course offers students the opportunity to practice, develop and refine the creative writing skills they learned in ENG 2401. Students learn and practice techniques for discovering and organizing creative ideas, and advance their understanding of audience by researching potential markets to publish their work. Students learn the more advanced skills required for writing fiction, including narrative structures, voice, dialogue, scenes and transitions, and also learn poetic forms from various cultures, meter, and advanced poetic techniques. With permission of the instructor, students may elect to work with plays or screenplays in lieu of fiction. By the conclusion of the course, students identify the genre in which they plan to specialize and ultimately publish.
Prerequisite(s): ENG2401.
Offered at Charlotte, Denver, Providence
4.5 Quarter Credit Hours

ENG3601 Intermediate Nonfiction Writing
This course prepares students to read, analyze and write about nonfiction from different critical perspectives. Students study representative nonfiction writers and are exposed to a variety of forms and techniques of the essay from Montaigne in the 16th century to writers who are currently working to expand the idea of nonfiction writing. Students explore the history of the essay as well as recent developments in nonfiction-literary journalism and creative nonfiction. Additionally, students practice writing essays in a variety of forms, using the range of writers we will study as models.
Prerequisite(s): ENG1021 or ENG1027.
Offered at Charlotte, Denver, Providence
4.5 Quarter Credit Hours
**ENG3899 English: Writing and Literature Internship**

Students may choose an internship in a variety of fields, such as media communications or marketing, and in many settings, including publishing, government or nonprofit agencies, or others related to their interests. Internship assignments provide opportunities for students to gain real-world experience by applying their skills and knowledge to meet the needs of a government, business or community organization.

Prerequisite(s): To be eligible for this internship, students must: 1) maintain a cumulative GPA of 2.75 during the entire pre-program application process, and 2) have completed 90 hours of course work.

Offered at Charlotte, Denver, Providence

4.5-13.5 Quarter Credit Hours

**ENTR2030 Pitching & Planning New Ventures**

This course teaches students how to develop and present a business plan for ventures they may launch. Students will learn about the contents of a business plan, the importance of concise executive summaries and presentations, and how entrepreneurial ventures must adjust their business plans as they receive feedback from the real-world.

Prerequisite(s): ENTR1001. (HY) (OL)

Offered at Charlotte, Denver, North Miami, Online, Providence

4.5 Quarter Credit Hours

**ENTR3010 Small Business Consulting**

This course is conducted as an independent study. Participants in the program formulate an agreed-upon plan with their sponsor and educator to counsel small businesses on problems dealing with marketing/sales, management, finance/accounting, and other relevant tactical/strategic issues.

Prerequisite(s): ENTR2040 or ENTR3060.

Integrative Learning (ILS) Courses

**ILS2003 The American Dream**
This course will address the broad theme and question of “What is the American Dream” and also ask “Have we achieved it?” “Has it changed” and, “what is the cost of pursuing it?” We will explore this topic through various themes, including “Manifest Destiny”, “The Immigrant Experience”, “Civil Rights”, “Gender Rights”, “The Pursuit of Happiness”, “Work and Business”, and “Class and Culture.” While this course will primarily be a literature course, it will use a multidisciplinary approach to explore this topic from various perspectives, including history, economics, ethics, culture, psychology, and political science. 
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status. 
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

**ILS2010 20th Century Literature: A Multi-Disciplinary Approach**
Through the study of the 20th century literary works, fine arts, humanities, and social and political sciences, this multi-disciplinary honors course explores the relationship between modern world literature and its historical, social, and political contexts. Short fiction, poetry, drama, and essay are used as vehicles for exploring major movements, trends, and events of the 20th century. Themes of racial, ethnic, and gender identity, political oppression, and/or war are explored. Emphases vary. 
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

**ILS2015 Honors Seminar: Postcolonial Literature**
Colonization of Africa and Asia and ensuing post-colonial reconstruction, two world wars, the spread and fall of communism, human rights movements and immigration profoundly changed the face of the world. This discussion-writing-intensive Integrative Learning Honors Seminar focuses on literary responses to and representations of select movements and events of the 20th century (emphasis will vary). By reading texts through the lenses of postcolonial literary theory, history, philosophy, and ethics, students will examine the variety of human responses to the moral questions posed by colonialism, imperialism and the social and political movements that arose in their wake. 
Prerequisite(s): ENG1024 or English placement, honors status, sophomore status.
Offered at Charlotte, Denver, North Miami, Providence 4.5 Quarter Credit Hours

**ILS2110 The Atomic Age**
The emergence of nuclear science - and the catastrophic consequences of its military use on Japan to end the Second World War - marked the beginning of an Atomic Age. How is it that the world's greatest scientific thinkers could produce a technological innovation capable of destruction on a global scale? From August 1945 forward, no longer could one draw simple connections between "science" and "progress." And yet nuclear developments continued to shape every aspect of human existence: from international diplomacy and energy policy to the "nuclear family" and popular culture. Drawing on scientific discourse, world history, international relations theory, Cold War studies, policy analysis, energy and environmental studies, and gender and cultural studies, this course will explore the multiple ways in which we continue to live in an Atomic Age. 
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status. (OL)
Offered at Denver, Online, Providence, Providence CE 4.5 Quarter Credit Hours

**ILS2123 City as Text**
This course focuses on the city as a "text", a living environment that reveals itself and its inhabitants through an exploration of its history, economics, politics, culture and art. The city will serve as an experiential case study which will afford students an opportunity to investigate, reflect, and critically analyze the city and its inhabitants (including themselves) as a living and evolving system/organism. Through a series of visits to various organizations, businesses, and institutions of art, culture, government and education, students will explore the nature and meaning of community, and civic and professional life. Avenues of discovery in this course include art and architecture, communication and literature, history, economics, sociology, psychology and political science. 
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status. 
Offered at Charlotte, Denver 4.5 Quarter Credit Hours

**ILS2127 The Culture of the Western Environment**
Images of the American West define for citizens of the U.S. and for those all over the globe what it means to be an American. Lonely mesas, rugged mountains and open plains mean something. But they are also something beyond that meaning - real ecosystems, geological processes and places long settled by humans before and after 1492. This course serves as an introduction to the interdisciplinary fields of American Studies and Environment Studies, fields that will enable the student to explore the meaning and reality of the American West. 
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Charlotte, Denver 4.5 Quarter Credit Hours

**ILS2150 Introduction to American Studies**
This course introduces students to the major themes in American culture, both past and emerging. Students are given a sense of the tensions running through the identity and image of Americans here and around the world. As an integrative learning seminar, this course also serves as an introduction to the idea and practice of interdisciplinary scholarship. This course gives students a wide range of tools to make sense of what America is, has been and can be. Topics include traditional disciplines that help illuminate American culture. Focus is on art, music, literature, history and anthropology. 
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

**ILS2175 Honors Seminar: The Earth in Peril: A Literary and Scientific Analysis**
This course examines environmental issues created by unrealistic views about the earth’s capabilities. Relationships among people, environments and natural resources are analyzed through literature and scientific writings. Students examine why and how world views affect the natural world’s destruction and preservation. 
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

**ILS2213 The Earth in Peril: A Literary and Scientific Analysis**
This course examines environmental issues created by conflicting views about the earth’s capabilities. Relationships among people, environments and natural resources are analyzed through literature and scientific writings. Students examine why and how world views affect the natural world’s destruction and discuss possible theories of preservation. Students contribute to inquiry surrounding the issue of sustainability through research and analysis. 
Prerequisite(s): ENG1024 or English placement, honors status, sophomore status. 
Offered at Charlotte, Denver, North Miami, Providence 4.5 Quarter Credit Hours

Johnson & Wales University
ILS2280 Science and Civilization
This course explores the social, political and historic contexts and implications of several scientific and technological developments through a variety of genres, including textbooks, newspapers and magazine articles, film, music, art, literature and the Internet. The goal of this course is to raise student awareness of the global impacts, positive and negative, associated with specific scientific and technological developments, with emphasis on discerning the interconnectedness of those impacts. Through inquiry, research and debate, students develop a better understanding of the unique historical, social, political and cultural contexts in which these scientific and technological developments evolved and the influence these contexts had upon the form of these developments. In addition, students gain a deeper appreciation of the implications of these developments on the present and future.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence
4.5 Quarter Credit Hours

ILS2320 Economics of Law and Order
This course examines legal institutions through the lens of economics. Emphasis will be placed on how changing laws influence outcomes at a societal level. In each lesson, students will focus on the relevant economic background and institutional structure and then deduce how this in turn informed choices made by participants in the economy. The economic order that is generated by the interaction of countless individuals and firms is mediated through the legal system. If one wishes to understand this extended order, one must understand the legal institutions in which it operates.
Prerequisite(s): ECON1001 or ECON1002, ENG1020 or ENG1024 or English placement, LAW2001, sophomore status.
Offered at Charlotte, Denver, North Miami
4.5 Quarter Credit Hours

ILS2325 Economics of Sin
This course integrates economic, sociological and psychological principles to examine price gouging, cheating, illegal drugs, sex and gambling. Emphasis is on examining these “sinful” behaviors in the context of moral development and theories of motivation. Students also examine how government seeks to change and penalize such behavior and the consequences of these interventions.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status. (OL)
Offered at Charlotte, Denver, Denver CE, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ILS2370 Obesity
This course considers the now global problem of obesity from the biological, psychological and sociological perspectives. Since the 1970s there has been a rapid increase in the incidence of overweight and obesity in the United States with 65% of adults now overweight. Childhood obesity rates have tripled in the last 20 years producing the first generation of Americans who are predicted to have a shorter life span than their parents. The obesity epidemic is widely acknowledged in the United States, but in the past two decades, this problem has also spread to developing countries as they accelerate their nutrition transition to more mass produced and processed foods. The roles of government and business will be explored, in influencing access to foods and in defining obesity vs. health. The study of this now global problem is relevant from a personal health perspective as well as a political and economic perspective. Individuals empowered with knowledge can modify their own food environments and that of their children. A well-educated populace may wish to support initiatives to make progress on this societal problem to avoid economic losses in productivity and health care costs that will compromise America’s competitiveness.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

ILS2385 Visual Literacy and the Sociology of Perception
This course studies human perception of the social world from both a communications and sociological perspective. Elements of picture-based media as a means of molding cultural perceptions, social biases and personal views of reality are studied. Through a series of exercises, students critically examine images in art, still photographs, television, advertising, film and documentaries to determine their sociological messages. Using the language of visual literacy and an understanding of perception, students test assumptions about their world.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ILS2390 The XX Factor
The XX Factor takes an integrative learning approach to gender role development that foregrounds psychology and literature. This approach provides multiple lenses through which to examine current and historical concepts of women’s psychological and social development. It prioritizes close textual analysis of gender identity and sexuality as figured in literature across a broad spectrum. The course considers both conformity and resistance to societal biases, stereotyping, and the imposition of gender and sexual norms. In doing so, it promotes critical thinking about the diverse possibilities for women’s identities.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

ILS2435 Leonardo da Vinci: Culture, Art and Math
This course covers a portion of the movement in Europe known as the Renaissance. The works of Leonardo da Vinci are explored. Students discover how da Vinci’s insatiable hunger for understanding impacted the culture of Florence and Milan, Italy, as well as the entire world. Students learn about da Vinci himself and his place in society. Some of da Vinci’s works of art, writings on architectural design and war machines are examined culturally, historically and mathematically.
Prerequisite(s): ENG1020 or ENG1024 or English placement, MATH1002 or MATH1020 or math placement, sophomore status. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ILS2440 Logic, Reasoning and Nonsense: How to Tell the Difference
This course introduces students to logic, a discipline that straddles public policy, philosophy, law and mathematics. Students are empowered to use logic in their personal and professional lives to make informed decisions, identify invalid arguments and debate current topics. Topics include formal structures of thought as they can be readily applied to the organization of thought in written and spoken language. Students identify the logical errors or fallacies that are most frequently made in written and oral discourse.
Prerequisite(s): ENG1020 or ENG1024 or English placement, MATH1002 or MATH1020 or math placement, sophomore status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

ILS4070 Nostalgia, Memory and Hybrid Identity
As individuals, we need not be immigrants to understand, and even identify with, the search for home and belonging. As global citizens, most of whose families have at some point been immigrants, whether by choice or displacement, we recognize the powerful and complicated impact of migration on all aspects of identity. Nostalgia, Memory and Hybrid Identity examines diasporic literature in the context of cultural theory, history, psychology, philosophy and popular culture (such as music, film and art) to better understand these cultural negotiations. Students explore the ways diasporic literature of the last century has significantly transformed the literary, theoretical and cultural landscape of the U.S., and has raised a range of complex issues relating to identity, language, border crossings (geographical, linguistic and gender, etc.) hybridity, and acculturation and resistance. Readings will range across such genres as memoir, fiction, essay, drama, and poetry to consider how issues of identity and tradition are represented and contested by immigrant writers in the context of displacement and diaspora.
Prerequisite(s): ENG1021 or ENG1027, senior status.
Offered at Charlotte, Denver, North Miami, Providence
4.5 Quarter Credit Hours
ILS4115 Contemporary Approaches to Classical and World Mythology
This course introduces students to classical and world mythology in order to understand the eternal, timeless nature of universal archetypes and themes while also exploring how they acquire new, contemporary meanings. Students learn to interpret myth using elements of literature as well as through the theories of myth interpretation. From Homer to Harry Potter, emphasis is placed upon analysis of primary readings as well as their interpretations within the context of a variety of disciplines. Class discussions and student writing encourage critical thinking, synthesis and application of the terminology of the study of mythology.
Prerequisite(s): ENG1021 or ENG1027, senior status. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ILS4130 History of Digital Art
This course surveys the emerging world of digitally originated and exhibited artwork. A wide range of digital art formats are examined, including (but not limited) to 2-D, 3-D, motion, interactive, immersive, sensor-based, internet-based and “gamification.” Key art historical influences in the technology of art creation from the Renaissance to the 21st century are explored. Major art periods such as Fluxus, Conceptual, Dada and Post-Modernism are reviewed as they relate to the development and growth of the late 20th century digital art movement. Students investigate the history and growth of international public art paradigms and practices and their connections to digital art through civic, public and private institutions. Students also examine the relationship between digital art and the industry of creative design and media. Through active visual research of curated digital art pieces students discover a wide array of critically noted digital artists and their work. Finally, students consider the new aesthetics of digital art, comparing and contrasting them to more conventional art formats and exhibition models.
Prerequisite(s): ENG1021 or ENG1027, senior status. (OL)
Offered at Denver, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ILS4140 The Legal Imagination
This course introduces students to the textual nature of the law. Through intensive study of literary, persuasive and legal texts, students explore the commonalities between what we call “literature” and what we call “law.” Students begin to see the “constitutive rhetoric” of those texts, through which an author creates a social and political community with words.
Prerequisite(s): ENG1021 or ENG1027, one LAW-designated course, one LIT-designated course or MCST2030, senior status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

ILS4150 Making Monsters: Science, Lit-Crit and the Man-Made Monster
This course explores classic to modern literary and cinematic works that involve man-made monsters, and employ methods of literary criticism to study not only the literary craft, but what these works reveal about scientific knowledge at the time of their composition and the cultural perception of contemporary scientific discoveries, the discipline of science, and even the scientists themselves.
Prerequisite(s): ENG1021 or ENG1027, senior status.
Offered at Denver
4.5 Quarter Credit Hours

ILS4170 Passion, Power and Principle: Lessons at Play in Shakespeare
This course employs the still-relevant insights of the Shakespearean canon as a means of understanding and resolving contemporary ethical dilemmas, social tensions and the conflicting demands of citizenship in today’s world. Focus is on the resolution of moral dilemmas involving divisions of power, the use of authority, familial obligations and conflicting loyalties. This course takes an integrative learning approach that draws on literature, philosophy (ethics) and history to promote analysis and meaningful comparisons between the problems confronted in the world of Shakespeare’s plays (and the society they reflect) and those faced by us today.
Prerequisite(s): ENG1021 or ENG1027, senior status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

ILS4176 Sports in Film and Literature
This interdisciplinary course focuses on the significant inspiration of athletic endeavors upon the literary and cinematic imagination. Writers of fiction and nonfiction, prose writers and poets have discovered in the athletic experience a useful metaphor to express the purpose and meaning of life. Modern film explores both the realism and romanticism of sports in popular culture. This course is designed to acquaint the student with the essence of games as myth and metaphor and develop an appreciation of the historical context in which the stories are constructed and heard. The interdisciplinary considerations of history and culture allow for a richer understanding and appreciation of sports and sports literature.
Prerequisite(s): ENG1021 or ENG1027, senior status. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

ILS4178 Studies in Nostalgia, or the Way Things Never Were
This course allows students to explore the tendency to look back with fondness on some distant, wonderful past. Is nostalgia a basic human condition? Students explore this question across cultures and through the lenses offered by biology, psychology, literature, history and other academic disciplines. Nostalgia as a type of fiction writing is discussed, along with the consequences of those “stories”. The work of nostalgia as it engages discourses of political ideology, race, gender, sexuality, class, etc. is discussed. Students study a few particular examples of American nostalgia before turning their attention to the work nostalgia is doing now and the consequences of that work.
Prerequisite(s): ENG1021 or ENG1027, senior status.
Offered at Charlotte, Denver, North Miami, Providence
4.5 Quarter Credit Hours

ILS4190 Why People Do Evil
This course takes an interdisciplinary approach to the nature of evil as explored over the centuries from the earliest civilizations to modernity as demonstrated through literature. Emphasis is on Dante’s Divine Comedy, Milton’s Paradise Lost and Dr. Phillip Zimbardo’s The Lucifer Effect. Other poets, authors, psychologists and philosophers will be engaged and studied throughout the course.
Prerequisite(s): ENG1021 or ENG1027, senior status. (OL)
Offered at Charlotte, Denver, Online
4.5 Quarter Credit Hours

ILS4210 Colors
This course explores the role and importance of colors in the natural world, astronomy, geology, human society, culture, psychology, art and many other disciplines. Topics include the physics of color and its perception by animals and the color of the ocean, rocks, minerals, stars and galaxies. In addition, the various uses of color by plants is examined, including the utilization of colored pigments by plants for light absorption in photosynthesis. The various ways that animals use color are also explored, including how colors are used by both predators and prey and how they are used to attract mates. Additional topics include the affect of colors on humans, including mood, language, musical expression, and as a symbol of national or group identity in politics and religion. Colors have a profound influence in artistic expression and in the food and fashion industries. The importance of colors in all of these different disciplines are examined. IBUS4090 International Business Experience
This course refers to a series of options available that total 13.5 credits: 1) Students choose from a range of study abroad options including short-term 3 1/2 to four-week summer programs, spring term three-month programs, or four-to-five month independent exchanges. Each program has its own academic focus and prerequisites. Students apply for their program of choice through Study Abroad. After selection into a program, students engage in orientation and academic pre-departure work before embarking on their immersion into foreign cultural and business settings. In some cases, JWU faculty lead the program and travel with the students. In other cases local hosts lead the program, but in all programs students participate in a rigorous study and travel experience. The purpose of these study abroad experiences is to increase students’ global awareness as they explore their program’s specific academic focus. Course delivery consists of lecture, industry visits and cultural excursions. Eligible students are guided by Study Abroad to register for the appropriate course(s) specific to their program. 2) Eligible students may opt to take IBUS4020 Summer Work Abroad International Seminar and a specific course from the IBUS4080 Series of Summer Work Abroad Programs: IBUS4082 or IBUS4086. 3) Students not eligible to take the international business programs, internships or SWAP programs take three additional electives from the School of Business or the School of Engineering & Design. Students should consult with their faculty advisor to make their selection.

