This catalog is an official publication of Johnson & Wales University. As such, it and any other publications and policies provided on JWU’s website are subject to revision at any time. The university reserves the right to add, withdraw or revise any course, program of study, provision or requirement described within the catalog as may be deemed necessary. Occasionally, program requirements will vary by the publication date of the catalog. Requirements stated in the edition published closest to the September enrollment date will take precedence.

Students should read and fully understand the rules, requirements and policies described in this catalog. Additionally, all enrolled students are expected to be familiar with the contents of the Providence Campus Student Handbook. The Providence Campus Student Handbook contains important information regarding academic performance and personal conduct of students as well as university grievance procedures. It also outlines the conditions under which students may be placed on probation or suspension from the university. The Providence Campus Student Handbook (http://catalog.jwu.edu/handbook/providence) is available online. Copies of the Providence Campus Student Handbook and this catalog are also available at Student Academic & Financial Services.
Letter from Providence Campus President and Chief Operating Officer

It is my honor to welcome you to Johnson & Wales University’s Providence Campus, the oldest and largest of our four campuses.

Lately, just about every college is talking about experiential education. And that’s because it works. At Johnson & Wales we’ve been perfecting this approach for 100 years. It’s why we’re world renowned for providing students with the optimal blend of intellectual development, industry-focused education, résumé-building work experiences, leadership opportunities and an uncommon depth of career services.

It’s also why both Forbes and U.S. News & World Report rank JWU among the best colleges and universities in the U.S., and why the National Society for Experiential Education conferred upon JWU its highest honor: the 2014 William M. Burke Presidential Award for Excellence in Experiential Education.

In addition, our student services and activities, campus facilities and dedication to the community make the Providence Campus comfortable for all types of students from various backgrounds. In fact, with six colleges and universities within the city and five more throughout Rhode Island, Providence has the highest per capita concentration of college students in the U.S.

Providence is a truly vibrant and cultural city with a small town feel and all the charms of New England. These elements make for an attractive place to live, work and visit. With its plethora of renowned restaurants and close proximity to Rhode Island’s famous beaches, Providence has been listed for four consecutive years by Travel + Leisure magazine as one of America’s Favorite Cities — and was its top pick for 2014.

I’ve been a part of the JWU community since 1988, and am proud of our commitment to educational excellence that inspires professional success and lifelong personal and intellectual growth.

I invite you to visit and learn more about our dynamic campus (http://admissions.jwu.edu/visit_connect) and commitment to excellence.

Sincerely,
Mim L. Runey, LP.D.
Providence Campus President and Chief Operating Officer

About JWU

Founded in 1914, Johnson & Wales University is a private, nonprofit, accredited institution with approximately 16,000 graduate, undergraduate and online students at its four campuses in Providence, R.I.; North Miami, Fla.; Denver, Colo.; and Charlotte, N.C. An innovative educational leader, the university offers degree programs in arts and sciences, business, culinary arts, education, nutrition, hospitality, physician assistant studies, engineering and design. Its unique model integrates arts and sciences and industry-focused education with work experience and leadership opportunities, inspiring students to achieve professional success and lifelong personal growth. The university’s impact is global, with alumni from 119 countries pursuing careers worldwide.

Here’s what makes JWU different.

- Degree programs are designed to provide you with the knowledge and skills employers have identified as necessary in your field of choice. And you don’t have to wait to build your career skills, as you’ll have the opportunity to take courses in your major in your first year.
- Students learn by doing. Faculty, many with industry experience, bring professional knowledge and networking opportunities into small classroom settings.
- JWU’s programs provide opportunities for real-world experience, which can include internships, classroom projects with actual companies and community service learning. You’ll learn industry best practices and train on career-specific tools and software.
- Dedicated faculty and career advisors help you set professional goals and develop an educational plan designed for you to best attain those goals. In addition, specialized workshops help you build your résumé, highlight your skills and develop a portfolio of work to help set you apart.
- You’ll have the opportunity to network with employers who visit campus each year, including career fairs, on-campus interviews and career events geared to your major.
- JWU students intern at nearly 2,000 sites related to their major each year worldwide.
- At least one-third of credits in each JWU program are in the arts and sciences to help you develop the critical thinking, communication and analytical skills necessary for long-term career progression.
- JWU offers 40 study abroad programs and independent exchanges, all of which include study such as lecture, industry visits and cultural excursions. Study Abroad staff members will help you identify programs that best fit your academic and career goals.
- Participation in competitions as a member of DECA, BPA, FCCLA and other nationally recognized student organizations help build leadership, career skills and your résumé.
- Community service is integral to our educational philosophy. Our ongoing commitment to community service has repeatedly earned JWU a place on the President’s Higher Education Community Service Honor Roll.

History of JWU

Johnson & Wales University (JWU) was founded as a business school in 1914 in Providence, R.I., by Gertrude I. Johnson and Mary T. Wales. From its origins as a school devoted to business education, JWU has grown to a junior college, to a senior college, and ultimately to university status.

JWU was accredited in 1954 by the Accrediting Council for Independent Colleges and Schools (ACICS).

In 1963 the State of Rhode Island granted a charter that authorized the university to operate as a nonprofit, degree-granting institution of higher learning and to award associate degrees in accounting, business administration, court reporting and secretarial sciences.

In 1970 the State of Rhode Island approved a revision in the university’s charter allowing it to award baccalaureate degrees as well as associate degrees.

In 1972 and 1973 the university announced the addition of new associate degree programs in the fields of hospitality and culinary arts. This led to additional two- and four-year degree programs in the hospitality and food service fields.

In 1980 the university was granted a legislative charter to replace its previous charter and became authorized to award advanced degrees.

In 1984, a JWU campus was established in Charleston, S.C., which offered a variety of two- and four-year programs in food service, hospitality and travel-tourism. A JWU campus opened in Norfolk, Va., in 1986, offering one- and two-year food service programs.

In 1985, graduate degree programs were introduced at the university, and the university officially changed its name to Johnson & Wales University in 1988.

In 1992, JWU opened a campus in North Miami, Fla. That year also marked the university’s formal establishment of the College of Business, The Hospitality College, the College of Culinary Arts and the School of Technology. A new emphasis on general studies was introduced with the development of the School of Arts & Sciences.

JWU received regional accreditation from the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges (NEASC) in 1993. In that same year, JWU opened a campus in Vail, Colo., which offered an accelerated associate degree program in culinary arts to college graduates. The year also marked the beginning of a four-year bachelor’s degree offering in culinary arts.

From 1994–2004 JWU offered programs at the Institute of Higher Marketing (IHM) Business School in Göteborg, Sweden. This joint educational agreement allowed business and hospitality students to complete one year of study in Sweden and finish their degrees at one of the university’s domestic campuses.

The university consolidated its institutional accreditation efforts under NEASC on June 30, 2000.

September 2000 marked the opening of the Denver, Colo., campus. In 2000, the Vail Campus merged with the Denver Campus.

In 2002, the university made a strategic decision to consolidate its smaller Charleston and Norfolk campuses to build a campus in Charlotte, N.C. JWU’s Charlotte Campus opened in fall 2004. The Charleston and Norfolk campuses officially closed in May 2006.

Beginning with the 2008–2009 academic year, JWU’s College of Business and The Hospitality College eliminated associate degrees and began offering only bachelor of science degrees that allowed students to customize their education. This decision did not impact the College of Culinary Arts and the School of Technology.

In 2009–2010 JWU recruited, admitted and enrolled the entering class for two online bachelor’s degree programs in food service management.

In 2012 the university began offering a degree in counseling psychology, the first bachelor’s degree program offered through the John Hazen White School of Arts & Sciences. This was followed in fall 2013 by the addition of an online bachelor’s degree program in food service management.

In 2015, a JWU collaborative program was announced to allow business and hospitality students to complete one year of study at the IHM Business School in Göteborg, Sweden. This joint educational agreement allowed business and hospitality students to complete one year of study at the IHM Business School in Göteborg, Sweden. This joint educational agreement allowed business and hospitality students to complete one year of study in Sweden and finish their degrees at one of the university’s domestic campuses.

In 2012 the university began offering a degree in counseling psychology, the first bachelor’s degree program offered through the John Hazen White School of Arts & Sciences. This was followed in fall 2013 by the addition of two more arts and sciences degree programs.

That same year, the university restructured into three colleges and three schools: the College of Culinary Arts, the College of Management, John Hazen White College of Arts & Sciences, the School of Engineering & Design, the School of Online & Continuing Education, and the Center for Physician Assistant Studies (to be incorporated into a future School of Health Sciences).

Today the university is offering a variety of new degree programs that reflect the growing industries of tomorrow.

Mission and Guiding Principles

Johnson & Wales University ... an exceptional education that inspires professional success and lifelong personal and intellectual growth

In support of our mission and recognizing the importance of preserving our unique student-centered culture we will be guided by the following principles:

- Undertake continuous improvement and planning for a sustainable future.
• Foster a teaching-focused university that encourages appropriate scholarship and offers relevant programs that maximize student potential.
• Enrich our academic programs with experiential and work-integrated learning.
• Be cost-conscious in our endeavor to provide an affordable private university education and be a good steward of our resources.
• Embrace diversity for a richly inclusive community.
• Model ethical behavior and local, national and global citizenship.
• Value our faculty and staff by investing in their quality of life and professional development.
• Provide facilities, technology and other resources to meet the needs of students, faculty and staff.

Campus Facilities

Providence, Rhode Island

Since its opening in 1914, Johnson & Wales University’s original campus in Providence, R.I., has grown from a small business school to a large, international university featuring business, culinary arts, hospitality, physician assistant, engineering & design and arts & sciences programs.

The City

Providence offers big-city sophistication on a welcoming scale, and is often voted one of the country’s best places to live. A historic yet fast-paced city, Providence is located within the highest per capita concentration of colleges and universities in the U.S., so it’s alive with things to do.

The major business, financial and retail districts of the city are all within walking distance of the Downcity Campus, which is convenient for students looking for part-time jobs. Also within walking distance are the Providence Performing Arts Center, Providence Public Library, Dunkin’ Donuts Center, Rhode Island Convention Center, Trinity Repertory Company, Providence Place Mall, outdoor skating at The Providence Rink at The Alex + Ani City Center, the Rhode Island State House, Rhode Island School of Design, Brown University and places of worship of many major religious denominations. Restaurants for every taste and budget, many owned or operated by JWU alumni, can be found throughout the city as well.

Providence’s unique geographic location — only an hour’s drive from both Boston and Cape Cod, and three hours’ drive from New York City — makes it an inviting place to live. Interstate bus and train stations are within easy reach of the Downcity Campus, and the state airport in Warwick is only about 10 miles to the south.

The Campus

The Downcity Campus is anchored by Gaebel Commons, a popular hub of student activity, and surrounded by a variety of shops, restaurants, cafés, music venues and a picturesque riverfront. This campus is home to students in the College of Management, the School of Engineering & Design, the John Hazen White College of Arts & Sciences and the Center for Physician Assistant Studies.

The nearby Harborside Campus sits on 105 scenic acres along Narragansett Bay, and houses the College of Culinary Arts, the Wildcat Center (home of the NCAA Division III Wildcats), and the Culinary Arts Museum at JWU. Residential facilities are located throughout Providence and Cranston. JWU provides free shuttle bus service between the campuses and residence halls.

University-owned or -operated Practicum Educational Facilities
JWU is in a unique position to offer students experience-based learning in a variety of industry-related businesses. The following practicum educational facilities are owned or operated by JWU and provide students with internships in their field of study.

The RADISSON HOTEL PROVIDENCE AIRPORT, located in Warwick, R.I., near T.F. Green State Airport, offers internships in culinary, restaurant, food service and lodging operations.

Equine students study horse care and management at the CENTER FOR EQUINE STUDIES, a 31-acre JWU-owned facility in Rehoboth, Mass. The facility includes a 32-stall stable, indoor arena with interior observation area, outdoor dressage and jumping rings, all with premium wax footings. Also on the property lies a four acre practice jumping field with wooded trails. The facility is reserved for the university’s exclusive use, with limited space for students to board their own horses.

In SCHOOL OF ENGINEERING & DESIGN LABS including the Alan Shawn Feinstein Center for Technology & Design, students perform graphics, Web, programming, networking, database and other technology-based services for a number of clients.

In UNIVERSITY FINANCE AND ACCOUNTING, accounting students have the opportunity to gain experience in a variety of accounting and financial functions including student payroll, accounts payable, accounting clerk functions in inventory and sales reporting, general ledger, financial reporting and budgeting, and accounting cycle functions.

The food service industry spans a range of operational facilities and outlets. Johnson & Wales University provides a variety of food service outlets that serve as practicum educational facilities for students participating in internships. The spectrum of food service operations varies from high-quantity volume production to specialized coffee and retail outlets. The following are some of the practicum educational facilities available for internships.

CITY BURGER, located at the comer of Chestnut and Pine streets, is the best place to grab a fresh-ground hamburger, hand-cut fries and a milkshake.

HARBOR VIEW at the Harborside Campus is a quantity-food facility. It serves a wide variety of fresh foods daily.

The JOHNSON & WALES COMMISSARY is located in Harbor View at the Harborside Campus. This high-volume professional baking and state-of-the-art cook-chill facility produces desserts and pastries served universitywide.

LIBERTY MARKET, located in The Friedman Center, offers healthy foods and snacks, fresh coffee and pastries, art and school supplies and various residence hall room necessities. It also offers a large selection of juices, energy drinks, frozen entrées, ice cream and favorite snack foods, including vegetarian and organic items, as well as magazines, specialty gift baskets and personal items.

THE MARKET PLACE is located in the John Hazen White College of Arts & Sciences at the comer of Pine and Chestnut streets. It serves great food cooked to order, and features Nature’s Bounty Grill, where all items are sustainable, all-natural or organic.

RED SAUCE PIZZA & PASTA, located in the Harborside Academic Center at the Harborside Campus, is the latest lunch, dinner and late-night dining option. The menu features made-to-order pastas, grilled pizzas, calzones, sandwiches and farm fresh salads.

SNOWDEN DINING CENTER is located on Weybosset Street, and specializes in a variety of grilled and made-to-order items and signature sandwiches.

STARBUCKS® store, operated by Johnson & Wales University pursuant to a license from Starbucks Corporation, is located next to City Burger at the corner of Chestnut and Pine streets. A second Starbucks store is located on the Harborside Campus. Wildcat Cafe is located in The Yena Center. Menu items include coffee, tea and pastry selections.

The WEYBOSSET STREET CAFE, located on the comer of Page and Weybosset streets, is a lounge/study space which offers a specialized limited menu at specific times.

University Library Network
The Johnson & Wales University Library Network is comprised of the libraries of the Providence, R.I.; North Miami, Fla.; Denver, Colo.; and Charlotte, N.C. campuses. An important aspect of the network is the access it provides to resources, services and facilities shared by the Higher Education Library Information Network (HELPIN), a consortium of academic, law and health sciences libraries in southern New England. Johnson & Wales University Library is also a key partner with the university’s academic programs in the enhancement of student research skills through the delivery of classroom instruction, online information literacy tutorials, Web-based guides
customized to the research outcomes of specific courses and curricula, plus personalized reference services delivered to students in person, over the phone, through email, online chat, or SMS. In addition, the library hosts the Scholar’s Archive@JWU (http://scholarsarchive.jwu.edu), an open-access digital commons dedicated to preserving and promoting examples of scholarly or artistic works produced at or belonging to the university.

The main Johnson & Wales University Library facility in Providence occupies the first two floors of The Yena Center at 111 Dorrance Street. It houses the largest of the University Library Network's book, periodical and audiovisual resource collections, as well as the administrative offices of the university dean of libraries. Other resources include access to numerous online databases, computer workstations, group study rooms, private study carrels, soft seating, an electronic classroom and wireless Internet connectivity throughout the facility. Coffee, tea and light snacks can be purchased from the We Proudly Serve café, generally open according to library hours.

During the academic year the library’s hours are Monday through Thursday, 7:30 a.m. to midnight; Friday, 7:30 a.m. to 8 p.m.; Saturday, 10 a.m. to 7 p.m.; and Sunday, 11 a.m. to midnight. Professional reference services are available Monday through Thursday, 8 a.m. to 10 p.m.; Friday and Saturday, 8 a.m. to 6 p.m.; and Sunday, 2 to 10 p.m. Note that schedules are subject to change during exam weeks, term breaks, holidays and over the summer.

Library collections and services at the Harborside Campus are located in The Friedman Center at 321 Harborside Boulevard and primarily support the curricula for the College of Culinary Arts, with ancillary resources available for graduate programs. Like its Downcity affiliate, this facility provides access to online databases, computer workstations, group study rooms and wireless Internet connectivity, as well as numerous books, periodicals and audiovisual resources. In addition, this library holds an important collection numbering in the thousands of restaurant menus from around the world.

Hours of operation during the academic year are Monday through Thursday, 7:30 a.m. to midnight; Friday, 7:30 a.m. to 10 p.m.; Saturday, 8 a.m. to 7 p.m.; and Sunday, 11 a.m. to midnight. Professional reference services are available Monday through Thursday, 8 a.m. to 10 p.m.; Friday, 9 a.m. to 5 p.m.; Saturday, 8 a.m. to 3 p.m. and Sunday, 2 to 10 p.m.

Culinary Arts Museum at Johnson & Wales University

Located in The Friedman Center at 315 Harborside Boulevard on the Harborside Campus, the Culinary Arts Museum at JWU is an educational resource for Johnson & Wales University, the community-at-large, food scholars and the food service industry. The Culinary Arts Museum at JWU seeks to both preserve and interpret the broad culinary and hospitality heritage addressed by the university. It is a showcase for the work of students, faculty, alumni and distinguished visiting chefs. Through exhibitions and special events, the museum strives to interpret the evolution of food preparation and presentation, the development of culinary equipment and technology, the diverse menus offered and the places where people dine.

Since its founding in 1989, the Culinary Arts Museum has acquired several substantial donations and individual gifts which are in need of varying degrees of additional documentation and conservation. Starting May 20, 2013, Johnson & Wales University conducted a comprehensive inventory of the holdings, a collection estimated to be more than 250,000 items.

Computer Laboratories

Johnson & Wales University has computer labs (http://www.jwu.edu/content.aspx?id=6584) available for students to use email, Internet Explorer, Microsoft Office, jwulink and more. Additional labs are available to students enrolled in classes that teach specialty software or technology.

Students must have an active JWU email account to access lab computers. Documents can be saved to student-acquired USB drives or they can be attached to and sent through email. Students cannot save files onto computers in the labs.

Lab locations are

Residence Halls

All halls are coeducational and smoke free. All are cable and Internet ready. During the first two weeks of the fall term, each room is provided with a MicroFridge®, which students may opt to rent for the rest of the year, with the exception of Renaissance Hall, The Cove and Harborside Village, which feature full-size refrigerators. Students are allowed only one MicroFridge per room.

Downcity Campus

The Cove
1 Park Row West, Providence, R.I.
401-680-7780

The Cove is open to sophomores, juniors and seniors and is located Downcity near the train station and a short walk from campus. This hall has two-, three- and four-person apartments which feature gourmet kitchens, stainless steel appliances, granite counter-tops and hardwood floors. Bedrooms are carpeted and a washer/dryer is provided in each apartment unit (no card or coin required). Residents of The Cove are required to agree to abide by a community policy agreement as a condition to residing in The Cove. There is no meal plan included at this hall. Students can purchase Wildcat Meals from Student Academic & Financial Services.

Imperial Hall
15 Hospital Street, Providence, R.I.
401-598-1166

Imperial Hall is a residence facility containing single-, double-, triple- and some quad-occupancy rooms. Single- and double-occupancy rooms on the second and third floors have private baths, at a slightly higher cost than the first floor. The first floor of Imperial offers community bathrooms as well as an on-site kitchen, plus community space on the lower level. It is reserved primarily for upperclassmen. Student parking is not available at this hall.

McNulty Hall
101 Pine Street, Providence, R.I.
401-598-4797

McNulty Hall is located adjacent to The Yena Center (library) at the Pine Street perimeter of Gaebe Commons. McNulty houses first-year engineering & design, business, hospitality, arts & sciences and culinary arts students, and features double-, triple- and quad-occupancy rooms, all of which are air conditioned and have private baths. McNulty also features laundry rooms and a variety of common areas for study and recreational use. Student parking is not available at this hall, although private parking is available from vendors in nearby lots.

Renaissance Hall
101 Cedar Street, Providence, R.I.
401-598-2800

Renaissance Hall is located at the corner of Dean and Cedar streets, near the historic Federal Hill section of Providence. Renaissance houses first-year, international and upper-class students. Located on a regular university bus route, it is close enough to classes that many students choose to walk together to class. This facility provides suite-style living with primarily four residents in each unit. Equipped with kitchens and private baths, this facility also maintains a recreation room and study rooms, as well as a laundry room. Limited university student parking is available through a lottery process for upperclassmen. There is no meal plan included at this hall. Students can purchase Wildcat Meals from Student Academic & Financial Services.

Snowden Hall
32 Page Street, Providence, R.I.
401-598-1025

Snowden Hall, available at a slightly higher cost, contains double-, triple- and quad-occupancy rooms with private baths and air conditioning. Residents of this hall are a mix of first-year and upperclassmen. It also houses a dining
center featuring grilled-to-order items and signature sandwiches. Student parking is not available at this hall.