MCST2300 American Film
This course explores major developments in the U.S. film industry during its first 100 years. The course is structured chronologically and focuses on moments in film history that are particularly relevant to the medium’s development as an aesthetic form, industrial product and cultural practice. While a large portion of the course covers the Hollywood film industry, focus is also on the development of independent film in the U.S., which has always existed alongside the mainstream industry in various and ever-changing states of co-dependence. Students gain a strong appreciation for the wide variety of cinematic movements and styles that make up U.S. cinema, as well as a deep understanding of the way in which economic factors and industrial logic determine the kinds of films that are made. American cinema is also discussed in a global context, considering the ways in which international films and filmmakers have influenced, and been influenced by, the U.S. film industry.
Prerequisite(s): ART2010, ENG1021 or ENG1027. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST2400 Writing for Publication
This course focuses on the various sectors and processes of the publishing industry, including (but not limited to) periodicals, book publishing, professional journals and online publishing. Throughout the term, students explore the various sectors of the industry and become adept at researching the market and identifying appropriate venues for a variety of works. Instruction begins with critical analysis of the market and develops into an in-depth discovery of the industry from the genesis of a piece to representation, acquisition, editing, distribution and marketing. Issues of copyright laws, collaboration and issuance of contract terms are central to the course. By the end of the term, students are challenged to assess their own writing in regard to audience, timeliness and marketability in today’s publishing industry.
Prerequisite(s): ENG1021 or ENG1027. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST2450 Writing in Digital Media
This course examines the theory and practice of writing in a digital age. Special emphasis is on ethics and the rhetorical conventions for online communication and the design of information, particularly for professional purposes. Topics include designing an effective blog, Web style and identity online, social media applications, copyright and authorship issues, and participating in collaborative online environments.
Prerequisite(s): ENG1021 or ENG1027. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST3050 Media Identities
This course analyzes the ways in which media texts, from films to television shows, represent contemporary forms of social identity such as gender, race, class and sexual orientation. Specifically, students are encouraged to ponder the role contemporary media plays in constructing popular understandings of social identity, as well as how audiences use media representations to form their own sense of identity. Students engage with contemporary theoretical perspectives on media representation, evaluate current research in the field, and perform their own analyses based on this material.
Prerequisite(s): ENG1021 or ENG1027. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST3090 Critical Perspectives on New Media
This course examines the rise of digital media technologies and their impact on contemporary culture. Topics include economic issues, such as how the new digital landscape contributes to the consolidation of media ownership; industrial issues, such as how digital technologies cultivate new kinds of relationships between media producers and consumers; social issues, such as how the internet and social media change the way that individuals interact with one another and re-imagine themselves; and political issues, such as digital technology’s potential to break down some barriers (i.e., global, national, cultural) while erecting others (i.e., economic barriers related to access and the digital divide). Through critical engagement with these issues, students are encouraged to think deeply and ethically about the media’s past, present and future.
Prerequisite(s): ENG1021 or ENG1027. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST3100 Radio, Records and Popular Music
This course is divided into three interlocking sections: genres, industries and technologies. The genres section explores major forms of popular music, such as jazz, blues, country and rock. The industries section examines how the businesses of radio and music produce culture. The technologies section describes the gramophone, phonograph, radio, jukebox, tape recorder and digital files in their social and technological contexts. Borrowing from multiple fields, such as media studies, sociology, anthropology, history and musicology, the course situates these genres, industries, and technologies alongside several themes, including noise and silence, listening and recording, body and voice, regionalism and urbanism, race and class, and creativity and commerce.
Prerequisite(s): ENG1021 or ENG1027. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST3200 History of Photography
This course covers important photographic inventions, from the camera obscura and the daguerreotype to the 35mm still camera and the Polaroid. Various formats and prints are studied from social-cultural perspectives, such as banquet camera photographs, cartes de visite, magic lantern slides, news photographs and picture postcards. The documentary quality of photographs is also addressed, with examples that draw from the works of Margaret Bourke-White, Dorothea Lang and Walker Evans, among others.
Prerequisite(s): ENG1021 or ENG1027. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST3399 Media Internship
This internship course requirement allows students to connect their academic course work with industry experience. While positions vary, students should be engaged in some facet of media work (e.g., researching, editing, writing, producing, designing, building) in virtually any media industry. This course may be repeated twice with one or more companies or organizations, but must not exceed 13.5 quarter credits.
Prerequisite(s): To be eligible for this internship, students must: 1) have a GPA of 2.0, 2) have completed 90 hours of course work, and 3) have successfully completed the course, ENG1021, Advanced Composition and Communication or ENG1027, Honors Advanced Composition and Communications: Civic Discourse.
Offered at Denver, Online, Providence
4.5-13.5 Quarter Credit Hours
MCST4010 Global Media
This course takes a critical look at the practices of media corporations, governments and audiences, mostly through the lenses of nationalism and imperialism. Emphasis is on the idea of globalization and its connection to contexts of reception at local, national and international levels. The course also addresses key themes such as trade, tradition, nation, globalism and localism. Students read political-economic and ethnographic analyses of cultural artifacts and production sites, such as Nike sneakers, Tokyo Disneyland, Al-Jazeera America, Brazilian telenovelas and Nigerian popular music, artifacts and sites that bear the imprints of transnational media corporations and regional audiences.
Prerequisite(s): ENG1021 or ENG1027. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST4050 Media & Popular Culture
This course surveys the ways in which everyday acts and artifacts communicate messages. Students interpret how fashion, food, fiction and other forms of communication influence and are influenced by social structures and global institutions. Students also consider the ways in which icons and symbols generate meaning for diverse audiences. Course readings address ideology, identity, community, subjectivity and the body, among other topics.
Prerequisite(s): ENG1021 or ENG1027. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST4100 Media Theory
This course examines the major critical, cultural and social theories of media that have emerged from various schools and sites, such as Birmingham, Chicago, Columbia, Frankfurt, Paris and Toronto. Representative theorists studied include Stuart Hall, Louis Wirth, Paul Lazarsfeld, Walter Benjamin, Paul Virilio and Marshall McLuhan, among others. Students are expected to analyze, synthesize and evaluate multiple approaches to media studies.
Prerequisite(s): ENG1021 or ENG1027, MCST1010. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST4190 Media Research Methods
This course provides essential training on how scholars think by asking students to participate in the process of knowledge creation. Readings focus on interpretive and critical methods, from interviews and participant observations to historical and textual analyses that draw on Marxist, post-structural, psychoanalytic, feminist, queer, postmodern and post-colonial thought. This course is beneficial to students who wish to pursue research positions in the media industries, as well as for those who plan to continue their studies in graduate school.
Prerequisite(s): ENG1021 or ENG1027, MCST1010 or COMM1010, senior status. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST4200 Senior Seminar in Media Life
This seminar discusses the idea that life is entirely mediated, from the language that humans use to the air that animals breathe. Topics discussed include media scholar Mark Deuze’s theory that we no longer live with media, but in media, defined as environments for thinking, feeling, speaking and acting. The seminar draws on most of the coursework from the Media & Communication Studies major and synthesizes it in the form of one research project on an original topic that crosses disciplinary demarcations. Projects may address insect media and beehives, bio-media and pacemakers, green media and e-waste, structural media and shopping malls, and hypermedia and emotion, among other topics.
Prerequisite(s): ENG1021 or ENG1027, MCST1010 or COMM1010, senior status. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

MCST4300 Special Topics in Media Studies
This course focuses on a different area, issue or theme each year, depending on student interest. Possible topics under consideration include dead media, documentary media, Latin media, media philosophy, mediated bodies, mediated cities, mediated memories and mediated war.
Prerequisite(s): ENG1021 or ENG1027. (OL)
Offered at Denver, Online, Providence
4.5 Quarter Credit Hours

Nonprofit Management (NPM) Courses

NPM5010 Theory and Practice of Nonprofit Management
This course introduces students to the critical aspects of managing and leading in a nonprofit organization. An overview of components of a nonprofit company’s operations (including human resources, resource development, marketing and communications) is presented. Students are expected to gain a foundational understanding of how nonprofit organizations function as social and organizational entities, and build upon this understanding in future courses in the program. (HY) (OL)
Offered at Denver, Online
4.5 Quarter Credit Hours

NPM5020 Methodological, Decision-Making and Analytic Techniques
This course is designed to introduce students to techniques in problem articulation, assessing alternatives, gathering data, analyzing data and making decisions in the nonprofit sector. Students are introduced to how the decision-making process is accomplished in both the practice and study of nonprofit administration. The course presents an overview of how to select the appropriate method for a particular problem area, analyze the problem and arrive at an appropriate decision. (HY) (OL)
Offered at Denver, Online
4.5 Quarter Credit Hours

NPM6010 Public, Private and Nonprofit Collaboration
This course introduces students to the main concepts, ideas and theories of nonprofit collaboration with public and private organizations. Through the use of practical worksheets and cases, students are expected to gain insight into the structure, benefits and potential pitfalls of collaborative alliances. Further, students are expected to gain a working knowledge of how to plan for, manage and maintain collaborations with public agencies and private businesses. (HY) (OL)
Offered at Denver, Online
4.5 Quarter Credit Hours

Philosophy (PHIL) Courses

PHIL3020 Crisis and Controversy: A Critical Thinking Approach
This course encourages students to use critical thinking skills in order to make decisions, solve problems, develop new ideas, evaluate arguments and tolerate ambiguity while exploring complex social questions. Emphasis is on understanding the elements of reasoning, imposing criteria and intellectual standards upon reasoning, and assessing individual thinking processes. Students hone critical thinking skills by actively engaging in the study of social conflicts and controversies that operate at individual, communal and global levels.
Prerequisite(s): ENG1020 or ENG1024 or English placement. (SL)
Offered at Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

PHIL3040 Ethics of Business Leadership
This course examines the basic principles of ethics and their philosophical foundations, particularly as they apply to institutions, environments, leadership and other activities and pursuits of business. It examines those aspects of human behavior that can be labeled right and wrong. Consideration is given to the moral obligations of leaders and followers when discussing actual cases from a variety of business organizations that have presented management and subordinates with difficult moral dilemmas. Emphasis is also on the particular responsibilities of leadership in fostering and implementing ethical awareness within a corporate culture.
Prerequisite(s): ENG1020 or ENG1024 or English placement. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours
PHIL3045 Honors Seminar: Ethics
This Honors Seminar examines central figures in the history of moral philosophy, such as Aristotle, Hobbes, Hume, Mill and Kant. While the primary focus will be on understanding these influential thinkers in their historical contexts and their distinctive approaches to ethics, we will also seek to show the relevance of their views to timeless questions. What is the best way to live? How do we distinguish good from evil? Should we be moral? We will discuss these thinkers' answers to these questions, and apply those answers to contemporary moral discourse, including public policy, environmental issues and business ethics.
Prerequisite(s): ENG1024 or English placement, honors status. Offered at Charlotte, Denver, North Miami, Providence CE 4.5 Quarter Credit Hours

Political Science (PSCI) Courses

PSCI1001 Introduction to Political Science
Political Science is the study of how human beings create governments, leaders, laws and policies. This foundational course explores how and why politics involves all aspects of our everyday lives. The dynamics of politics center on acquiring, distributing, and/or restricting access to power held by citizens and states. From local politics to international relations, the study of politics enables understandings of who ultimately gets what, when, where, why and how - or not. This course therefore explores the major ideas that drive the ways in which leaders govern, the systems in which they operate, motivations and barriers for citizens to participate in political life, how institutions of government work, and the role of money and media in the making of politics, from Main Street to Wall Street. This course also considers the modes by which citizens drive change in their governments, from Facebook and the ballot box to mass-scale protests driving political revolutions of the 21st century. Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

PSCI2001 International Relations and World Politics
This course provides a comprehensive introduction to the study of international relations, core concepts and key theories of world politics. Presented in this course are foundational ideas for understanding major historical and contemporary events in world politics, the behavior of states, and their relationship to the global order. This course prepares students to interpret world politics through analysis of particular trends, patterns, crises and global change. The chronic nature of war and ceaseless search for peace are considered, exploring how twentieth century historical events contribute to the twenty-first century nature of international relations. Politics and economics are also considered, focusing on economic relations among advanced post-industrial economies and issues of development of non-western nations, emphasizing the Global South. The role of post-colonial legacies and the failure of states is an important theme of the course. Additional topics include critical and emerging analyses that imagine possible future systems of international relations; imperialism; cold war politics and its legacies; national security theory including deterrence and the role of international political and monetary organizations in world politics. Offered at Denver, North Miami, Providence CE 4.5 Quarter Credit Hours

Project Management (PRMG) Courses

PRMG2010 Introduction to Project Management
This course gives students an understanding of project management practices, concepts, and tools using projects in the real world. Students focus on successfully organizing a single project using the knowledge areas associated with the project life cycle. Learning to identify potential projects based on strategic business planning, they produce portions of a basic project plan, scope statement, work breakdown structure, and Gantt charts. Other course topics to be discussed in a broader context include: forming and leading a project team, project manager competencies, project organization, time and resource management, cost management, quality management, human resource management, communications management, and risk management. (OL) Offered at Charlotte, Denver, North Miami, Online, Providence CE 4.5 Quarter Credit Hours

PRMG3010 Advanced Project Management
This course teaches students to initiate, plan, execute, monitor, control and close a project in the real world. Using a real-world project plan, students become competent in the following areas of project management: project integration, project scope, project time, project cost, project quality, project human resources, project communications and project risk management. Students practice these skills individually and in teams by applying them to a real-world project. Students also gain understanding of the application of project management processes. Prerequisite(s): PRMG2010. (OL) Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

Psychology (PSYC) Courses

PSYC3100 Community Psychology
This course examines the historical and theoretical perspectives of community psychology: the interrelationship between individuals and the various family, friendship, neighborhood, work, and community systems in which they live. Using a scientific approach, key areas of focus include the application of psychological principles to understand and address social issues, engage in collaborative problem solving, and promote community development.
Prerequisite(s): PSYC1001.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

PSYC3150 Applied Behavior Analysis
This course provides students with research-based skills and techniques to modify and eliminate undesirable workplace behavior and environments. Differentiating between goals and objectives, collecting, analyzing and displaying data, choosing effective reinforcements and schedules, and determining punishments provide the theoretical foundation for writing a behavior plan for an employee(s) or organization whose maladaptive behavior is negatively impacting production and/or morale. Additionally, the importance of pro-social modeling and self-managing behavior is stressed and practiced.
Prerequisite(s): PSYC1001.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

PSYC3200 Cognitive Psychology
This course examines the primary cognitive processes of attention, perception, and memory as the foundation for higher order thinking. Students examine and discuss early and current theories and methodologies in cognitive science and explain how primary cognitive processes lead to complex thought. A key component of course work includes conducting a literature review on an assigned or selected topic.
Prerequisite(s): PSYC1001.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

PSYC3260 Human Systems Integration
This course examines how human characteristics and the environment interact in the achievement of organizational goals and objectives. Using psychological principles in systems design, students focus on the physical, physiological, perceptual, cognitive and organizational considerations that affect organizational performance. Optimizing organizational performance through the human systems integration’s (HSI) major domains of manpower, personnel, training, human factors engineering, health hazards and occupational health is emphasized.
Prerequisite(s): MGMT2020, PSYC2020.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

PSYC3350 Psychology of Motivation and Leadership in the Workplace
This course examines current research and theories for motivation at work and how they affect the achievement of organizational goals and objectives. A chronological review of the field is included, as well as discussions around such topics as the importance of money, the relationship between job satisfaction and job performance, and the distinction between intrinsic and extrinsic motivation. A focus on understanding theories of leadership and their roles in creating and maintaining a psychologically healthy workplace is emphasized.
Prerequisite(s): PSYC1001.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours
PSYC4100 Brain, Environment, & Behavior
This course explores the complex interrelationships between the biological basis of behavior and the environment with a focus on application of psychological principles to address current issues. Students will draw on previous knowledge of brain structures and functions and the interplay between environment and biology affecting cognition and behavior. Students will select an approved topic, conduct interdisciplinary research and propose alternative strategies to improve quality of life. Prerequisite(s): PSYC3200. 4.5 Quarter Credit Hours

PSYC4150 Psychology of Conflict Resolution
This course explores the definition, causes and methods used for resolution of conflicts. Causes for conflicts such as communication, beliefs and values, and lack of trust are discussed, as well as the approaches toward resolution of conflicts, such as the adversarial and non-adversarial approaches. Advantages and limitations are identified for each method. Prerequisite(s): PSYC1001. 4.5 Quarter Credit Hours

PSYC4200 Cultural Psychology
This course offers knowledge, practice, and application of the principles of Cultural Psychology. It examines the major theorists in this field and the application of their theories to human behaviors and interactions. It critically examines cultural psychological theories in both traditional western and non-western psychological models. Accordingly, the course elucidates the particular research methods that are specific to the study of psychology and culture. By examining the developmental processes of cultural identity, the course demonstrates the necessity of cultural psychology as a specific domain of inquiry. In addition, the course examines the divergent frameworks for understanding abnormal behavior and mental illness, as well as mental health and wellness, in a cultural setting. Finally, the course focuses on application and analysis of the themes of cultural psychology for their use in specific work situations and in our global world today. Prerequisite(s): PSYC3100. 4.5 Quarter Credit Hours

PSYC4250 Contemporary & Critical Issues in Organizational Psychology
The culminating capstone experience in the major, this senior seminar asks students to synthesize the major theoretical perspectives of their field and apply these paradigms to their research on a specific critical issue. Through this course, students reinforce their knowledge of the field of organizational psychology, explore contemporary issues and hone their professional communication skills. In addition, students reflect on their professional identity and develop a plan for professional development. Prerequisite(s): RSCH2050, senior status. 4.5 Quarter Credit Hours

PSYC4300 Contemporary & Critical Issues In Applied Psychology
The culminating capstone experience in the major, this senior seminar asks students to synthesize the major theoretical perspectives of their field and apply these paradigms to their research on a specific critical issue. Through this course, students reinforce their knowledge of the field of applied psychology, explore contemporary issues and hone their professional communication skills. In addition, students reflect on their professional identity and develop a plan for professional development. Prerequisite(s): RSCH2050, senior status. 4.5 Quarter Credit Hours

Religion (REL) Courses

REL3001 Comparative Study of World Religions: An Interdisciplinary Approach
This course introduces the students to the world's great religions; Hinduism, Buddhism, Judaism, Christianity and Islam are emphasized. The focus is interdisciplinary and includes history, cultural traditions and textual analysis of each religion's literature in relation to these religions. Prerequisite(s): ENG1021 or ENG1027. 4.5 Quarter Credit Hours

Research (RSCH) Courses

RSCH2050 Research Methods in Applied Settings
This course provides students with the required knowledge to conduct basic research in the social sciences, including evaluation of primary and secondary research and learning to use and interpret statistics in specific applied situations. Using quantitative and qualitative research methods, students learn how to plan, conduct and write a research project, and select and interpret data. Students learn APA documentation, engage in exercises in primary sourcing techniques and receive an overview of the publication process. Prerequisite(s): MATH2001, PSYC1001 or SOC1001 or SOC2005. (OL) 4.5 Quarter Credit Hours

RSCH3020 Honors Research Seminar
This course prepares honors students to conduct the necessary research to successfully complete the Honors Thesis requirements for graduation from the Honors Program. Students evaluate a variety of research methods, engage in exercises in working with primary and secondary sources, and review appropriate documentation forms. The professor guides students in their choice of feasible research projects and serves as the major advisor during the development of an Honors Thesis Prospectus. Students complete the Honors Thesis in RSCH 4020, the Honors Directed Academic Experience. Prerequisite(s): ENG1024 or English placement, honors status. (HY) 4.5 Quarter Credit Hours

RSCH3100 Experimental Design in the Social and Behavioral Sciences
This course is focused on the various quantitative research methodologies that can be utilized to conduct and interpret scientific research in the social and behavioral sciences. In addition to advanced research design and corresponding statistical techniques (e.g., ANOVA, MANOVA, Structural Equation Modeling, Meta-Analysis), students will explore complex ethical, socio-cultural, and geo-political issues that impact the design, interpretation, and use of scientific results. Prerequisite(s): MATH2002, RSCH2050. 4.5 Quarter Credit Hours

RSCH3200 Qualitative Inquiry
This course focuses on the various qualitative research methodologies that can be utilized to conduct and interpret scientific research in the social and behavioral sciences. In addition to advanced research design and corresponding statistical techniques (e.g., ethnography, case study, narratives, instrument design, textual data coding and analysis), students explore complex ethical, socio-cultural and geopolitical issues that impact the design, interpretation and use of scientific results. Prerequisite(s): MATH2001, RSCH2050. 4.5 Quarter Credit Hours

RSCH3300 Community Action Research
Through identifying real world research questions and corresponding community agents, students will design and propose a community action research project. This course focuses on hypothesis generation, comprehensive literature review and the utilization of both quantitative and qualitative research methodologies to prepare students to execute the proposal in RSCH4400: Integrative Applied Research Seminar. Communication skills in the discipline are emphasized including oral and written presentations to faculty, class, and community. Prerequisite(s): RSCH3100, RSCH3200. 4.5 Quarter Credit Hours
**RSCH4020 Honors Directed Academic Experience**
The Honors Directed Academic Experience offers Honors students the opportunity to develop and complete a capstone project begun in the Honors Research Seminar (RSCH3020). This project will be completed under the direct supervision of an individual Faculty Mentor appropriate to the specialized field of research or other work undertaken by the student. Although students will submit portions of the project to the Faculty Mentor at regular intervals, it is expected that students will devote a substantial amount of time to research, writing, and other appropriate forms of independent engagement with their chosen subject.
Prerequisite(s): RSCH3020, honors status.
Offered at Charlotte, Denver, North Miami, Providence
4.5 Quarter Credit Hours

**RSCH4050 Research Seminar in Counseling Psychology**
This capstone course is designed to complete the major program of study by integrating the student’s prior academic experiences in Counseling Psychology. A seminar format is used to encourage student participation and interaction with peers and with faculty. Each participant chooses a topic within their area of specialization. The topic is explored through individual research, periodic presentations and discussion. Discussion focuses on both substantive and methodological concerns, as well as interconnections among areas of study.
Prerequisite(s): RSCH2050, senior status.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

**RSCH4400 Integrative Applied Research Seminar**
A capstone experience in the Applied Research minor, this course will have students conduct the research study proposed in RSCH 3300, including data collection, analysis and interpretation of findings. Students will be required to share applied implications of findings with the community agents impacted, as well as preparing a formal professional conference and/or journal submission. Advanced case studies will be used throughout the course to integrate previously learned applied research and statistical analyses content to promote scientific reasoning and critical thought.
Prerequisite(s): RSCH3300.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

**Retail (RTL) Courses**

**RTL1005 Retailing**
This course is designed to introduce the student to the field of retailing. Emphasis is placed on basic principles of the retail environment, retail operations and retail administration. Career paths and leadership styles are incorporated into this course. Current conditions and newer concepts and practices in the field are highlighted, with special attention focused on industry terminology.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

**RTL1010 Textiles**
This course is an overview of the production and utilization of fibers, yarns and fabrics. Emphasis is placed on the performance of textiles for specific end uses.
Offered at Charlotte, Denver, North Miami, Providence
4.5 Quarter Credit Hours

**RTL1020 The Business of Fashion**
This introductory course is designed to increase students’ powers of observation, research and analysis of fashion. Academic Information

This section of the catalog contains important information about the academic requirements and policies of Johnson & Wales University, as well as additional educational components including experiential education and study abroad opportunities, and available honors programs and academic societies.

Class Schedules

The course schedule (https://uconnect.jwu.edu/prod/bwckschd.p_disp_dyn_sched) is published before registration begins each term. The course schedule will include course meeting days and times, seat capacity, course prerequisites and additional information for courses meeting the search criteria.

Occasionally, make-up classes are scheduled, due to holidays or other missed days, to meet minimum classroom hour requirements. It is possible that at times a course may not be rescheduled and the student will be responsible for all work as outlined in the syllabus.

Please note that students enrolled in courses at the university may be required to participate in online discussion forums, student-to-student collaborations and student presentations with other students as part of course requirements.

Summer Sessions

Optional summer session courses are offered for students enrolled in undergraduate programs. Individual courses may not be offered in the summer if student interest or enrollment is not sufficient; as a result, summer degree completion cannot be guaranteed. Summer session enrollment may be required in certain graduate programs.

Students matriculating at Johnson & Wales are not granted credit for summer session courses taken at other institutions unless prior permission has been granted by Student Academic & Financial Services.

Academic Policies

This section of the catalog contains important information about academic policies, grading systems and other academic requirements.

Additional policies and procedures: Not all university policies and procedures affecting students are described in this catalog. For further information, please refer to the Student Handbook (http://catalog.jwu.edu/handbook).

Academic Standing

A student’s academic standing is based on grade point average (GPA) in conjunction with total attempted credits (including transfer credits) and is evaluated after the completion of each term of enrollment. Academic standing standards differ by program of study. Please refer to the following academic standing standards charts. If students are not in good academic standing or have questions about the requirements for graduation, they should make an appointment with an academic counselor/advisor for assistance in assessing their situation.

Students who meet the following criteria are considered to be in good academic standing:

• Undergraduate students need a minimum GPA of 2.0.
• Graduate students need a minimum GPA of 3.0.
• Doctoral students need a minimum GPA of 3.25.
• 4+1 B.S./MBA/M.S. program students need a minimum GPA of 3.0 in graduate-level coursework.

According to the following academic standing standards, students who do not satisfy good academic standing requirements will be placed on probation, suspended (undergraduate students only) or dismissed.

Attendance

Students are expected to attend all classes, arrive on time and remain for the entire class period, and report to class fully prepared with all required materials. To meet these expectations, students must arrange course schedules that minimize conflicts with other commitments, including personal commitments, work or participation in athletics or other university-sanctioned events. When students encounter difficulty meeting these requirements, they must actively engage their faculty member to discuss the concern.

Note: Doctoral students will be dismissed if their GPA is less than 3.25, or when they earn a grade of F or WF in any course. No classes may be repeated.

Academic Probation

Probation may affect a student’s ability to register and/or graduate. Graduate program students and 4+1 B.S./MBA/M.S. program students are allowed one term only on probation.

Academic Suspension

Suspended students may not matriculate at the university for at least one term and are expected to work on academic deficiencies. To return to the university, these students must petition the Academic Appeals Committee, providing a letter of intent and documentation of academic improvement. The committee will consider appeals that document mitigating circumstances.

Academic Dismissal

Dismissed students may no longer matriculate at the university and are expected to work on academic deficiencies. To return to the university, students may petition the Academic Appeals Committee, providing a letter of intent and documentation of academic improvement. The committee will consider appeals that document mitigating circumstances.

Academic Warning

Students who are reinstated into the university will be placed on Academic Warning. These students risk permanent dismissal from the university if they are unable to meet academic standing guidelines. The warning designation is sometimes used to override academic standing decisions at the end of the term due to mitigating circumstances.

These undergraduate students will be allowed to register for a maximum of 13.5 credits in academic classes or 15 credits in laboratory classes. In addition, these students will be required to attend a mandatory student skills strategies seminar and tutoring in identified content areas. Failure to complete these requirements will result in immediate dismissal.

Academic Standing Standards: Graduate Programs

(4+1 B.S./MBA/M.S. program students must meet these standards for the graduate-level coursework for which they are enrolled.)

Failure to complete these requirements will result in immediate dismissal.
Individual faculty define the specific role that class attendance plays in the calculation of final grades for each course. Additionally, excessive absences in certain courses may result in withdrawal from the course at the instructor’s discretion. Students should consult the course syllabus and course instructor for specific faculty policies on attendance and make-up work within a course.

Students are expected to familiarize themselves with attendance requirements outlined in the Student Handbook (http://catalog.jwu.edu/handbook).

### Credits and Grades

#### Unit of Credit

The university measures undergraduate and graduate academic progress using the quarter credit hour system with the exception of the doctoral and physician assistant studies program, which operate under a semester credit hour system. Courses are offered in three formats and may combine two or more of those formats, which are lecture, laboratory and experiential.

Generally, one quarter credit represents 10 hours of instruction, which includes class lecture and additional activities; one quarter credit hour equals two laboratory hours or three experiential hours. Furthermore, all courses require additional hours of study and preparation outside of the classroom or learning environment.

Please see the appropriate section to review the respective grading system.

**Audit (AU)**

An audit occurs when no academic credit is granted. This grade is not calculated into the term and cumulative grade point averages.

**Challenge Exam (CX)**

A grade of CX is granted for specifically designated courses upon successful completion of department challenge exams. This grade is not calculated into the term and cumulative grade point averages.

**Grade Pending (GP)**

This is a temporary mark given when the completion of course requirements is still underway. A GP is not calculated into the term and cumulative grade point averages and is generally used under extreme, extenuating circumstances. If a grade is not submitted to replace the GP within one year, it will automatically become an F.

**Incomplete (I)**

A grade of I is issued to students if they are unable to complete course requirements because of authorized absences due to service commitment or illness. Outstanding work must be completed within two weeks of the final exam class day or the grade will automatically become an F and will be included in the term and cumulative grade point averages. For classes graded S/U (Satisfactory/Unsatisfactory), an Incomplete (I) will change to a U.

**No Credit (NC)**

This is a non-punitive designation issued to a student who has been authorized to withdraw from class, or the university, due to extenuating circumstances. This grade is not calculated into the term and cumulative grade point averages.

**No Grade (NG)**

A grade of NG is issued temporarily when there is no grade provided by the faculty member. This grade is not factored into the student’s GPA. Once a grade is submitted, the cumulative average and transcript will reflect only the new grade. If a grade is not submitted to replace the NG within one year, it will automatically become an F and the grade will be included in the term and cumulative grade point averages.

**Prior Learning (PL)**

Students may earn credit for the knowledge or skills they have mastered outside the classroom through volunteer work, employment, travel, professional training and seminars, or other comparable sources. This grade is not calculated into the term and cumulative grade point averages.

**Proficiency (P)**

A grade of P is granted for achievement of multiple levels of skills in progression where the self-paced approach is in effect. This grade is not calculated into the cumulative grade point average.

**Satisfactory/Unsatisfactory (S/U)**

A grade of S/U is used for designated courses throughout the university. These grades are not calculated into the term and cumulative grade point averages.

A grade of NG is issued temporarily when there is no grade provided by the faculty member. This grade is not factored into the student’s GPA. Once a grade is submitted, the cumulative average and transcript will reflect only the new grade. If a grade is not submitted to replace the NG within one year, it will automatically become an F and the grade will be included in the term and cumulative grade point average.

Auditor (AU) #

An audit occurs when no academic credit is granted. This grade is not calculated into the term and cumulative grade point averages.

Grade Pending (GP) #

This is a temporary mark given when the completion of course requirements is still underway. A GP is not calculated into the term and cumulative grade point averages and is generally used under extreme, extenuating circumstances. If a grade is not submitted to replace the GP within one year, it will automatically become an F.

Withdrawal/Pass (WP), Withdrawal/Fail (WF) #

In order to record attempted credits, a grade of WP or WF is recorded when a student withdraws from a culinary/baking & pastry laboratory course or a course with an experiential education component, or is withdrawn due to excessive absences from a registered course after its add/drop period has ended. To qualify for a WP, the student must have an estimated grade of 70 or higher at the time of withdrawal. This grade is not entered into the term and cumulative grade point averages. If the estimated grade is below 70, the student will be issued a WF, which is entered into the term and cumulative grade point averages as a failing grade until successful completion of the course at a later date.

Audit (AU) #

An audit occurs when no academic credit is granted. This grade is not calculated into the term and cumulative grade point averages.

Grade Pending (GP) #

This is a temporary mark given when the completion of course requirements is still underway. A GP is not calculated into the term and cumulative grade point averages and is generally used under extreme, extenuating circumstances. If a grade is not submitted to replace the GP within one year, it will automatically become an F.

Incomplete (I) #

A grade of I is issued to students if they are unable to complete course requirements because of authorized absences due to service commitment or illness. Outstanding work must be completed within two weeks of the final exam class day or the grade will automatically become an F and the grade will be included in the term and cumulative grade point averages. For classes graded S/U (Satisfactory/Unsatisfactory), an Incomplete (I) will change to a U.

No Credit (NC) #

This is a non-punitive designation issued to a student who has been authorized to withdraw from class, or the university, due to extenuating circumstances. This grade is not calculated into the term and cumulative grade point averages.

No Grade (NG) #

A grade of NG is issued temporarily when there is no grade provided by the faculty member. This grade is not factored into the student’s GPA. Once a grade is submitted, the cumulative average and transcript will reflect only the new grade. If a grade is not submitted to replace the NG within one year, it will automatically become an F and the grade will be included in the term and cumulative grade point average.

Satisfactory/Unsatisfactory (S/U)

A grade of S/U is used for designated courses throughout the university. These grades are not calculated into the term and cumulative grade point averages.

*These grades will be counted as attempted but not earned credits for the purposes of determining satisfactory academic progress.

Full-time Status

Certification of full-, half- or less than half-time enrollment status is based on the number of credits registered in a term. Listed below are the requirements that constitute full-time student status for official enrollment certification purposes and for financial assistance.

Students should realize that to receive maximum financial aid they must maintain full-time status.

If a student who is receiving veteran’s benefits or participating in athletics receives a grade of WP, WF or NC in a course, that course will not count toward full-time status.

Readmittance Policy

If a student has previously attended the university, a Readmittance Request is only required if the student’s absence from the university will be more than four consecutive terms (including summer).

Readmittance to undergraduate and graduate programs must be requested at least six weeks prior to the desired term start date, and no earlier than:

- summer term: March 1
- fall term: April 1
- winter term: September 1
- spring term: December 1

Students approved for readmittance will be assessed the current tuition rate and are responsible for any changes to their program of study that may have occurred during their period of absence. If the break in enrollment exceeds one year or more, the student’s program of study may follow the requirements listed in the current year catalog. A review of previously awarded transfer credit will also be conducted and may be adjusted.

Readmission of Service Members

The university complies with Readmission Requirements for Service Members as outlined in the Higher Education Opportunity Act (HEOA). The HEOA provides that an institution may not deny readmission to a service member of the uniformed services for reasons relating to that service. In addition, a student who is readmitted under this section must be readmitted with the same academic status as the student had when they last attended the institution. Academic status is defined by a student’s grade level and whether or not the student was in a degree/certificate or non-degree/certificate program at the time of separation.

This policy applies to service in the uniformed services, whether voluntary or involuntary, on active duty in the Armed Forces, including service as a member of the National Guard or Reserve, for a period of more than 30 days under a call or order to active duty of more than 30 days. The university will readmit such a student as long as the following conditions are met:

- The student gives advance notice (written or verbal) of the call to active duty or, upon seeking readmission, submits a written verification that such service was performed, requiring their absence.
- The absence from school for active duty does not exceed five years.
- The student submits a notification of intent to re-enroll within three years after the completion of service or within two years after recovery from an illness or injury incurred during the service.
- The separation from service was not dishonorable.

Tuition and Fees

A returning student must be charged the same tuition and fees in effect during the last academic year the student attended, unless veterans’
education benefits or other service member education benefits will pay the amount in excess. For subsequent academic years, the returning student may not be charged tuition and fees in excess of what other students in the program are charged.

Readmission Requirements
A returning student will be permitted to re-enroll in the next class(es) scheduled in the same academic program, unless the student requests a later date of re-enrollment or agrees to a different program. A returning student will be readmitted into the same academic program the student was enrolled in prior to the military service obligation. If the exact program no longer exists, the student must be admitted to the program that is most similar, unless the student requests or agrees to admission to a different program. Returning students will be re-enrolled with the same enrollment status, number of completed credit hours and academic standing as the last academic year of attendance.

If the university determines that a returning student is not prepared to resume the program or is unable to complete the program, the university must make reasonable efforts to enable the student to resume or complete the program at no additional cost to the student. If such efforts are unsuccessful or place an undue hardship on the university, the university is not required to readmit the student.

In accordance with federal regulations, returning students who receive a dishonorable or bad conduct discharge from the Armed Forces (including the National Guard and Reserves) are not eligible for readmission under this policy. However, service members who receive dishonorable or bad conduct discharge may remain eligible for readmission even though they will not be entitled to the benefits outlined in this policy.

The returning student may be required to provide supporting documentation.

Complete policies regarding readmission can be found in the Student Handbook (http://catalog.jwu.edu/handbook/academicpolicies/readmittancepolicy).

Repeat of Courses
When the appropriate course is available, the course, when a grade other than W has been assigned, may be repeated to earn a better grade. Upon successful completion of the course at a later date, the cumulative average is adjusted to reflect the highest grade earned. However, each grade earned will appear on the academic transcript. Students are required to pay normal tuition charges for all repeated coursework. Students are eligible for financial aid for only one repetition of a previously passed course.

*NOTE: When a student has repeated a course previously applied to an awarded degree, each grade earned will be included in the cumulative point average.

Course Deficiency
A course deficiency occurs when a student fails to complete a course with a satisfactory grade, either by failing the course or by receiving a grade that does not meet the minimum required by the student’s program. Academic warning, probation and dismissal are not determined from one course, but by the cumulative GPA.

Students who fail a course after a second attempt will be assigned a course deficiency hold and will be required to meet with an academic counselor/advisor in Student Academic & Financial Services. Academic counselors/advisors will review the following options with the student:

• Consider a change of program.
• Repeat the same course, which will result in only the highest grade earned being calculated in the cumulative average.
• Student may be advised to take a pre-approved course at another institution outside of Johnson & Wales University. The original grade will remain on the student’s transcript but will be excluded from the cumulative average.

Students opting to repeat the course will be required to attend content tutoring. The course deficiency hold will be removed once the student has satisfied the course requirement.

Transfer and Career Prerequisites
Students who intend to transfer to other colleges or enroll in graduate schools after attending Johnson & Wales University must determine the requirements of those institutions and plan their programs of study accordingly. Johnson & Wales University makes no claim or guarantee for transfer credit to other academic institutions. Similarly, students who intend to take state, foreign business, trade or professional licensing examinations should determine the prerequisites of those jurisdictions prior to selecting their programs of study.

Students who are interested in transferring to JWU should review transfer admissions (p. 111) for information.

Graduate
Once enrolled in a JWU graduate program, students may not take core or concentration courses elsewhere with the intent of transferring them into their JWU program, except when there are extenuating circumstances, and permission is granted by the dean’s office. Should a student be granted permission to take a course under these conditions, a grade of B or higher must be earned in order for the transfer credit to be awarded.

Arts & Sciences Core Experience
Johnson & Wales University is committed to providing its students with the learning necessary for professional and personal success. A Johnson & Wales University education prepares students to become engaged citizens, equipped with the intellectual and practical skills needed to address complex issues in a diverse and dynamic world.

In addition to development of lifelong learning skills, the university’s A&S general education core curriculum provides breadth of learning by introducing students to multiple ways of understanding the world through explorations in the natural sciences, social sciences and humanities.

Sequential Learning
Foundational skills are introduced early on and reinforced throughout the curriculum: oral and written communication, quantitative literacy, critical thinking, ethical reasoning, and integrative learning.

Students build on these foundational skills in many disciplines in the arts and humanities, social sciences and natural sciences as well as in their major courses. All students must fulfill a university graduation requirement for college-level writing proficiency.

Building Integrative Habits of Mind
An essential component of the A&S Core Experience is the development of integrative learning that requires thinking across boundaries, applying knowledge and skills in new situations, and synthesizing information from various perspectives to explore complex issues or problems. All Johnson & Wales University undergraduates are required to complete two Integrative Learning courses, one at the sophomore level and another in the senior year. These courses approach a big idea or question from the perspective of multiple disciplines. Developing the habit of connected inquiry throughout the four years of their undergraduate experience allows Johnson & Wales University graduates to apply the sort of adaptive, innovative thinking needed for professional success and lifelong learning.

Through the A&S Core Experience, Johnson & Wales University students are expected to:

• Effectively apply oral and written communication strategies appropriate for a particular situation and/or audience.
• Solve mathematical problems and to apply mathematical reasoning to problems in other fields of study.
• Apply appropriate disciplinary criteria to examine complex issues, make decisions, analyze arguments, conduct credible research, solve problems and create original ideas and/or approaches.
• Apply ethical standards and reasoning to complex issues in personal, academic and professional decisions.
• Demonstrate knowledge of the complexities of human behavior and society. Interpret human behavior from various social science perspectives.
• Analyze and interpret human history, philosophy, literature and the arts.
• Demonstrate knowledge and application of the scientific principles that govern the natural world.
• Synthesize and apply knowledge from multiple perspectives to complex issues and real world problems.

Regardless of their majors, all undergraduates are required to complete at least 63 credit hours of general education. Some of these courses may be
determined by specific program requirements. The A&S core curriculum requirements are summarized below.

THE A&S CORE EXPERIENCE

Communications Foundation Courses 13.5
ENG1020 English Composition
ENG1021 Advanced Composition and Communication
ENG1030 Communication Skills

Integrative Learning 9
Two ILS courses, one at the 2000 level, one at the 4000 level

Arts and Humanities – Two courses from ART, HIST, HUM, Lit, PHIL or REL 9
One course required by program
Additional AH course in a different discipline

Math – Two courses 9
MATH One course at level of placement, 1002 or higher, minimum set by program
MATH2001 Statistics (or other required by program)

Science – At least one course from BIO, CHM, PHY, SCI (may be a program requirement) 4.5
One course required by program

Social Sciences – Two courses from ECON, LEAD, PSCI, PSYC, SOC 9
One course required by program
Additional SS course in a different discipline

A&S Electives 9
Two courses with an EASC attribute, at least one at 3000 level or higher.

Total Credits 63.0

NOTE: Students must pass MATH0010 Basic Mathematics or have equivalent placement scores to enroll in required math course(s).

Students who graduate with a bachelor of science degree must leave Johnson & Wales University with effective writing skills. These writing skills will be assessed at the completion of ENG1021 Advanced Composition and Communication.

In collaboration with schools and colleges on all campuses, JWU Study Abroad programs offer a variety of options for major, Arts & Science and elective credit at many price points for students during the academic year and summer. Financial aid is applicable to most programs. Visit the study abroad website (http://studyabroad.jwu.edu) for information, program descriptions and online applications.

Academic Events

Attendance at orientation is mandatory for all new students. Summer Orientation is offered to all new incoming full-time undergraduate day students entering Johnson & Wales University in the fall term. At Summer Orientation, students meet with academic representatives in their chosen school or college. Students learn about campus resources, network with upper-class student leaders, familiarize themselves with the campus and make new friends. An abbreviated orientation program is offered for all new incoming full-time undergraduate day students each term prior to the start of classes.

Commencement is held at the end of each academic year in May. At these exercises, degree candidates are recognized. Participation in commencement exercises does not imply that graduation requirements are met.

Experiential Education & Career Services

Experiential Education & Career Services (EE&CS) supports the university’s mission to integrate general education, professional skills and career-focused education by providing students with customized services and support for experiential education and career planning. Experiential Education & Career Services achieves this purpose through a team of qualified career professionals by providing expert advising, an array of career services and strategic partnerships with employers, faculty and staff. The goal is to empower students to make effective career choices and identify and pursue internships, secure employment and navigate lifelong career direction.

Experiential Education & Career Services offers a variety of internship programs and career services including a career capstone course, résumé critiques, mock interviews, career fairs, exposure to industry professionals, on-campus interviews and more. These services assist students in building skills to obtain employment and independently manage their careers.

EE&CS components include
• internship opportunities available in the School of Business, School of Hospitality, College of Culinary Arts, College of Arts & Sciences and School of Engineering & Design (Providence Campus only), Internship is designed to provide eligible students with practical work experience in their chosen field of study while they earn academic credit for the experience
• one-on-one advising from career professionals who assist with résumé development, mock interviews and job search strategies
• a career capstone course for juniors and seniors that prepares them to navigate the job search process
• career workshops that allow students to select specific skill-building topics such as building a résumé, networking and interviewing
• networking opportunities with industry professionals through on-campus interviewing and recruiting events
• career advising resources on a variety of topics including résumé examples vetted by industry and approved by faculty
• online job postings by employers who are looking to hire students for part-time and full-time jobs (on and off campus) as well as internships. Go to jwuLink (https://link.jwu.edu) > Jobs & Internships > Find a Job.
• employers representing a broad range of fields, who visit campus each year to participate in recruiting events and serve as guest lecturers and classroom speakers. These activities provide students with a real-world view of industry as well as opportunities to connect with industry professionals and career options.

Global Learning Distinction

The Global Learning Distinction program offers JWU students an enhanced transcript designation that highlights their globally-focused experiences. Students can document participation and achievements to which designated points are assigned. The Global Learning Distinction is earned upon completion of established benchmarks, and noted on a student’s final transcript.

Global learning opportunities are available to students through a variety of academic and co-curricular pathways, including the following:
• Global/Intercultural Academic and Professional Experience (Study Abroad, international internships, coursework)
• Community Engagement Experiences (the BRIDGE Center, Student Involvement & Leadership)
• Cultural Events (the International Center, the BRIDGE Center)
• Leadership Development Experiences (Student Involvement and Leadership, the Gender Equity Center, University Involvement Board, Student Government Association)

The Global Learning Distinction is available to students on all four campuses and in all majors. For more information, please contact Loren Intolubbe-Chmil (Loren.IntolubbeChmil@jwu.edu), director of international and intercultural engagement.

Graduation Requirements

Please see the appropriate section for information regarding graduation requirements.

Undergraduate

Undergraduate Degree Candidates

Graduation requires successful completion of a prescribed sequence of study and a minimum 2.00 grade point average. Students with a cumulative GPA below 2.00 will be in noncompliance with the criteria for good academic standing and may be subject to academic dismissal. Furthermore, as required by their program, all students must successfully complete any and all requirements as indicated on their degree audit.