**Xavier Hall**
60 Broad Street, Providence, R.I.
401-598-1496

Xavier Hall, adjacent to the Xavier Academic Complex, has a limited number of single-occupancy rooms for upperclass students, and double-, triple- and quad-occupancy rooms available for first-year students. Student parking is not available at this hall.

**Harborside Campus**

**EAST HALL (401-598-1189)**
**WEST HALL (401-598-1155)**
**SOUTH HALL (401-598-4720)**

2 Washington Avenue, Providence, R.I.

East, West and South halls are neighboring residence halls located on the Harborside Campus near academic and student service facilities. Primarily for culinary and baking & pastry arts students, rooms in East Hall and South Hall house four residents. West Hall offers triple rooms. Each hall has community bathrooms, a laundry room, study room and recreation room. University student parking is available to all with a valid sticker.

**Harbor View**
1150 Narragansett Boulevard, Cranston, R.I.
401-598-1154

Harbor View is located on the Cranston-Providence line and overlooks Narragansett Bay. It is within walking distance of the Harborside Campus. Harbor View contains triples and some quads with private baths, as well as a dining center, recreation room with a large-screen TV, and study room. It is reserved for upperclassmen and some first-year students. There is limited parking available.

**Harborside Village**
100 Harborside Boulevard, Providence, R.I.
401-808-6000

Open to juniors and seniors, Harborside Village is comprised of 12 individual buildings with 12 four-person apartment units in each. Apartments are fully furnished and feature four single, private bedrooms; two private bathrooms; an eat-in kitchen; a common room; and a washer/dryer unit (no card or coin required). An on-site community building houses village resident mailboxes, a function room, a game room and the community management office. Parking is available through a lottery process. Residents of Harborside Village are required to agree to abide by a community policy agreement as a condition of residing in Harborside Village. There is no meal plan included at this hall. Students can purchase Wildcat Meals from Student Academic & Financial Services.

**Centennial House**
135 Norwood Avenue, Cranston, R.I.

Centennial House, located a short distance from the Harborside Campus and open to sophomores and juniors, is a nontraditional housing option, different from that of a residence hall. Opened in 2013, Centennial House houses approximately 35 residents in a cooperative-style living environment focused on self-governance and community service.

**Campus Dining Services**

JWU is in a unique position to provide students with quality food service. Culinary arts and hotel students, as part of their laboratory training, are available through a lottery process. Residents of Harborside Village are required to agree to abide by a community policy agreement as a condition of residing in Harborside Village. There is no meal plan included at this hall. Students can purchase Wildcat Meals from Student Academic & Financial Services.

**Providence Campus**

**The State of Rhode Island has chartered Johnson & Wales University as a nonprofit degree-granting institution of higher learning.**

**North Miami Campus:** JWU is licensed by the Commission for Independent Education, Florida Department of Education. Additional information regarding the institution may be obtained by contacting the Commission at 325 West Gaines Street, Suite 1414, Tallahassee, FL 32399-0400; toll-free phone: 888-224-6684.

**Charlottesville Campus:** The University of Virginia has licensed JWU under the Degree Authorization Act to offer instruction leading to the award of credits and/or degrees in Colorado.

**Providences and Denver Campuses — B.S. in Culinary Nutrition Program:** The Providence Campus and Denver Campus Culinary Nutrition programs are accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), 120 South Riverside Plaza, Suite 2000, Chicago, IL 60606-6995; phone: 312-899-0040, ext. 5400. The Providence Campus and Denver Campus Didactic Programs in Dietetics (DPD) meet the standards of education set by ACEND.

**Providences and Denver Campuses — M.S. in Physician Assistant Studies:** The Accreditation Review Commission on Education for the Physician Assistant (http://www.arc-para.org) (ARC-PA), the accrediting agency that defines the standards for PA education within the territorial U.S., has granted Accreditation-Provisional status to the Physician Assistant Studies Program at Johnson & Wales University. This status indicates that the plans and resource allocation for the proposed program appear to demonstrate the program’s ability to meet the standards for PA education within the territorial U.S., thereby enabling the institution to offer instruction leading to the award of credits and/or degrees in Colorado.

**Accreditations and Approvals**

Johnson & Wales University (JWU) is accredited by the New England Association of Schools and Colleges Inc. (NEASC), through its Commission on Institutions of Higher Education. This accreditation encompasses the university’s four campuses in Providence, R.I.; North Miami, Fla.; Denver, Colo.; Charlotte, N.C.; and its online programs. Inquiries regarding JWU’s accreditation status should be directed to the Office of the Provost, Johnson & Wales University, One Weybosset Hill, Sixth Floor, 33 Broad Street, Providence, RI 02903; phone: 401-598-1410. Individuals may also contact:

Legal control is vested in the Board of Trustees of Johnson & Wales University. The university is authorized under federal law to enroll nonimmigrant alien students.

JWU is listed in the Education Directory of Colleges & Universities issued by the U.S. Department of Education. JWU, its faculty, and members of the administrative staff hold affiliation with numerous organizations.

Johnson & Wales University will make available for review to any enrolled or prospective student, upon request, a copy of the documents describing the institution’s accreditation, approval or licensing. This information, as well as contact information for accreditors, may be obtained by contacting the Associate Provost for Planning and Institutional Effectiveness, Office of the Provost, Johnson & Wales University, One Weybosset Hill, Sixth Floor, 33 Broad Street, Providence RI 02903; phone: 401-598-1359.

**Providences and Denver Campuses — B.S. in Culinary Nutrition Program:** The Providence Campus and Denver Campus Culinary Nutrition programs are accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), 120 South Riverside Plaza, Suite 2000, Chicago, IL 60606-6995; phone: 312-899-0040, ext. 5400. The Providence Campus and Denver Campus Didactic Programs in Dietetics (DPD) meet the standards of education set by ACEND.

**Providences and Denver Campuses — M.S. in Physician Assistant Studies:** The Accreditation Review Commission on Education for the Physician Assistant (http://www.arc-para.org) (ARC-PA), the accrediting agency that defines the standards for PA education within the territorial U.S., has granted Accreditation-Provisional status to the Physician Assistant Studies Program at Johnson & Wales University.

About Provisional Status: Accreditation-Provisional is an accreditation status. The status indicates that the plans and resource allocation for the proposed program appear to demonstrate the program’s ability to meet the ARC-PA Standards, if fully implemented as planned. Accreditation-Provisional does not ensure any subsequent accreditation status. It is limited to no more than five years from matriculation of the first class. Successful graduates will receive a Master of Science in Physician Assistant Studies (MSPAS) from JWU and will be qualified to take the Physician Assistant National Certification Exam (PANCE) that is required for licensure as a physician assistant.
Online Campus: Johnson & Wales University offers online B.S. and Master’s degree programs in business and hospitality and is required to publish information regarding certain state approvals of these programs.

Johnson & Wales University is registered as a private institution with the Minnesota Office of Higher Education pursuant to sections 136A.61 and 136A.71. Registration with the Minnesota Office of Higher Education is not an endorsement of the institution. Credits earned at the institution may not transfer to all other institutions.

The South Carolina Commission on Higher Education, 1122 Lady Street, Suite 300, Columbia, SC 29201 (phone: 803-737-2260), licenses Johnson & Wales University to recruit South Carolina students into its programs. Licensure indicates only that minimum standards have been met; it is not an endorsement or guarantee of quality.

Student Complaint Process for Online Students: If you are enrolled as an online student and you have a complaint or grievance that cannot be resolved through Johnson & Wales University’s complaint and grievance process, you may file a complaint with the state in which you reside by referring to the following list of State Agencies (http://www.jwu.edu/uploadedFiles/Documents/Policies_and_Procedures/JWUState-by-StateInformationforOnlineStudentComplaintProcess.pdf).

Applied Psychology - BS

The Psychology bachelor’s degree program offers students the opportunity to learn about and understand the complex relationships between human behavior and the world in which we live. Grounded in experiential learning and emphasizing awareness, understanding and appreciation for diversity, culture and global perspectives, this degree incorporates career-related knowledge, skills and abilities that prepare graduates for lifelong learning and professional success.

After taking foundational courses during the first year of the program, students choose one of two areas of emphasis to focus their studies. In Applied Psychology, students pursue advanced work that applies psychological concepts, theories and practice to the real world. This combination of theory and practical application prepares graduates to identify, address and engage everyday personal, professional and societal opportunities and challenges.

Upon completion of the program, graduates are expected to:

• Apply key concepts, theories and research findings in the discipline of psychology to understanding, explaining and evaluating human behavior in both real-world and experimental settings.
• Critically think and problem solve in an empirical manner as evidenced by the ability to use the scientific method, evaluate research findings, conduct applied research and use results to address challenges in the workplace and society at large.
• Exhibit ethically and socially responsible behavior in professional settings through an understanding of needs of diverse individuals in complex multicultural global environments.
• Demonstrate written, oral and interpersonal communication skills required of psychology professionals.
• Define and adopt a professional identity, as well as appreciation and commitment to on-going professional development, as evidenced by applying discipline-specific content to career goals, self-efficacy and self-regulation, project management, teamwork, and collaboration skills.

All Psychology students enroll in a required minor in either Applied Research or General Business. This focus complements major course work, providing students with marketable skills in research design, survey instrument construction, data analysis, critical evaluation or modern business practices that employers need to make decisions.

A required internship experience enables students to use material learned throughout the program in research or work settings, adding to their résumé and contributing to career employment possibilities. Grounded in a strong scientific foundation, graduates are ready for careers in a wide range of business, nonprofit and government occupations, as well as graduate-level education.

In addition to classes, free elective credit can be applied to a number of options such as Directed Experiential Education (DEE), Internship, Minor or Study Abroad. Students are strongly encouraged to contact an adviser before scheduling free elective credits.

NOTE: Students must pass MATH0010 Basic Mathematics or have equivalent placement scores to enroll in required math course(s).

Students who graduate with a bachelor of science degree must leave Johnson & Wales University with effective writing skills. These writing skills will be assessed at the completion of ENG1021 Advanced Composition and Communication.

In collaboration with schools and colleges on all campuses, JWU Study Abroad programs offer a variety of options for major, Arts & Science and elective credit at many price points for students during the academic year and summer. Financial aid is applicable to most programs. Visit the study abroad website (http://studyabroad.jwu.edu) for information, program descriptions and online applications.
Counseling Psychology - BS

The Counseling Psychology bachelor's degree program prepares students for careers as case/program workers and managers and aides who assist counselors in resolving clients' personal, family, educational, mental health or work-related issues. Graduates of this program may pursue employment in the public or private sectors working in educational settings, private agencies, hospitals, rehabilitation centers or in nonprofit organizations.

Upon completion of this program, graduates are expected to demonstrate knowledge of the theoretical frameworks in counseling, professional and ethical practices, social and cultural diversity, human growth and development, career development, helping relationships, group work, assessment and research.

Upon completion of the program, graduates are expected to:

- Delineate the historical nature of psychology as well as the bio-psychosocial and developmental determinants of behavior.
- Practice effectively within the following core counselor practice domains: use of counseling strategies and techniques, client assessment, case management, treatment planning, addictions counseling, community resource utilization, job development and placement, vocational counseling, research application and ethical counseling.
- Identify, implement and evaluate the various frameworks for ethical appraisal of the individual, including use of methods of data gathering and interpretation, statistical concepts, individual and group testing, case studies, historical perspectives, and individual differences from multicultural and ethnic contexts.
- Employ basic scientific research methods to analyze and critique assumptions, examine available evidence including (but not limited to) statistical analysis, theorize, conduct ethical, representative, and viable research and draw logical conclusions in an attempt to identify and/or resolve a specific problem.
- Identify the nature and needs of diverse individuals in a multicultural society, demonstrating appropriate sensitivity to needs of these populations in applying psychological theory, employing research methodology, and in making referrals for mental health treatment.
- Examine the development, ethical issues and theoretical approaches to group counseling including defining and appraising group counseling theories, group therapy techniques, group purpose, group development and group dynamics.
- Develop criteria, skills and strategies for providing effective crisis intervention, de-escalation of conflict, and conflict resolution in crisis situations
- Apply ethical principles while dealing with clients within the counseling psychology profession.
- Evaluate and describe the philosophy, mission, programs and services of various human service providers as well as to demonstrate the ability to make appropriate individual referrals to said human service agencies.
- Function professionally in a supervised clinical experience that will prepare them to employ effective counseling practices while developing an understanding of the inner workings of public and/or private mental health and related human service agencies.

Courses are selected to provide students with a broad foundation of knowledge concerning human thoughts, emotions and behaviors. The program features a significant number of psychology courses that address both the biological and psychological motivations for certain behaviors. Sociology courses also play a major role in providing an understanding of the social environment. Students are also required to take three additional counseling classes in lieu of the internship class, CSLG4099 Internship in Counseling Psychology.

In addition, students are expected to use the American Counseling Association (ACA) Code of Ethics and Standards of Practice as a guide for ethical behavior throughout the program.

PLEASE NOTE: A master of science degree is usually required for licensed positions as professional mental health counselors, marriage and family counselors and social workers. At completion of the bachelor's degree program in Counseling Psychology, students may also choose to pursue a Master of Science degree in Counseling. The bachelor of science degree program prepares students for entry-level case/program workers and managers and aide positions who assist licensed counselors.

Criminal Justice - BS

The Criminal Justice bachelor's degree program prepares students for professional careers in the field of criminal justice. Through this course of study, students are expected to acquire the communication, logic, critical thinking, and ethical reasoning skills essential for both the understanding of complex global and domestic criminal justice issues and for effective career performance and progression.

Upon completion of the program, graduates are expected to:

- Explain the historical backgrounds, agencies, professions, purposes, functions and administration of the American criminal justice system.
- Analyze, evaluate and apply social science research methods to complex issues within the criminal justice system.
- Apply criminological theories and causes of crime, and appropriate methods of control and prevention of criminal behavior to situational contexts within the American criminal justice system.
- Explain the complex responsibilities, procedures and policies of law enforcement agencies operating in the American criminal justice system.
- Critically evaluate evidence used to support criminal justice issues and generate appropriate recommendations.
- Explain conflicts that arise in diverse communities in relation to criminal justice administration.

The program’s judicious mix of Criminal Justice and Arts & Sciences courses is intended to develop and enhance each student’s critical thinking and effective communication skills, as well as their appreciation for diversity, citizenship, leadership and public service. In keeping with the unique curriculum and varied career opportunities available to graduates of the Criminal Justice program, students are encouraged to take advantage of available internship, study abroad and elective course opportunities that target their specific interests and goals.

Graduates of the program are prepared for a wide variety of criminal justice employment at the local, national and federal levels including careers in court administration, private investigation, airport security and social services, or as a federal agent, police officer or border patrol agent, among many others.

Criminal Justice - CERT

The Certificate in Criminal Justice offers students an opportunity to explore this area of study or to build on existing skills and education in the criminal justice career field. The courses survey the major components of American criminal justice including law enforcement, the court system and corrections. Opportunities in these fields are expanding in response to heightened national security and increased focus on corporate accountability.

The Criminal Justice certificate program can benefit established professionals who may already have a degree but want to enhance their understanding of criminal justice systems and issues, as well as students interested in learning some basic principles of the field.

Completers of the certificate program will have enhanced knowledge and skills in the practices and components of the criminal justice system. All credits successfully earned in the certificate program can be applied towards a Bachelor of Science Degree in Criminal Justice.

**NOTE:** Students who enroll in this certificate program are ineligible for financial aid. Contact the Financial Planning office for options.

Liberal Studies - BS

Through the required and elective courses in the Liberal Studies bachelor’s degree program, students acquire knowledge and experience in the arts, cultural studies, history, philosophy, the behavioral sciences, math and science. With a required minor in either business or technology, students are prepared to enter the workforce in business, nonprofit, government, and arts and cultural organizations. The degree also prepares them for further graduate studies. In addition, the program includes experiential learning through an internship, service learning and an optional study abroad.

Key differentiators of the JWU Liberal Studies degree program include a requirement that students complete a minor in business or technology, the inclusion of a heightened form of experiential learning, and in-depth advising in fulfillment of the mission. The required minor is intended to assure that students have an introduction to a profession or set of professional skills prior to program completion.

Upon completion of the program, graduates are expected to:

- Apply oral and written rhetorical strategies to communicate complex arguments.
- Apply appropriate disciplinary criteria to examine complex issues, analyze arguments, conduct credible research, solve problems, make ethical decisions and create original ideas and/or approaches.
- Synthesize and apply knowledge from multiple perspectives to evaluate complex issues and address real-world problems.

Arts & Culture Track:

- Exhibit advanced knowledge of the complexities of human culture.
- Critically examine and interpret human expression using the theories and methods of various disciplines, such as history, sociology, philosophy, literature and the arts.

Science & Society Track:

- Apply mathematical and scientific reasoning to social problems.
- Exhibit advanced knowledge of the social systems that structure human existence.
- Critically examine and interpret human behavior using the theories and methods of various disciplines, such as economics, sociology, psychology, political science and the natural sciences.

Organizational Psychology - BS

The Psychology major offers students the opportunity to learn about and understand the complex relationships between human behavior and the world in which we live. Grounded in experiential learning, and emphasizing awareness, understanding and appreciation for diversity, culture, and global perspectives, this degree incorporates career-related knowledge, skills and abilities that prepare graduates for lifelong learning and professional success.

After taking foundational courses during the first year of the program, students choose one of two areas of emphasis to focus their studies. In Organizational Psychology, students focus on the application of psychological concepts, theories and research in the workplace. Emphasizing innovation, worker productivity, interpersonal interaction, organizational culture and change management in diverse settings, students gain practical skills and knowledge to positively impact the contemporary work environment.

Upon completion of the program, graduates are expected to:

- Apply key concepts, theories and research findings in the discipline of organizational psychology to understanding, explaining and evaluating human behavior and industrial organizational processes in both real-world and experimental settings.
- Critically think and problem solve in an empirical manner as evidenced by the ability to use the scientific method, evaluate research findings, conduct applied research and use results to address challenges in the workplace and society at large.
- Exhibit ethically and socially responsible behavior in industrial settings through an understanding of needs of diverse individuals in complex multicultural global environments.
- Demonstrate written, oral and interpersonal communication skills required of organizational psychology professionals.
- Define and adopt a professional identity, as well as appreciation and commitment to on-going professional development, as evidenced by applying organizational psychology-specific content to career goals, self-efficacy and self-regulation, project management, teamwork, and collaboration skills.

All Psychology students enroll in a required minor in either Applied Research or General Business. This focus complements major course work, providing students with marketable skill sets in research design, survey instrument construction, data analysis, critical evaluation or modern business practices that employers need to make decisions.

A required internship experience enables students to use material learned throughout the program in research or work settings, adding to their résumé and contributing to career employment possibilities. Grounded in a strong scientific foundation, graduates are ready for careers in a wide range of business, nonprofit and government occupations, as well as graduate-level education.

Psychology

The Psychology program offers students the opportunity to learn about and understand the complex relationships between human behavior and the world in which we live. Grounded in experiential learning and emphasizing awareness, understanding and appreciation for diversity, culture and global perspectives, this program incorporates career-related knowledge, skills and abilities that prepare graduates for lifelong learning and professional success.

After taking foundational courses during the first year of the program, students declare a major in either Applied Psychology or Organizational Psychology to focus their studies. Students may also consider a change to the B.S. in Counseling Psychology but will need to work closely with an academic advisor to schedule courses required in the first year of this program.

In the B.S. in Applied Psychology program, students pursue advanced work that applies psychological concepts, theories and practice to the real world. This combination of theory and practical application prepares graduates to identify, address and engage everyday personal, professional and societal opportunities and challenges.

In the B.S. in Organizational Psychology program, students focus on the application of psychological concepts, theories and research in the workplace. Emphasizing innovation, worker productivity, interpersonal interaction, organizational culture and change management in diverse settings, students gain practical skills and knowledge to positively impact the contemporary work environment.

All Applied and Organizational Psychology students are required to declare a minor in either Applied Research or General Business. This focus complements major course work, providing students with marketable skill sets in research design, survey instrument construction, data analysis, critical evaluation or modern business practices that employers need to make decisions.

College of Culinary Arts

- **Associate in Science (A.S.) Degree**
  - Baking & Pastry Arts (p. 33)
  - Culinary Arts (p. 34)
Baking & Pastry Arts - AS

The associate degree program in Baking & Pastry Arts provides students with practical education in baking and pastry production, while developing professionalism and excellence in academic achievement. Hands-on training is paired with academic courses resulting in a curriculum that is both dynamic and directly aligned with industry needs.

Upon completion of the program, graduates are expected to:

- Utilize multiple classical and contemporary cooking and baking techniques to prepare, produce, and present baked products, pastries, and desserts
- Perform the skills and techniques of professional artisanal bread baking and viennoiserie
- Apply FDA recommended food safety and sanitation principles to food and beverage products, tools and equipment used throughout the flow of the food and beverage operation
- Implement cost control measures to track goods, services and costs through the cycle of cost control and to evaluate revenue and expenses and their effect on profitability
- Communicate professionally and exhibit appropriate decision making skills with respect for individual and team diversity as it applies to the food service industry

First-year Baking & Pastry Arts students rotate through two terms of hands-on laboratory classes. Emphasis is placed on skills development and techniques of combining basic ingredients to produce pastries, breads, cakes, frozen desserts, and chocolates. Second-year laboratories emphasize advanced techniques in the preparation and production of cakes, entremets, artisan breads, plated desserts and sugar work.