All associate-level degrees require the completion of a minimum of ninety (90) quarter credits. All bachelor’s-level degrees require the completion of a minimum of 180 quarter credits. While most major programs have variations that require slightly more quarter credits for completion, no program requires fewer than the 90/180 quarter credit minimum.

Students are reviewed for graduation when they have completed all requirements in their program of study. Graduation is not recorded until after the term has ended, grades have been received, and the degree audit of each expected graduate has been reviewed. Confirmation of graduation will occur approximately 30 days after final term grades have been submitted.

Additional information regarding graduation requirements can be found in the Student Handbook (http://catalog.jwu.edu/handbook).
Graduation
Graduation requires successful completion of a prescribed sequence of study and a minimum grade point average of 3.00 (3.25 for doctoral program students). Students with a cumulative GPA below 3.00 will not be in compliance with the criteria for good academic standing and may be subject to academic dismissal. In addition, doctoral program students must not receive a grade of F in a course.

Students are reviewed for graduation when they have completed all requirements in their program of study. Graduation is not recorded until after the term has ended, grades have been received, and the degree audit of each expected graduate has been reviewed. Confirmation of graduation will occur approximately 30 days after final term grades have been submitted.

Additional information regarding graduation requirements can be found in the Student Handbook (http://catalog.jwu.edu/handbook).

Honors
Johnson & Wales University recognizes high-level scholastic achievement in a variety of ways. This section of the catalog contains information about the different types of academic recognition.

Dean's List
In recognition of scholastic achievement, full-time undergraduate students (carrying a minimum of 12 credit hours) who have achieved a term GPA of 3.40 or above receive dean's list commendation. Upon processing of approved grade changes, student records will be evaluated for dean's list eligibility. Dean's list notation will appear on the student's academic transcript.

Honors Program
The Honors Program offers academically talented day program students seeking bachelor's degrees the opportunity to explore challenging and stimulating courses. Eligible applicants must have taken a college prep curriculum, maintained an average of 8 or better, placed in the top 25 percent of their high school graduating class, and submitted SAT or ACT scores.

Honors students enroll in honors sections of several courses in the arts and sciences core and their program of study, including smaller, student-centered honors seminars in their sophomore and junior years. All honors students complete a two-term research course sequence, culminating in an honors thesis or other honors capstone project. Through these experiences, they have the opportunity to work closely with some of the university's most dedicated and accomplished faculty, join a community of academically motivated students, and pursue original and individually directed study.

Students who complete the Honors Program requirements will graduate with the University Honors Scholar designation. The college-specific requirements for this honors designation are as follows:

College of Culinary Arts
Honors students must complete a total of eight honors courses and submit an accepted honors thesis to earn the University Honors Scholar designation. These courses include ENG1024 Honors Composition: Writing in the Academy; ENG1027 Honors Advanced Composition and Communications; Civic Discourse; and RSCH3020 Honors Research Seminar. Honors students in the College of Culinary Arts (CCA) have the option of replacing one (1) Honors Seminar with either the Culinary Arts Honors Experience (CUL 0010) or the Baking & Pastry Arts Honors Experience (BPA 0010), depending on their course of study.

All Other Colleges
Honors students must complete a total of eight honors courses and submit an accepted honors thesis to earn the University Honors Scholar designation. These courses include ENG1024 Honors Composition: Writing in the Academy; ENG1027 Honors Advanced Composition and Communications; Civic Discourse; four honors seminars; RSCH3020 Honors Research Seminar; and RSCH4020 Honors Directed Academic Experience, culminating in an honors thesis.

Joint Degree Programs
Honors students who begin their studies in the College of Culinary Arts and complete their studies in the College of Management will carry their honors work forward, completing a total of four honors courses (including the optional Culinary Arts or Baking & Pastry Arts Honors Experience) in addition to ENG1024 Honors Composition: Writing in the Academy; ENG1027 Honors Advanced Composition and Communications: Civic Discourse; RSCH3020 Honors Research Seminar; and RSCH4020 Honors Directed Academic Experience, culminating in an honors thesis.

Transfer Students
Transfer students may enter the Honors Program if they can provide documentation of Honors Program enrollment at their former institution, provided their GPA is 3.40 or higher at the time of their acceptance to Johnson & Wales University.

Non-honors students at Johnson & Wales may apply to the program, provided they carry a 3.40 GPA or higher, first year or sophomore status, and have completed at least a term of study at JWU. Students must provide a faculty recommendation.

Students who transfer into the Honors Program may be eligible to waive some honors course requirements. Contact the Honors Program director for application details.

Latin Honors
Eligible undergraduate degree candidates receive cum laude, magna cum laude and summa cum laude recognition according to their academic program average. Students with the designated graduating GPA are eligible to receive honors as follows: cum laude, 3.40–3.60; magna cum laude, 3.61–3.80; and summa cum laude, 3.81–4.00.

Residency Requirement
Please see the appropriate section for information regarding residency requirements.

Undergraduate
The undergraduate residency requirement refers to the number of courses and credits students must take at JWU, whether they are transfer students or JWU students acquiring an additional degree. The residency requirement for all students at Johnson & Wales University pursuing an associate degree is a minimum of 31.5 quarter credit hours, half of which must be within the major field.

For students pursuing a bachelor's degree, the minimum is 45.0 quarter credit hours, half of which must be within the major field.

Diploma/certificate candidates will be allowed to transfer a maximum of 9.0 quarter credits (including JWU courses) toward diploma/certificate program requirements.

Upon review, certain related professional studies courses and program electives may be considered when determining residency. Standardized testing credits are not considered when determining residency requirements.

Additional Degrees
Students may pursue one additional associate's degree in a program that has a minimum of 31.5 credits that are not in their primary major (there must be a 31.5 credit difference between the two associate degrees). Half of the credits must be within the major field of the additional associate degree. Classes in the additional associate degree may not be used as electives in the primary major if residency requirements have not been met.

Students may pursue one additional bachelor's degree in a program that has a minimum of 45 credits that are not in their primary major (there must be a 45 credit difference between the two bachelor's degrees). Half of the credits must be within the major field of the additional bachelor's degree. Classes in the additional bachelor's degree may not be used as electives in the primary major if residency requirements have not been met.

Please note: students pursuing additional degrees may also incur additional tuition and fees.

Graduate
Residency requirement refers to the number of courses and credits a student must take at Johnson & Wales University.

A maximum of 20 percent of the program's credits can be awarded as transfer credit. Credit may be awarded for graduate-level courses that were completed with a grade of B or better (3.00 GPA) at another
institution accredited by an accrediting agency recognized by the U.S. Department of Education or international Ministry of Education.

Additional Degrees

Due to the overlap in core curriculum, students who complete an MBA at the university are not eligible to complete a second MBA at Johnson & Wales University. However, any student who received a master’s degree from Johnson & Wales University may apply for admittance to another M.S., MAT or M.Ed. program at the university through Graduate Admissions. A maximum of 20 percent of coursework may be shared between the graduate programs. Students must meet the entrance requirements for the prospective program to gain admittance. Only one doctoral degree is allowed. Please note, students pursuing additional degrees may also incur additional tuition and fees.

Study Abroad

JWU Study Abroad is a way for students of all majors to earn academic credit while taking classes and studying internationally. Study abroad promotes global citizenship and interconnectedness through international study. Programs are available that allow students to delve into many different areas of interest (i.e., explore farm-to-table cuisine and learn from elite chefs in Paris; practice leadership and nature tour guiding skills in South Africa; study fashion and design in Italy; learn regional Asian culinary skills in Singapore; or expand the freshman experience in Berlin).

In collaboration with schools and colleges on all campuses, JWU Study Abroad programs offer a variety of options for major, Arts & Science and elective credit at many price points for students during the academic year and summer. Financial aid is applicable to most programs. Visit the study abroad website (http://studyabroad.jwu.edu) for information, program descriptions and online applications.

Academic Transcripts

A transcript is a representation of a student’s entire academic record while at Johnson & Wales University. In accordance with the Family Educational Rights and Privacy Act (FERPA), a transcript may be released only upon written request of the student. Students must submit transcript requests online through jwuLink (https://link.jwu.edu/cp/home/displaylogin). Students intending to pick up transcripts in person must visit Student Academic & Financial Services or complete a transcript request form (http://www.jwu.edu/content.aspx?id=35578/#fbid=nWBE9lGV-P_).

Official transcripts will not be released if a student is not current on all financial obligations to the university. Within three business days of receipt of an authorized request, official transcripts will be processed. However, a longer period of time may be required for processing at the end of a term or during peak enrollment periods. Records prior to 2000 may be located on microfilm; if applicable, please allow 5–15 business days for processing.

A maximum of 20 official transcripts may be requested per year. Official transcripts are not produced while grade processing and posting is in progress at the end of each term.

Unofficial transcripts may be obtained in jwuLink (http://link.jwu.edu).
Admissions

Johnson & Wales University’s admissions process goes beyond simply looking for academically accomplished students. The university seeks to attract and retain highly motivated and demonstrably capable students. Students’ motivation and interest in succeeding in their chosen careers are given consideration along with their academic achievements.

Applying for Admission

Please see the appropriate undergraduate or graduate section for information regarding applying.

Undergraduate

How to Apply

Students are encouraged to apply online (https://apply.jwu.edu) for quicker processing. Paper applications are also accepted. For either method, no application fee is required.

To submit your application on paper, you may request an application be mailed to you by contacting the Johnson & Wales Admissions office noted below.

Completed paper applications should be mailed to the following campus addresses:

Providence Campus

Admissions
Johnson & Wales University
8 Abbott Park Place
Providence, RI 02903

North Miami Campus

Admissions
Johnson & Wales University
1701 NE 127th Street
North Miami, FL 33181

Denver Campus

Admissions
Johnson & Wales University
7150 Montview Boulevard
Denver, CO 80220

Charlotte Campus

Admissions
Johnson & Wales University
801 W. Trade Street
Charlotte, NC 28202

Be sure to complete your application in full, as an incomplete application could affect eligibility for Johnson & Wales scholarship programs. Additional information submitted after the initial application has been received will not be considered for additional scholarships. For U.S. students, eligibility for university need-based and federal aid is determined through the Free Application for Federal Student Aid (FAFSA).

In completing the application form, students must indicate the term in which they wish to enroll. Applications are accepted for terms beginning in the fall, winter and spring.

There is no deadline for submitting applications, but students are advised to apply as early as possible before their intended date of enrollment for full consideration, as some programs may become full.

Certain bachelor’s degree programs are selective and require submission of an application at the end of the associate degree program before acceptance into a program. Students should check program descriptions if they are interested in applying for both an associate and a bachelor’s degree program.

After completing the application form, students are responsible for requesting that their high school guidance office forward to the university an official copy of the secondary school record for admissions consideration.

When possible, Johnson & Wales University would prefer to receive the applicant’s high school transcripts at the same time as the application for admission. Transfer students must also submit official transcripts from all high schools and colleges attended.

Students applying for admission to a continuing education program at JWU’s Providence (http://catalog.jwu.edu/admissions/applying/providence-ce) or Denver (http://catalog.jwu.edu/admissions/applying/denver-ce) campuses should refer to these catalogs for admissions information.

Applicants for the Physician Assistant program must apply through the Central Application Service for Physician Assistants (CASPA) application. By submitting a CASPA application, the applicant certifies to Johnson & Wales University that all information in their application and supporting documentation is true, correct, and complete. Please note that Johnson & Wales University does not retain all application material submitted by the applicant.

High School Completion Verification

Graduation from high school or equivalent education as certified by state departments of education is required for undergraduate admission. Graduation verification documents must be submitted to Admissions. Official verification documents include at least one of the following: correspondence from an authorized high school administrator, a high school diploma/ transcript recognized by the student’s state department of education or high school equivalency exam. Additional methods of verification of high school completion exist for home-schooled students (p. 112). It is the student’s responsibility to provide verification of high school completion. Without such verification, the student may not be allowed to register for the current term or continue enrollment and will be in jeopardy of revocation of admission to the university as well as losing all financial aid.

International students should refer to the International (p. 114) section of this catalog for admissions information.

Admissions Requirements

Please see the appropriate section for information regarding admissions requirements.

Undergraduate

For students entering as a first-year student, a high school transcript is required for admission review.

For students entering as a transfer student, a high school and college transcript is required for admission review.
Conditional Acceptance

Conditional acceptance to certain graduate business programs may be extended to domestic students who are at least 24 years of age, have a 2.41–2.84 cumulative undergraduate grade point average, and demonstrate significant evidence of professional success. Students granted conditional acceptance may take a maximum of two JWU graduate courses. If a grade of B or better is earned in each course, the student will be granted full admission to that program. Students who do not earn a B or better grade in each course will be dismissed from the program and unable to apply to any JWU graduate program.

Program Requirements

Certain programs of study include technical standards in the academic requirements essential to the program. Students with disabilities should contact the Center for Academic Support for information about the technical standards. See Technical (p. 112) Standards (p. 112) for descriptions of the applicable technical standards. Copies of the technical standards applicable to various programs are also available from the Center for Academic Support.

For additional admissions requirements please review the other topics listed in the Applying (p. 109) section of this catalog.

Graduate

To be considered for admission into a JWU graduate program, the following documents must be submitted:

1. A completed application (http://admissions.jwu.edu/apply) for admission.
2. Graduate Studies applicants must submit official or certified transcripts/mark sheets from all institutions attended, including bachelor’s degree conferral. When a graduate program application is submitted prior to completing requirements for the bachelor’s degree, Graduate Admissions will consider the application and, if admissible, will offer an acceptance pending submission of final transcript verifying bachelor degree conferral. Without such verification, students will not be allowed to register for the current term or continue enrollment and will be in jeopardy of losing their academic status with the university.
3. Two letters of recommendation from individuals qualified to acknowledge the applicant’s potential for successful completion of the graduate program. These letters may be emailed (denvergrad@admissions.jwu.edu) or faxed to 303-256-9333.
4. Current resume or CV

Please note: The minimum grade point average (GPA) and additional requirements for each program are noted below.

Students who do not meet the minimum GPA requirements of any graduate business program (excluding 4+1) as indicated below will be given consideration for admittance to the program desired if acceptable GMAT/GRE scores are also submitted.

Minimum Grade Requirements

There are certain majors that may have grade point average, course, academic or other requirements. For further information, please contact the admissions office.

Test Scores

JWU is test optional but SAT and ACT submission is strongly encouraged. The SAT or ACT is required for home-schooled students (p. 112).

Candidates for the university’s honors program must submit SAT or ACT scores for acceptance consideration. Admission standards for honors students may vary for international (p. 114) and transfer students (p. 111).

Admissions Decision

Please see the appropriate section for information regarding undergraduate and graduate admissions decisions.
Undergraduate

The rolling admissions policy of the university makes it possible to notify students of the admissions decision, of their acceptance or of any additional conditions necessary for admission, soon after all of their academic records have been received and reviewed.

The $300 reservation fee is payable upon acceptance to the university. The university observes the May 1 reservation fee deadline and encourages students to research all schools before placing a reservation fee. Reservation fees received after May 1, 2016 will be accepted on the basis of space availability. Reservation fees received prior to May 1, 2016 are refundable.

The student’s account must be cleared by Student Financial Services by the July deadline to receive a room assignment. To best ensure consideration for on-campus housing, it is important to meet all deadlines throughout the enrollment process.

Requests for refunds of the reservation fee will be granted upon written request to the university prior to May 1, 2016. After May 1, 2016 the reservation fee of $300 (or $150 of such fee in the case of applicants to the North Miami Campus) is nonrefundable.

The university may revoke any student’s acceptance or enrollment if any information or documentation provided by the student is false or incomplete, or if the university learns of any past or present misconduct by the student that would affect the student’s ability to represent and uphold the high standards of the university.

Graduate

The rolling admissions policy of the university makes it possible to notify students of the admissions decision, of their acceptance or of any additional conditions necessary for admission, soon after all of their academic records have been received and reviewed.

The $100 reservation fee is payable upon acceptance to the university. This fee is credited to students’ initial billings.

Requests within two years for refunds of the reservation fee will be granted upon written request to the university prior to enrollment and are transferable with a change in enrollment date. The university may revoke any student’s acceptance or enrollment if any information or documentation provided by the student is false or incomplete or not acceptable, or if the university learns of any past or present misconduct by the student that would affect the student’s ability to represent and uphold the high standards of the university.

Medical Records

Prior to the first term of enrollment, the university requires all new, full-time undergraduate students — residents and commuters alike — to submit proof of a complete physical exam conducted within the past year, including documented proof of two doses of the MMR (measles, mumps and rubella) vaccine (or titers if applicable), three doses of hepatitis B vaccine (or titers if applicable), three doses of tetanus-diphtheria vaccine (including at least one Tdap dose within the past 10 years), two doses of the chicken pox vaccine (or titers if applicable) or proof of physician-diagnosed disease, and one dose of meningitis vaccine. If you received your first meningitis vaccine prior to age 16, a booster is required. A waiver of the meningitis vaccine requirement is available for students 22 years of age and older (please contact Health Services for further information). Also, please check with your primary care provider as to whether the new meningitis Type B vaccine is appropriate for you. In addition, a negative tuberculin test or chest x-ray within the last year is required for entering students who are from highly endemic countries and have been residents of the United States for less than five years. A list of countries where tuberculosis is highly endemic is available upon request from Health Services.

The hepatitis A vaccine is strongly recommended but not required.

Deferred Enrollment

Please see the appropriate section for information regarding deferred enrollment.

Undergraduate

Johnson & Wales offers a two-year deferred enrollment to students who have applied and been accepted to the university but, for various reasons, wish to postpone their enrollment. Johnson & Wales University retains student application material and will honor the admissions decision for up to two years; after that time frame, the applicant will need to submit a new application and transcript for review. Reservation fees will remain effective during the deferment period. Merit scholarships awarded through the application process will be honored for up to two years from the time of initial acceptance. Federal student aid is awarded annually; a student must reapply for federal funds through the Free Application for Federal Student Aid (https://fafsa.ed.gov) (FAFSA).

Graduate

Johnson & Wales University retains student application material for up to two years. An admissions decision will be honored for up to two years from the date of acceptance; after that time frame, the applicant will need to submit a new application and transcript for review. Reservation fees will remain effective during the deferment period. For Physician Assistant students, an acceptance is only applicable for the term originally accepted. To apply for another term, applicants must reapply through the Central Application Service for Physician Assistants (CASPA) application.

Students wishing to change their selected date of enrollment should forward a request to Graduate Admissions stating the term in which they wish to enroll. International applicants must submit an updated bank statement demonstrating financial support. Please note that some programs start only once each year. Federal student aid is awarded annually; a student must reapply for federal funds through the Free Application for Federal Student Aid (https://fafsa.ed.gov) (FAFSA).

Advanced Placement Credit

Students entering Johnson & Wales University with Advanced Placement test scores of 3 or greater will be granted 4.5 quarter credits for the equivalent JWU course. In order to obtain credit, students must submit official AP Grade Reports from the College Board Advanced Placement Program. To view the currently approved AP courses equivalencies, go to the Transfer Evaluation System (TES) (https://tes.collegesource.com/view/tes_view01.asp?rid=%7B14504A7-7365-4840-8490-820CB6F8B267D68&= %7B572180F-0E7E-4E91-9399-06A81322B34007D) and type College Board in the search box. Exam titles are listed alphabetically preceded by the designation of AP. For more information about AP credit, contact University Transfer and Testing.

The Physician Assistant program does not accept CLEP, DSST or Advanced Placement (AP) credits to fulfill prerequisite courses. Admissions will consider AP credits for one of the English course prerequisites on a case-by-case basis.

Transfer Credit

Both graduate and undergraduate coursework completed at institutions recognized by a U.S. Department of Education accrediting agency or international Ministry of Education is eligible for transfer credit; however, transfer credit is not guaranteed. Transfer credit evaluations are based on previous college work as it relates to the student’s intended program of study. It is the university’s policy to accept credits, but not grades. Only grades earned at Johnson & Wales University are calculated into the cumulative grade point average. Students must meet the university’s residency requirements (p. 107).

Please see the appropriate section for detailed transfer credit policies.

Undergraduate

Applicants with transfer credit should submit official college transcripts from any colleges and universities previously attended prior to enrolling at the university. It is the responsibility of those candidates who are currently attending other colleges to have their updated official transcripts sent to Johnson & Wales University as soon as final grades become available and no later than the first term of enrollment. In some cases, an official course outline or syllabus will be required for evaluation.

All non-English documents must be accompanied by certified word-for-word English translations. In addition, course descriptions/syllabus (subject details or content outline) are required for transfer credit evaluations of all courses taken at foreign universities.

In order to be eligible for transfer credit, courses must be similar in level, content and duration to JWU courses in the student’s intended program of study. Additionally, only courses with earned grades of C or higher (2.0 GPA) will be accepted. Courses that carry grades of “pass” are also acceptable for transfer provided credit was awarded, and a grade of P carries a numeric GPA value of 2.0 or greater. Credits earned in developmental and remedial,
English as a Second Language courses, or CEUs (continuing education units) are not transferable.

Upon completion of the transfer credit evaluation, accepted students will receive a copy of their degree audit (international students receive a transfer credit equivalence report) showing the credits accepted toward their program of study. Students with domestic transfer credit wishing to review such credits must contact a transfer advisor in Student Academic & Financial Services. Those with transcripts from foreign institutions must contact International Admissions.

JWU has a number of articulation agreements (https://www.jwu.edu/content.aspx?id=53299) and transfer credit equivalencies in place that facilitate student transfers to Johnson & Wales University. The university works closely with all colleges who wish to articulate with JWU and continuously works to develop new partnerships. The Transfer Evaluation System (https://tes.collegesource.com/view/tes_view01.asp?rid=%7B145040A7-7365-4840-8480-B20C86FFB26%7D&aid=%7B5C721B0F-0E7E-4E91-9399-06A81322B340%7D) provides students with information on courses (domestic institutions only) that have previously been evaluated and accepted by Johnson & Wales University. The university reserves the right to substitute courses at the discretion of the department chairs, directors or deans.