The baking and pastry lab experience is complimented by a sound general education core and professional studies which include food and beverage cost control, nutrition, and a food safety course that, upon successful completion, results in a Food Safety Manager certification recognized by the Conference for Food Protection.

Baking & Pastry Internship

Associate degree students will participate in one term of experiential education which allows students to participate in food service operations in preparation for future careers. Possible sites include university owned or operated practicum educational facilities, hotels, restaurants, country clubs, resorts, casinos, spas and contract food service providers. Eligibility requirements for certain sites include a 2.75 cumulative GPA and completion of all prerequisite coursework. International internship opportunities at host company sites throughout the world may also be available for students who have met specific college eligibility requirements, have a minimum of one year work experience in a full-service restaurant, hotel or resort, and who maintain a 3.25 cumulative grade point average.

Johnson & Wales University
Culinary Arts - AS

The associate degree program in Culinary Arts provides students with practical education in food production, while developing professionalism and excellence in academic achievement. Students progress through a program of study that builds proficiency in food production and cooking, cost control, nutrition, food safety and sanitation. Hands-on training is paired with traditional academic courses resulting in a curriculum that is both dynamic and directly aligned with industry needs.

Upon completion of the program, graduates are expected to:

- Execute professional cooking techniques and skills needed to produce, present and serve quality food and beverages utilizing ingredients and flavor profiles of the major world cuisines
- Apply sound nutritional practices related to healthful cooking by incorporating traditional ingredients and adapting classical and contemporary techniques to yield products that meet universal recognized federal and private dietary recommendations
- Apply FDA recommended food safety and sanitation principles to food and beverage products, tools and equipment used throughout the flow of the food and beverage operation
- Implement cost control measures to track goods, services and costs through the cycle of cost control and to evaluate revenue and expenses and their effect on profitability
- Communicate professionally and exhibit appropriate decision making skills with respect for individual and team diversity as it applies to the food and service industry

The focus of the first-year culinary lab classes is the development and practice of cooking skills, baking, dining and beverage service skills, which includes national certification in alcohol intervention procedures. Second-year laboratories include advanced techniques in classical and international cuisines, garde manger, patisserie/dessert and dining room.

The culinary lab experience is complemented by a sound general education core and professional studies which include menu planning and cost control, nutrition and a food safety course that, upon successful completion, results in a Food Safety Manager certification recognized by the Conference for Food Protection.

Culinary Internship

Teaching Assistant and Fellow Scholarship Program

Each year, administrators at the College of Culinary Arts, in conjunction with the administration of university-owned or -operated practicum educational facilities, select teaching assistant candidates from among the top students of the graduating class in the Culinary Arts and Baking & Pastry Arts associate degree programs. Students who are continuing their education at the university as teaching assistants must be enrolled in a day school program. Qualified teaching assistants may advance to fellow during their senior year. These opportunities allow students to help defray the costs of advanced study while developing their supervisory/management skills.

Computing Technology Services - AS

This two-year associate degree program focuses on the technical and computer skills required by entry-level technology support positions. At the same time, the curriculum recognizes that technical skills are not the only requirement for technical support professionals. The appropriate balance of business, people and technical skills is vital to the success of today’s information technology support professional. Therefore, the curriculum has been expressly designed to also ensure individuals have the necessary oral, written and critical thinking skills to help them with their professional responsibilities.

Upon completion of the program, graduates are expected to:

- Apply knowledge of math, science, engineering, and contemporary developments in technology to support the use of technology within a functional organization
- Use critical thinking and problem solving to identify, analyze and utilize appropriate help desk processes to resolve user issues
- Demonstrate customer service skills within a support environment through effective communication reflecting ethical considerations and global awareness
- Use techniques, skills, and modern tools including metrics and benchmarks necessary for technical services best practices

Courses include substantial hands-on work with software and hardware commonly used in business environments today, with the successful associate candidate prepared to sit for obtaining both A+ certification and Microsoft Office Specialist certification. Students also work hands-on with software and hardware specifically related to the support function, becoming familiar with common support software and tools.

Upon successful completion of this program students may seek employment in entry-level positions such as help desk analyst, software support specialist, computer use support specialist, and call center specialist in a variety of business settings. Students may continue their studies with junior-year status in the university’s bachelor of science degree program in Information Science.

### Four-Year Options:

- Information Science (http://catalog.jwu.edu/programsofstudy/engineering-design/information-science-bs)
Information Science - BS

The Information Science bachelor's degree program complements a variety of associate degree programs to allow students greater flexibility in choosing a career in which computer technology plays an integral part.

Students build upon the knowledge they have acquired in their associate degree programs, integrating that knowledge with the information science fundamentals of information storage, retrieval, manipulation, transmission, communication, presentation and analysis. Students also study the computer's impact on business and industry.

Upon completion of the program, graduates are expected to:

• Apply knowledge of math, science, engineering, and contemporary developments in the field of information systems to assess, advise and specify process engineering and re-engineering.

• Integrate historical context and emerging developments in the fields of information systems to create adaptable and efficient solutions in the context of modern business.

• Contribute to decisions involving business and information systems by generating solutions that reflect field specific terminology, industry best practices, ethical considerations, and global and community awareness.

• Employ information systems processes to identify and analyze problems, construct prototypes, and formulate, implement and test solutions that meet required specifications.

• Integrate knowledge, tools and problem-solving skills to participate in the implementation and maintenance of business and information systems.

As entering technology professionals within industry and the public sector, students require knowledge of the particular industry in which they seek careers. In the Information Science bachelor’s degree program each student, with the guidance of his/her faculty advisor, selects three (3) application domain courses relevant to his/her career goals from any college or school within the university. This provides a foundation for the student to learn how to apply information systems in support of organizational value.

Under the supervision of a faculty advisor, seniors complete a technology solo project that involves designing, building, implementing or researching a technology-based problem related to his or her degree program.

Students graduating from the program may enter the field of information technology as entry-level systems or business analysts, systems modelers or systems designers within the private or public sector.

Accounting - BS

The Accounting bachelor's degree program prepares students for the wide range of career opportunities available to accounting professionals. Students in the program receive a solid foundation in accounting theory and practice as well as in the areas of business, communications and general studies.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of the accounting profession.
- Communicate effectively to diverse audiences, purposes and situations through a variety of professional methods required in the field of accounting.
- Use decision-support tools to solve problems and facilitate organizational processes.
- Identify, analyze and resolve ethical issues related to accounting decisions.
- Identify and analyze global business issues and transactions and apply the appropriate accounting technical skills necessary to address issues and record transactions.

Students completing the program are well positioned for entry-level opportunities in public accounting firms and similarly challenging opportunities in private, governmental and nonprofit organizations. Positions include staff accountants, cost accountants, tax accountants and auditors.

Students wishing to satisfy the 150 Hours of College Education requirement, now required in many states before being allowed to take the Uniform Certified Public Accountants Examination, may achieve this objective and at the same time earn a master's degree by applying for acceptance to the university's MBA program at the end of their junior year. Acceptance will be granted provided the student receives the recommendation of two undergraduate faculty members, successfully completes an interview process, fulfills the requirements for the bachelor of science degree and meets the minimum GPA requirement.

To maximize the benefits of choosing electives, and because of different state requirements, students desiring to sit for the Uniform Certified Public Accountants examination are urged to contact their faculty advisor early in the program.

Students who maintain at least a 2.75 grade point average may have the opportunity to participate in internship opportunities either on or off campus. By participating in an internship, students receive professionally focused experience by performing accounting functions for various departments within the university and organizations outside the university, and may graduate with experience in such areas as accounts payable, accounts receivable and general ledger.

Business Administration - BS

The Business Administration bachelor's degree program provides a balanced combination of required core courses to ensure students can achieve a solid business and general studies education, and electives to inspire students to customize their program to best fit their unique interests.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of business administration.
- Communicate effectively to diverse audiences, purposes and situations through a variety of professional methods within business administration.
- Use decision-support tools to resolve contemporary business issues using ethical business practices.
- Solve business problems by generating alternatives and justifying decisions using qualitative and quantitative methods.
- Propose and defend business positions integrating the effects of current global forces on the business environment.

This program’s business-related core builds a solid foundation by exposing students to relevant areas of accounting, economics, information technology, business law, finance, marketing and management. Arts and sciences courses also provide opportunities for students to acquire the skills important for professional success and lifelong personal and intellectual growth.

Students also tailor their degree by working with a faculty advisor to select 45 credits of electives. In doing so, students have the freedom to choose from extensive options to best suit their goals. For example, students can pursue internships, directed work experiences, and/or study abroad credits to prepare for a more specific career.

Business Studies - BS

The Business Studies bachelor's degree program offers a general business education to individuals already holding an associates degree or equivalent in any field. Earning the bachelor's degree will generally require two additional years of study.

The program’s coursework builds a basic foundation by exposing students to relevant areas of accounting, business law, economics, information technology, marketing and management. Students also tailor their degree by selecting a focus area that best suits their unique goals. Potential focus areas may include operations management, human resources, international business, marketing and entrepreneurship. Students also take courses through the College of Arts & Sciences to help ensure they acquire skills important for professional success and lifelong personal and intellectual growth.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of business administration.
- Communicate effectively to diverse audiences, purposes and situations through a variety of professional methods within business administration.
- Use decision-support tools to resolve contemporary business issues using ethical business practices.
- Present alternative solutions to business problems.
- Identify and analyze the effects of global forces within the business environment.

Upon graduation, students may navigate into one of many industries. In addition to gaining the general business competencies and skills desired by employers, students may use their Business Studies focus area and/or associate degree education and training to position themselves for unique careers of interest.

Hotel & Lodging Management - BS

The Hotel & Lodging Management bachelor’s degree program focuses on best industry leadership practices for both global operations and strategic management excellence in hotels and related management companies. Activities may relate to commercial overnight accommodations of all types including, but not limited to, hotels, resorts and such specialized lodging properties as boutique hotels, country inns and bed-and-breakfasts.

Upon completion of the program, graduates are expected to:

• Apply the major concepts, skills and values of the hotel and lodging industry to address industry problems both locally and globally.
• Communicate professionally in all aspects of the hotel and lodging industry.
• Use decision-support tools to solve problems and facilitate organizational processes within the hotel and lodging industry environment.
• Maximize resources to promote sustainable operations through ethically responsible decision making.
• Perform effectively as a global manager in the multinational hospitality industry.
• Apply financial reasoning and performance analysis to evaluate issues in the hotel environment.

This degree program prepares graduates for employment in operational service management and professional staff positions as well as such higher-level positions, ultimately, as general managers and corporate leadership at the regional, national and international levels. Possible career tracks include front-of-the-house management, sustainable environmental management, revenue management, asset management, marketing and brand management, international property development, and food and beverage management. Affiliated activities consist of concierge services, sales and guest service, meeting and event planning, spa/resort and vacation ownership, residential living, consulting, and human resource management within hospitality industry properties.

As part of the program, all students complete a mandatory internship as well as an international cultural experience.

Organizational Risk and Cyber Security Management - BSBA

The Bachelor of Science in Business Administration (B.S.B.A.) in Organizational Risk and Cyber Security Management degree program is designed to provide graduates with strong management and risk management foundations in this rapidly growing field. The demand for professionals competent in risk assessment and mitigation is driven by activities that disrupt normal operations, including fraud, information theft, computer hacking, workplace violence, terrorism and economic crime.

This program teaches organizational risk management as a necessary component of daily business operations. Students learn about the latest issues and concerns within the field while completing course work in risk, business management, cyber security, law, accounting and human resource management.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of business administration.
- Communicate effectively to diverse audiences, purposes and situations through a variety of professional methods within business administration.
- Use decision-support tools to resolve contemporary business issues using ethical business practices.
- Develop plans for risk recovery including communication protocols to react to natural disasters, foreign and domestic terrorism, cyber security breaches, and internal and external threats.
- Analyze events, assess organizational readiness and develop counter-measures to maintain business continuity.

Restaurant, Food & Beverage Management - BS

The Restaurant, Food & Beverage Management bachelor’s degree program provides a unique combination of culinary skills and hospitality management. The focus is on current restaurant and food service management industry topics. The program also develops proficiency in the area of beverage management. Other areas of study include critical thinking, financial analysis, industry technology, social media, leadership and customer awareness to prepare students for a management career in the food service industry. According to the National Restaurant Association, the food and beverage industry is the largest U.S. employer besides the government.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of the restaurant, food and beverage profession to address industry problems both locally and globally.
- Communicate effectively to diverse audiences, purposes and situations in the restaurant and food and beverage operations.
- Use decision-support tools to solve problems and facilitate organizational processes within the food and beverage environment.
- Integrate current industry technologies in all aspects of food and beverage management.
- Attain relevant industry recognized certifications.
- Integrate industry specific knowledge and skills in managing food and beverage operations.

This program includes a unique experience-based rotational internship experience at a Johnson & Wales-owned facility, or at one of JWU’s partner properties.

Value-added certifications within the degree include an industry-recognized responsible alcohol service certification, the national sanitation certification (a graduation requirement), recognized by the Conference for Food Protection.

The focus is on current restaurant and food and beverage industry technology, social media, leadership and customer awareness to prepare students for a management career in the food service industry. According to the National Restaurant Association, the food and beverage industry is the largest U.S. employer besides the government.

Tourism & Hospitality Management - BS

The Tourism & Hospitality Management bachelor's degree program provides a broad-based option for students, incorporating the hotel, travel-tourism and food segments of the hospitality industry with special focus given to travel-tourism.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of the tourism and hospitality industry.
- Communicate effectively to diverse audiences, purposes and situations in the travel and hospitality industry.
- Use decision–support tools to solve problems and facilitate organizational processes in the travel and hospitality industry.
- Identify, analyze and apply critical thinking using industry trends to enhance the guest experience.
- Produce travel and tourism plans that have the potential to maximize the positive effect of tourism on a destination.

This program places an emphasis on tourism as the glue that holds the industry together, especially in course offerings and the term-long experiential learning program. The highlight of the degree is the Familiarization (FAM) Tour, a class project that includes planning a trip to a domestic or international destination. Students are required to research, budget, plan, promote and implement the tasks of a tour escort and tour guide.

Graduates may be employed in all industry segments due to the program's more generalized curriculum, but the emphasis on travel-tourism provides specific career options in destination marketing organizations such as CVBs and tourism offices, resorts, tour operators, travel industry suppliers such as airlines, cruise lines or ground transportation, and various international operators.

ACCT2191 Accounting Internship I
This internship offers the student part-time, hands-on experience in basic bookkeeping at a university property location or an approved off-campus organization. The student has an opportunity to gain real-world experience in analyzing transactions, journalizing transactions, posting transactions, preparing various reconciliations and schedules, and general office skills and procedures. This course can be used for partial fulfillment of a free elective requirement if Accounting Internship II and Accounting Internship III are also completed.
Prerequisite(s): Permission of department chair.
Offered at Providence, Providence CE
1.5 Quarter Credit Hours

ACCT3011 Federal Taxes I
This course is a study of federal tax laws and treasury regulations and their application to the income of individuals. Practice is given in the preparation of tax returns, supplemental forms and schedules required to be filed by individuals.
Prerequisite(s): ACCT1210 or (ACCT1007 or ACCT2002 or ACCT1202 or ACCT1002 or ACCT10021 or ACCT1022 or ACCT10021).
Offered at Charlotte, Providence, Providence CE
4.5 Quarter Credit Hours

ACCT3012 Federal Taxes II
This course involves the study of federal tax laws pertaining to partnerships and corporations. Topics include the preparation of tax returns involving special problems, such as those associated with corporate reorganizations, personal holding companies and net operating losses.
Prerequisite(s): ACCT3011.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ACCT3030 Not-For-Profit Accounting
This course introduces students to the accounting procedures of local and state governments. It also introduces students to the accounting standards of organizations that exist and operate for purposes other than to provide goods and services at a profit. The Single Audit Act (OMB Circular A-133), government auditing standards (the "yellow book") and preparation of federal form 990 are also studied.
Prerequisite(s): ACCT2023.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ACCT3031 Cost Accounting I
This course provides an introduction to accounting in a manufacturing business. Costing procedures covered include activity-based costing, job order cost, process cost, joint cost, standard cost and variance analysis.
Prerequisite(s): ACCT1220 or ACCT3023 or (ACCT1007 or ACCT2002 or ACCT1202 or ACCT1002 or ACCT10021 or ACCT1022 or ACCT10021 or ACCT10024 or ACCT1012 or ACCT10121).
Offered at Charlotte, Providence, Providence CE
4.5 Quarter Credit Hours

ACCT3032 Cost Accounting II
This course focuses on a study of more advanced problems encountered in a manufacturing business. Topics covered include the use of a standards cost system, variance analysis, absorption versus direct costing, break-even analysis and material and labor-related problems.
Prerequisite(s): ACCT3031.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ACCT3040 Auditing
This course is designed to acquaint the student with methods of verification, analysis and interpretation of generally accepted auditing procedures. The mechanics of planning and implementing an audit and the preparation of reports are studied.
Prerequisite(s): ACCT2023.
Offered at Charlotte, Providence, Providence CE
4.5 Quarter Credit Hours

ACCT3045 Internal Auditing
The internal audit function of the modern organization is the subject of this course, with a concentration on the nature of operational auditing, its objectives, procedures and standards. Attention is given to the analysis of the various administrative and accounting controls on which management depends for efficiency and effectiveness of operations.
Prerequisite(s): ACCT3040.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ACCT3050 Advanced Accounting
Advanced Accounting is designed to provide the student with a sound foundation in partnership accounting and consolidated financial statements.
Prerequisite(s): ACCT2023.
Offered at Charlotte, Providence, Providence CE
4.5 Quarter Credit Hours

ACCT3055 Casino Accounting
This course focuses on the characteristics of casino accounting by providing a history of the gaming industry. This history describes the evolution of the systems of internal control used in casino operations, and illustrates the accounting methods used to comply with state and federal regulations according to generally accepted accounting principles and the AICPA Guide to the Casino and Gaming Industry.
Prerequisite(s): ACCT1210 or (ACCT1007 or ACCT2002 or ACCT1202 or ACCT1002 or ACCT10021 or ACCT1022 or ACCT10021).
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ACCT3060 Accounting Information Systems
This course explores the various aspects of information technology that accountants should have familiarity with in business organizations. The topics discussed include the current computer hardware and software used in business, risks and controls in accounting information systems, the systems development life cycle, and business processes enhanced by technology.
Prerequisite(s): ACCT3040.
Offered at Charlotte, Providence, Providence CE
4.5 Quarter Credit Hours

ACCT3065 Advanced Quickbooks
In this interactive course, students expand their QuickBooks knowledge by becoming advanced users. Students master the QuickBooks reporting function and also work with payroll, sales and pricing transactions by customer and/or job. Advanced topics such as the audit trail, closing the books and reversing journal entries are explored. The course is conducted in a computer lab setting. Advanced setup, maintenance and the entire accounting cycle are completed using the software. At the completion of this course, students are prepared to take the QuickBooks Pro certification.
Prerequisite(s): ACCT2035, ACCT3040.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours
ACCT3080 Fraud Examination: Theory and Practice
This course covers accounting and legal concepts along with the procedures that are necessary to accomplish fraud detection, fraud investigation and fraud prevention duties. Students learn how to analyze allegations of fraud and how to utilize accounting and investigative skills during a fraud investigation. Computerized application development assists in case analysis. Expert witness testimony is also discussed along with a review of the variety of ways to communicate findings.
Prerequisite(s): (ACCT1210, FIT1003) or ((ACCT1007 or ACCT2002 or ACCT1202 or ACCT1002 or ACCT1022 or ACCT10021 or ACCT10221) and FIT1040).
Offered at Charlotte, Providence, Providence CE
4.5 Quarter Credit Hours

ACCT3191 Accounting Internship II
This internship provides an opportunity to students who completed ACCT2191, an accounting experience that requires more responsibility. It offers the student a part-time, hands-on experience in entry-level accounting functions at a university property location or an approved off-campus organization that can differ from the organization where ACCT2191 was completed. The student has an opportunity to gain real-world experience in analyzing transactions, journalizing transactions, posting transactions, preparing various reconciliations and schedules, creating reports for internal and external usage, and general office skills and procedures. This course can be used for partial fulfillment of a free elective requirement if Accounting Internship III is also completed.
Prerequisite(s): ACCT2191, permission of department chair.
Offered at Providence, Providence CE
1.5 Quarter Credit Hours

ACCT3192 Accounting Internship III
This internship provides an opportunity to students who completed ACCT3191, an accounting experience that requires more responsibility and analytical tasks. It offers the student a part-time, hands-on experience in entry-level accounting functions at a university property location or an approved off-campus organization that can differ from the organization where ACCT3191 was completed. The student has an opportunity to gain real-world experience in analyzing transactions, journalizing transactions, posting transactions, preparing various reconciliations and schedules, creating reports for internal and external usage, and general office skills and procedures. This course can be used for partial fulfillment of a free elective requirement if Accounting Internship I and Accounting Internship II are also completed.
Prerequisite(s): ACCT3191, permission of department chair.
Offered at Providence, Providence CE
1.5 Quarter Credit Hours