The transfer of credits is not guaranteed.

Graduate

Master's degree applicants with graduate-level coursework taken at approved colleges and universities may be eligible for transfer credit. A maximum of 20 percent of the program's credits (two-graduate-level courses) can be awarded as transfer credit for courses completed with a grade of B or better (3.00 GPA). Courses must be similar in level, content and duration to JWU courses in the student's intended program of study. In some cases, an official course outline or syllabus will be required for evaluation. Courses will be approved by the dean.

Applicants with transfer credit should submit official college transcripts from any colleges and universities previously attended prior to enrolling at the university. It is the responsibility of those candidates who are currently attending other colleges to have their updated official transcripts sent to Johnson & Wales University as soon as final grades become available and no later than the first term of enrollment. In some cases, an official course outline or syllabus will be required for evaluation. All non-English documents must be accompanied by certified word-for-word English translations. In addition, course descriptions/syllabi (subject details or content outline) are required for transfer credit evaluations of all courses taken at foreign universities.

Upon submission of all of the required documents and completion of the transfer credit evaluation, accepted students will be notified that the evaluation is complete and that the degree audit is available for review. Students with domestic transfer credit wishing to review such credits must contact a transfer advisor in Student Academic & Financial Services. International students wishing to review transfer credits should contact a graduate student academic counselor in Student Academic & Financial Services. International students with transcripts from foreign institutions may be referred to the director of international credentials.

All non-English documents must be accompanied by certified word-for-word English translations. In addition, course descriptions/syllabi (subject details or content outline) are required for transfer credit evaluations of all courses taken at foreign universities.

For possible exemption from prerequisite and/or foundation courses, candidates must ensure that all official college and university transcripts are submitted prior to enrollment at JWU. In some cases, the official course outline or syllabus will be required in order to complete the evaluation. Only courses similar in level, content and duration to JWU's prerequisite courses, and for which the student has earned a grade of C or higher (2.00 GPA), may be used to exempt the student from the respective prerequisite. Specific graduate degree program prerequisite and foundation requirements are listed in the catalog (http://catalog.jwu.edu/programs/undergraduate) under each program of study.

Upon transcript review, domestic students will be sent a copy of their degree audit reflecting any prerequisites and/or foundation courses met as well as the remaining requirements of their program of study. International students who enroll in a JWU program can also access their degree audit online. Students with domestic transcripts wishing to review prerequisite or foundation course credits must contact a transfer advisor in Student Academic & Financial Services. International students wishing to review transfer credits must contact a graduate student academic counselor in Student Academic & Financial Services upon enrollment into the graduate school major. Those with transcripts from foreign institutions may be referred to the director of international credentials.

Home-Schooled Students

Home-schooled students will be required to provide a high school transcript and a copy of their ACT or SAT test scores. Both the grades on the transcript and the ACT/SAT test scores will be reviewed to determine admission eligibility. Combined SAT scores of 1000 (reading and math, 500 each) or ACT equivalent are required for admittance.

A home-schooled student must be able to document that he or she has completed high school. Verification documents for home-school students include at least one of the following:

- a high school diploma recognized by their state department of education
- high school equivalency exam
- or, with respect to home-schooled students who are above the compulsory age of school attendance,
  - a secondary school completion credential for home school (other than a high school diploma or high school equivalency exam) provided for under state law
  - or if state law does not require a home-schooled student to obtain the credential described in the preceding bullet, a certification from a party acceptable to the university that the student has completed a secondary school education in a home-school setting that qualifies as an exemption from compulsory attendance requirements under state law

It is the student's responsibility to provide verification of high school completion. Without such verification, the student may not be allowed to register for the current term or continue enrollment and will be in jeopardy of revocation of admission to the university as well as losing all financial aid.

Early Enrollment

The Early Enrollment Program gives high school seniors an opportunity to enroll full-time in college courses at JWU during their senior year of high school. Students should apply for admission to the Early Enrollment Program during their junior year of high school.*

The Early Enrollment Program was designed to help students investigate the variety of college and career options available to them. Early Enrollment Program students earn college credits while completing high school graduation requirements.

* International students on an F-1 visa are not eligible for the Early Enrollment Program.

**Military & Veterans**

Johnson & Wales University is approved for the training of veterans by the state approving agency.

Johnson & Wales University (JWU) is honored to support our nation’s military members and veterans as they pursue their education. JWU is proud to be a Yellow Ribbon school and a participant of the Principles of Excellence.
Johnson & Wales University is dedicated to help ensure that our students are maximizing the full potential of their VA education and Military benefits. This includes students who are veterans, active duty, and military dependents. JWU works with students who qualify for the Montgomery GI Bill (Chapter 30), MGIB Selected Reserve Chapter (1606), Reserve Educational Assistance Program (Chapter 1607), Dependents Education Assistance (CH 35), Post-9/11 GI Bill (Chapter 33), Yellow Ribbon Program, Vocational Rehabilitation (Chapter 31), Tuition Assistance and other programs/benefits.

JWU thanks you for your commitment and service! For more information please visit our Military and Veterans Web page (http://www1.jwu.edu/future-students/military-and-ve). To determine eligibility please contact the Department of Veterans Affairs toll free at 1-888-442-4551 or online (http://www.benefits.va.gov/gibill).

**International Admissions Requirements**

Johnson & Wales University's admissions process goes beyond simply looking for academically accomplished students. The university seeks to attract and retain highly motivated and demonstrably capable students. Students' motivation and interest in succeeding in their chosen careers are given consideration along with their academic achievements.

While not required for all programs of study, graduate students are encouraged to submit employment information, resume/CV and letters of recommendation for admissions consideration.

### Undergraduate

Applicants who are not U.S. citizens or permanent residents (holding a "green card" or permanent resident card) of the U.S. must meet the same admissions requirements as all other applicants, including some additional documentation. To expedite the admissions process, applicants must enclose OFFICIAL or CERTIFIED documents from the institution or authorizing body when submitting an application. Photocopies, fax copies, U.S. Notary copies, scanned or emailed documents are not valid. Note: Currently the university is not accepting applications for online degree programs from international students.

The following documents are not required for admission to the University, but are mandatory for immigration purposes. An I-20 will not be issued until these documents have been received:

1. A Declaration of Financial Support (http://admissions.jwu.edu/uploadedFiles/Content/Documents/JWUUnlUgradDeclarationFinancialSupportUNIV.pdf) signed by both the applicant and the sponsor
2. Certified bank statement or government sponsorship letter verifying financial support for one academic year. Bank statements cannot be older than three months from the time of issue.
3. Completed financial declaration (http://admissions.jwu.edu/uploadedFiles/Content/Documents/JWUGradInternationalFinancialSupportPVD.pdf) signed by both the applicant and the sponsor
4. English Language Proficiency test results (See English Language Proficiency (http://catalog.jwu.edu/admissions/international/englishlanguageproficiency) and English Language Requirements (p. 115))
5. Official secondary school transcript showing subjects and marks received with graduation date. Diplomas and any external examination results should be submitted, if applicable. Students who have not yet graduated from secondary school must submit a transcript showing all completed work, and expected results and graduation date may be submitted for review.
6. Applicants who have attended any college or university must submit transcripts, marks sheets, diplomas or certificates from all post-secondary institutions attended, along with course descriptions and credit values for transfer review.
7. Copy of biographical section of applicant's current passport.
8. Certified word-for-word translations of all non-English credentials must be submitted.

All documents and information should be clear and legible; if important information cannot be read by the International Admissions staff, the admissions process is delayed and, as a result, so is the acceptance/Form I-20 process.

All documents must be sent to the campus where you intend to enroll:

**Graduate**

Graduate programs are available to international students at our Providence Campus only. Applicants who are not U.S. citizens or permanent residents (holding a "green card" or permanent resident card) of the U.S. must meet the same admissions requirements as all other applicants, including some additional documentation. International Graduate Studies students must submit official or certified transcripts/mark sheets from all institutions attended and diploma showing bachelor's degree (and master's degree, if applicable) conferral. Without such verification, students will not be allowed to register for the current term or continue enrollment and will be in jeopardy of losing their academic status with the university as well as their immigration status. For international students, a loss of immigration status will require their immediate departure from the U.S. Photocopies, fax copies, U.S. Notary copies, scanned or emailed documents are not valid. Note: Currently the university is not accepting applications for online degree programs from international students.

English language examination results must be submitted on an official test transcript that is no more than two years old. Please see English Proficiency Requirements (p. 115) for scores required for admission.

The following documents are not required for admission to the University, but are mandatory for immigration purposes. An I-20 will not be issued until these documents have been received:

Form I-20/Visa

Initial Form I-20
Responsibility for obtaining the approved visa classification rests entirely with students. Students entering the United States to study will need an F-1 international student visa. In order to obtain the necessary visa, students must submit the valid Form I-20 for an F-1 visa to the United States Embassy or Consulate in the country of residence. In addition to these forms, students will have to present a passport and evidence of financial support.

Johnson & Wales University will send the Form I-20 after students have been accepted and have submitted evidence of financial support. International students must register for the term for which admission is offered and must maintain full-time status during the academic year.

Students are admitted to the United States to attend the school that issued their I-20 form. Using an initial attendance I-20 from one school to gain admission to the United States to attend another school is a violation of U.S. immigration law. Students must attend the institution that they are authorized to attend. Violators will be reported to Homeland Security.

International Transfer Students
International students currently studying in the U.S. who seek enrollment in a JWU program are required to submit a Transfer Release Form (completed by the foreign student advisor at the institution last attended) prior to receiving a Form I-20.

English Language Proficiency
Applicants whose native language is not English must provide proof of English proficiency through academic transcripts or testing. English language proficiency is required for admission to all programs of study at Johnson & Wales University, regardless of country of citizenship or residency.

ELS Program
Johnson & Wales University’s collaboration with the ELS Language Center in Westminster, Colorado, is designed to help students satisfy the school’s English proficiency requirement. The center provides an intensive English language program and is authorized to issue an I-20 to all qualified students. The center provides housing assistance throughout the course of study. Upon successful completion of the center’s Level 112, students are prepared to meet the university’s language requirement.

English Proficiency Requirements
Johnson & Wales University recognizes a number of examinations as proof of English proficiency (http://catalog.jwu.edu/admissions/international/englishlanguageproficiency). Acceptable proof of English proficiency may include one of the following comparable English proficiency examinations (English proficiency examinations cannot be older than two years). Please note that total exemption from ESL requires meeting both the overall score and the individual subscores.

Other English language examination results will also be considered, and experience studying in the English language, as documented through school transcripts, will be taken into consideration.

To meet English proficiency requirements, all English language examination results must be submitted on an official test transcript that is no more than two years old. TOEFL scores must be received as official ETS scores. The Johnson & Wales University Designated Institution (DI) code is 3465. Students should use this code on their TOEFL registration form so that their scores will be sent directly to Johnson & Wales University.

Students may be exempted from individual ESL classes based on their individual test section scores. Individual section scores and total scores must also meet minimum score requirements; Johnson & Wales University also reserves the right to require a student to take ESL classes to increase proficiency in a particular area, regardless of total test scores.

High School/College Verification
All students who have been accepted for admission to Johnson & Wales University must provide verification of high school completion. International students need to submit an official final transcript and diploma or official examination results. Transfer students must submit official high school transcripts/diploma as well as official final transcripts from previous colleges/universities attended. International Graduate Studies students must submit official transcripts/mark sheets from all institutions attended and diploma showing bachelor’s degree conferral. Without such verification, students will not be allowed to register for the current term or continue enrollment and will be in jeopardy of losing their academic status with the university as well as their immigration status. For international students, a loss of immigration status will require their immediate departure from the U.S.

Examinations

International Baccalaureate
Johnson & Wales University recognizes the International Baccalaureate Diploma and Certificate Examination. JWU will award 4.5–9.0 quarter credits for standard and higher-level exams with a score of 4 or better, as applicable for the intended JWU major. Students must submit an official IBO examination transcript from the International Baccalaureate Organization.

General Certificate of Education Advanced Level (A-level)
Johnson & Wales University will award up to 12 quarter credits per subject for GCE Advanced Level Examinations (excluding General Paper) passed with grade equivalents of C or better. Up to six quarter credits may be awarded for GCE AS (Advanced Subsidiary) examinations. Students must submit an official
or verified certificate or statement of results issued by the U.K. examinations board.

**Caribbean Advanced Proficiency Examinations (CAPE)**

Johnson & Wales University will award up to 13.5 quarter credits per subject for two-year CAPE examinations passed with a grade of IV or better. Up to 4.5 quarter credits may be awarded for single-unit CAPE examinations. Students must submit an official or verified statement of results issued by the Caribbean Examinations Council (CXC).

**Articulation Agreements**

Johnson & Wales University is proud to maintain a variety of international relationships through articulation agreements and transfer equivalencies with institutions and programs that facilitate student transfer to JWU for bachelor’s degree completion. The university is continuously working to develop partnerships with institutions around the world for the purpose of offering diverse educational opportunities for transfer students. Please note that not all majors are offered at every campus, which may affect articulation agreement eligibility. Contact Admissions at the specific campus for more information. International Articulation Agreements include the following:

- At-Sunrice Global Chef Academy, Singapore
- Barbados Community College, Barbados
- Bermuda College, Bermuda
- College of the Bahamas (COB), Bahamas
- Florence University of the Arts (Apicus), Italy

NOTE: Currently the university is not accepting applications for online degree programs from international students.

**International Transfer Credit**

Coursework completed at institutions recognized by a U.S. Department of Education accrediting agency or international Ministry of Education is eligible for transfer credit; however, transfer credit is not guaranteed.

Please see the appropriate section for detailed transfer credit policies.

**Undergraduate**

Applicants with transfer credit should submit official college transcripts from any colleges and universities previously attended prior to enrolling at the university. It is the responsibility of those candidates who are currently attending other colleges to have their updated official transcripts sent to Johnson & Wales University as soon as final grades become available and no later than the first term of enrollment. In some cases, an official course outline or syllabus will be required for evaluation.

All non-English documents must be accompanied by certified word-for-word English translations. In addition, course descriptions/syllabus (subject details or content outline) are required for transfer credit evaluations of all courses taken at foreign universities.

In order to be eligible for transfer credit, courses must be similar in level, content and duration to JWU courses in the student’s intended program of study. Additionally, only courses with earned grades of C or higher (2.00 GPA) will be accepted. Courses that carry grades of “pass” are also acceptable for transfer provided credit was awarded, and a grade of P carries a numeric GPA value of 2.00 or greater. Credits earned in developmental and remedial, English as a Second Language courses, or CEUs (continuing education units) are nontransferable.

Upon completion of the transfer credit evaluation, accepted students will receive a copy of their degree audit (international students receive a transfer credit allowance) showing the credit accepted toward their program of study. Students with domestic transfer credit wishing to review such credits must contact a transfer advisor in Student Academic & Financial Services. Those with transcripts from foreign institutions must contact International Admissions.

JWU has a number of articulation agreements (https://www.jwu.edu/content.aspx?id=53299) and transfer credit equivalencies in place that facilitate student transfers to Johnson & Wales University. The university works closely with all colleges who wish to articulate with JWU and continuously works to develop new partnerships. The Transfer Evaluation System (https://tes.collegesource.com/view/tes_view01.asp?rid=%7B814504A7-7365-4B40-8A90-820C1B6FB267D&aid=%7B5C721B0F-0E7E-4E91-9399-06A81322B340) provides students with information on courses (domestic institutions only) that have previously been evaluated and accepted by Johnson & Wales University.

The university reserves the right to substitute courses at the discretion of the department chairs, directors or deans.

The transfer of credit is not guaranteed.

**Graduate**

Master’s degree applicants with graduate-level coursework taken at approved colleges and universities may be eligible for transfer credit. A maximum of 20 percent of the program’s credits (two graduate-level courses) can be awarded as transfer credit for courses completed with a grade of B or better (3.00 GPA). Courses must be similar in level, content and duration to JWU courses in the student’s intended program of study. In some cases, an official course outline...
or syllabus will be required for evaluation. Courses will be approved by the dean. Applicants with transfer credit should submit official college transcripts from any colleges and universities previously attended prior to enrolling at the university. It is the responsibility of those candidates who are currently attending other colleges to have their updated official transcripts sent to Johnson & Wales University as soon as final grades become available and no later than the first term of enrollment. In some cases, an official course outline or syllabus will be required for evaluation. All non-English documents must be accompanied by certified word-for-word English translations. In addition, course descriptions/syllabi (subject details or content outline) are required for transfer credit evaluations of all courses taken at foreign universities.

Upon submission of all of the required documents and completion of the transfer credit evaluation, accepted students will be notified that the evaluation is complete and that the degree audit is available for review. Students with domestic transfer credit wishing to review such credits must contact a transfer advisor in Student Academic & Financial Services. International students wishing to review transfer credits should contact a graduate student academic counselor in Student Academic & Financial Services upon enrollment into the graduate school major. Those with transcripts from foreign institutions may be referred to the director of international credentials.

Placement Testing
Placement testing is used to place students into appropriate course levels and to determine the student's course schedule. Although it is critical that students do their best, placement test results do not affect the student's admission to the university. See the appropriate section to review specific placement testing requirements.

Academic Support and Disability Accommodations
Students with a documented disability requiring special accommodations must forward the appropriate documentation to the Center for Academic Support (p. 129), at their campus, at least two weeks prior to scheduling a placement test in order to ensure that accommodations can be provided. No accommodations will be allowed unless the required documentation is submitted prior to testing. Students who have already participated in placement testing and submit appropriate documentation will have the opportunity to retest with the accommodations in place.

Mathematics and English
Mathematics and English placement tests are required for all new undergraduate students, including transfer students, prior to orientation or attending classes. Transfer students may be exempt from mathematics and English placement testing only if Johnson & Wales University has awarded them transfer credit for both, first level mathematics and English courses. The university administers ACCUPLACER mathematics and English placement tests to assess students’ skills in these areas. The mathematics test is designed to evaluate skills in relation to those required for college math courses. English placement testing includes a sentence skills test which evaluates writing skills. The ACCUPLACER exams are computer based tests (CBT) developed by College Board.

All of these tests will result in placement into a course rather than in grades of "pass or fail". After acceptance, students will be emailed instructions for completing the required mathematics and English placement testing online with a virtual proctor. Virtual proctoring allows students to take placement tests online in a quiet and distraction-free location, such as home. Online testing appointments are available 7 days a week, 24 hours a day, and require no software installs. All that is needed is a simple webcam, access to the internet, and a voucher code that will be provided by the university. There is no charge for virtual proctoring or for the ACCUPLACER assessment. Students will receive a score report immediately following ACCUPLACER administration. Students will also be contacted by an academic counselor from Student Academic & Financial Services one to two weeks after they have completed placement testing to discuss their placement and course registration.

Students requesting to retake their placement exam may do so by contacting Student Academic & Financial Services. Students will be allowed one retake 30 days after their initial test at no charge. Visit Testing Services (http://linkweb.jwu.edu/Registration_and_Grades/Testing_for_Credit) for additional information.

Modern Languages
All undergraduate students are required to take a placement exam prior to registering for a language course for which they studied more than one year in high school. Modern Language placement exams are required for Spanish, French and German.

Modern Language placement exams will be scheduled at the beginning of each term. Students whose placement score indicates they have met a particular level of language proficiency will not be allowed to enroll in that level of the language. Students placing out of a required level of a language will be given the option to apply for the Departmental Challenge Examination to earn the language credits (fees apply), or to have the language credits replaced with arts and sciences electives.

For additional information, visit Testing & Placement dates (http://linkweb.jwu.edu/Registration_and_Grades/Testing_Services).

English as a Second Language (ESL)
Students admitted into the ESL Program are required to complete the Levels of English Proficiency (LOEP) Test to assess their English Language proficiency prior to registering for courses in their intended program of study. This test includes three sections: reading, language usage, and sentence meaning. LOEP tests will be scheduled at the beginning of each term, and are administered via the ACCUPLACER computer-based placement testing system.

Results of the LOEP placement test will determine whether students are placed into the Beginner, Intermediate, or Advanced levels of ESL courses. Students with a score of 315 or higher on the LOEP Test are eligible to take the Institutional TOEFL Test (ITT). Students who obtain a score of 550 or higher in the ITT can exit the ESL program and enroll directly in their degree program courses. Students with a test score under 550 on the ITT will have their individual section scores reviewed in the areas of listening, grammar and reading. Section scores with a minimum of 550 on the ITT will exempt the student from the corresponding ESL class. Students who do not complete
the required LOEP test will automatically be placed into beginner-level ESL courses.

Prior Learning Assessment

By successfully completing one of the Prior Learning Assessment options (Portfolio Assessment, College Level Examination Program (CLEP) or Departmental Challenge Examinations), students may earn undergraduate course credit for previous academic and/or prior learning experiences.

Policies for Prior Learning Assessment

1. Students must consult with an academic counselor prior to applying for Challenge Examinations or Portfolio Development.
2. Course prerequisite requirements must be completed before permission to take Challenge Examinations or Portfolio Development is granted.
3. Prior Learning Assessments are for academic credit and carry nonrefundable fee(s).
4. CLEP exam credit will only be awarded for passing scores of 50 or higher, and when the JWU course equivalent to the exam title is degree applicable.
5. Official College Board transcripts are required for CLEP exam credit to be awarded.
6. CLEP exams, if failed, can be repeated three months after the initial testing date.
7. Portfolio Assessment and Challenge Exams cannot be repeated if failed.
8. The university recognizes up to a maximum of 45 undergraduate credits earned through Prior Learning Assessment.
10. Students must present a valid picture ID when testing.