ACCT4012 Taxes and Business Decisions
This course examines the income tax issues that must be considered by managers prior to making business decisions. Topics include tax aspects of selecting a type of business entity; acquisition, use and disposal of fixed assets; investments; capital gains and losses; nontaxable transactions; payroll taxes; and income tax planning. This course is an elective for non-accounting majors only.
Prerequisite(s): (ACCT1210 or (ACCT1007 or ACCT2002 or ACCT1202 or ACCT1002 or ACCT10021 or ACCT1022 or ACCT10021)).
Offered at Charlotte, Providence, Providence CE
4.5 Quarter Credit Hours

ACCT4050 International Accounting
Accounting for and reporting upon the financial aspects of a multinational corporation are addressed in this course. Topics include foreign currency transactions, foreign currency translation (FASB 52), and accounting policies and practices of countries other than the United States.
Prerequisite(s): ACCT2023.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ACCT4060 Accounting Seminar
This course is delivered in a seminar format and serves as the capstone course for seniors majoring in Accounting. Using knowledge obtained through previous accounting coursework, students analyze and report on contemporary issues in accounting and auditing. Computer software is used extensively throughout the course.
Prerequisite(s): ACCT3040, ACCT3050, senior status.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ACCT4099 Accounting Internship
This internship provides students with an opportunity to gain accounting experience by performing various entry-level accounting functions at an approved off-campus organization. Students have an opportunity to gain real-world experience in analyzing, journalizing and posting transactions, preparing various reconciliations and schedules, creating reports for internal and external usage, and general office skills and procedures. Upon completion of this term-long course, students have an understanding of the demands and expectations of business and industry.
Prerequisite(s): To be eligible for this internship, students must: 1) maintain a 2.75 cumulative GPA during the entire pre-program application process, 2) have completed 130 hours of course work, 3) have appropriate elective credit available, and 4) have the sponsorship of a faculty advisor.
Offered at Charlotte, Providence, Providence CE
4.5-13.5 Quarter Credit Hours

Advertising Comm (ADVC) Courses

ADVC1010 Marketing Communications
This course focuses on the role of integrated marketing communications in the overall marketing process. Emphasis is placed on the integration of advertising, sales promotion, public relations, direct marketing, personal selling and interactive marketing in the creation of effective relationships, communication theory and the creative process in achieving marketing objectives for brands. Students learn how advertising messages are created using consumer insights and how messages are placed in a variety of media channels. Students also learn how each of the promotional mix elements can be used for specific purposes.
Prerequisite(s): DME1020 or (MCST1010 or COMM1010) or (MRKT1001 or HOSP3050).
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

ADVC1011 Media Strategy
This course focuses on the role of integrated marketing communications in the overall marketing process. Emphasis is on the integration of advertising, sales promotion, public relations, direct marketing, personal selling and interactive marketing in the creation of effective relationships, communication theory and the creative process in achieving marketing objectives for brands. Students learn how advertising messages are created using consumer insights and how messages are placed in a variety of media channels. 4.5 Quarter Credit Hours
Art (ART) Courses

ART2010 Introduction to Film
This course is designed to give students an in-depth introduction to the motion picture medium. Students gain an understanding of the technical aspects of filmmaking and the ways in which movies express meaning through cinematography, production design, actor performance, editing, sound design, and narrative. The ideology of film and film theory are also explored.
Prerequisite(s): ENG1020 or ENG1024 or English placement. (HY) (OL)  
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE  
4.5 Quarter Credit Hours

ART2030 Music Appreciation
This survey course of the history of music covers the elements of music, terminology, composition, form and style. It also explores the instruments, voices and ensembles that interact to create the art of music, focusing on periods of music after 1500 - Renaissance, Baroque, Classical, Romantic and Modern. American musical theater, jazz and music of world cultures are also studied. Emphasis is on developing critical listening skills and on developing an appreciation of music of many genres.
Prerequisite(s): ENG1020 or ENG1024 or English placement.  
Offered at Charlotte, Denver, Providence, Providence CE  
4.5 Quarter Credit Hours

ART3020 Art History
This course provides an introduction to the understanding and appreciation of art. Emphasis will be placed on the visual arts of painting, sculpture, and architecture. The course covers the basic principles of design, form, and techniques as well as a general chronological history of art from ancient to contemporary works. Students will be encouraged to respond actively to works of art through class discussions, museum visits, and class projects.
Prerequisite(s): ENG1021 or ENG1027. (OL)  
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE  
4.5 Quarter Credit Hours

Baking and Pastry Arts (BPA) Courses

BPA1010 Fundamental Skills and Techniques
This course provides students with fundamental cooking and baking techniques, knife skills, piping skills and mixing methods. Emphasis is placed on proper receiving, handling and identification of fruits and other ingredients used in the pastry kitchen.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE  
3 Quarter Credit Hours

BPA1015 Classic Pastry
This course is designed to give the student fundamental working knowledge of the traditional methods of producing puff pastry, pâte à choux, creams and custards. This course also includes practical techniques of platter design and presentations. Students plan, organize, and set up pastry buffets.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE  
3 Quarter Credit Hours

BPA1020 Pies and Tarts
This course is designed to provide students with the knowledge of traditional methods of producing pies and tarts. Emphasis is on the production of basic pie dough, short dough, pâte sablée, and a variety of pie and tart fillings.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE  
3 Quarter Credit Hours

BPA1025 Cookies and Petits Fours
This course provides students with a fundamental working knowledge of the traditional methods of producing cookies and petits fours. Fundamentals of production, finishing techniques and platter presentations are introduced.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE  
3 Quarter Credit Hours

BPA1030 Hot and Cold Desserts
This course is designed to provide students with skills in the production of churned and still-frozen desserts, composed frozen desserts and the production of hot desserts enhanced by a frozen component.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE  
3 Quarter Credit Hours

BPA1035 Chocolates and Confections
This course provides students with the skills and knowledge of chocolate tempering methods. Hand dipped and molded pralines and truffles (candies) are produced utilizing different chocolates, fillings and decorating techniques. Emphasis is placed on the history and manufacturing techniques of the different qualities in chocolate.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE  
3 Quarter Credit Hours

BPA1040 Introduction to Cakes
This course provides students with the skills and knowledge of producing cakes, butter creams and icings. Each student is taught proper mixing methods and assembling, icing and finishing techniques of a variety of cakes.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE  
3 Quarter Credit Hours

BPA1045 Principles of Artisan Bread Baking
This course provides an introduction to the skills and techniques of artisan bread production. Products covered include commercially yeasted breads, rolls and savory quick breads. Properties and characteristics of ingredients, the baker's percentage system and scaling methods are studied, as well as proper mixing techniques, controlled fermentation, and baking methodology.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE  
3 Quarter Credit Hours
BPA1050 Viennoserie
This course provides students with the knowledge and application of the principles and techniques of viennoserie production. Yeasted and enriched breads, laminated doughs and quick breads are introduced in this class. Properties and characteristics of ingredients, the baker's percentage system and scaling methods are introduced. Emphasis is placed on mixing techniques, controlled fermentation, hand shaping skills and baking methodology.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE
3 Quarter Credit Hours

BPA1060 How Baking Works
This course introduces how baking works through an understanding of the ingredients used in baking and pastry. Students run experiments in order to learn about ingredients and understand how ingredients change during production and interaction with other ingredients.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE
3 Quarter Credit Hours

BPA2010 Specialty Cakes
Students build on their fundamental skills of icing cakes in creating special occasion cakes. Emphasis is placed on developing skills in making various flowers out of modeling chocolate, marzipan and gum paste. Students are introduced to covering and glazing special occasion cakes with rolled fondant and build their piping skills through intricate patterns and techniques.
Prerequisite(s): BPA1040.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE
3 Quarter Credit Hours

BPA2015 Entremets and Petits Gâteaux
This course provides students with advanced methods of creating entremets and petits gâteaux that are contemporary and industry relevant. Different components and modern finishing techniques are applied in creating molded entremets and petits gâteaux.
Prerequisite(s): BPA1040.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE
3 Quarter Credit Hours

BPA2020 Plated Desserts
This course covers preparation and presentation of individual hot and cold plated desserts, using a variety of traditional and modern plating techniques. Plate design, station organization, à la minute service, flavor, textural components, and portion control are emphasized.
Prerequisite(s): BPA1015, BPA1030.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE
3 Quarter Credit Hours

BPA2025 Advanced Artisan Bread Baking
This course introduces students to the advanced skills and techniques of artisan bread production that includes commercially and naturally leavened breads; decorative breads, crackers and flat breads. Properties and characteristics of grains other than wheat and sustainability are covered. The baker's percentage system, scaling ingredients, mixing techniques, controlled fermentation, hand shaping skills, and baking methodology are reviewed.
Prerequisite(s): BPA1045.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE
3 Quarter Credit Hours

BPA2030 Sugar Artistry
Students are introduced to various sugar artistry techniques, including pastillage, poured, pulled and blown sugar. Emphasis is on the planning and production of individual showpieces using various shaping and molding methods.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE
3 Quarter Credit Hours

BPA2626 Baking & Pastry Internship
This intermediate level work-experience course is designed to provide students with a hands-on learning experience in the food service industry. Students apply theoretical knowledge of baking and pastry arts, demonstrate practical skills of production, and practice professionalism in a university-approved industry setting. Upon completion of this term-long course, students have a broader understanding of the demands and expectations of the food service industry while improving their skills in baking and pastry arts.
Prerequisite(s): Completion of all freshman-level courses; site selection is dependent upon GPA. A minimum 2.75 cumulative GPA may be required for certain site selections.
Offered at Charlotte, Denver, Denver CE, North Miami, Providence, Providence CE
6.75-13.5 Quarter Credit Hours

Chemistry (CHM) Courses

CHM1000 Foundations in Chemistry
This comprehensive course is for those fields requiring knowledge of general chemical concepts. Emphasis is on applied areas of interest where aspects of atomic and molecular structure and function are particularly important. Topics covered include stoichiometry of chemical reactions, energy interrelationships between reactants, atomic structure, and chemical bonding.
Prerequisite(s): MATH1020 or equivalent, Corequisite: CHM1005.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

CHM1005 Foundations in Chemistry Laboratory
This is an inquiry based laboratory supplement course coordinated with CHM1000 Foundations in Chemistry. Students work in small teams to solve chemistry lab problems by performing observations and generating data to develop new concepts. Students design their own experiments and make decisions within their teams in a collaborative manner. They have the opportunity to practice the scientific skills used by chemists who perform research. Topics covered include the mole concept, chemical reactions, energy interrelationships between reactants, atomic and molecular structure, and chemical bonding.
Prerequisite(s): MATH1020 or equivalent, Corequisite: CHM1000.
Offered at Providence, Providence CE
2.25 Quarter Credit Hours

CHM2040 Introduction to General and Organic Chemistry
This course examines the chemistry of carbon-containing molecules relevant to biological systems such as the human body, beginning with basic atomic structure, chemical bonding and reactions, and the chemistry of acids, bases, buffers, and salts. Organic chemistry of all functional groups are examined, including saturated/unsaturated hydrocarbons, aldehydes and ketones, carboxylic acids, amines, and alcohols. Emphasis is given to those compounds of biochemical importance.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

CHM3040 Biochemistry
This course introduces basic concepts of chemistry and organic/biological chemistry with emphasis on applications of chemistry to human biology, structure of biological molecules and metabolism. Typical topics include: chemical bonds and energy, electrolytes, structure and metabolism of carbohydrates and lipids, protein and enzyme function, and structure and function of nucleic acids.
Prerequisite(s): CHM2040 or SCI2045, SCI1015.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours
Computer Science (CSIS) Courses

CSIS1000 Problem Solving and Programming Concepts
This introductory course teaches students the fundamentals of problem solving in computer programming. Students learn to use both textual and graphic algorithms as problem-solving tools. In hands-on learning exercises, students work from a problem statement, conduct a task analysis to solve the problem, decide what data is needed to solve the problem, create a visual representation of their solution, and then convert the visual representation to a textual step-by-step statement of their solution. Students use a range of tools currently used in industry, including functional decomposition diagrams, flowcharts, UML diagrams, use cases, metadata charts, data flow documents and pseudocode.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

CSIS1020 Fundamentals of C Programming
This introductory programming course teaches students how to program in the C computer language, a fundamental skill for technology professionals. Students learn how to design and develop computer programs using standard strategies and techniques used in industry. Topics covered include how programs are structured, how arrays and strings are processed, and how files are manipulated.
Prerequisite(s): CSIS1000 or FIT1012 or FIT1025.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

CSIS1040 Fundamentals of Visual Basic
This course provides an introduction to visual programming and GUI development. Students learn to use a multitude of visual tools, statements, properties and events to create and execute applications in a Visual Studio.NET environment. File access for various file types is presented. Relational databases are examined in relation to. how they are created and can be accessed using visual basic programming.
Prerequisite(s): FIT1012 or equivalent.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

CSIS1060 GUI Concepts
This course provides students with an understanding of a Graphical User Interface environment. Students are introduced to how Windows works with the file hardware. All students customize and configure the Windows environment. Topics include ini file, program, winfile, control panel, device managers, terminal, paintbrush, creating shortcuts, and X windows.
Prerequisite(s): FIT1000 or FIT1012.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

CSIS1070 Diagnostics and Maintenance
This course provides students with the knowledge and expertise to isolate faults in computer systems, using the desktop computer as a model. Using the systems approach, students learn the subsections of a computer system and their functions. Typical problems with each subsection and the impact of these problems on the operation of the entire system are discussed. The course introduces students to diagnostic software and fault analysis techniques through out-of-class work using standard tools and representative computer diagnostic software.
Prerequisite(s): FIT1000 or FIT1012.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

CSIS2025 Introduction to Server Side Technologies
This course emphasizes the fundamentals of server-side web development using industry-standard high-level environments. Students are introduced to concepts and practices including functionality, typical applications in a business setting, technologies and terminology. Client-side interaction is covered to the extent of making Web forms that connect to a data source with some JavaScript used for field validation. Server application and system architecture is emphasized.
Prerequisite(s): CSIS1020 or CSIS1040 or DME1060, junior status.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

CSIS2030 Database Concepts
This course introduces students to the function of a database environment. The importance of databases to modern systems development provides the motivation for examining data structures and models as they relate to user needs. Relational data models are emphasized along with query languages and user-friendly packages. The various data structures and file storage techniques used with hierarchical, network and relational data management issues are developed. Out-of-class assignments are completed by all students.
Prerequisite(s): FIT1014 or FIT1040.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

CSIS2045 Introduction to Operating Systems
This course includes a survey of the functional characteristics of complex operating systems and an introduction to the basic techniques of operating systems design. The course discusses the topics of hardware configuration, channel operation, interrupts, register functions, multiprogramming, multiprocessing, timesharing and JCL.
Prerequisite(s): CSIS1020 or CSIS1040.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

CSIS2050 Advanced Programming Concepts
This course is designed to provide the student with an advanced understanding of the relationship between hardware and software through the use of higher level language (C programming language) facilities. The student will learn how to create programs that interface with computer peripherals. Program design, coding, debugging, testing, execution and documentation will be reinforced.
Prerequisite(s): CSIS1020.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

CSIS2070 Business Programming II with COBOL
Students write business-level programs to solve intermediate-level financial and business problems. They are introduced to such subjects as subscripting, indexing, sorting, complex file handling and creating server-side applications. Students are also introduced to the selection criteria for choosing between different software with Web pages and relational databases. Students implement and test their developed programs.
Prerequisite(s): CSIS2020.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

CSIS2080 Database Design
The use of fourth and fifth generation tools in database environments is becoming more prevalent. This course provides a foundation for that systems development effort by systematically examining the procedures and tools used in designing a database. This course emphasizes the relational model. Students study normal forms, decomposition, synthesis, semantic modeling, network and hierarchical models. All students complete out-of-class assignments.
Prerequisite(s): CSIS2030.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours
Computerized Drafting (CAD) Courses

**CAD1000 Computer-Aided Drafting I**
This course presents to the student the terminology, system hardware, disk operating system, AutoCAD software, and various screen displays necessary to perform the basic computer aided drafting functions.
Prerequisite(s): Corequisite: CAD1L00.
Offered at Providence, Providence CE
6 Quarter Credit Hours

**CAD1020 Computer-Aided Drafting II**
This is an intermediate level course in which the student produces drawings in the various phases architectural, electronic, and mechanical CAD. These drawings are produced in two-dimensional views using features of the AutoCAD main menu. Students become familiar with accessing and using the drawing editor with advanced commands and an emphasis on productivity; an introduction to line and menu customization; 3D wireframe/surface/solid modeling and analysis. Related lab projects are included.
Prerequisite(s): CAD1000, CAD1L00, Corequisite: CAD1L20.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

**CAD1025 Parametric Modeling**
This is an introductory course in which students use commands and techniques related to 3D modeling and analysis, and parametric drafting using parametric modeling software to create parts, assemblies and drawings to industry standards. Related lab projects are included where rapid prototyping methods such as laser cutting and 3D printing will be explored.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

**CAD1030 3D Parametric Modeling**
This is an advanced level course in which students use commands and techniques related to 3-D modeling and analysis, and parametric drafting using several parametric modeling software packages to create parts, assemblies and drawings to industry standards. Related lab projects are included.
Prerequisite(s): Corequisite: CAD1L30.
Offered at Providence, Providence CE
6 Quarter Credit Hours

**CAD1L00 Computer-Aided Drafting I Lab**
Related lab projects are developed from CAD1000 Computer-Aided Drafting I to enhance a student’s ability to reinforce drafting concepts, software commands, and file management.
Prerequisite(s): Corequisite: CAD1000.
Offered at Providence, Providence CE
1 Quarter Credit Hour

**CAD1L20 Computer-Aided Drafting II Lab**
Related lab projects are developed from CAD1020 (Computer-Aided Drafting II) to enhance a student’s ability to reinforce drafting concepts, software commands and file management.
Prerequisite(s): Corequisite: CAD1020.
Offered at Providence, Providence CE
1 Quarter Credit Hour

**CAD1L30 3D Parametric Modeling Lab**
Related lab projects are developed from CAD1030 Computer-Aided Drafting III to enhance a student’s ability to reinforce drafting concepts, software commands and file management.
Prerequisite(s): Corequisite: CAD1030.
Offered at Providence, Providence CE
1 Quarter Credit Hour

**CAD2000 Portfolio Development**
Students are required to prepare a portfolio containing a selection of their best drawings from each of the basic drafting principles. Each student presents his/her portfolio to the instructor for critique and grading.
Prerequisite(s): CAD2020, CAD2040.
Offered at Providence, Providence CE
1.5 Quarter Credit Hours

**CAD2020 Mechanical CAD**
This course develops standard industry practices used in CAD for mechanical applications. Basic drafting topics introduced, but not limited to, are multiview projection, dimension theory and GD&T, sections, auxiliary views, pictorial drawings, basic machine parts, cams, gears, threads and fasteners. Students develop drafting conventions through sequences and revisions. Related lab assignments are based on individual projects and team projects.
Prerequisite(s): CAD1030, CAD1L30.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

**CAD2030 Design I: Principles of Design**
This is an introduction to the fundamental elements of the design process, basic objectives of analysis, construction and evaluation solutions. Some topics developed include the design team, components of design theory, creativity, open-ended problem solving, alternative solutions and the positioning of design in the product development scheme.
Prerequisite(s): CAD1030, CAD1L30.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

**CAD2040 Architectural CAD**
This course develops standard industry practices used in CAD for architectural applications. Basic drafting topics introduced include, but are not limited to, residential, commercial, structural applications for floor plans, foundation plans, elevations, sections, details and pictorial drawings. The use of national, state and legal code is integrated with theory. Related lab assignments are based on individual projects and team projects.
Prerequisite(s): CAD1020, CAD1L20.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

**CAD2055 Introduction to Building Information Modeling**
This course is an introduction to Building Information Modeling (BIM), which is an Architectural parametric application, from design concept to managing a completed facility. This course integrates theory and lab experiences using industry software to develop digital building models. Topics covered include but are not limited to, the history of BIM, developing building models, extracting documents and modifying building elements, presentation graphics and annotations, and integrating best practices of project management.
Prerequisite(s): Sophomore status.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

**CAD2059 Introduction to Computer-Integrated Manufacturing (CIM)**
This course presents students with the terminology and practical experience of following the development of a product through concept, design development, manufacturing and product distribution. FIT2030 Access Database Design for Business Solutions
Students gain a working knowledge of database concepts and design and apply skills to problem-solving cases. Computer-based assessment software may be used as both a learning and skills measurement tool.
Prerequisite(s): Permission of department chair.
Offered at North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

FIT2040 Emerging Technologies in the Workplace
This course introduces students to how social media has evolved and how it can be used as an effective tool to enhance and develop business marketing and sales. Social media has established itself as the pre-eminent focal point for social interaction using web-based technologies, with people generating their own content, social commentary and opinions reaching a wide audience through friends, recommendations and same interest groups. Businesses from small to large are using social media to engage with their customers on an entirely new level, helping promote their products and services and keep in touch with them on a personal level. Social media is displacing the established leaders as major traffic drivers for new business.
Offered at North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

French (FREN) Courses

FREN1001 Conversational French I
This course is an introduction to the French language, with emphasis on vocabulary acquisition, basic grammar construction and oral communication. Students who have previously studied this language are required to take the foreign language placement exam.
Offered at North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

FREN1002 Conversational French II
This lower, intermediate-level course is designed to further develop conversational ability by expanding both the vocabulary and exposure to French-speaking cultures. This course concentrates greatly on advanced verb forms and idiomatic expressions.
Prerequisite(s): FREN1001 or equivalent placement score.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

FREN2001 Conversational French III
This advanced intermediate course is designed to perfect the usage of advanced grammar through extensive conversational drill, directed reading, composition and laboratory practice.
Prerequisite(s): FREN1002 or equivalent placement score.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

German (GER) Courses

GER1001 Conversational German I
This course is an introduction to the German language, with emphasis on vocabulary acquisition, basic grammar construction and oral communication. Students who have previously studied this language are required to take the foreign language placement exam.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

Johnson & Wales University
GER1002 Conversational German II
This course is for advanced beginners in German language, building upon the basic speaking, listening, reading and writing skills covered in German I. Students’ vocabulary is expanded to 2,000 commonly used vocabulary words used in conjunction with the present and perfect tenses, adjectives and adverbs. In addition to grammar, students are exposed to many aspects of life in present-day Germany, Switzerland and Austria. 
Prerequisite(s): GER1001 or equivalent placement score.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

GER2001 Conversational German III
This advanced intermediate course in German language is designed to further develop conversational ability by expanding the vocabulary covered in German II. In addition to grammar, students will be exposed to the many aspects of life in present-day Germany, Switzerland and Austria.
Prerequisite(s): GER1002 or equivalent placement score.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

History (HIST) Courses

HIST2001 World History to 1500
This survey of people and their cultures focuses on the two major historical traditions (Western and East Asian) from pre-history to 1500. The varying political events, institutions, technologies and cultures of the East and West are highlighted.
Prerequisite(s): ENG1020 or ENG1024 or English placement.
Offered at Charlotte, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

HIST2002 World History Since 1500
Major developments in world history from the 16th century and on are considered, with an emphasis on the impact of ideas and influences from Asia and the New World upon European culture and society and the European impact upon Asia, Africa and the Americas. The various periods and kinds of revolution -- industrial, democratic, political, technological, military and cultural -- are surveyed.
Prerequisite(s): ENG1020 or ENG1024 or English placement.
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

HIST2100 U.S. History from Colonial Times to 1876
This course is a survey and analysis of United States history and those institutions that contributed to the evolution of the American nation from colonial times through the period of the Civil War and Reconstruction. Particular attention is given to the Puritan influence upon American character, the American Revolution, the creation of the federal Constitution, western settlement, the nature of slavery and the breakdown of the American political system resulting in civil war.
Prerequisite(s): ENG1020 or ENG1024 or English placement.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

HIST2200 U.S. History Since 1877 (to the Present)
This course is a survey and analysis of United States history and those institutions that contributed to the evolution of the American nation since Reconstruction. Emphasis is on the rise of industrialization, urbanization and immigration; the coming of imperialism; the development of American foreign policy; the rise of big business; the growth of reform movements as seen in Populism, Progressivism and the New Deal; the Women’s Movement; the Civil Rights Movement; and recent developments.
Prerequisite(s): ENG1020 or ENG1024 or English placement.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

HIST3010 Modern History
This course provides an in-depth analysis of the major ideas and forces in the Western world during the 20th century. It reviews significant figures and events, as well as the seminal forces that have led to current conditions.
Prerequisite(s): ENG1021 or ENG1027.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

HIST3020 A Multicultural History of America
In this class students survey the broad currents of American history through the lens of immigration, race and ethnicity. Beginning with the colonization of North America, students study the experiences of Native Americans and immigrants from diverse points of origin across four centuries. Subjects use firsthand narratives, period fiction, contemporary journalism, and historical scholarship to interrogate the shifting nature of American identity from colonial “contact” through the present day.
Prerequisite(s): ENG1021 or ENG1027.
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

HIST3100 Contemporary American History: The United States in a Global Age
This course addresses the recent history of the United States from the end of the Second World War to the present day, taking as its focus America’s increasingly dominant role in world affairs. It traces America’s rise as a global military and economic power and explores the implications of such might and affluence on American culture, foreign policy, and liberation struggles here and abroad. Topics addressed include the Cold War, Vietnam War and Iraq War, liberal and conservative presidential politics, and the critiques that emerged from the left and the right.
Prerequisite(s): ENG1021 or ENG1027.
Offered at Online, Providence, Providence CE
4.5 Quarter Credit Hours

HIST3200 American Government
This course involves an examination of the political and governmental system of the United States, the principles upon which it is founded, and the institutions and systems which comprise it. Topics to be discussed are constitutional foundations, federalism, political parties, public opinion, interest group activities, civil liberties and decision-making in institutions of American national government, such as Congress, the presidency and the Supreme Court.
Prerequisite(s): ENG1021 or ENG1027. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

HIST3300 R. I. State Externship Program
This course is designed to provide students with an opportunity to experience firsthand the workings of a chosen state agency. Dozens of sponsors representing all aspects of state government assist interns to understand how particular agencies function to service the needs of the citizens of Rhode Island. The interns also attend weekly seminars to gain an understanding of all the major branches of state and local government. Please note: This is a four-month program.
Prerequisite(s): ENG1020 or ENG1024 or English placement.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

Hospitality Management (HOSP) Courses

HOSP1001 Orientation to the Hospitality Industry
This course is an introduction to the various segments within the hospitality industry (lodging, food service, travel and tourism, and sports, entertainment and event management). The course prepares students to apply sound management principles to the challenges encountered within the industry.
Prerequisite(s): ENG1021 or ENG1027.
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

HOSP1015 Managing the Hotel Guest Experience
This course familiarizes students with the foundations of managing the guest experience within a hotel rooms division. Students focus on the critical management components and operational procedures of the front-of-the-house including: management of guest expectations, selling guest rooms and services, concierge service skills, rooms forecasting, basic revenue management, teamwork, and interdepartmental relationships.
Prerequisite(s): FSM1001 or FSM3001 or HOSP1001 or SEE1001. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours
HOSP1080 Technology in the Tourism/Hospitality Industry
This introductory course provides students with comprehensive knowledge of the various information systems in the hospitality industry. Students gain a basic understanding in the use of property management systems, global distribution systems, point of service systems, internet distribution systems, mobile apps, and any other current technology available to the travel, tourism and hospitality industry. In addition, students learn about future technological trends in the industry.
Prerequisite(s): Junior status.
Offered at North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

HOSP2011 Hospitality Sales and Meeting Management
This course familiarizes students with the scope of sales, meeting and convention management within the hospitality industry. The reciprocal relationship between selling and service is presented within the context of hospitality marketing practices.
Prerequisite(s): FSM1001 or FSM3001 or HOSP1001 or MRKT1001 or SEE1001, sophomore status. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

HOSP2050 International Tour and Hotel Operations
This course is taught only on a campus outside of the U.S. during a term abroad program. The course focuses on cultural, political, legal and economic forces; their impact on tourism and how hospitality management practices differ among countries. Students plan and participate in a variety of tours and professional site visits in order to gain firsthand knowledge of the international travel experience.
Prerequisite(s): Must be accepted in Study Abroad program, junior status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 9 Quarter Credit Hours

HOSP3005 Leading Service Excellence in the Hospitality Industry
This upper-level guest service management course is designed to familiarize the student with principles of leading change, process improvement methodologies and how they affect organizations, and employees within hospitality organizations. Focusing exclusively on the unique challenges of the intangible service delivery requirements of the hospitality industry, this course incorporates Six Sigma and Lean methodologies. Emphasis is on root cause identification, problem-solving techniques, process effectiveness measurements in the service environment, and decision-making skills using relevant analytical tools.
Prerequisite(s): Junior status. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

HOSP3012 Sustainable Hotel Support Operations
This course gives students a working knowledge of hotel support services, including facilities operations within a lodging context. Essential elements of engineering, housekeeping, and safety and security are discussed from a sustainability perspective. Students focus on managerial, financial and legal issues related to these departments. Current issues of sustainable operations with regard to environmental, social and ecological aspects affecting the hospitality industry are addressed.
Prerequisite(s): ACCT1220, HOSP101S.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

HOSP3060 Private Club Management
This upper-level course examines the private club industry and its specific challenges. Emphasis is placed upon the manager’s role with the governing board, membership, staff and management of the clubhouse and recreation activities.
Prerequisite(s): FSM1001 or FSM3001 or HOSP1001 or SEE1001. (HY)
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

HOSP3065 Hospitality Security and Risk Management
This course is designed to familiarize the student with the various elements of Risk Management throughout the hospitality industry. It is intended to supply the student with a strong foundation in the elements necessary to provide a safe and secure venue and to reduce ownership liability.
Prerequisite(s): Junior status.
Offered at Charlotte, Providence, Providence CE 4.5 Quarter Credit Hours

HOSP3075 Hotel Strategic Marketing and Brand Management
This is an upper-level course focusing on hotel strategic planning, brand management and the use of integrated marketing communications to build relationships. Topics include strategic planning, consumer/organizational buying, market segmentation/targeting/positioning, brand strategies and digital marketing.
Prerequisite(s): HOSP1015, MRKT1001.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

HOSP3077 Revenue Management
This course examines and illustrates the strategies, principles and techniques of revenue management as they relate to lodging, travel/tourism, food service and facilities management. The relationship between accurate forecasting, overbooking, reservation systems, marketing issues, pricing and e-commerce as they relate to financial decision making is investigated. Students are required to analyze revenue management scenarios.
Prerequisite(s): ECON1001 or ECON1002, HOSP1010 or HOSP1015. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

HOSP3085 International Hotel Operations, Development and Management
The course focuses on the development and management of multinational hotel properties. Students learn the skills and abilities necessary to become a global hospitality manager, including managing a diverse, multi-cultural staff, developing strategies to satisfy international guests, and working as an expatriate manager. Trends in the global hotel industry are also examined.
Prerequisite(s): MGMT2001, junior status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

HOSP3099 Hotel Internship
This internship course allows students to gain academic credit for an invaluable work experience within their chosen profession. Students acquire insight into the practical aspects of an organization’s operation by observing and participating in day-to-day activities. Upon completion of this term-long course, students have a better understanding of the demands and expectations of business and industry.
Prerequisite(s): To be eligible for this internship, students must: 1) maintain a cumulative GPA of 2.0 during the entire pre-program application process, and 2) have completed 90 hours of course work. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 13.5 Quarter Credit Hours

HOSP3420 Introduction to Residential Property Operations Management
This course familiarizes students with the foundations of managerial competencies necessary to direct and supervise property-related duties involving such residential properties as condominiums, apartments and long-term care facilities. Students learn to manage operations and resolve issues and problems encountered in day-to-day management situations in any type of residential organization.
Prerequisite(s): (MGMT1001 or MGH1000), MGMT2001.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

HOSP3440 Resort/Spa Management and Vacation Ownership
This course examines the concepts and issues regarding resort management in such areas as ski, beach and golf resorts. The principles and concepts of the marketing and management of vacation ownership properties and spas are covered.
Prerequisite(s): Junior status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours
HOSP4011 Hospitality Management Consulting
This upper-level course is designed to give students insight into management consulting for enterprises in the hospitality industry. Using a variety of teaching methods, including the case study approach, simulated consulting assignments are introduced into the classroom to fine-tune the critical thinking and decision-making abilities of the student. The spectrum of management consulting providers, ranging from large international firms to sole practitioners, is reviewed.
Prerequisite(s): (ACCT3020 or ACCT3025 or FISV2000 or FISV2010 or FISV3001), (FSM3075 or HOSP3050 or HOSP3075 or MRKT3045 or TRVL4011 or (SEE3010 and SEE3160)).
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

HOSP4012 Developing and Managing a Small Hospitality Lodging Property
This course is designed to familiarize the student with the challenges and rewards of the entrepreneurial development and management of a small lodging property. Concepts for establishing the business, financial operations, daily operational procedures, and marketing the business are covered.
Prerequisite(s): (ACCT3020 or ACCT3025 or FISV2000 or FISV2010 or FISV3001), (FSM3075 or HOSP3050 or HOSP3075 or MRKT3045 or TRVL4011 or (SEE3010 and SEE3160)).
Offered at Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

HOSP4040 Hotel Asset Management
This course focuses on the issues related to the maximization of hotel asset value. The course covers the processes of feasibility analysis and benchmarking. Capital investment decision tools, value proposition of franchising and marketing affiliations, and the role of the asset management professional in the hotel environment are also discussed.
Prerequisite(s): ACCT1220.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

HOSP4060 Hospitality Strategy Design and Execution Seminar
This senior-level capstone course is designed to give students insight into hospitality strategy. Using a variety of teaching methods including the case study approach, realism is introduced into the classroom, improving the critical thinking and decision-making abilities of students both individually and within the framework of a team.
Prerequisite(s): ACCT3020 or ACCT3025 or FISV2000 or FISV2010, FSM3075 or HOSP3050 or HOSP3075 or MRKT1001, senior status. (HY) (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

HOSP4099 Hospitality Internship
Eligible students may apply for a selective Hospitality Internship assignment. These internship assignments allow students to gain academic credit for an invaluable work experience within their chosen profession. Students will acquire insight into the practical aspects of an organization’s operation by observing and participating in day-to-day activities. Upon completion of this term-long course, students have a more global understanding of the demands and expectations of business and industry.
Prerequisite(s): To be eligible for this internship, students must: 1) maintain a 2.0 cumulative GPA during the entire pre-program application process, 2) have completed 130 hours of course work, 3) have appropriate elective credit available, and 4) have the sponsorship of a faculty advisor.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5-13.5 Quarter Credit Hours

Humanities (HUM) Courses
HUM3050 Science and Civilization: Progress and Problems
This course explores the social, political, and historic contexts and implications of several scientific and technological developments through a variety of genres including textbooks, newspaper and magazine articles, film, music, art, literature, and the internet. This is an interdisciplinary course cross-listed as HUM3050 and SCI3050.
Prerequisite(s): ENG1021 or ENG1027, successful completion of any science course, sophomore status. (OL)
Offered at Online, Providence, Providence CE
4.5 Quarter Credit Hours

HUM3070 Visual Literacy and the Sociology of Perception
Human perception of the social world is studied from both a communications and sociological perspective. Elements of “picture-based media” as a means of molding cultural perceptions, social biases, and personal views of reality are studied. Through a series of exercises, students critically examine images in art, still photographs, television, advertising, film, and documentaries to determine their sociological messages. Using the language of visual literacy and an understanding of perception, students test assumptions about their world. This is an interdisciplinary course cross-listed as HUM3070 and SOC3070.
Prerequisite(s): ENG1021 or ENG1027, junior status.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

Information Technology (ITEC) Courses
ITEC1000 Help Desk Concepts
This introductory course provides students with an overview of the topics relevant to working at a help desk or customer support center. Four major components are covered: people, processes, technology and information. Emphasis is placed on the design and management of each component as an integral and mandatory part of the support function.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ITEC1020 Introduction to Data Communications
This is an introductory course to the concepts and components of a data communications system. Hardware and software features are reviewed to present the elements of and interactions in a data communications network. This includes communications interfaces, industry standards and communications protocols are presented in reference to understanding the actual throughput of data in a communications environment. Students are introduced to network topologies and their various application areas.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ITEC2081 Network Protocols I
This course develops students’ knowledge of computer networks, network appliances, and network protocols. They are introduced to methods of developing protocols, including interpretation of standards, finite state machines, and state-full transition. Students will gain a conceptual framework useful in the adaptation of network protocols to network appliances and internetworking design. Through the use of network protocol analyzers students will conduct in-depth examinations of the 802.3, ARP, IP (versions 4 and 6), ICMP, and RIP protocols. Comparison of protocols will be made by type. Students will develop a basic understanding of the software paradigms used to construct protocols. In homework and lab assignments, students develop skill competencies needed to troubleshoot protocol issues. Students connect, configure and program a range of network devices; work with network protocol analyzers, examine the software internals of protocol implementations and map the path of a data packet on a network.
Prerequisite(s): ITEC1020 or CSIS1020, ENGM1025.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ITEC2082 Network Protocols II
This course expands on the core network engineering and protocol concepts developed in Network Protocols I through an in-depth examination of the Internet Protocol (IP), RIP II and OSPF, ICMP, and VOIP. In this course students will examine the details of software implementation of these protocols. Students will understand the inter-play of these protocols and the associated end node, enterprise, autonomous region and Internet backbone structures in support of efficient and effective movement of information across the Internet. Students will use network design simulation software to explore the complex interactions of these protocols with each other and with the architectures they support.
Prerequisite(s): ITEC2081, Corequisite: MATH2001.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours
ITEC2090 IT Call Management Systems
This course explores in detail the processes and the underlying related technologies and techniques that are used in industry settings in order to deliver better customer support. Students gain practical knowledge in an industry standard call management software package. Through a combination of lecture and lab-based work, they become familiar and adept in activities related to telephone customer service skills, call logging, call and work assignment, monitoring and management, report creation and utilization, and asset management.
Offered at Providence CE
4.5 Quarter Credit Hours

ITEC3020 Information Science I
This course provides a general introduction to information science. Topics include an introduction to information systems, the role of information in organizations and decision making and the role of computers in information processing.
Prerequisite(s): FIT1014 or FIT1040.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ITEC3040 Systems Analysis
This course presents a systematic approach to the development of business systems. By following this approach, students learn to design business systems that efficiently meet the goals and objectives of management. A major element of this course is a team project, where students utilize the systems approach in analyzing and designing a business system. This class is highly recommended for non-computer majors as well as required for majors in this program.
Prerequisite(s): FIT1014 or FIT1040.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ITEC3050 Information Security
This course presents all aspects of computer and information security including data encryption, zero-knowledge based proofs, public key coding and security procedures. This course makes students aware of the various threats to computers and data and identifies methods and techniques for providing counter-measures to those threats.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ITEC3070 Systems Modeling and Simulation
This course addresses the process of modeling systems, including business systems, network systems, dynamic vehicle systems and client-server systems, to name a few. The modeling process is the prerequisite for the simulation and subsequent analysis, design and assessment of a system with respect to specific performance criteria. The roles of modeling in simulation are presented within the context of the systems engineering process. Modeling encompasses everything from functional through mathematical modeling; simulation includes the development and use of software for systems analysis and design. Team projects from students’ areas of interest are an integral part of the course.
Prerequisite(s): MATH2001.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ITEC3075 Network Security
This course provides the students with a comprehensive introduction to the field of network security. Critical network security aspects are identified and examined from the standpoint of both the user and the attacker. Network vulnerabilities are examined, and mitigating approaches are identified and evaluated. Concepts and procedures for network risk analysis are introduced. Network architectures and protocols and their impact on security are examined. TCP/IP security is examined in conjunction with the IPSec and IKE protocols. Integration of network and computer security is introduced. The course also discusses the building of trust networks, key management systems, and physical network security. The course emphasizes the implementation of intrusion detection and prevention methods.
Prerequisite(s): ITEC2081, ITEC3050.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ITEC3080 Information Management
Information management techniques are presented with an emphasis on file-accessing methods, database systems, text retrieval systems, paperless computing and the Internet. The management of records on stand alone and networked systems is examined along with the issues relative to managing information on the World Wide Web. Students are made aware of the various theories and options available for text and information storage and retrieval. Security and communication issues are covered along with the issues related to the World Wide Web.
Prerequisite(s): ITEC3020.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ITEC3083 Wireless Networking
This course covers the design and implementation of wireless networks and mobile systems. Course material will acquaint students with best industry practices and standards. The topics include practical wireless communication systems, cellular and wireless mesh networks, antenna theory, signal transmission basics, wireless network security and management. The course will also discuss recent advances in wireless such as network coding, interference alignment and cancellation, and emerging security and management techniques.
Prerequisite(s): ITEC2082.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ITEC3085 Systems Design
This course is both a theoretical approach to the development of information systems as well as an immersion into the real-world implementation in the context of a business case. The student learns the basic design tools, as well as gains an appreciation for the larger context of the organization in which the application generates value. Readings and case studies highlight the need to consider systems integration issues, external constraints in the form of regulatory issues, organizational process change, learning and training requirements as well as development of a systems maintenance and obsolescence plan.
Prerequisite(s): ITEC3040.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

Integrative Learning (ILS) Courses

ILS2003 The American Dream
This course will address the broad theme and question of “What is the American Dream” and also ask “Have we achieved it?” “Has it changed” and, “what is the cost of pursuing it?” We will explore this topic through various themes, including “Manifest Destiny”, “The Immigrant Experience”, “Civil Rights”, “Gender Rights”, “The Pursuit of Happiness”, “Work and Business”, and “Class and Culture.” While this course will primarily be a literature course, it will use a multidisciplinary approach to explore this topic from various perspectives, including history, economics, ethics, culture, psychology, and political science.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

ILS2010 20th Century Literature: A Multi-Disciplinary Approach
Through the study of the 20th century literary works, fine arts, humanities, and social and political sciences, this multi-disciplinary honors course explores the relationship between modern world literature and its historical, social, and political contexts. Short fiction, poetry, drama, and essay are used as vehicles for exploring major movements, trends, and events of the 20th century. Themes of racial, ethnic, and gender identity, political oppression, and/or war are explored. Emphases vary.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours
ILS2090 The Working Life
This course focuses on the important and complicated role of work for individuals and societies. One of the most common everyday questions is, "What do you do for a living?" That question, when thoroughly examined, reveals a great deal about how people view themselves and each other, and how much work shapes the human experience. Through the lenses of history, sociology and literature, students examine how working lives have changed over time, the experience of the worker in various contexts and how work shapes identity.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Online, Providence, Providence CE
4.5 Quarter Credit Hours

ILS2110 The Atomic Age
The emergence of nuclear science - and the catastrophic consequences of its military use on Japan to end the Second World War - marked the beginning of an Atomic Age. How is it that the world's greatest scientific thinkers could produce a technological innovation capable of destruction on a global scale? From August 1945 forward, no longer could one draw simple connections between "science" and "progress." And yet nuclear developments continued to shape every aspect of human existence: from international diplomacy and energy policy to the "nuclear family" and popular culture. Drawing on scientific discourse, world history, international relations theory, Cold War studies, policy analysis, energy and environmental studies, and gender and cultural studies, this course will explore the multiple ways in which we continue to live in an Atomic Age.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

ILS2120 Capital Punishment in America
From the colonization of America to the present, over 18,000 individuals have been executed under lawful and/or territorial authority. This course reviews the use and application of capital punishment in the United States from the colonial period to the present. Emphasizing the multidisciplinary approach, it will assess the rationales and justifications for state-sponsored executions and the efficacy of that reasoning in the modern world. The course examines the historical, social, ethical, judicial, legislative and political events that have led to the present patchwork approach to executions in the United States.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

ILS2140 History of Science
This course explores human thought about the natural world from the earliest civilizations to the present. Students investigate a central question: From where did our ideas about the scientific process arise? At the heart of this course is the idea that science and technology are not isolated from the rest of society. Rather, they are shaped by historical and societal forces even as they influence civilization. In this course, students discuss the evolution of great scientific ideas of the past and the effects of religious, political, economic and social contexts on the development of scientific principles. Through close reading, analysis, discussion and integration of primary and secondary source materials, students make connections among the disciplines of history, theology, philosophy and science.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

ILS2150 Introduction to American Studies
This course introduces students to the major themes in American culture, both past and emerging. Students are given a sense of the tensions running through the identity and image of Americans here and around the world. As an integrative learning seminar, this course also serves as an introduction to the idea and practice of interdisciplinary scholarship. This course gives students a wide range of tools to make sense of what America is, has been and can be. Topics include traditional disciplines that help illuminate American culture. Focus is on art, music, literature, history and anthropology.