Visit Testing Services (http://linkweb.jwu.edu/Registration_and_Grades/Testing_for_Credit) for complete policies, course options, deadlines, examination dates and fees.

In all cases, the academic department determines policy as it relates to the testing options for each course in the department. Several options may be available to students, and it is recommended that students seek the advice of an academic counselor.

Portfolio Assessment

(for credit, with fees)

Undergraduate students may earn credits for the knowledge or skills they have mastered outside the classroom through volunteer work, employment, travel programs, organizations or other comparable sources.

Students are required to meet with an academic counselor to discuss these options.

Prior to applying for the Portfolio Assessment option of Prior Learning, students are required to successfully complete ENG1020 English Composition, or a higher level writing course.

Students must complete the mandatory online Portfolio Development Seminar before submitting a finalized portfolio for review. While there are no regularly scheduled meetings, students are expected to participate in the seminar activities that lead toward the completion of the portfolio. The individual components of the portfolio are covered in self-paced segments.

Portfolios must be submitted within six months of the application date. Completed Portfolios will be submitted electronically to the appropriate department designee for review. Students will be notified of the outcome once the assessment is completed. If credit is denied for a portfolio, the student has 10 days upon notification to file a written appeal for review.

Once the seminar is completed, eligible students, in consultation with an academic counselor, may submit additional portfolios.

Visit Testing Services (http://linkweb.jwu.edu/Registration_and_Grades/Testing_for_Credit) to review the full testing brochure for policies, course options, deadlines and fees.

College Level Examination Program (CLEP)

(for credit, with fees)

College-Level Examination Program (CLEP) exams are widely accepted national standardized exams sponsored by the College Board. These credit-by-examination tests give students the opportunity to earn college credit for a variety of subjects by obtaining qualifying test scores.

While the university accepts the American Council on Education (ACE) recommended passing score of 50, subject equivalencies for each CLEP examination are determined by the respective academic department at the university. To view the currently approved CLEP/JWU courses equivalencies, go to the Transfer Evaluation System (TES) (https://tes.collegesource.org/view/tes_view01.asp?rid=%7B14504A7-7365-4840-8A90-B20C86FB26%7D&aid=%7B572180F-06E1-9399-68A13228340%7D) and type “College Board” in the search box. Exam titles are listed alphabetically preceded by the designation of CLEP.

U.S. Military personnel and U.S. Veterans may be eligible to receive funding or reimbursement for CLEP exams. For more information, please visit CLEP for Military (http://clep.collegeboard.org/military/veterans). JWU waives the CLEP administration fee for its U.S. Military and U.S. Veteran students.

Visit Testing Services (http://linkweb.jwu.edu/Registration_and_Grades/Testing_for_Credit) for complete policies, course options, deadlines, examination dates and fees.

Departmental Challenge Examination

(credit by examination: for credit, with fees)

Departmental Challenge exams are exams created by the Johnson & Wales University department in which the course is taught and are designed based on its content. Exams may be taken for specifically designated undergraduate courses within a department. All matriculating students with previous academic and/or work experience may request such an exam when they feel they possess the knowledge required to meet the course’s objectives as listed in the outline for the respective course.

Students may be required to meet additional prerequisites to take certain challenge exams. Visit Testing Services (http://linkweb.jwu.edu/Registration_and_Grades/Testing_for_Credit) for complete policies, course options, deadlines, examination dates and fees.

Accelerated Programs

Johnson & Wales University offers the following accelerated programs. For more information, contact Admissions at the campus of your choice.

3+3 B.S./J.D. Law Program

The 3+3 B.S./J.D. Law program allows JWU Liberal Studies and Political Science students who meet specified admissions criteria to earn a bachelor’s degree from Johnson & Wales University and a juris doctor degree from Roger Williams University in six years. Qualified, accepted students may enroll in graduate-level law classes at Roger Williams University (Rhode Island) during their senior year at JWU, while fulfilling bachelor’s degree requirements simultaneously. Students may complete remaining graduate degree requirements in two additional years.

Any interested student must contact the College of Arts & Sciences dean’s office at 401-598-1400 to declare intent to pursue the 3+3 program. Pre-law advising is required and a formal application to Roger Williams University’s law school must be submitted before December 1 of the student’s junior year at JWU.

For more information about program requirements, please contact the College of Arts & Sciences dean’s office at the Providence Campus.

4+1 B.S./MBA/M.S. Programs

The five-year B.S. and MBA or M.S. programs allow JWU full-time day seniors to earn a bachelor’s degree in their major plus an MBA or an M.S. Depending on when students enter the program, they may complete their master’s-level study in 12–15 months. Qualified students may enroll in a graduate course each term of their senior year and complete up to three graduate courses (at no additional charge) at Johnson & Wales while completing their bachelor’s degree.
FAST and College Credit

Johnson & Wales University offers students an opportunity to earn credits toward a JWU degree prior to commencing their studies at the university. Eligible students may earn credit by participating in the Freshman Advanced Study Track (FAST) Program sponsored by the College of Culinary Arts. In order to qualify for credit, students must meet the following requirements:

- Be enrolled in an approved FAST school program.
- Complete a minimum of two years in an approved commercial foods secondary school program.
- Earn a minimum of a B (3.0) grade point average in the commercial foods program.
- Meet all of the requirements for acceptance to Johnson & Wales University.
- Successfully pass a three-hour practical exam. Exam fee: $300

**Note:** FAST applies only to culinary majors. It is not applicable to baking & pastry majors.

Upon successful completion of the above requirements, qualified applicants may receive up to nine (9) quarter credits toward their JWU degree. For more information regarding the requirements to become a FAST-approved school or the FAST practical exam, contact Admissions.

Students enrolling in other JWU programs may be eligible to earn transfer credits through the Prior Learning Assessment Program. Undergraduate students may earn course credit for previous academic and/or other learning experiences by successfully completing Challenge, CLEP, DSST or Portfolio Assessment.

For more information about the FAST or Prior Learning Assessment programs, contact Admissions.

SHARP

Special Honors and Rewards Program (SHARP) is an honors program designed for qualified full-time undergraduate students in a day program who wish to accelerate their program to complete degree requirements in less than the normally required time. This is accomplished by increasing the student's course load each term as scheduling permits. SHARP results in savings of time and expenses for eligible students.

Day program students accepted into SHARP may register for up to 25.0 credits each term with no additional fees. Interested students must submit a SHARP application to Student Academic & Financial Services. The following students are eligible for SHARP:

1. Incoming freshmen who are honors graduates of approved secondary schools, have been elected to their state or national honor society, or have maintained a minimum GPA of 3.0
2. New transfer students who maintained full-time enrollment at a previous institution and each term earned a cumulative GPA equivalent to dean’s list status for that institution
3. Students who have maintained full-time enrollment at JWU and a cumulative GPA of 3.40 at the end of each term

**Note:** The only exception to this policy is the first term of enrollment at JWU, during which the cumulative GPA may be less than 3.40.

If a student does not exercise this option, SHARP eligibility may continue provided that the student maintains continuous full-time matriculation while maintaining a cumulative 3.40 GPA after all terms. The benefits provided by SHARP are not applicable during full-time internship terms or for an additional culinary/pastry laboratory class. Preferred scheduling and graduation acceleration are not guaranteed.

Failure to maintain a cumulative GPA of 3.40 or better after each term will cause the student to become permanently ineligible for the benefits provided by SHARP. Student Academic & Financial Services will only notify a student of their withdrawal from the SHARP program via their JWU email account, and it is the student’s responsibility to drop extra credits, if registered, to avoid incurring additional charges.

SHARP applies only to culinary majors. It is not applicable to baking & pastry majors.
Financing Your Education

This section of the catalog contains information on tuition and fees, financial policies and obligations, financial aid and payment options. There is also information on loans, grants, scholarships and work programs for eligible students depending on campus and degree program.

Tuition and Fees

The following tuition and fees schedule is effective for the 2016–17 academic year. Tuition and fees are subject to change annually.

Undergraduate Tuition

Tuition is applicable to all students, including those in approved off-campus programs such as study abroad and internships. Students enrolled in courses in excess of a normal full-time schedule will be assessed an additional tuition charge. For purposes of tuition billing and financial aid eligibility, full-time status is determined on a term basis and consists of 12 to 21 quarter credit hours per term. Students carrying more than 21 quarter credit hours will be charged for each quarter credit over 21. When repeating courses already attempted, students may be assessed a fee for those courses. Students are assessed tuition upon course registration each term. Summer is considered a separate term. The quarter credit hour rate is $563.

Reservation Fee and Other Fees

Reservation Fee

The $300 reservation fee is payable upon acceptance to the university. The university observes the May 1 reservation fee/deposit deadline and encourages students to research all schools before placing a reservation fee. Reservation fees received after May 1, 2016 will be accepted on the basis of space availability. Reservation fees received prior to May 1, 2016 are refundable. Students must also have an approved payment plan with Student Academic & Financial Services by July 15, 2016 to guarantee a room assignment. Students who establish an approved payment plan after July 15, 2016 could be placed in a temporary assignment regardless of fee payment date, although Residential Life will make every effort to assign students to permanent room assignments.

Requests for refunds of the reservation fee will be granted upon written request to the university prior to May 1, 2016. After May 1, 2016 the reservation fee of $300 (or $150 of such fee in the case of applicants to the North Miami Campus) is nonrefundable.

Orientation Fee

This nonrefundable fee, which is uniformly charged, is required of all new students for orientation and term start activities. It is charged to students who start during the fall, winter or spring term.

Medical Health Coverage While Enrolled

All registered undergraduate day students, both domestic and international; all students enrolled in the physician assistant degree program; and all international graduate and doctoral students attending Johnson & Wales University are required to have health insurance coverage that is accepted in the United States. If students have health insurance coverage through other means (i.e., parent’s health insurance or an employer program), they do not have to enroll in the Johnson & Wales student health insurance plan. They can opt out of/ waive the university plan by submitting the online waiver form to demonstrate evidence of coverage. A new waiver form must be submitted each academic year. Students who are required to have health insurance and do not waive the Johnson & Wales University plan will be charged for it.

The online waiver form and details of the plan, including the full brochure and benefit flyer, can be found on the Health Services (http://www.jwu.edu/content.aspx?id=10320) page of the JWU website.

Extension Students

Tuition rates for extension students are billed based on the number of quarter credit hours scheduled.

Early Enrollment

Early Enrollment Program (p. 112) tuition is 50 percent of the 2016–17 tuition charge. Early Enrollment Program students are also subject to appropriate university fees, including full room, meals, orientation fee and student health insurance. Early Enrollment Program students are not eligible for any federal financial aid or institutional need-based aid while enrolled in the program. Early Enrollment Program students should contact Student Academic & Financial Services for information on alternative funding and to determine how eligible scholarships will be affected while in the Early Enrollment Program.

ESL Students

Students who are studying in the English as a Second Language (ESL) program will be charged $6,883 tuition per term. The quarter credit hour rate is $382. This program charge will be applied for each term the student remains in the ESL program. ESL students are not eligible for Johnson & Wales University scholarships or grants.

Other Fees

Off-campus Housing

The out-of-pocket cost for housing is approximately $5,500 per academic year. These costs are determined annually and are not applied to the student’s invoice.
If you do not fulfill your financial obligation by the published due date, your housing assignment may be removed. In addition, your class schedule for the 2016–17 academic year may also be revoked.

Refund Policies

General Policy

To the extent that any charges due to the university remain unpaid, no refund check will be issued. No tuition or fees (other than the reservation fee for undergraduate students) will be assessed for terms that the student does not begin. Students who withdraw from the university prior to the end of the academic year may have their financial aid adjusted. Institutional grants and scholarships, where applicable, will be reduced in proportion to any tuition credit received as defined in the university’s Withdrawal Credit Policy (p. 121). The distribution formula for refunds to the Federal Student Financial Aid program will be calculated according to federal regulations. The university’s Withdrawal Credit Policy (p. 121) applies to all withdrawals from the university, voluntary or involuntary.

Unofficial Withdrawal from the University

Federal regulations require that a student who begins attendance but fails to earn a passing grade in at least one course in any term and who does not officially withdraw shall be considered as having unofficially withdrawn from the university unless the university can document that the student completed at least 60 percent of the period of enrollment and earned the grade of F. A student must be engaged in academically related activities beyond 60 percent of the enrollment period to retain eligibility for federal, institutional and external financial aid. If a student was not engaged in an academically related activities beyond 60 percent, they will be assigned a withdrawal date based on the last date of an academically related activity. All other instances when a student withdraws without providing official notification will be the 60 percent point of the period of enrollment, as applicable. A student who does not earn at least one passing grade during a term for which federal funds were disbursed will have a Return of Title IV Funds calculation performed to determine how much of the federal funds were earned. Unearned federal funds must be returned to the source, in most cases with a charge to the student’s university account.

University enrollment disputes must be submitted online within 30 days after the end of the term during which the student was enrolled. To submit a dispute, students must complete the appropriate form online (http://www.jwu.edu/forms.aspx?id=55199&ekfrm=55199). No adjustments to tuition and fees or financial aid will be made until the dispute is researched and either approved or denied. No disputes will be considered after 30 days from the end of the term in which the student was enrolled. Decisions will be made within 10 business days and students will receive notification via the email address provided on the dispute form.

Payment Options

Annual Payments

The student may make one payment in full for the entire academic year. Students are responsible for paying all charges in full or making appropriate arrangements by the published due date.

Term Payments

Students attending a program with terms may make three payments per academic year, and students in a semester program may make two payments per academic year. The fall due dates for each program are listed above. Please refer to your invoice for future due dates.

Monthly Payments

Students may choose to pay the annual amount due in convenient monthly payments. This option is available through Tuition Management Systems (TMS) (https://jwu.afford.com). There is an enrollment fee to participate. Most plans are essentially interest free, but some accounts may incur late fees, reinstatement fees or other fees. Students interested in this option must contract with TMS and pay the first payment, in addition to the enrollment fee, by the fall published due dates listed above.

All Johnson & Wales University students must fulfill their financial obligations to the university by the published due dates listed above. (All off-term entrants must meet the financial obligation by the published date for that term.)

To meet your financial obligation you must do one of the following by the published due date:
• Make a full term payment.
• Contract with TMS and pay the first monthly payment, as well as the enrollment fee.
• Have an approved loan that covers the annual balance.
• Have an approved payment plan with Student Academic & Financial Services using a combination of the above options.

General Transportation Expenses

The out-of-pocket transportation expense is approximately $1,000 per academic year. These costs are determined annually by the university and are not applied to the student’s invoice.

Personal Expenses

The out-of-pocket personal expense is approximately $1,000. These costs are determined annually by the university and are not applied to the student’s invoice.

Books and Supplies

The out-of-pocket cost for books and supplies is approximately $1,500 per academic year. These costs are not applied to the student’s invoice. Books and supplies can be purchased at the university’s bookstores, online (http://www.bkstr.com/johnsonwalesstore/home) or through other venues where available. The bookstores operate a textbook sales/buyback program to help students minimize these costs.

Term Payments

Students attending a program with terms may make three payments per academic year, and students in a semester program may make two payments per academic year. The fall due dates for each program are listed above. Please refer to your invoice for future due dates.

Monthly Payments

Students may choose to pay the annual amount due in convenient monthly payments. This option is available through Tuition Management Systems (TMS) (https://jwu.afford.com). There is an enrollment fee to participate. Most plans are essentially interest free, but some accounts may incur late fees, reinstatement fees or other fees. Students interested in this option must contract with TMS and pay the first payment, in addition to the enrollment fee, by the fall published due dates listed above.

All Johnson & Wales University students must fulfill their financial obligations to the university by the published due dates listed above. (All off-term entrants must meet the financial obligation by the published date for that term.)

To meet your financial obligation you must do one of the following by the published due date:
• Make a full term payment.
• Contract with TMS and pay the first monthly payment, as well as the enrollment fee.
• Have an approved loan that covers the annual balance.
• Have an approved payment plan with Student Academic & Financial Services using a combination of the above options.

General Transportation Expenses

The out-of-pocket transportation expense is approximately $1,000 per academic year. These costs are determined annually by the university and are not applied to the student’s invoice.

Personal Expenses

The out-of-pocket personal expense is approximately $1,000. These costs are determined annually by the university and are not applied to the student’s invoice.

Books and Supplies

The out-of-pocket cost for books and supplies is approximately $1,500 per academic year. These costs are not applied to the student’s invoice. Books and supplies can be purchased at the university’s bookstores, online (http://www.bkstr.com/johnsonwalesstore/home) or through other venues where available. The bookstores operate a textbook sales/buyback program to help students minimize these costs.

College of Culinary Arts

* Any student enrolled solely in culinary lab courses, who fails to attempt any of the scheduled courses, will be considered to have withdrawn from the university.

Tuition Refund Policy

Term and semester charges are defined as tuition and, if applicable, room and meals.

Tuition is applicable to all students, including those in approved off-campus programs such as study abroad and internships. Student Health Insurance, Program Fees, Wildcat Meals and Orientation Fee are nonrefundable, if applicable. To the extent that any charges due to the university remain unpaid, no refund check will be issued. No tuition or fees will be assessed for terms and semesters for which the student does not register or enroll. Students who withdraw (or become withdrawn) from the university prior to the end of the academic year may have their financial aid adjusted, if applicable. Institutional grants and scholarships will be reduced in proportion to any tuition credit received. Refunds will be made within 30 days for all non-Title IV students (cash-paying) in Florida.

University Withdrawal Credit Policy

The distribution formula for the institutional refund to the Federal Student Financial Aid program will be calculated according to federal regulations. Any refund due will be issued within 45 days after the date that the university was first notified of the withdrawal.

If a student terminates
• prior to the start of the term, the university will credit 100 percent of the term charges. If eligible, all institutional aid/scholarships for that term will also be returned.
• during the first or second week of the term, the university will credit 90 percent of the term charges. If eligible, all institutional aid/scholarships for that term will be adjusted to 10 percent.
• during the third or fourth week of the term, the university will credit 50 percent of the term charges. If eligible, all institutional aid/scholarships for that term will be adjusted to 50 percent.
• during the fifth or sixth week of the term, the university will credit 25 percent of the term charges. If eligible, all institutional aid/scholarships for that term will be adjusted to 75 percent.

After the sixth week of the term, students will be responsible for 100 percent of the term charges and will receive 100 percent of that term’s eligible institutional aid and scholarships.

Examples of university refund policies are available upon request in Student Academic & Financial Services.

University Enrollment Dispute
If a student leaves the university due to extenuating circumstances without officially withdrawing, they may submit a university enrollment dispute (http://www.jwu.edu/forms.aspx?id=55199) within 30 days after the end of the term in dispute. No withdrawal disputes will be considered after that time. The student must present supporting documentation that demonstrates serious and compelling reasons justifying the withdrawal, and extenuating circumstances justifying its retroactive nature. No adjustments to tuition and fees or financial aid will be made until the dispute is researched and either approved or denied. Decisions will be made within 10 business days and the student will receive notification via an email sent to the email address they provided on the dispute form.

Withdrawal Policy for Study Abroad Programs
If a student withdraws for any reason, either voluntary or involuntary, prior to June 1 for the fall programs, October 1 for the winter programs, December 15 for the spring programs and March 15 for the summer programs, there may be a refund on the $500 deposit (if applicable) and/or a reduction of the program cost charged to the student’s account. A written withdrawal letter or email is required and must be sent to the Study Abroad office. This letter must be written and signed by the student. A telephone call will not be sufficient. The date on which the student’s letter is received will be the formal date of withdrawal.

The $500 study abroad deposit is non-refundable as of June 1 for fall programs, October 1 for winter programs, December 15 for spring programs and March 15 for summer programs.

If a student withdraws after the dates listed above, the student will also be charged for a portion of the program cost. The amount charged (in addition to the $500 deposit) is based on the date of withdrawal as well as the program start date. Please refer to the Withdrawal/Fee chart below for exact amounts.

If you withdraw after the deposit is non-refundable: The late withdrawal penalty is:

Financial Obligations

Continued enrollment as a student in good standing and certain other student benefits (diplomas, transcripts, etc.) are conditioned upon being current in all financial obligations to the university, including loans in which the university appears as a holder or guarantor.

Financial Planning

The university understands that financing an education can be a very complex process for many students. To assist with this process, financial planning counselors are available to work with students and their families on an individual basis to help them best utilize their own funds and other available resources to meet educational expenses.

For more information and assistance, contact Student Financial Services (https://www1.jwu.edu/admissions/contact-us/financial-services-team) at the campus where you plan to enroll.

Federal financial aid is not available to international students. International students must provide sufficient evidence of financial support to receive an I-20. The university awards scholarships based on academic merit. International students can contact the EducationUSA (http://www.educationusa.info) advising center in their country to learn more about opportunities for financial assistance.

Financial Aid

To assist students in meeting their educational expenses, the federal government offers grants and low-interest loans. Financial aid is awarded on an annual basis and is disbursed in three equal installments (fall/winter/spring). Students interested in financial aid for summer enrollment should contact Student Financial Services on their campus.

Students who register for a course that is not required in their program of study may experience an adjustment/reduction in financial aid. The university cannot award financial aid for classes that do not count toward a student’s degree requirements; therefore, a student’s net tuition expense could be higher.

Undergraduate Financial Aid Programs

Grants and loans are financial aid resources available to students. Students may receive assistance from one or both of these funds. Student eligibility for these programs is based on completion and submission of the Free Application for Federal Student Aid (https://fafsa.ed.gov) (FAFSA) as described in the How to Apply (p. 122) section. Since awards are not automatically renewable, students must reapply each year. All financial aid awards are determined based on an academic year (fall/winter/spring terms). Financial aid awards and federal loan programs are disbursed based on this term system, which typically equates to three disbursements. All annual awards are posted in three equal amounts, or in some cases fewer, based on the student’s entrance date.

Graduate Financial Aid Programs

Federal financial aid programs are available to U.S. citizens or eligible non-citizens. Students may receive assistance from loans, limited institutional aid and/or work programs. If eligible for any one of these, or a combination of both, it is referred to as the financial aid package. Student eligibility for these programs is based on completion and submission of the Free Application for Federal Student Aid (https://fafsa.ed.gov) (FAFSA) as described in the How to Apply (p. 122) section. Since awards are not automatically renewable, students must reapply each year. All financial aid awards are determined based on an academic year (fall/winter/spring terms). Financial aid awards and federal loan programs are disbursed based on this term system, which typically equates to three disbursements. All annual awards are posted in three equal amounts, or in some cases fewer, based on the student’s entrance date.

How to Apply

Please see the appropriate section for information regarding how to apply for financial aid.

Undergraduate

To be considered for financial assistance, complete the steps listed below.

1. Federal Student Aid ID (FSA ID)

   Students and their parents can apply online for a FSA ID (https://studentaid.ed.gov/sa/filling-out/fafsa/#pin-replacement). The FSA ID allows students and parents to sign the FAFSA electronically and to correct previously processed FAFSA information online. Both the student and at least one parent must apply for a FSA ID.

2. Free Application for Federal Student Aid (FAFSA)

   The Free Application for Federal Student Aid (http://www.fafsa.ed.gov) is available online. This form must be completed as soon as possible after January 1.
The information for financial assistance is then processed by the federal processor and sent to Student Academic & Financial Services at the university. The FAFSA code for JWU is 003404.

3. Independent Students
To be considered independent for financial aid purposes for the 2015-2016 academic year, students must answer “Yes” to one of the following questions:

1. Were you born before January 1, 1993?
2. As of today, are you married? (Answer yes if you are separated, but not divorced.)
3. At the beginning of the 2016–2017 school year, will you be working on a master’s or doctorate program (such as an M.A., MBA, M.D., J.D., Ph.D., Ed.D. or graduate certificate, etc.)?
4. Are you currently serving on active duty in the U.S. Armed Forces for purposes other than training?
5. Are you a veteran of the U.S. Armed Forces?
6. Do you have or will you have children who will receive more than half of their support from you between July 1, 2016 and June 30, 2017?
7. Do you have dependents (other than your children or spouse) who live with you and who receive more than half of their support from you, now and through June 30, 2017?
8. At any time since you turned age 13, were both your parents deceased, were you in foster care or were you a dependent or ward of the court?
9. As determined by a court in your state of legal residence, are you or were you an emancipated minor?
10. Does someone other than your parent or stepparent have legal guardianship of you, as determined by a court in your state of legal residence?
11. At any time on or after July 1, 2015, did your high school or school district homeless liaison determine that you were an unaccompanied youth who was homeless or were self-supporting and at risk of being homeless?
12. At any time on or after July 1, 2015, did the director of an emergency shelter or transitional housing program funded by the U.S. Department of Housing and Urban Development determine that you were an unaccompanied youth who was homeless or were self-supporting and at risk of being homeless?
13. At any time on or after July 1, 2015, did the direct of a runaway or homeless youth basic center or traditional living program determine that you were an unaccompanied youth who was homeless or were self-supporting and at risk of being homeless?

If you do not have a determination that you are homeless, but you believe you are an unaccompanied youth who is homeless or self-supporting and at risk of being homeless, answer “No” to the FAFSA questions concerning being homeless. Then contact your financial aid office to explain your situation.

Students who cannot answer “Yes” to one of the above questions are considered dependent and must complete their FAFSA as a dependent student by providing both parent and student information. Please feel free to contact Student Academic & Financial Services with any questions.

4. Verification and Other Documentation
Student Academic & Financial Services may request additional documentation to verify information provided on the FAFSA (i.e., verification worksheet and untaxed income worksheet). The student and his/her parents may be required to submit signed and dated copies of their Tax Return Transcript. The transcript can be obtained online (http://www.irs.gov/Individuals/Get-Transcript) or by calling your local IRS office. The student’s financial aid package will not be complete until all requested documentation has been received and reviewed by Financial Aid. In addition, all student loan borrowers must attend an entrance and exit counseling session during which the student will be advised on his/her loan obligations.

Student Eligibility Requirements
To be eligible for financial aid, the student must meet the following criteria:

1. Be a U.S. citizen or eligible non-citizen.
2. Maintain satisfactory academic progress. (Financial aid will be suspended until satisfactory academic progress is again achieved.)
3. Be enrolled in a degree program.
4. Not owe a refund on a Federal Pell Grant, or be in default on a Federal Student Loan or Parent Loan for Undergraduate Students (PLUS).
5. Sign a Statement of Educational Purpose, a Statement of Registration Status, and a Statement on Overpayments and Defaults.
6. For most programs, must demonstrate financial need.

Students are eligible to receive financial aid as long as they maintain academic standing standards (p. 101) as defined in this catalog. Students who fail to maintain satisfactory academic progress will be notified by Student Academic & Financial Services.

Financial need is the difference between the cost of the student’s education (tuition and fees, room and board, books and supplies, transportation and personal expenses) and the total contribution expected from the student and his/her family. The student’s total family contribution is based on an analysis of the information which the student and/or parent supplied on the FAFSA. Some of the items considered are total family income, assets, the number of people in the household, the number of siblings in college, and the student’s own resources, such as earnings, savings, and untaxed income which the student may receive. Johnson & Wales University also considers these items when determining eligibility for university funds.

Federal Grants and Loans
Please see the appropriate section for information regarding federal aid.

Undergraduate
Students who register for a course that is not required for their program of study may experience an adjustment/reduction in financial aid. The university cannot award financial aid for classes that do not count toward a student’s degree requirements; therefore, a student’s net tuition expense could be higher.

Federal Pell Grant
The Federal Pell Grant is a federally funded entitlement program to assist qualified undergraduate students with exceptional financial need. Eligibility for these grants is determined by the U.S. Department of Education based on the information provided on the FAFSA. Pell recipients can attend at less than half-time status and remain eligible for a portion of their Pell Grant. Students with a previous bachelor’s degree are not eligible for a Federal Pell Grant.

The maximum, full-time Pell Grant award for the 2016–17 award year (July 1, 2016 to June 30, 2017) is $5,845. The maximum Pell Grant award can change

Johnson & Wales University 123
The amount of Federal Pell Grant funds a student may receive over their lifetime is limited by law to be the equivalent of six years of Pell Grant funding. Since the maximum amount of Pell Grant funding the student can receive each year is equal to 100 percent, the six-year equivalent is 600 percent.

Campus-based financial aid programs, including the Federal Supplemental Educational Opportunity Grant (SEOG), Federal Perkins Loan and Federal Work-Study programs, are administered by Johnson & Wales University. Students must annually apply for these programs through the filing of the FAFSA.

Federal Supplemental Educational Opportunity Grant (SEOG)
This federally funded program provides financial assistance to qualified undergraduate students who demonstrate exceptional financial need. The amount Johnson & Wales University awards ranges from $100 up to a maximum of approximately $250 per academic year and is based on financial need and the availability of funds. Students with a previous bachelor’s degree are not eligible for a Federal Supplemental Educational Opportunity Grant.

Federal Perkins Loan
This 5% interest bearing loan is funded by the federal government and administered directly by the university. Master Promissory Notes for this loan are available (http://catalog.jwu.edu/financingsyourdegree/financialaid/grantsandloans%20https://www.jwu.edu/uploadedFiles/Documents/Forms/Financial_Services/JWUFinServPerkinsMPN.pdf). Perkins loans are awarded to qualified students with exceptional financial need. The amount a student will receive depends on financial need and the availability of funds.

Students must begin to repay this loan nine months after they leave the university or drop below half-time status. The repayment of principal and interest may be extended over a 10-year period. The amount of each payment depends upon the amount of the student's debt and the length of the student's repayment period.

Federal Work-Study Program
Federal Work-Study is a federally funded program that provides part-time employment to undergraduate students with financial need. Positions are available throughout the university and with selected off-campus community service agencies.

Work-study gives students the opportunity to earn money to help pay educational expenses. Students are paid an hourly rate for actual hours worked. The amount earned cannot exceed the total work-study award. Work-study funds are paid biweekly directly to the student; therefore, funds will not be applied to the student’s account unless arrangements are made with Student Academic & Financial Services.

William D. Ford Federal Direct Subsidized Loan
This loan program provides loans to undergraduate students who demonstrate financial need. First-time borrowers are required to complete a Master Promissory Note and an entrance interview. Both of these requirements (https://studentloans.gov) can be completed online.

Students may borrow up to a maximum of $3,500 per academic year as demonstrated financial need. Students must begin repayment six months after he/she leaves the university or drops below half-time status. Like the Direct Subsidized Loan program, this Direct Unsubsidized Loan program also offers loans to students. While most of the loan terms are the same as the subsidized loan program, there are some major differences:

1. Students do not have to demonstrate financial need to receive a Direct Unsubsidized Loan.
2. The federal government does not pay interest on the borrower’s behalf while the borrower is enrolled in school.

During that time, the student borrower can choose between making quarterly interest payments or “capitalizing” interest. “Capitalizing” interest means that the lender will add interest accrued to the principal balance. This will eliminate the need for interest payments while in school, but will result in a larger principal amount owed upon repayment.

Increased Direct Unsubsidized Loan Limits for Independent Students and Dependent Students Whose Parents Don’t Qualify for a PLUS
There are higher additional unsubsidized annual loan limits for independent undergraduate students. These higher additional unsubsidized loan limits also apply to dependent undergraduate students whose parents are unable to borrow PLUS loans due to adverse credit or other documented exceptional circumstances.

- $3,500 combined subsidized and/or unsubsidized plus $6,000 additional unsubsidized for independent first-year undergraduates
- $4,500 combined subsidized and/or unsubsidized plus $6,000 additional unsubsidized for independent second-year undergraduates
- $5,500 combined subsidized and/or unsubsidized plus $7,000 additional unsubsidized for independent third-, fourth- or fifth-year undergraduates

Note: All undergraduate annual loan amounts are subject to proration.

Please note that a student/borrower remains responsible for the repayment of educational loans that he/she borrows even if the student is not successful in completing the educational program and/or obtaining employment.

No student is required to apply for, or accept, any particular type of financial aid.

Johnson & Wales University participates in the William D. Ford Federal Direct Loan Program. All Direct Loans and parent PLUS loans will be borrowed from the U.S. Department of Education.

Please note that the loan information described in this catalog is based upon the available information as of the date of the production of this catalog.
Updated information regarding federal grants and loans may be obtained by visiting the U.S. Department of Education (http://studentaid.ed.gov) website. Applications for these loans are available on the Direct Lending (https://studentloans.gov) website.

Aid from these programs is awarded on the basis of financial need. In order to receive maximum consideration for financial assistance, it is recommended that the student apply as soon as possible after January 1. The award process for first-year students begins in March of each academic year. Renewal of financial aid is not automatic. Recipients are required to reapply each year by the announced deadline.

To be eligible for these programs, students must meet the following criteria:

1. For most programs, students must demonstrate financial need;
2. maintain satisfactory academic progress (financial aid will be suspended until satisfactory academic progress is again achieved);
3. be enrolled in an eligible degree or certificate program;
4. be enrolled on at least a half-time (at least 6.0 quarter credit hours) basis (students enrolled on a less-than-full-time basis may have their financial aid reduced; some students enrolled on a less-than-half-time basis may qualify for a Federal Pell Grant);
5. be a U.S. citizen or eligible non-citizen;
6. not owe a refund on a Federal Student Aid Grant (e.g. Federal Pell Grant, etc.), be in default on a Federal Student Aid loan (e.g., Federal Perkins, etc.); and
7. sign a Statement of Educational Purpose, a Statement of Registration Status and a Statement on Overpayments and Defaults.

Students are eligible to receive financial aid as long as they maintain Satisfactory Academic Progress (SAP) as defined in the SAP (p. 128) section of the catalog, and in the campus Student Handbook (http://catalog.jwu.edu/handbook). Students who fail to maintain SAP will be notified by Student Academic & Financial Services. All financial aid will be suspended until satisfactory academic progress is again achieved.

**Return of Title IV Funds (Federal Aid)**

When a student withdraws (or becomes withdrawn) during a payment period or period of enrollment, the amount of student financial aid program assistance earned is determined by a specific formula. If the student receives (or the university receives on the student’s behalf) less assistance than the amount earned, the student may be able to receive those additional funds. Students who received more assistance than what they earned must return the excess funds.

The amount of federal assistance earned is determined on a pro-rata basis. That is, if a student completes 30 percent of the payment period or period of enrollment, the student earns 30 percent of the federal assistance he or she was originally scheduled to receive. Once the student completes more than 60 percent of the payment period or period of enrollment, the student earns all scheduled federal assistance.

The student's loan monies (subsidized, unsubsidized and PLUS) must be on record with the Department of Education before the student’s last day of attendance in order for the money to be considered within the formula. If the student is eligible for a post-withdrawal disbursement, a written notice will be mailed requesting the consent of the borrower to post the funds to the student’s account. The amount of institutional assistance earned is based on the week that the student withdraws from the university and follows the percentage the university credits the student’s charges.

If a student receives excess funds that must be returned, Johnson & Wales University must return a portion of the excess, equal to the lesser of:

- the student’s institutional charges multiplied by the unearned percentage of the student’s funds
- the entire amount of the excess funds

If the university is not required to return all excess funds, the student must return the remaining amount. Any loan funds that the student must return, must be repaid by the student (or his or her parents for a PLUS Loan) in accordance with the terms of the promissory note.

If a student is responsible for returning grant funds, the student does not have to return the full amount. Students are not required to return 50 percent of the grant assistance received that is the student’s responsibility to pay. Any amount not returned is a grant overpayment and the student must make arrangements with the university or Department of Education to return the funds.

Federal regulations establish the following allocation for students who receive Title IV, HEA program funds:

A refund owed to a student who received funds under any Title IV, HEA program will be returned to the Title IV, HEA programs from which the student received aid in the following order until the amounts received by the student from these programs is eliminated: the Unsubsidized/Subsidized Direct Loan, the Perkins Loan, the Parent PLUS Loan, the Pell Grant, the FSEOG program, all other sources of aid, and the student.

**Graduate**

Students who register for a course that is not required in their program of study may experience an adjustment/reduction in financial aid. The university cannot award financial aid for classes that do not count toward a student's degree requirements; therefore a student’s net tuition expense could be higher.

**William D. Ford Federal Direct Unsubsidized Loan**

This loan program offers low-interest loans to students who demonstrate little or no financial need. The federal government does not pay the interest on the borrower’s behalf while the borrower is enrolled in school. During that time, the student borrower can choose to make quarterly interest payments, or to “capitalize” interest. “Capitalizing” means the lender will add interest accrued to the principal balance. This will eliminate the need for interest payments while in school. A Master Promissory Note for these loans is located online (http://www.studentloans.gov). Loans made under federal loan programs are applied to the student’s account with the university in equal disbursements per term based on the loan period and the student’s entrance date.

Students should check with their financial planner to determine their maximum annual loan amount. Students must begin repayment six months after they leave college or drop below half-time status. The interest on the loan is not subsidized during the student’s six-month grace period. The amount of the student’s monthly payment will be determined based upon the amount of the student’s debt and the length of the student’s repayment.

Federal regulations establish the following allocation for students who receive Title IV, HEA program funds:

A refund owed to a student who received funds under any Title IV, HEA program will be returned to the Title IV, HEA programs from which the student received aid in the following order until the amounts received by the student from these programs is eliminated: the Federal Direct Unsubsidized Loan program, all other sources of aid, and the student.

**Federal Work-Study Program**

Federal Work-Study is a federally funded program that provides part-time employment to undergraduate students with financial need. Positions are available throughout the university and with selected off-campus community service agencies. Work-study gives students the opportunity to earn money to help pay educational expenses. Undergraduate

Johnson & Wales University Grant
This grant is awarded to students based on the annual financial aid awarding process and the student’s financial need.

Financial Assistance, Scholarship and Work Programs

Last year, Johnson & Wales University awarded more than $148 million in institutional aid to students. Awards range from $350 to full tuition. Scholarships, grants, loans and work programs awarded depend on the university budget, and are dependent on students meeting program eligibility requirements. These programs are available to full-time, undergraduate, day school students during the academic year. Check with Student Academic & Financial Services for summer eligibility. Students studying through the College of Online Education are ineligible for JWU institutional scholarships, JWU institutional grants and JWU institutional awards. Note: Scholarship funds are applied to the student’s account with the university in three equal disbursements by term (e.g., a $3,000 Presidential Academic Scholarship recipient would receive $1,000 per term).

Most scholarships are renewable for up to four consecutive years of full-time, undergraduate, day school enrollment.

Important Note: There is a cap on the total dollar amount of scholarships, grants, awards, prizes and other aid that the university will award to a single student during a given academic year. The maximum amount is determined prior to each year's financial aid awarding process and includes both university funded and university administered monies. Please contact Student Academic & Financial Services for further information regarding this cap.

Business Professionals of America Scholarship (BPA)
The university offers a number of BPA scholarships to any accepted incoming student ranging from $1,000 up to full tuition. Awards are based on BPA activities and academic record, and are renewable based on continued involvement in and support of BPA. Apply for admission online (http://www.jwu.edu/apply) and indicate membership. The deadline for full tuition scholarship eligibility is February 1, prior to enrollment.

Careers through Culinary Arts Program (C-CAP) Scholarship
The university awards renewable scholarships of up to full tuition to accepted incoming students who participate in C-CAP’s competition events. Applications are available through C-CAP. All documentation must be submitted to C-CAP and all finalists are selected by C-CAP.

Circle of Academic Excellence Awards
The Circle of Academic Excellence Awards include The Pioneer’s Award, the Founder’s Award and the President’s Award. The University Awards Committee, working with Student Financial Services, selects students for these awards, which are given to enrolled upperclass students who are excelling academically and who meet certain minimum academic criteria. These renewable scholarships are up to $5,000 per academic year.

Culinary Essentials Scholarship
The university awards a number of $1,000 renewable scholarships to accepted incoming students who have participated in the Culinary Essentials curriculum. Graduate
The MBA/M.S. Scholarship
Each year, Graduate Admissions awards a limited number of nonrenewable scholarships to MBA/M.S. applicants who are accepted as full-time students and reflect an ability to excel in their chosen program. The total amount of each scholarship is $1,000 and the scholarship will be credited to the student’s account in equal installments over three consecutive terms. The student must maintain full-time status while in receipt of the scholarship. Applicants will be considered for the scholarship at the time of acceptance and notified of the scholarship award at that time. There is no separate scholarship application.

Pre-MBA Scholarship
Students who successfully complete the Pre-MBA program with the required minimum 3.0 GPA needed to enter the MBA program will receive a nonrenewable $2,000 MBA scholarship awarded over the length of the program.

Outside Scholarships
There are many other potential scholarship sources that students should consider to help finance their education. Students should contact the Higher Education Assistance Agency in their home states for information about the possibility of state grants or scholarships. It is recommended that students apply for outside scholarships as soon as possible since most organizations have early application deadlines.

Scholarship aid is often available from high school and community organizations with which students or their parent(s) may be affiliated. Local libraries are an excellent resource for finding information on scholarships from organizations throughout the United States. There are also a number of websites available to assist students in the scholarship search. View a guide to free scholarship searches online (https://www1.jwu.edu/admissions/payment-for-college/scholarships-and-grants/#outside), and visit iGrad via your jwuLink account to view the Scholarship Center.

Many companies provide scholarship aid for children of their employees, while others provide aid directly to students who work for them part time while in school.

American Hotel & Lodging Educational Foundation
Scholarship aid is allocated each year by the American Hotel & Lodging Educational Foundation (https://www.ahlef.org) to the School of Hospitality. Awards are made on the basis of student intent to work in the hotel industry, cumulative average and need. Sophomores who are continuing their education should contact their faculty advisor for further information. The foundation also offers numerous scholarships for culinary arts majors.

Dollars for Scholars
Johnson & Wales University will match up to $2,500 in scholarship awards made to entering students by affiliated Dollars for Scholars chapters of Scholarship America.

National Restaurant Association Educational Foundation
The National Restaurant Association Educational Foundation (http://www.nraef.org/students/scholarships) administers and awards various merit scholarships to qualified undergraduate students in food service related majors.

Work Programs
Resident Assistant Program
Students are selected for this program based on strong academic performance and residence hall experience. Applications are available at Residential Life. Awards range from $10,500 up to $12,500 and are renewable based on annual performance.

Student Assistant Employment Program
Scholarships are awarded to students selected for this program. No application is necessary, but a résumé is requested by the hiring department for consideration. Selection is based on strong academic performance and the possession of necessary skills. Awards for 2016–17 are up to $3,600 for full tuition scholarship eligibility is February 1, prior to enrollment.

Graduate Student Assistant Employment Program
Students enrolled in graduate programs are eligible to apply for available positions in the Graduate Student Assistant Employment Program. The Graduate Student Assistant Employment Program allows students to continue their education and gain valuable work experience in one of the university’s departments or practicum educational facilities. Students in this program earn an hourly wage and are awarded a scholarship.

This is a highly competitive program that requires each applicant to submit a résumé and interview with each hiring supervisor. Graduate student assistant participants are hired based on their ability to meet the minimum qualifications of the position for which they apply. Interested graduate students should contact Student Employment at 401-598-1849 for more information.
Teaching Assistant and Fellowship Programs

Selection for these programs is based on strong academic performance and successful completion of an internship. Applications are available at Practicum Educational Facilities or Culinary Administration. Awards for 2016–17 are up to $7,000 and are renewable based on annual employee performance and 2.75 GPA maintenance.

Important notice for international students: Please be aware that some of the above programs offer a room and board grant for eligible summer participants. Non-resident alien students with an F-1, J-1 or Q-1 visa will be subject to U.S. income tax withholding on any grant received for room and board.