ILS2180 Sexuality: Science/Culture/Law
Since 1950, there have been multiple revolutions in the way we conceptualize sexuality. In biology, evidence has mounted that sexual orientation is genetically and physiologically hardwired rather than a choice or preference. Literature and popular culture have moved from portraying homosexuality as a joke to treating it as a serious topic of personal liberation. The law has moved from criminalizing homosexual acts to granting same-sex marriage licenses. This course explores the links, or lack thereof, between these different developments. Is law more open to sexual variety because of the findings of brain science? Is popular culture more inclusive because of the increased economic clout of non-straights? Or did these things occur independently? How do we relate these developments to the post-structural analysis of sexuality that sexual identity is a modern invention?.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Charlotte, Providence, Providence CE
4.5 Quarter Credit Hours

ILS2213 The Earth in Peril: A Literary and Scientific Analysis

Students examine why and how world views affect the natural world's destruction and preservation.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Charlotte, Providence, Providence CE
4.5 Quarter Credit Hours

ILS2370 Obesity
This course considers the now global problem of obesity from the biological, psychological and sociological perspectives. Since the 1970s there has been a rapid increase in the incidence of overweight and obesity in the United States with 65% of adults now overweight. Childhood obesity rates have tripled in the last 20 years producing the first generation of Americans who are predicted to have a shorter life span than their parents. The obesity epidemic is widely acknowledged in the United States, but in the past two decades, this problem has also spread to developing countries as they accelerate their nutrition transition to more mass produced and processed foods. The roles of government and business will be explored, in influencing access to foods and in defining obesity vs. health. The study of this now global problem is relevant from a personal health perspective as well as a political and economic perspective. Individuals empowered with knowledge can modify their own food environments and that of their children. A well-educated populace may wish to support initiatives to make progress on this societal problem to avoid economic losses in productivity and health care costs that will compromise America's competitiveness.
Prerequisite(s): ENG1020 or ENG1024 or English placement, sophomore status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours
ILS2390 The XX Factor
The XX Factor takes an integrative learning approach to gender role development that foregrounds psychology and literature. This approach provides multiple lenses through which to examine current and historical concepts of women’s psychological and social development. It prioritizes close textual analysis of gender identity and sexuality as figured in literature across a broad spectrum. The course considers both conformity and resistance to societal biases, stereotyping, and the imposition of gender and sexual norms. In doing so, it promotes critical thinking about the diverse possibilities for women’s identities.
Prerequisite(s): ENGL1020 or ENGL1024 or English placement, sophomore status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

ILS4170 Passion, Power and Principle: Lessons at Play in Shakespeare
This course employs the still-relevant insights of the Shakespearean canon as a means of understanding and resolving contemporary ethical dilemmas, social tensions and the conflicting demands of citizenship in today’s world. Focus is on the resolution of moral dilemmas involving divisions of power, the use of authority, familial obligations and conflicting loyalties. This course takes an integrative learning approach that draws on literature, philosophy (ethics) and history to promote analysis and meaningful comparisons between the problems confronted in the world of Shakespeare’s plays (and the society they reflect) and those faced by us today.
Prerequisite(s): ENGL1021 or ENGL1027, senior status.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

IBUS4090 International Business Experience
This course refers to a series of options available that total 13.5 credits: 1) Students choose from a range of study abroad options including short-term 3 1/2 to four-week summer programs, spring term three-month programs, or four-to-five month independent exchanges. Each program has its own academic focus and prerequisites. Students apply for their program of choice through Study Abroad. After selection into a program, students engage in orientation and academic pre-departure work before embarking on their immersion into foreign cultural and business settings. In some cases, JWU faculty lead the program and travel with the students. In other cases local hosts lead the program, but in all programs students participate in a rigorous study and travel experience. The purpose of these study abroad experiences is to increase students’ global awareness as they explore their program’s specific academic focus. Course delivery consists of lecture, industry visits and cultural excursions. Eligible students are guided by Study Abroad to register for the appropriate course(s) specific to their program. 2) Eligible students may opt to take IBUS4020 Summer Work Abroad International Seminar and a specific course from the IBUS4080 Series of Summer Work Abroad Programs: IBUS4082 or IBUS4086. 3) Students not eligible to take the international business programs, internships or SWAP programs take three additional electives from the School of Business or the School of Engineering & Design. Students should consult with their faculty advisor to make their selection.

(OL) Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

MGMT3035 Operations and Supply Chain Management II
This course expands on students' knowledge of operations and the supply chain by introducing students to qualitative and quantitative methodologies used by operations and supply chain professionals. The course covers key concepts in the areas of forecasting, capacity, utilization, scheduling, inventory management, and planning including MRP and ERP. Students apply these concepts and their associated methodologies to common problems faced by organizations. Prerequisite(s): MATH1035, MGMT2030. (OL) Offered at Online, Providence, Providence CE 4.5 Quarter Credit Hours

MGMT3040 Process and Quality Management
This course thoroughly examines the concept of quality management as well as tools and approaches used to manage quality improvement efforts in organizations. Students are exposed to the theoretical and practical issues to prepare them to initiate quality and process improvements in their business careers, suitable for operations management and other functional professionals. Prerequisite(s): MGMT2030, MATH2001. (OL) Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

MGMT3045 Logistics
This course acquaints students with the basic concepts of product distribution and the terminology used in the logistics field. The course recognizes the changing face of logistics from an internally focused supportive function to a strategic part of the enterprise value chain. Students learn the process of planning effective product distribution and discuss methods of transportation and traffic management techniques. Emphasis is on the following major areas: the supply chain model, product and process design, project management, inventory and inventory management, warehouse management, global logistics and sustainability and risk management. Prerequisite(s): MGMT2030. (OL) Offered at Denver, Online, Providence, Providence CE 4.5 Quarter Credit Hours

MGMT3050 Compensation, Benefits and Total Rewards
This course explores the dynamic profession of compensation, benefits and total rewards management. Topics are explored through the perspective of the human resources professional, which provides a view of the ever-changing world of employee reward development, government and regulatory changes, and expectations of both the employer and employee in a competitive business arena. Prerequisite(s): MGMT2001. (OL) Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

MGMT3055 Procurement
This course acquaints students with the basic concepts of purchasing and supply chain management. Emphasis is on the organization and operation of the procurement department, principles and procedures in purchasing processes, strategy, and planning (ERP, MRP, WMS, etc.). This course covers price considerations, quality, commodity management/sourcing, the negotiation process, legal aspects in purchasing, social responsibilities/ethics, supplier selection, supplier management and e-commerce/technology management. Prerequisite(s): MGMT2030. (OL) Offered at Denver, Online, Providence, Providence CE 4.5 Quarter Credit Hours

MGMT3060 Training and Development
This course explores training and development in a competitive global business environment. The course reviews research findings that support training and development as an essential component of effective business performance. Students explore the relationship between business strategy and strategic training and development, as well as the relationship between learning theory and effective training and development. Students design and deliver training in the classroom setting. Prerequisite(s): MGMT2001. (OL) Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours
MGMT3070 Special Topics in Human Resource Management
This course is a forum for special issues and emerging areas within the field of human resource management. Students examine current research and commentary on the selected special topics. Practical skill exercises (such as in-class exercises), case studies, site visits and visiting experts in the field enhance learning. Students apply theory and concepts from earlier coursework, and benefit from the opportunity to think critically and assess current human resource issues.
Prerequisite(s): Two of the following: MGMT3005, MGMT3035, MGMT3050, MGMT3060. (OL)
Offered at Charlotte, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

MGMT4001 Process Planning and Control
This course offers a quantitative approach to operations and supply chain management problems. Key areas of focus include the management of waiting lives, forecasting, inventory, location/scheduling and project management. Particular emphasis is placed on the application of tools and techniques to solve problems such as linear programming and other methodologies widely used in business settings.
Prerequisite(s): MGMT2030 or MGMT3035, MGMT3040. (OL)
Offered at Charlotte, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

MGMT4020 Strategic Management
This course provides students with the fundamentals of business strategy. The first part of the course addresses environmental analyses and the tools used to assess these environments. The second part of the course addresses the different strategies a firm may choose at both the firm- and business unit-level, and how the chosen strategic position is strengthened through internal alignment. The third part addresses the theories behind developing sustainable competitive advantage. Leadership and corporate ethics are also discussed.

MRKT3020 Product Development
This course examines the role of product development as a function of an integrated marketing system. Students will explore the synergy of design and technology to create consumer value. Topics covered include innovation, concept generation, global sourcing, and manufacturing processes. Prerequisite(s): MRKT1001, MRKT1002. Offered at Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

MRKT3025 Business-to-Business Marketing
This course is a study of the development and maintenance of relationships in the business-to-business marketing channel. Special emphasis is on understanding various forms and appropriate uses of power in the channel. Topics also include the marketing of services as well as tangible goods in the business-to-business channel. Prerequisite(s): MRKT1001 or HOSP3050, junior status. Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

MRKT3045 Social Media Marketing
This course focuses on the strategic use of current and future social media platforms. Students develop a social media marketing plan using the major social media platforms and user-generated content tools for business. Students explore the use of social media for creating personal and professional branding goals with measured results. Students are expected to have a basic understanding of various online and offline marketing strategies. Prerequisite(s): MRKT1001, sophomore status. (HY) Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

MRKT3050 Techniques in Sales Management
This course introduces students to the selling profession and process from the perspective of the sales manager, a role that relates to marketing communication and marketing strategy. Students explore the client needs assessment, consultative problem solving, and win-win negotiation strategies that enhance internal and external customer relationships. In addition to selling knowledge and skills, students gain an understanding of the roles and responsibilities of the sales manager. Important responsibilities such as territory management, account management, leadership, influence, motivation, recruiting, selection, training, compensation, forecasting and budgeting are addressed. Prerequisite(s): ENG1030, (MGMT1001 or MGH1000 or MRKT1001), junior status. (OL) Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

MRKT3055 Survey Research
This course provides an overview of contemporary topics in quantitative research such as competitive intelligence, survey design and scale measurement. Students utilize current technology and software tools to create, distribute, analyze and interpret quantitative data. Students gain an understanding of modern market research techniques used to make sound business decisions. Prerequisite(s): MRKT2050, MATH2001, junior status. Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

MRKT3084 Customer Care Strategies
This course is designed to change student perceptions of customer service. Students compare and contrast “minimum standards” with surpassing the customer’s expectations of value. Students learn to focus their creativity and energy on developing attitudes and using systems that will increase customer satisfaction and lead to customer referral. Students learn about the systems and technology that drive the best organizations, at all levels, at any stage of customer relations. Offered at Providence, Providence CE 4.5 Quarter Credit Hours

MRKT3085 Marketing Analytics
This course teaches students to read and analyze marketing dashboards, which provide key performance metrics aligned with organizational objectives. Students compare and contrast different types of marketing metrics categories and learn how to use marketing mix models, focusing on developing company attitudes and utilizing systems that allow customers to relay their experiences. Students learn about the systems and dashboard technologies that drive the best organizations, at all levels, at any stage of relationships with customers. Prerequisite(s): MRKT1001, junior status. Offered at Denver, Providence, Providence CE 4.5 Quarter Credit Hours

MRKT3150 Special Topics in Marketing
This course is a study of selected current topics in the field of marketing. The course helps students understand how marketing impacts and is part of consumers, business and society. Emphasis is on exploring current literature, advanced problems and research tools applicable to the chosen topic. Focus is on a different area, issue or theme each year, depending on student interest. The topic area may not be usually found in the conventional classroom course. The description for each topic is noted in each of the specific course outlines. Prerequisite(s): ADV1010, junior status. Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

MRKT4030 International Marketing
This course deals with various differences in cultural, economic and legal factors as they relate to the marketing process. This is a systematic treatment of marketing on a global scale, extending basic principles into foreign marketing requirements. Prerequisite(s): MRKT1001, junior status. (OL) Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours
**MRKT4055 Strategic Marketing**
This capstone course aids students in developing the skills essential to anticipating and responding to the changing needs of customers and markets in the global economy and culture. The course explores marketing strategy using a combination of texts, readings, visiting speakers, websites, cases, a marketing simulation and field assignments. It is recommended that students complete all related professional studies courses before attempting this capstone course.
Prerequisite(s): MRKT1002, MRKT2050, MRKT3005 or ADVC2001, senior status. (HY)
Offered at Charlotte, North Miami, Providence, Providence CE 4.5 Quarter Credit Hours

**MRKT4099 Marketing Internship**
The Marketing Internship course provides students the opportunity to gain academic credit for completing internships with marketing firms, corporations, or governmental entities. Eligible students may apply for a marketing internship assignment. This assignment is an industry experience that allows students to gain academic credit for an invaluable work experience in the marketing industry. Upon completion of this term-long course, students have an understanding of the demands and expectations of the industry, as well as the role played by the agency, the client, and media organizations.
Prerequisite(s): To be eligible for this internship, students must: 1) maintain a cumulative GPA of 2.75 during the entire pre-program application process, 2) have completed 130 hours of course work, 3) have appropriate elective credit available, and 4) have the sponsorship of a faculty advisor.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE 4.5-13.5 Quarter Credit Hours

**Mathematics (MATH) Courses**

**MATH0010 Basic Mathematics**
Students are assigned to this course based on placement tests given prior to taking MATH1020 or MATH1002. The course is designed to teach students the basic mathematical concepts and methods that will prepare them for studying college-level mathematics. Topics include a review of basic arithmetic, an introduction to algebra, and problem-solving techniques. (OL)
Offered at Charlotte, Denver, Denver CE, North Miami, Online, Providence, Providence CE 2.25 Quarter Credit Hours

**MATH1002 A Survey of College Mathematics**
This course is designed to teach students the basic mathematical concepts and methods that will assist them in using mathematics in both their personal and professional lives. Topics include problem solving, sets, probability, statistics, consumer mathematics, and the rudiments of college algebra.
Prerequisite(s): MATH0010 or math placement. (HY) (OL)
Offered at Charlotte, Denver, Denver CE, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

**MATH1020 Fundamentals of Algebra**
This course provides students with a working knowledge of the basic elements of algebra. Topics covered include equations and inequalities, graphing, systems of equations, exponents and logarithms, factoring, rational expressions, and radicals.
Prerequisite(s): MATH0010 or math placement. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

**MATH1030 Precalculus**
This course features the concepts and techniques essential for the study of calculus. Topics include functional notation, algebraic, trigonometric, exponential and logarithmic functions, analytic trigonometry, and matrix algebra.
Prerequisite(s): MATH1020 or math placement. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

**MATH1035 Quantitative Analysis I**
A continuation of Algebra, this course begins with the study of linear equations and their applications to business and economics. Matrices are covered in detail. Linear programming, quadratic models and a brief introduction to differential calculus are also presented.
Prerequisite(s): MATH1020 or math placement. (HY) (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

**MATH1040 Calculus I**
This course provides students with an introduction to the basic elements of differential and integral calculus. Topics include functions and limits, continuity, differentiation and its applications, relative extrema, and an introduction to integration.
Prerequisite(s): MATH1030 or equivalent or math placement.
Offered at Denver, Providence, Providence CE 4.5 Quarter Credit Hours

**MATH2001 Statistics**
This course is designed to provide students with the basic statistical concepts and techniques that will assist them in both their personal and professional lives. Topics include measures of central tendency and dispersion, probability distributions of both discrete and continuous random variables, sampling distributions, estimation theory, and an introduction to hypothesis testing.
Prerequisite(s): MATH1002 or MATH1020 or MATH1030 or MATH1035 (minimum grade of C in MATH1002 or MATH1020 required for hybrid sections of MATH2001) or equivalent. (HY) (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

**MATH2002 Statistics II**
This course is a continuation of Statistics I. It is designed to provide students with the statistical concepts and techniques of inferential statistics. Topics include hypothesis testing; testing the difference between two means, two proportions and two variances; correlation and regression; Chi-square tests; analysis of variance; sampling techniques; and an introduction to simulation techniques.
Prerequisite(s): MATH2001. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE 4.5 Quarter Credit Hours

**MATH2020 Discrete Mathematics**
This course is designed to give students the basic mathematical concepts and methods that are prevalent in information science. Topics include sets, relations and functions, elementary graph and network theory, trees, matching algorithms, network flows, counting techniques, and recurrence relations.
Prerequisite(s): MATH1020 or Math placement or permission of department chair.
Offered at Providence, Providence CE 4.5 Quarter Credit Hours

**MATH2035 Quantitative Analysis II**
A continuation of MATH1035, this course further examines the applications of the derivative such as maxima and minima, and marginal analysis. Both indefinite and definite integration are discussed along with their application to business and economics. Partial differentiation and functions of several variables are also presented.
Prerequisite(s): MATH1035 or equivalent or permission of department chair.
Offered at Providence, Providence CE 4.5 Quarter Credit Hours

**MATH2040 Calculus II**
This course is a continuation of MATH1040. Topics include a detailed treatment of the calculus of transcendental functions, formal integration methods, improper integrals, infinite series, and further topics in analytic geometry.
Prerequisite(s): MATH1040.
Offered at Providence, Providence CE 4.5 Quarter Credit Hours
MATH2043 Ordinary Differential Equations
This course introduces the student to the field of ordinary differential equations. Topics include methods for solving linear differential equations and their applications, series solutions of linear differential equations, the solution of systems of linear differential equations along with their applications, and phase plane methods for nonlinear systems. 
Prerequisite(s): MATH2040.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

MATH3040 Calculus III
This course is a continuation of MATH2040. It is designed to provide students with a detailed treatment of the calculus of functions of several variables and vectors. Topics include vector algebra, vector-valued functions, partial derivatives, vector differential calculus, and the integration of vector fields including the Divergence Theorem and Stokes’ Theorem.
Prerequisite(s): MATH2040.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

MATH4800 Special Topics in Mathematics
This course presents a specialized area of mathematics in great detail. Each academic year, a specialized topic is chosen which is of interest to both students and faculty. Typical specialized topics which may be chosen include, but are not limited to, number theory, numerical analysis, matrix theory, mathematical logic, abstract algebra and geometry.
Prerequisite(s): MATH1002 or Math placement. May vary depending on topic.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

Philosophy (PHIL) Courses

PHIL3015 History of Philosophy
This is a survey of the development of Western philosophic thought. A clear sense is gained of the relative richness and poverty of philosophic interpretation of different periods. The thinking and works of outstanding philosophers of each period are considered, and the major schools of philosophic thought and their adherents are reviewed. Some of the major problems of philosophy are examined: appearance versus reality, determinism versus free will, knowledge and existence, body-mind relations, truth and error, good and evil, space and time, reality and what we can know.
Prerequisite(s): ENGI021 or ENG1027.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

PHIL3020 Crisis and Controversy: A Critical Thinking Approach
This course encourages students to use critical thinking skills in order to make decisions, solve problems, develop new ideas, evaluate arguments and tolerate ambiguity while exploring complex social questions. Emphasis is on understanding the elements of reasoning, imposing criteria and intellectual standards upon reasoning, and assessing individual thinking processes. Students hone critical thinking skills by actively engaging in the study of social conflicts and controversies that operate at individual, communal and global levels.
Prerequisite(s): ENGI020 or ENGI024 or English placement. (SL)
Offered at Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

PHIL3040 Ethics of Business Leadership
This course examines the basic principles of ethics and their philosophical foundations, particularly as they apply to institutions, environments, leadership and other activities and pursuits of business. It examines those aspects of human behavior that can be labeled right and wrong. Consideration is given to the moral obligations of leaders and followers when discussing actual cases from a variety of business organizations that have presented management and subordinates with difficult moral dilemmas. Emphasis is also on the particular responsibilities of leadership in fostering and implementing ethical awareness within a corporate culture.
Prerequisite(s): ENGI020 or ENGI024 or English placement. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

Political Science (PSCI) Courses

PSCI1001 Introduction to Political Science
Political Science is the rigorous and disciplined study of government and politics. This is a gateway course designed to reveal to students the ubiquity of political phenomena in their lives. The working of politics, viewed alternatively as the allocation of values, or as the study of who gets what, when, where, why and how, is studied in a variety of incarnations, in small and large groups, and private and public dress. The rational choice perspective is used to formulate and analyze theoretical issues in political analysis.
Offered at Charlotte, Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

PSCI2001 Introduction to World Politics
This course provides a comprehensive introduction to the study of world politics. Analytical tools and philosophical doctrine are first discussed to lay a foundation for understanding the driving forces in international relations. The chronic nature of war and ceaseless search for peace will be discussed next with special emphasis on twentieth century history. Next examined are the theory and practice of economic relations among advanced industrial economies, and the pace of development of the third world or the “South”. Special problems posed by multiethnic and multinational diversity within nations will be an important theme of the course. Other possible topics will include different historical and possible future systems of international relations; imperialism; cold war politics; national security theory including deterrence and the success of international political and monetary organizations.
Prerequisite(s): Sophomore status.
Offered at Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

PSCI3005 Contemporary Political Ideologies
A small but powerfully influential set of political ideologies have dominated, and continue to dominate, social and political events throughout the world in the last and this century. Robust ideologies (democracy, nationalism, Islam, and their variants) have impelled their followers to produce the deaths of millions, and continue to control the destinies of hundreds of millions. This course tries to make sense of a century of ideological struggle, with the hope of understanding the continuing relevance of political ideology in fashioning the fate of peoples and nations.
Prerequisite(s): ENGI021 or ENGI027. (OL)
Offered at Online, Providence, Providence CE
4.5 Quarter Credit Hours

Project Management (PRMG) Courses

PRMG2010 Introduction to Project Management
This course gives students an understanding of project management practices, concepts, and tools using projects in the real world. Students focus on successfully organizing a single project using the knowledge areas associated with the project life cycle. Learning to identify potential projects based on strategic business planning, they produce portions of a basic project plan, scope statement, work breakdown structure, and Gantt charts. Other course topics to be discussed in a broader context include: forming and leading a project team, project manager competencies, project organization, time and resource management, cost management, quality management, human resource management, communications management, and risk management. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

PRMG3010 Advanced Project Management
This course trains students to initiate, plan, execute, monitor, control, and close a project in the real world. Using a real world project plan, students become competent in the following areas of project management: project integration, project scope, project time, project cost, project quality, project human resources, project communications, project risk management. They practice these skills individually and in teams applying them to a real world project. They also gain understanding of the application of project management processes. Prerequisite(s): PRMG2010. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours
Psychology (PSYC) Courses

PSYC1001 Introductory Psychology
Introductory Psychology is the scientific study of behavior and mental processes. Ethical application of the scientific method is used to examine nervous system structures and functions, learning, memory, intelligence and states of consciousness. (SL) (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

PSYC2002 Abnormal Psychology
This course examines the major theoretical approaches to psychological and other behavior disorders. Included are definitional criteria, causes, prevalence, related conditions and current treatment programs for both children and adults. Emphasis is placed on the sociocultural context of psychological disorders as well as on correcting common stereotypes about mental and emotional illness.
Prerequisite(s): PSYC1001. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

PSYC2015 Human Sexuality
This course is an exploration of human sexuality from a biological, psychological and socio-cultural perspective. It examines major theoretical perspectives that influence the scientific study of sexuality. Critical issues discussed include but are not limited to sexual identity and gender, sexuality and relationships, contemporary and cross-cultural views on human sexuality, rape and sexual exploitation and sexuality across the lifespan.
Prerequisite(s): PSYC1001.
Offered at Charlotte, Denver, Providence, Providence CE
4.5 Quarter Credit Hours

PSYC2020 Industrial/Organizational Psychology
This course emphasizes the psychological principles involved in group performance, power, leadership styles and behavioral motivation. It includes discussion and analysis of organizational research and the application of the results to businesses and industrial situations. It is designed to assist the business student in incorporating psychological knowledge into his or her managerial and leadership style in order to increase on-the-job productivity.
Prerequisite(s): PSYC1001.

Research (RSCH) Courses

RSCH2050 Research Methods in Applied Settings
This course provides students with the required knowledge to conduct basic research in the social sciences, including evaluation of primary and secondary research and learning to use and interpret statistics in specific applied situations. Using quantitative and qualitative research methods, students learn how to plan, conduct and write a research project, and select and interpret data. Students learn APA documentation, engage in exercises in primary sourcing techniques and receive an overview of the publication process.
Prerequisite(s): MATH2001, PSYC1001 or SOC1001 or SOC2005.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

RSCH3100 Experimental Design in the Social and Behavioral Sciences
This course is focused on the various quantitative research methodologies that can be utilized to conduct and interpret scientific research in the social and behavioral sciences. In addition to advanced research design and corresponding statistical techniques (e.g., ANOVA, MANOVA, Structural Equation Modeling, Meta-Analysis), students will explore complex ethical, socio-cultural, and geo-political issues that impact the design, interpretation, and use of scientific results.
Prerequisite(s): MATH2001, RSCH2050.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

RSCH3200 Qualitative Inquiry
This course is focused on the various qualitative research methodologies that can be utilized to conduct and interpret scientific research in the social and behavioral sciences. In addition to advanced research design and corresponding statistical techniques (e.g., ethnography, case study, narratives; instrument design, textual data coding and analysis), students will explore complex ethical, socio-cultural, and geo-political issues that impact the design, interpretation, and use of scientific results.
Prerequisite(s): MATH2001, RSCH2050.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

RSCH3300 Community Action Research
Through identifying real world research questions and corresponding community agents, students will design and propose a community action research project. This course focuses on hypothesis generation, comprehensive literature review and the utilization of both quantitative and qualitative research methodologies to prepare students to execute the proposal in RSCH4400: Integrative Applied Research Seminar. Communication skills in the discipline are emphasized including oral and written presentations to faculty, class, and community.
Prerequisite(s): RSCH3100, RSCH3200.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

RSCH4050 Research Seminar in Counseling Psychology
This capstone course is designed to complete the major program of study by integrating the student’s prior academic experiences in Counseling Psychology. A seminar format is used to encourage student participation and interaction with peers and with faculty. Each participant chooses a topic within their area of specialization. The topic is explored through individual research, periodic presentations and discussion. Discussion focuses on both substantive and methodological concerns, as well as interconnections among areas of study.
Prerequisite(s): RSCH2050, senior status.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

RSCH4400 Integrative Applied Research Seminar
A capstone experience in the Applied Research minor, this course will have students conduct the research study proposed in RSCH 3300, including data collection, analysis and interpretation of findings. Students will be required to share applied implications of findings with the community agents impacted, as well as preparing a formal professional conference and/or journal submission. Advanced case studies will be used throughout the course to integrate previously learned applied research and statistical analyses content to promote scientific reasoning and critical thought.
Prerequisite(s): RSCH3300.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

Retail (RTL) Courses

RTL1005 Retailing
This course is designed to introduce the student to the field of retailing. Emphasis is placed on basic principles of the retail environment, retail operations and retail administration. Science (SCI) Courses

SCI1005 Introduction to Botany
This course provides a comprehensive description of the structure, physiology and reproduction of plants of economic value. Focus is on the relationship between plants and humans, including the role of plants as food sources such as rice, corn and wheat, as well as industries which are plant based. The importance of plants in maintaining environmental balance is also discussed with an emphasis on topics of current interest.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

SCI1010 Environmental Science
This course presents major scientific concepts dealing with the biological and physical nature of the world we live in. A major theme is the impact of human population and economic growth on the biodiversity and ecosystems of our planet, considering how sustainable use of the world’s resources may be achieved for both developing and developed nations. Topics such as energy, air, water or resource use, land use and agriculture will be discussed. (OL)
Offered at Charlotte, Denver, Denver CE, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours
SCI1015 Introduction to Life Science
This course describes key biological and chemical principles that apply to all living things. Evolution and natural selection are studied as an explanation for the history of life on Earth. Students examine cells and cell functions, genetics, as well as structure and function of human body systems. Application of scientific methodology is included. (OL)
Offered at Charlotte, Denver, Denver CE, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

SCI11030 Marine Biology
This course is an introduction to both the biological and physical aspects of the marine environment, including a survey of the organisms that inhabit the world’s oceans, their ecology, species evolution and distribution, and the human impact of commercial marine-related industries. Of particular interest are seafood, shellfish and marine plants as marine food sources, as well as shipping and maritime industries. (HY)
Offered at Denver, Denver CE, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

SCI11050 Nutrition
This course in basic human nutrition examines metabolic energy derived from carbohydrates, proteins and lipids. Pathways for the utilization of this energy to build new biomolecules, including nucleic acids, are discussed, as are the consequences of nutrient deficiencies. Ways to achieve and maintain nutrient balance are a central part of the course. The significance of vitamins and minerals and possible toxicity due to overabundance is also discussed. (OL)
Offered at Denver, Denver, Online, Providence, Providence CE
4.5 Quarter Credit Hours

SCI21020 Exercise Physiology
This course introduces topics in the physiology and anatomy of exercise, cardiovascular fitness, nutrition, and weight control. Emphasis is placed on understanding the scientific basis for a wellness program.
Offered at Charlotte, Denver, Providence, Providence CE
4.5 Quarter Credit Hours

SCI21030 Introduction to Ecology
This course combines biology and other sciences to study how living things interact with each other and with their non-living environment. Topics such as competition and predation, the one-way flow of energy, and the cycling of nutrients through ecological communities are examined. Other topics such as biodiversity, major terrestrial and aquatic biomes, succession, and the methods and goals of environmental conservation are discussed.
Offered at North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

SCI21031 Anatomy and Physiology
This basic course covers the anatomy and physiology of the human organism, based on the cell, tissue, organ and system structures of the body. An integral part of this course is the learning of medical terminology.
Offered at Denver, North Miami, Providence, Providence CE
4.5 Quarter Credit Hours

SCI21040 Sustainability Policy and Planning
In this course students are introduced to the application of scientifically sound sustainability policies and their effects. Through the study of relevant case studies, this course demonstrates how corporate leaders can gain a strategic advantage by fostering sustainable development principles within their organizations. Businesses have typically been viewed as major contributors to environmental problems but they have also been extremely important participants in solutions. Students investigate policy efforts that promote responsible management of social, economic, and environmental resources and examine the roles of governments, markets, and nonprofit organizations in the implementation of sustainable development laws and policies.

SCI3050 Science and Civilization: Progress and Problems
This course explores the social, political and historic contexts and implications of several scientific and technological developments through a variety of genres including textbooks, newspaper and magazine articles, film, music, art, literature and the internet. This is an interdisciplinary course cross-listed as HUM3050 and SCI3050.
Prerequisite(s): ENG1021 or ENG1027, successful completion of any science course, sophomore status. (OL)
Offered at Charlotte, Online, Providence, Providence CE
4.5 Quarter Credit Hours

SCI4060 Food Microbiology
Food Microbiology introduces students to a wide variety of topics regarding the biology of food and water associated microorganisms. Important topics include: all varieties of microbial agents of food and water borne disease, characteristics of important species of food spoilage microbes, identification and control of disease agents associated with food and water, beneficial microbial action, microbial genetics and bacterial genomics. The interaction of microbes with the human digestive and immune systems is also studied. Prerequisite(s): SCI1015, SCI2031, Corequisite: SCI4061, senior status or permission of department chair.
Offered at Denver, Providence, Providence CE
4.5 Quarter Credit Hours

SCI4061 Food Microbiology Lab
Food Microbiology Lab is a laboratory companion course coordinated with SCI4060. Using live cultures, students examine the properties of various microbes and factors which contribute to their control and their contamination of foods. Unknown microbes are identified using both traditional and genetic microbiological techniques. Beneficial microorganisms are also studied. Students master microscopy using compound light microscopes.
Prerequisite(s): SCI1015, SCI2031, Corequisite: SCI4060, senior status or permission of department chair.
Offered at Denver, Providence, Providence CE
2.25 Quarter Credit Hours

Sociology (SOC) Courses

SOC1001 Sociology I

SOC3025 Cultural Tapestry: Perspectives in Diversity
This course approaches the study of diversity by offering students an opportunity to understand the meaning of difference from a multitude of perspectives. Students study how categories of diversity are created, the experience of being perceived as different in society, and the consequences of difference as gauged by the allocation of privilege and resources to differing groups within society. Such categories as race, ethnicity and national identity, socioeconomic status, gender differences, sexual orientation, learning styles and religious affiliation are addressed. Similarities between ethnic groups and cultures are also examined. The sociological paradigms/ perspectives are also utilized in the study of diversity. Students shape a presentation that addresses diverse subject matter in an experiential manner. As the course concludes, attention is directed towards identifying strategies that can be employed both on a macrolevel in society and on a microlevel within the students' realm of influence, to broaden the acceptance of differing perspectives in a pluralistic society.
Prerequisite(s): SOC1001 or SOC2005. (OL)
Offered at Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

SOC3060 Deviant Behavior
The purpose of this course is to provide students with a clear understanding of the nature and meaning of deviance. Students learn what is considered the norm in society, what is outside the norm, and how each is relative in nature. Theoretical explanations, cross cultural references and in depth analyses of deviant behavior are studied from the three dominant sociological paradigms. Who defines deviance, what is deviant, why deviance persists, the effect of labels, and the personal and social effects of deviance are discussed.
Prerequisite(s): SOC1001 or SOC2005. (OL)
Offered at Charlotte, Denver, North Miami, Online, Providence, Providence CE
4.5 Quarter Credit Hours

SOC3070 Visual Literacy and the Sociology of Perception
Human perception of the social world is studied from both a communications and sociological perspective. Elements of “picture-based media” as a means of molding cultural perceptions, social biases, and personal views of reality are studied. Through a series of exercises, students critically examine images in art, still photographs, television, advertising, film, and documentaries to determine their sociological messages. Using the language of visual literacy and an understanding of perception, students test assumptions about their world.

Technology Experiential Education (TECX) Courses

TECX4020 Technology Solo Project
This course allows each student to design, build, implement, or research an actual technology project related to his or her degree program. Under the supervision of a faculty advisor, each student selects an appropriate project (often from a list of project requests submitted to the School of Engineering & Design), sets a completion schedule, reports on project progress, and finally writes an extensive final report on the results of the project. Students defend their work and report in an oral presentation before a faculty panel.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

TECX4045 Technical Solutions Team I
In this class, students act as part of a working technology project team. During the term prior to the beginning TSTI, each student applies for a position on a particular team working on a specific project; only students accepted for such positions will be admitted into the course. Students begin TSTI with a series of lectures and workshops that familiarize them with the project methods and protocols used by TSTI. They then work under the supervision of a faculty project manager and subject matter advisors. Teams submit their work for regular phase reviews; set and conform to explicit schedules for project work; monitor and assure project quality; assess and mitigate project risks; draft, update and maintain all project documentation; and are ultimately responsible for the outcome of the project. This course is one of several options in the School of Engineering & Design for students to fulfill their experiential education requirements.
Prerequisite(s): PRMG2010.
Offered at Providence, Providence CE
4.5 Quarter Credit Hours

TECX4046 Technical Solutions Team II
This course is an optional continuation of TECX4045, Technical Solutions Team I working on new or previously started projects. Students work in cross-functional teams under the supervision of faculty project managers and subject matter advisors. Teams submit their work for regular phase reviews; set and conform to explicit schedules for project work; monitor and assure project quality; assess and mitigate project risks; draft, update and maintain all project documentation; and are ultimately responsible for the outcome of the project. This course is one of several options in the School of Engineering & Design for students to fulfill their experiential education requirements.

Academic Information

This section of the catalog contains important information about the academic requirements and policies of Johnson & Wales University, as well as additional educational components including experiential education and study abroad opportunities, and available honors programs and academic societies.

Class Schedules

The course schedule (https://uconnect.jwu.edu/prod/bwckschd.p_disp_dyn_sched) is published before registration begins for each term. The course schedule will include course meeting days and times, seat capacity, course prerequisites and additional information for courses meeting the search criteria.

Occasionally, make-up classes are scheduled, due to holidays or other missed days, to meet minimum classroom hour requirements. It is possible that at times a course may not be rescheduled and the student will be responsible for all work as outlined in the syllabus.

Please note that students enrolled in courses at the university may be required to participate in online discussion forums, student-to-student collaborations and student presentations with other students as part of course requirements.

Summer Sessions

Optional summer session courses are offered by the university. Individual courses may not be offered in the summer if student interest or enrollment is not sufficient; as a result, summer degree completion cannot be guaranteed.

Students matriculating at Johnson & Wales are not granted credit for summer session courses taken at other institutions unless prior permission has been granted by Student Academic & Financial Services.

Academic Policies

This section of the catalog contains important information about the academic policies of Johnson & Wales University, the grading system and other academic requirements.

Academic Standing

A student’s academic standing is based on grade point average (GPA) in conjunction with total attempted credits (including transfer credits) and is evaluated after the completion of each term of enrollment. Academic standing standards differ by program of study. Please refer to the following academic standing standards charts. If students are not in good academic standing or have questions about the requirements for graduation, they should make an appointment with an academic counselor for assistance in assessing their situation.

Students who meet the following criteria are considered to be in good academic standing:

- Undergraduate students need a minimum GPA of 2.0.
- Graduate students need a minimum GPA of 3.0.
- Doctoral students need a minimum GPA of 3.25.
- 4+1 B.S./MBA/M.S. program students need a minimum GPA of 3.0 in graduate-level coursework.

According to the following academic standing standards, students who do not satisfy good academic standing requirements will be placed on probation, suspended (undergraduate students only) or dismissed.

Note: Doctoral students will be dismissed if their GPA is less than 3.25, or when they earn a grade of F, WF or W in any course. No classes may be repeated.

### Academic Probation

Probation may affect a student’s ability to register and/or graduate. Graduate program students and 4+1 B.S./MBA/M.S. program students are allowed one term only on probation.

### Academic Suspension

Suspended students may not matriculate at the university for at least one term and are expected to work on academic deficiencies. To return to the university, these students must petition the Academic Appeals Committee, providing a letter of intent and documentation of academic improvement. The committee will consider appeals that document mitigating circumstances.

### Academic Dismissal

Dismissed students may no longer matriculate at the university and are expected to work on academic deficiencies. To return to the university, students may petition the Academic Appeals Committee, providing a letter of intent and documentation of academic improvement. The committee will consider appeals that document mitigating circumstances.

### Academic Warning

Students who are reinstated into the university will be placed on Academic Warning. These students risk permanent dismissal from the university if they are unable to meet academic standing guidelines. The warning designation is sometimes used to override academic standing decisions at the end of the term due to mitigating circumstances.

These undergraduate students will be allowed to register for a maximum of 13.5 credits in academic classes or 15 credits in laboratory classes. In addition, these students will be required to attend a mandatory student skills strategies seminar and tutoring in identified content areas. Failure to complete these requirements will result in immediate dismissal.

### Attendance

All students are expected to attend each meeting of every class in which they are enrolled on time. The maximum number of absences for valid reasons is based on the credit hours for the course, with the exception of experiential education assignments and laboratories, which have their own specific attendance criteria. Absences beyond the stated maximum for each course may jeopardize academic standing or financial aid.

Student Academic & Financial Services should be notified immediately of any necessary prolonged absences. The Student Handbook contains rules and policies for frequent or prolonged absences from class.

Students are expected to familiarize themselves with attendance requirements outlined in the Student Handbook (http://catalog.jwu.edu/handbook).
Credits and Grades

Unit of Credit

The university measures undergraduate and graduate academic progress using the quarter credit hour system with the exception of the doctoral and physician assistant studies program, which operate under a semester credit hour system. Courses are offered in three formats and may combine two or more of those formats, which are lecture, laboratory and experiential.

Generally, one quarter credit represents 10 hours of instruction, which includes class lecture and additional activities; one quarter credit hour equals two laboratory hours or three experiential hours. Furthermore, all courses require additional hours of study and preparation outside of the classroom or learning environment.

Please see the appropriate section to review the respective grading system.

Honors Option (H)

If a course was taken as an Honors Program requirement, the grade received will be followed by H (e.g., AH, BH).

Failure (F)*

Issued if a student fails to achieve adequate scholastic progress. The grade is recorded permanently on the student’s academic record. Upon successful completion of the course at a later date, the term and cumulative grade point averages are adjusted to reflect only the passing grade. However, both grades will appear on the academic transcript.