Note: There are many complex IRS regulations regarding the taxability of scholarships and grants. The university is not in a position to determine the tax consequences of such awards in the case of any particular student. It is recommended that all students consult IRS publication 970 entitled "Tax Benefits for Education" and their tax advisor to determine how these rules apply to them. Non-resident alien students with an F-1, J-1 or Q-1 visa will be subject to U.S. income tax withholding on any grant received for room and board.

Academic Progress

Satisfactory Academic Progress

To be eligible for financial aid, all students must satisfy Satisfactory Academic Progress (SAP), which is required by federal law. SAP measures a student’s completion of coursework toward a degree. JWU evaluates SAP at the end of each term, including summer, for each student. Students who do not meet all SAP criteria may lose their eligibility to receive all types of financial aid (e.g., federal, state, private, institutional and other aid). Students will be notified of the decision both verbally and in writing.

Maximum Time Frame Criteria

Completion of undergraduate or graduate programs cannot exceed 150 percent of the published length of the program measured in credit hours attempted as determined by the student’s program requirements.

Pace Measure of Academic Progress Criteria

- Students must complete a specified percentage of all credit hours attempted; see below.
- This percentage includes all credit hours attempted regardless of whether or not financial aid was received.
- This pace measurement is calculated by dividing the cumulative number of hours that the student has successfully completed by the cumulative number of hours that the student has attempted.

- Credits attempted are defined as all classes for which a student receives a grade (D or better), or an F, I, W, WP, WF, NC, GP, S, U, PL, CX, NG, AU, etc.
- All transfer credit hours accepted from another institution toward the student’s educational program at JWU will be counted as both attempted and completed hours.
- The student’s GPA and pace of completion are negatively impacted by course incompletes, withdrawals, failures or repetitions (incompletes, failures and withdrawals count in attempted credits, but not completed).

Grade Point Average Criteria

- All undergraduate and graduate students must maintain a minimum Grade Point Average (GPA).
- The student’s cumulative GPA for financial aid eligibility must be calculated on all grades received.
- All students, regardless of their enrollment status (e.g., full or part time), must meet the following minimum academic standards to remain eligible for financial aid.

Warning Period

Students who fail to meet SAP criteria will be placed on financial aid warning for one academic term and a hold will be placed on the student’s record, which will prevent them from course registration for all future terms.

Students remain eligible for financial aid during the warning term. If SAP criteria are not satisfied at the end of the warning term, the student will be ineligible for financial aid. Students on warning must meet with an academic counselor to clear the hold prior to course registration, and/or to pursue an appeal. Students on warning must submit their appeal and supporting documentation before the eighth week of the warning term.

Ineligible for Financial Aid Period

Students who fail to meet SAP criteria after the warning period are ineligible for financial aid. If the student does not have an approved appeal, the student is no longer eligible for financial aid. Students may continue to take courses without financial aid to re-establish SAP standards; however, a payment plan must be established for the tuition and applicable fees associate with the course(s). Once a student is meeting JWU’s minimum SAP standards, he or she may regain financial aid eligibility. Students who are interested in reestablishing aid eligibility should meet with an academic counselor to determine what they would need to do to meet JWU’s minimum SAP standards.

Appeal Process/Probationary Period

If extenuating circumstances impacted successful adherence to SAP criteria, the student may pursue an appeal. The appeal will require the student to indicate why he or she did not make SAP and what has changed in the student’s situation that will allow the student to demonstrate SAP by the next term. Circumstances and required documentation are illustrated below. The appeal process begins with the student’s academic counselor in Student Academic Services. If an academic plan can be created that allows the student to meet SAP criteria within two terms, the counselor will present it to the appeals committee. Appeals must include complete documentation and are reviewed during the warning period; incomplete appeals will be denied. Appeal decisions are final. Students will be notified of the decision both verbally and in writing. This notification will take place after final grades are reviewed for the warning period.

If an appeal is approved, the student will be placed on a Financial Aid Probation Period, which is a status assigned by JWU to a student who fails to make SAP and who has successfully appealed and has had eligibility for financial aid reinstated. To continue receiving financial aid, the student will need to satisfy both the academic plan as outlined in their appeal and the SAP criteria.

Student Services

Student Services at JWU provides personal and professional development support for students across various aspects of campus life, from academic support to meals and housing, health services, and involvement in campus programs and student clubs and organizations. See a topic for specific information.

Academic Support

Center for Academic Support

The Center for Academic Support on the Downcity Campus and the Alan Shaw Feinstein Center for Academic Support on the Harborside Campus offer a variety of services to assist students in preparing for graduation and their careers. The centers complement students’ academic and technical training by providing services that help sharpen their ability to position themselves in today’s competitive marketplace. The centers’ goals are to support students in their efforts to develop and maximize their talents, empower them to direct their own learning, and help them acquire lifelong behaviors and attitudes that employers value — ultimately leading students on pathways to success.

Examples of services offered:
  • tutoring
  • supplemental instruction
  • workshops in stress management, time management, test-taking strategies and other learning strategies
  • accommodations for students with disabilities with appropriate documentation

Students are urged to take the initiative in seeking out-of-class help during faculty office hours as well as in the Center for Academic Support (http://catalog.jwu.edu/handbook/studentervices/centerforacademicsupport).

Students with Disabilities

JWU is dedicated to providing reasonable accommodations to allow students with learning, physical or other disabilities to succeed in their academic pursuits. While maintaining the highest academic integrity, the university strives to balance scholarship with support services that assist students with disabilities with functioning in the university’s academic environment.

Because some programs of study at the university have technical standards (p. 112) and requirements, applicants and students with disabilities should contact the Center for Academic Support to discuss the availability of reasonable accommodations or to obtain documentation guidelines, when appropriate.

For further information regarding available reasonable accommodations and the accommodations procedure, visit the Center for Academic Support website (https://www.jwu.edu/providence/academicsupport) or call the Center for Academic Support at your campus of choice.

Food Allergy Accommodation for College of Culinary Arts and School of Hospitality Students

The College of Culinary Arts and the School of Hospitality have technical standards (p. 112) that must be met for participation in their academic programs. All College of Culinary Arts programs and some School of Hospitality programs include the requirement that the student, with or without reasonable accommodations, must be able to safely and effectively produce and evaluate the quality of all food and beverage products, and maneuver in professional or commercial kitchens, dining rooms and related facilities.

Applicants with a food allergy who have been accepted for admission to JWU and intend to pursue studies in the College of Culinary Arts or the School of Hospitality are strongly urged to call or visit the Center for Academic Support prior to attending their first class to discuss any reasonable accommodations that might be available during their academic studies. While the university will provide reasonable accommodations in compliance with applicable law, the university cannot guarantee it will be able to meet all requests for accommodations or remove allergens from its curriculum.

Complaints and Grievances

It is the intention of Johnson & Wales University to resolve complaints and grievances quickly, informally and as close as possible to the point of origin. The complaint and grievance process set forth below is not intended to be a forum to challenge university policy, but rather a means by which an individual can seek a timely and fair review of his or her concerns.

Exempt from Johnson & Wales’ complaint and grievance process are those areas for which there presently exists a separate complaint or grievance process or built-in review or appeal. Those exempt areas include, but are not limited to, the following:

1. Actions by the dean of students, including matters that have been referred to Student Conduct
2. Actions by Residential Life concerning contract release or room relocations
3. Actions by the Academic & Financial Appeals Committee
4. Actions by a faculty member, staff member or third party which may constitute harassment or discrimination (which should be referred to the nondiscrimination and Title IX coordinator, a nondiscrimination campus liaison, or Human Resources & Payroll as set forth in the Prohibited Discrimination and Harassment Policy (http://catalog.jwu.edu/handbook/generalfinancialpolicies/discriminationandharassment))
5. Actions relating to voluntary medical withdrawal (http://catalog.jwu.edu/handbook/generalfinancialpolicies/withdrawalfromjwu/medicalwithdrawal)
6. Actions relating to the review of accommodation decisions (http://catalog.jwu.edu/handbook/studentervices/centerforacademicsupport/services)
7. Actions relating to Academic Integrity (http://catalog.jwu.edu/handbook/academicpolicies/academicmisconduct)

Complaint and Grievance Process

For the resolution of academic and administrative issues outside of the exempt areas, please follow the following process.

Step One

A student should first address the complaint or grievance orally with the faculty or staff member involved within five days of the incident. The faculty or staff member will consider the complaint or grievance and notify the student of the faculty or staff member’s decision within a reasonable time, usually five days.

Step Two

If the complaint or grievance cannot be resolved at the previous level, the student should present the complaint or grievance, in writing, to the appropriate department chair or department director within five days of receipt of the faculty or staff member’s decision. The department chair or department director will document his or her decision and provide a copy to the student, faculty or staff member, and dean of the appropriate school or college (in the case of an academic complaint or grievance) or the dean of students (in the case of an administrative complaint or grievance) within a reasonable time, usually five days.

Step Three

If the complaint or grievance is still unresolved, the student may request a final review at the dean’s level by submitting a written request for review to the dean of the appropriate college or school (in case of an academic complaint or grievance) or the dean of students (in case of an administrative complaint or grievance) or their designees. The written request should set forth the reasons that the student is seeking a review of the earlier decision and, in particular, should specify if the student feels that relevant, new information has come to light since the decision was made or that the decision was unjust or inconsistent with the circumstances of the incident. The request will be considered by the appropriate dean or designee. The decision of the reviewing dean will be final and a written copy of the decision will be given to the student.

Expedited Review

If there is a legitimate need for an immediate or expedited review of an academic or administrative decision, then written complaints and grievances
or requests for review and decisions may not be required. The determination of whether an expedited review is appropriate is determined in the sole discretion of the dean of the appropriate college or school (in case of an academic complaint or grievance), the dean of students (in case of an administrative complaint or grievance) or their designees.

**Note:** Retaliation against any individual who has made a good faith complaint or grievance or who has cooperated in the investigation of such a complaint or grievance is a violation of university policy. Anyone found to have engaged in retaliation will be subject to disciplinary action up to and including termination or dismissal.

**Student Complaint Process for Online Students:** If you are enrolled as an online student and you have a complaint or grievance that cannot be resolved through Johnson & Wales University’s complaint and grievance process, you may file a complaint with the state in which you reside by referring to the following list of State Agencies (http://www.jwu.edu/uploadedFiles/Documents/Policies_and_Procedures/JWUState-by-StateInformationForOnlineStudentComplaintProcess.pdf).

**Notice Regarding Maryland Student Complaint Process (Online Programs Only)**

Any person or student who is a Maryland resident claiming damage or loss against Johnson & Wales University may file a complaint with the Maryland Attorney General or the Maryland Higher Education Commission after going through the Johnson & Wales University complaint and grievance process. Such complaints should be directed to

**Maryland Attorney General**

**Notice Regarding Georgia Nonpublic Postsecondary Education Commission (NPEC) Student Complaint Process**

Any person or student who is a legal resident of Georgia claiming damage or loss against Johnson & Wales University may file a verified complaint with the executive director of NPEC after going through the university complaints and grievances process. The complaint must contain a detailed description of the claim, including dates, times and full names of all involved. Verification means that the complaint must be signed by the student or person filing the complaint and notarized, and state that the matters set forth in the complaint are true and correct. The complaint shall be investigated by the appropriate Standards Administrator (SA) of NPEC. The SA shall attempt to resolve the complaint between the university and the student. If the complaint cannot be resolved, the SA will issue a decision and inform each party that either has a right to request a hearing in writing before the executive director of NPEC within 10 days of receipt of the SA’s decision. The executive director may set a date and time for a hearing which shall be delivered to both parties by certified mail.

The Georgia NPEC may be contacted at Georgia Nonpublic Postsecondary Education Commission, 2082 East Exchange Place, Suite 220, Tucker, GA, 30084, (770) 414-3330 or online (http://www.gnpec.org).

**Health Services**

Johnson & Wales University’s health services are available to commuting and resident students.

**International Student Services**

International Student Services is housed in Providence’s International Center, which also includes Study Abroad and the BRIDGE Center. There are International Student Services staff on each of the four campuses. The main focus of International Student Services is to help international students adhere to Department of Homeland Security regulations, maintain their student status, and access all the benefits permitted by their student visa status. A variety of other programs and services have also been created to assist students from the moment they enroll in the university until the day they graduate and beyond. Information sessions on employment, tax and other cultural adjustment issues are conducted every year. International Student Services also offers orientation and cultural programming for international students and the university community. The BRIDGE Center collaborates on much of this programming designed to support students with acclimating to campus life.

**Policies**

Please see the appropriate section for the university’s Computer and Technology Use and Drug and Alcohol Policies.

**Additional policies and procedures:** Not all university policies and procedures affecting students are described in this catalog. For further information, please refer to the Student Handbook (http://catalog.jwu.edu/handbook).

**Computer and Technology Use**

All students are required to comply with the university’s Computer and Technology Use Policy (http://it.jwu.edu/Security/policies/Computer-and-Technology-Use-Policy).

The university’s Computer and Technology Use Policy prohibits students from uploading, downloading, posting, publishing, transmitting, retaining, reproducing, sharing or distributing in any way information, software, movies, music, books, articles or any other material which is protected by copyright or other proprietary right, without obtaining permission of the owner. Violation of this policy may result in the termination of the student’s access to the Internet via the university’s Internet system and constitutes a violation of the Student Code of Conduct (http://catalog.jwu.edu/handbook/studentaffairs/studentcodeofconduct).

**Copyright Infringement**

Students should be aware that unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject the student to civil and criminal liabilities. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than $750 and not more than $30,000 per work infringed. For “willful” infringement, a court may award up to $150,000 per work infringed. A court can, at its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense. For more information, please see the website of the U.S. copyright office (http://www.copyright.gov), especially their FAQs (http://www.copyright.gov/help/faq). Please refer to the Computer and Technology Use Policy for a further description of prohibited activities regarding the use of university technology resources.

Unauthorized peer-to-peer file sharing is a violation of law, as well as university policy, including the Student Code of Conduct. Students engaging in unauthorized peer-to-peer file sharing, including illegal downloading and unauthorized distribution of copyrighted materials, will be subject to disciplinary action up to and including suspension or dismissal from the university. Please see Frequently Asked Questions About File Sharing (http://it.jwu.edu/Security/File-Sharing) for more information.

**Drug and Alcohol Policy**

In accordance with the Federal Drug-Free Workplace Act and Drug-Free Schools and Communities Act, Johnson & Wales University prohibits the unlawful manufacture, distribution, dispensation, possession or use of narcotics, drugs, other controlled substances or alcohol at the workplace and in the educational setting. Possession or use of alcoholic beverages anywhere on university property is prohibited except for legal use at events, operations, programs, premises or facilities sanctioned by the university. Unlawful for these purposes means in violation of federal, state or local statutes, regulations or ordinances. Workplace is defined as either university premises or any place where university business is conducted away from university premises. Educational setting includes both university premises and approved educational sites off campus.

Possession or use of illegal drugs, narcotics or drug paraphernalia is absolutely forbidden. Johnson & Wales may impose sanctions on students
Criminal penalties for drug and alcohol offenses can include fines ranging from $200 up to $1,000,000, imprisonment for various periods of time up to life imprisonment.

University Sanctions

Disciplinary sanctions which may be imposed on a student found to be in violation of the above policy include, but are not limited to, revocation of certain privileges, community service, conduct warning, conduct probation, fine or restitution for loss, suspension or dismissal from the university and/or university housing, and referral to alcohol education classes. The university also reserves the right to notify parents of violations by students who are under the applicable legal drinking age. Please see the Student Code of Conduct (http://catalog.jwu.edu/handbook/studentaffairs/studentcodeofconduct) and Sanctions (http://catalog.jwu.edu/handbook/studentaffairs/studentcodeofconduct/sanctions) for more information.

Alcohol and Its Effects

Alcohol abuse is defined as any drinking that harms or endangers the drinker or other people. It can be a single episode or a regular pattern. Alcohol consumption causes a number of marked changes in behavior. Thought processes are slowed as alcohol numbs and destroys brain cells.

Symptoms of Drug Abuse

The key is change. It is important to watch for any significant changes in physical appearance, personality, attitude or behavior. Behavior signs include a change in overall personality or attitude with no other identifiable cause; a general lack of motivation, energy or self-esteem; sudden oversensitivity, temper tantrums or resentful behavior, moodiness, irritability or nervousness.

Possible Effects of Drug Abuse

Narcotics (opium, morphine, heroin) may cause euphoria, drowsiness, respiratory distress and nausea. Depressants (barbiturates) may cause slurred speech, disorientation and drunken behavior without the odor of alcohol. Stimulants (cocaine, amphetamines) may cause increased alertness, increased blood pressure and pulse, insomnia and loss of appetite. Hallucinogens (LSD, mescaline) may cause illusions, hallucinations and poor perception of time and distance. Cannabis (marijuana, hashish) may cause euphoria, relaxed inhibitions and disoriented behavior.

JWU’s Substance Abuse Prevention Program

Several programming initiatives and alternatives are available to help students examine their own behavior related to alcohol and other drugs (AOD):

- Counseling Services provides an assessment of AOD usage for all students who seek counseling.
- Referrals to community resources are available for individuals with more long-term or complex needs. A number of AA/NA/Al-Anon groups hold meetings close to campus and in the larger local community.
- Counseling and Health & Wellness offer AOD prevention through programming efforts with various student groups and Student Affairs departments.
- Counseling and Health & Wellness also collaborate with Student Conduct to provide educational and other resources for students with problematic drinking behavior and drug use.
- A number of programming initiatives take place each year.

State Penalties for Drug and Alcohol Offenses

Johnson & Wales University students are subject to state criminal prosecution and penalties for drug and alcohol offenses, including:

- possession or delivery of marijuana, cocaine, heroin, LSD or PCP
- possession of a needle and syringe
- driving under the influence of alcohol and/or drugs
- driving under the influence, death resulting

Criminal penalties for drug and alcohol offenses can include:

- mandatory drug or alcohol counseling
- alcohol and/or drug treatment
- driver retraining
- suspension or loss of driver’s license
- community service

Residential Life

Generally, all first-year students are required to live in university housing for their first and second year of study unless they meet one or more of the following criteria:

- They are married.
- They are a parent.
- They are 21 years of age or older.
- They are living at home with a relative, parent or guardian and commuting within a 20-mile radius of campus.
- They are a transfer student.
- They are not eligible to live on campus.

Please contact Residential Life for further information regarding these exceptions.

Students who have been convicted of certain felonies (or have had certain felony-type charges sustained in a juvenile proceeding), such as crimes of violence, serious drug offenses and sex offenses, are not eligible to live in university housing.

Residential Life (http://www.jwu.edu/denver/reslife) provides information regarding a variety of living accommodations on and near campus, as well as programs for students and opportunities for involvement. For additional opportunities to get involved on campus, please contact Student Involvement & Leadership (p. 131).

Students requesting reasonable accommodations should contact the Center for Academic Support (http://www.jwu.edu/content.aspx?id=554).

Safety and Security

Campus Safety & Security (http://www.jwu.edu/denver/safety) is open 24 hours a day, 365 days a year. Students who have questions or need help should call 303-256-9500. Campus Safety & Security officers provide crime prevention assistance and first response support for incidents on campus. Incidents of an emergency nature should be reported to the Denver Police at 911, followed by contacting Campus Safety & Security at 303-256-9500.

Campus Safety & Security officers are available to patrol the campus at all times and utilize an integrated electronic access control and digital camera system. Emergency blue-light telephones are strategically located throughout the campus and directly connect callers to the Campus Safety & Security dispatcher on duty. Campus Safety & Security issues timely alerts to the campus community, and when necessary, has the ability to issue these timely alerts via an emergency notification mass-messaging system.

In compliance with the Higher Education Act, Johnson & Wales University publishes an Annual Security Report and an Annual Fire Safety Report. The Annual Security Report discloses information about campus security policies and statistics concerning reported crimes that occurred on campus, on university-controlled property, and on public property immediately adjacent to campus. The Annual Fire Safety Report discloses information about campus fire safety policies and procedures and fire statistics for each residence hall. A copy of the reports may be obtained from Campus Safety & Security in person or online (http://www.jwu.edu/denver/safety).

The university maintains a log of all fires that occur on campus housing, and a daily log of reported crimes.

Student Academic & Financial Services

Student Academic & Financial Services is comprised of several departments that assist students with a variety of academic and financial matters, such as maintaining student records, course scheduling, degree audits and progress, and providing academic counseling, as well as applying for financial aid, payment plans, invoicing, financial aid award notifications, financial questions and procedures.

Student Involvement & Leadership

Student Involvement & Leadership (http://www.jwu.edu/content.aspx?id=58491) strives to cultivate meaningful experiences to inspire personal and professional growth by
• developing and supporting programs that promote collaborative learning, character development and social responsibility
• promoting a student-centered culture that encourages a strong sense of pride and tradition
• empowering students to embrace and strengthen an inclusive community
• fostering collaborative partnerships to support and deliver successful campus events

Some programs and services include
• student clubs and organizations
• campus entertainment and activities
• co-curricular and leadership development programs
• student government
• multicultural programs
• campus traditions such as Hanging of the Greens, Casino Night and more

Clubs and Organizations
Opportunities abound for students to get involved in clubs and organizations and become engaged in the Wildcat community at JWU’s Denver Campus. See clubs and organizations (http://www.jwu.edu/content.aspx?id=12140) for currently available opportunities and to access the Student Organization Handbook to learn about starting new organizations on campus.

Fraternity and Sorority Life
Getting involved in the fraternity and sorority life is one way to strengthen leadership potential, serve others and build a network of resources that lasts a lifetime. See fraternity and sorority life (http://www.jwu.edu/content.aspx?id=12154) for currently available opportunities or to request information about starting a chapter on campus.

Leadership Development Programs
Student Involvement & Leadership provides opportunities (http://www.jwu.edu/content.aspx?id=568) for students to complement their classroom education with the leadership knowledge, skills and abilities necessary to succeed in a competitive workplace and in life.