Withdrawal/Pass (WP), Withdrawal/Fail (WF)*

To record attempted credits, a grade of WP or WF is recorded when a student withdraws from a registered course after its add/drop period has ended. To qualify for a WP, the student must have an estimated grade of 60 or higher at the time of withdrawal. This grade is not entered into the term and cumulative grade point averages. If the estimated grade is below 60, the student will be issued a WF, which is entered into the term and cumulative grade point averages as a failing grade until successful completion of the course at a later date.

Audit (AU)*

An Audit occurs when no academic credit is granted. This grade is not calculated into the term and cumulative grade point averages.

Challenge Exam (CX)*

Granted for specifically designated courses upon successful completion of department challenge exams. This grade is not calculated into the term and cumulative grade point averages.

Grade Pending (GP)*

A temporary mark given when the completion of course requirements is still underway. A Grade Pending is not calculated into the term and cumulative grade point averages and is generally used under extreme, extenuating circumstances. If a grade is not submitted to replace the GP within one year, it will automatically become an F.

Incomplete (I)*

Issued to students if they are unable to complete course requirements because of authorized absences due to service commitment or illness. Outstanding work must be completed within two weeks of the final exam class day or the grade will automatically become an F and will be included in the term and cumulative grade point averages. For classes graded S/U (Satisfactory/Unsatisfactory), an Incomplete (I) will change to a U.

No Credit (NC)*

A non-punitive designation issued to a student who has been authorized to withdraw from class, or the university, due to extenuating circumstances. This grade is not calculated into the term and cumulative grade point averages.

No Grade (NG)*

Issued temporarily when there is no grade provided by the faculty member. This grade is not factored into the student’s GPA. Once a grade is submitted, the cumulative average and transcript will reflect only the new grade. If a grade is not submitted to replace the NG within one year, it will automatically become an F and the grade will be included in the term and cumulative grade point averages.

Prior Learning (PL)

Students may earn credit for the knowledge or skills they have mastered outside the classroom through volunteer work, employment, travel, professional training and seminars or other comparable sources. This grade is not calculated into the term and cumulative grade point averages.

Proficiency (P)

Granted for achievement of multiple levels of skills in progression where the self-paced approach is in effect. This grade is not calculated into the cumulative grade point average.

Satisfactory/Unsatisfactory (S/U)

Used for designated courses throughout the university. These grades are not calculated into the term and cumulative grade point averages.

Audit (AU)

An Audit occurs when no academic credit is granted. This grade is not calculated into the term and cumulative grade point averages.

Challenge Exam (CX)

Granted for specifically designated courses upon successful completion of department challenge exams. This grade is not calculated into the term and cumulative grade point averages.

Grade Pending (GP)

A temporary mark given when the completion of course requirements is still underway. A Grade Pending is not calculated into the term and cumulative grade point averages and is generally used under extreme, extenuating circumstances. If a grade is not submitted to replace the GP within one year, it will automatically become an F.

Incomplete (I)

Issued to students if they are unable to complete course requirements because of authorized absences due to service commitment or illness. Outstanding work must be completed within two weeks of the final exam class day or the grade will automatically become an F. If a grade is not submitted to replace the NG within one year, it will automatically become an F and the grade will be included in the term and cumulative grade point averages.

Prior Learning (PL)

Students may earn credit for the knowledge or skills they have mastered outside the classroom through volunteer work, employment, travel, professional training and seminars or other comparable sources. This grade is not calculated into the term and cumulative grade point averages.

Proficiency (P)

Granted for achievement of multiple levels of skills in progression where the self-paced approach is in effect. This grade is not calculated into the cumulative grade point average.

Satisfactory/Unsatisfactory (S/U)

Used for designated courses throughout the university. These grades are not calculated into the term and cumulative grade point averages.

* These grades will be counted as attempted but not earned credits for the purposes of determining satisfactory academic progress.

PLEASE NOTE:

Any courses taken at the undergraduate level to satisfy foundation requirements follow the undergraduate grading system and will not be counted in the graduate-level grade point average (GPA). MBA foundation courses with grades below a C will need to be repeated.

Failure (F)#

Issued if a student fails to achieve adequate scholastic progress. The grade is recorded permanently on the student’s academic record. Upon successful completion of the course at a later date, the term and cumulative grade point averages are adjusted to reflect only the passing grade. In order to record attempted credits, a grade of WP or WF is recorded when a student withdraws from a culinary/baking & pastry laboratory course or a course with an experiential education component, or is withdrawn due to excessive absences from a registered course after its add/drop period has ended. To qualify for a WP, the student must have an estimated grade of 70 or higher at the time of withdrawal. This grade is not entered into the term and cumulative grade point averages. If the estimated grade is below 70, the student will be issued a WF, which is entered into the term and cumulative grade point averages as a failing grade until successful completion of the course at a later date.

Used for designated courses throughout the university. These grades are not calculated into the term and cumulative grade point averages.

Software and Services

Turnitin.com

Students are required to use Turnitin to verify originality. This refers to providing primary reference only without copying or using the language from the reference source. Use of the Turnitin service is subject to the Usage Policy posted on Turnitin.com (http://www.turnitin.com).

Plagiarism/Turnitin

Students agree that by taking courses at JWU, required assignments may be subject to submission to Turnitin for the detection of plagiarism. All submitted papers will be included as source documents in the Turnitin reference database solely for the purpose of detecting plagiarism of such papers. Use of the Turnitin service is subject to the Usage Policy posted on Turnitin.com (http://www.turnitin.com).

Repeat of Courses

When the appropriate course is available, the course may be repeated to earn a better grade. Upon successful completion of the course at a later date, the cumulative average is adjusted to reflect the highest grade earned. However, each grade earned will appear on the academic transcript. Students are required to pay normal tuition charges for all repeated course work.

Students are eligible for financial aid for one attempt to a previously passed course. The highest grade earned will be calculated into the grade point average. When a student has repeated a course previously applied to an awarded degree, each grade earned will be included in the grade point average.

Course Deficiency

A course deficiency occurs when a student fails to complete a course with a satisfactory grade, either by failing the course or by receiving a grade that does not meet the minimum required by the student’s program. Academic warning, probation and dismissal are not determined from one course but by the cumulative GPA.

Students who fail a course after a second attempt will be assigned a course deficiency hold and will be required to meet with an academic counselor/advisor in Student Academic & Financial Services. Academic counselors/advisors will review the following options with the student:

- Consider a change of program.
- Repeat the same course, which will result in only the highest grade earned being calculated in the cumulative average.
- Student may be advised to take a pre-approved course at another institution outside of Johnson & Wales University. The original grade will remain on the student’s transcript but will be excluded from the cumulative average. Students opting to repeat the course will be required to attend content tutoring. The course deficiency hold will be removed once the student has satisfied the course requirement.

Academic Counseling

Academic counselors/advisors are available in Student Academic & Financial Services to assist students with preparation for graduation. Their goal is to assist students in evaluating, developing and maximizing their potential by providing guidance and support.

Transfer and Career Prerequisites

Students who intend to transfer to other colleges or enroll in graduate schools after attending Johnson & Wales University must determine
the requirements of those institutions and plan their programs of study accordingly. Johnson & Wales University makes no claim or guarantee for transfer credit to other academic institutions. Similarly, students who intend to take state or foreign business, trade or professional licensing examinations should determine the prerequisites of those jurisdictions prior to selecting programs of study.

Students who are interested in transferring to JWU should see information on transfer admissions (http://catalog.jwu.edu/admissions/applying/transferstudents).

Graduate

Once enrolled in a JWU graduate program, a student may not take core or concentration courses elsewhere and apply them for transfer credit except in extenuating circumstances, and when permission is granted by the dean’s office. A grade of B or better must be earned for the course to transfer.

Academic Transcripts

A transcript is a representation of a student’s entire academic record while at Johnson & Wales University. In accordance with the Family Educational Rights and Privacy Act (FERPA), a transcript may be released only upon written request of the student. Students can also submit transcript requests online through jwuLink (https://link.jwu.edu/cp/home/displaylogin). Students intending to pick up transcripts in person must visit Student Academic & Financial Services or complete a transcript request form (https://www.jwu.edu/uploadedFiles/Documents/Forms/Academic_Services/JWUTranscriptRequestForm.pdf).

The university does not charge a fee for transcripts; however, official transcripts will not be released if a student is not current in all financial obligations to the university. Within three business days of receipt of an authorized request, official transcripts will be printed on official paper and then placed in sealed envelopes directed directly to the student or authorized designee. However, a longer period of time may be required for processing at the end of a term or during peak enrollment periods. Records prior to 2000 may be located on microfilm; if applicable, please allow 5-15 business days for processing.

The university does not email transcripts. A maximum of 20 official transcripts may be requested per year. Official transcripts are not produced while grade processing and posting is in progress at the end of each term.

Unofficial transcripts may be obtained in jwuLink (http://link.jwu.edu).

Requirements

Please see the appropriate section for information regarding residency and graduation requirements.

Undergraduate

Residency Requirement

The undergraduate residency requirement refers to the number of courses and credits students must take at JWU, whether they are transfer students or JWU students acquiring an additional degree. The residency requirement for all students at Johnson & Wales University pursuing an associate degree is a minimum of 31.5 quarter credit hours, half of which must be within the major field.

For students pursuing a bachelor’s degree, the minimum is 45.0 quarter credit hours, half of which must be within the major field.

Diploma/certificate candidates will be allowed to transfer a maximum of 9.0 quarter credits (including JWU courses) toward diploma/certificate program requirements.

Upon review, certain related professional studies courses and program electives may be considered when determining residency. Standardized testing credits are not considered when determining residency requirements.

Additional Degrees

Students may pursue one additional associate in science undergraduate degree by completing a Change of Status Form in consultation with an academic counselor in Student Academic & Financial Services. The additional degree must be in a program that has a minimum of 31.5 credits that are not in the student’s primary major. (There must be a 31.5 credit difference between the two associate degrees.) Half of the credits must be within the major field of the additional associate degree. Classes in the additional associate degree may not be used as electives in the primary major if residency requirements have not been met.

Students may pursue one additional bachelor of science degree in a program that has a minimum of 45 credits that are not in their primary majors. (There must be a 45 credit difference between the two bachelor’s degrees.) Half of the credits must be within the major field of the additional bachelor’s degree. Classes in the additional bachelor’s degree may not be used as electives in the primary major if residency requirements have not been met.

Graduation Requirements

Each student is required to submit an online graduation application at least two terms prior to degree completion. Students must file one application for each expected degree (i.e., associate, bachelor’s, master’s). The application ensures that students are reviewed for graduation at the correct time, that correct information is presented on the diploma, and that it is mailed to the correct address.

Graduation requires successful completion of a prescribed sequence of study and a minimum 2.00 grade point average. Students with a cumulative GPA below 2.00 will not be in compliance with the criteria for good academic standing and may be subject to academic dismissal. Furthermore, as required by their program, all students must hold an active Sanitation Certification.

All associate-level degrees require the completion of a minimum of 90 quarter credits. All bachelor’s-level degrees require a minimum of an additional 90 quarter credits, for a total of 180 quarter credits. While most major programs have variations that require slightly more quarter credits for completion, no program requires fewer than the 90/180 quarter credit minimum.

All students must be current in all financial obligations to the university, including tuition, fees and other expenses, before a diploma will be issued. Permission to participate in commencement exercises does not imply that graduation requirements have been met.

Writing Requirement

Students who graduate with a bachelor of science degree must leave Johnson & Wales with effective writing skills. These writing skills will be assessed at the completion of ENG1021 Advanced Composition and Communication. If competency is not achieved at this point, students must successfully complete ENG0001 Writing Workshop and achieve competency. This, in effect, is a graduation writing requirement for all students pursuing a bachelor of science degree from JWU.

Graduate

Residency Requirement

Residency requirement refers to the number of courses and credits a student must take at Johnson & Wales University.

A maximum of 20% of the program’s credits can be awarded as transfer credit. Credit may be awarded for graduate-level courses that were completed with a grade of B or better (3.00 GPA) at another institution accredited by an accrediting agency recognized by the U.S. Department of Education or International Ministry of Education.

Due to the overlap in core curriculum, students who complete an MBA at the university are not eligible to complete a second MBA at Johnson & Wales University. However, any student who received a master’s degree from Johnson & Wales University may apply for admittance to an M.S. program at the university through Graduate Admissions. Students must meet the entrance requirements for the prospective program to gain admittance.

Only one doctoral degree is allowed.

Graduation Requirements

Each student is required to submit an online graduation application at least two terms prior to degree completion. The application ensures that students are reviewed for graduation at the correct time, that correct information is presented on the diploma, and that it is mailed to the correct address.

Graduation requires successful completion of a prescribed sequence of study and a minimum grade point average of 3.00 (3.25 for doctoral program students). Students with a cumulative GPA below 3.00 will not be in compliance with the criteria for good academic standing and may be subject to academic dismissal. In addition, doctoral program students must not receive a grade of F or W in a course.
All students must be current in all financial obligations to the university, including tuition, fees and other expenses, before a diploma will be issued. Permission to participate in commencement exercises does not imply that graduation requirements have been met.

**Arts & Sciences Core Experience**

Johnson & Wales University is committed to providing its students with the learning necessary for professional and personal success. A Johnson & Wales University education is intended to prepare students to become engaged citizens with the intellectual and practical skills needed to address complex issues in a diverse and dynamic world.

In addition to development of lifelong learning skills, the university’s A&S general education core curriculum provides breadth of learning by introducing students to multiple ways of knowing and understanding the world through the natural sciences, social sciences and humanities.

**Sequential Learning**

Foundational skills are taught in the first two years and reinforced throughout the curriculum: oral and written communication, information literacy, critical and creative thinking, scientific reasoning and quantitative literacy.

Students will be required to build on foundational writing skills in many disciplines in the arts and sciences as well as in their major courses. All students must fulfill a university graduation requirement for college- or university-level writing proficiency.

**Building Integrative Habits of Mind**

An essential component of the A&S Core Experience is the development of integrative learning which requires thinking across boundaries, applying knowledge and skills in new situations, and synthesizing information from various perspectives to explore complex issues or problems. All Johnson & Wales University undergraduates will be required to complete two Integrative Learning courses, one at the sophomore level and another in the senior year. These courses will approach a big idea or question from the perspective of two or more disciplines. Developing the habit of connected inquiry throughout the four years of their undergraduate experience will allow Johnson & Wales University graduates to apply and adapt their knowledge in innovative ways. Adaptive thinking is an essential skill for professional success and for lifelong learning.

Through the A&S Core Experience, Johnson & Wales University students are expected to:

- Effectively apply oral and written communication strategies appropriate for a particular situation and/or audience.
- Solve mathematical problems and to apply mathematical reasoning to problems in other fields of study.
- Apply appropriate disciplinary criteria to examine complex issues, make decisions, analyze arguments, conduct credible research, solve problems and create original ideas and/or approaches.
- Apply ethical standards and reasoning to complex issues in personal, academic and professional decisions.
- Demonstrate knowledge of the complexities of human behavior and society. Interpret human behavior from various social science perspectives.
- Analyze and interpret human history, philosophy, literature and the arts.
- Demonstrate knowledge and application of the scientific principles that govern the natural world.
- Synthesize and apply knowledge from multiple perspectives to complex issues and real world problems.

Regardless of their majors, all undergraduates are required to complete at least 63 credit hours of general education. Some of these courses may be determined by specific program requirements. The A&S core curriculum requirements are summarized below.

**NOTE:** Students must pass MATH0010 Basic Mathematics or have equivalent placement scores to enroll in required math course(s).

Students who graduate with a bachelor of science degree must leave Johnson & Wales University with effective writing skills. These writing skills will be assessed at the completion of ENG1021 Advanced Composition and Communication.

In collaboration with schools and colleges on all campuses, JWU Study Abroad programs offer a variety of options for major, Arts & Science and elective credit at many price points for students during the academic year and summer. Financial aid is applicable to most programs. Visit the study abroad website (http://studyabroad.jwu.edu) for information, program descriptions and online applications.

**Experiential Education & Career Services**

Experiential Education & Career Services (EE&CS) offers a variety of internship programs and career services including a career capstone course, résumé critiques, mock interviews, career fairs, exposure to industry professionals, on-campus interviews and more. These services assist students in building skills to obtain employment and independently manage their careers.

Experiential Education & Career Services components include:

- Internship opportunities available in the College of Management, College of Culinary Arts, College of Arts & Sciences and School of Engineering & Design (Providence Campus only). Internship is designed to provide eligible students with practical work experience in their chosen field of study while they earn academic credit for the experience
- one-on-one advising from our career professionals who assist with résumé development, mock interviews and job search strategies
- a career capstone course for juniors and seniors that prepares them to navigate the job search process
- career workshops that allow students to select specific skill-building topics such as building a résumé, networking and interviewing
- networking opportunities with industry professionals through on-campus interviewing and recruiting events
- career advising resources on a variety of topics including résumé examples vetted by industry and approved by faculty
- online job postings by employers who are looking to hire students for part-time and full-time jobs (on and off campus) as well as internships. Go to jwuLink (https://link.jwu.edu) > Jobs and Internships > Find a Job.
- employers representing a broad range of fields, who visit campus each year to participate in recruiting events and serve as guest lecturers and classroom speakers. These activities provide students with a real-world view of industry as well as opportunities to connect with industry professionals and career options.

**Study Abroad**

JWU Study Abroad is a way for students of all majors to earn academic credit while taking classes and studying internationally. Study abroad promotes global citizenship and interconnectedness through international study. Programs are available that allow students to delve into many different areas of interest (i.e., explore farm-to-table cuisine and learn from elite chefs in Paris; practice leadership and nature tour guiding skills in South Africa; study fashion and design in Italy; learn regional Asian culinary skills in Singapore; or expand the freshman experience in Berlin).

In collaboration with schools and colleges on all campuses, JWU Study Abroad programs offer a variety of options for major, Arts & Science and elective credit at many price points for students during the academic year and summer. Financial aid is applicable to most programs. Visit the study abroad program.
Academic Functions

Johnson & Wales University hosts an orientation session on a weekday evening for all new Continuing Education students before the start of each academic term. Activities include campus tours, bookstore visit and uniform fitting, assessment testing, distribution of student ID cards and campus parking permits, a technology session and an academic orientation presentation. Students seeking re-admittance to the university are also encouraged to attend these orientation sessions for new information and to help ease the transition back to campus.

Commencement is held at the end of each academic year. Degree candidates are recognized at these exercises. Participation in commencement exercises does not imply that graduation requirements have been met.

Honors

Eligible degree candidates receive cum laude, magna cum laude and summa cum laude recognition according to their academic program average. Students with the designated graduating GPA are eligible to receive honors as follows: cum laude, 3.40–3.60; magna cum laude, 3.61–3.80; and summa cum laude, 3.81–4.00.

Dean’s List

In recognition of scholastic achievement, full-time students (carrying a minimum of 12 quarter credit hours) at Johnson & Wales University who have achieved a term GPA of 3.40 or above receive Dean’s List commendation. Upon processing of approved grade changes, student records will be evaluated for Dean’s List eligibility.

Academic Societies

Alpha Beta Kappa is a national honor society that recognizes superior student academic achievement, character and leadership. Students with a graduating GPA of 3.9 or higher are eligible. Students are notified in April of their eligibility. A one-time membership fee is required. The society may also elect a limited number of faculty, staff and alumni as honorary members.
Admissions

Johnson & Wales University’s admissions process goes beyond simply looking for academically accomplished students. The university seeks to attract and retain highly motivated and demonstrably capable students. Students’ motivation and interest in succeeding in their chosen careers are given consideration along with their academic achievements.

Applying

Applications for admission should be completed in full and sent to the address below:

**Providence Campus**
Continuing Education Admissions
Johnson & Wales University
8 Abbott Park Place
Providence, RI 02903

You may apply online (http://admissions.jwu.edu/apply). There is no deadline for submitting applications, but students are advised to apply as early as possible before their intended date of enrollment to ensure full consideration, as some programs may fill up. No application fee is required.

In completing the application form, students must indicate the term in which they wish to enroll. Applications are accepted for terms beginning in September, December, March and June. There are no culinary or baking & pastry arts courses offered during the summer term. However, students in these majors may take academic courses in the summer term.

After completing the application form, students are responsible for requesting that their high school guidance office forward to the university an official copy of the secondary school record for admissions consideration. Specific verification documents must be submitted to Continuing Education Admissions.

High School Completion Verification

Graduation from high school or equivalent education as certified by state departments of education is required for undergraduate admission. Graduation verification documents must be submitted to Admissions. Official verification documents include at least one of the following: correspondence from an authorized high school administrator, a high school diploma/ transcript recognized by the student’s state department of education or high school equivalency exam. Additional methods of verification of high school completion exist for home-schooled students (p. 106). It is the student’s responsibility to provide verification of high school completion. Without such verification, the student may not be allowed to register for the current term or continue enrollment and will be in jeopardy of revocation of admission to the university as well as losing all financial aid.

International students should refer to the international (http://catalog.jwu.edu/admissions/international) section of this catalog for admissions information.

Admissions Requirements

**Minimum Grade Requirements**

There are certain majors that may have grade point average, course, academic or other requirements. For further information, please contact the admissions office.

**Program Requirements**

**Business Studies**

- Students must have attained an associate degree or equivalent in any program.

Certain programs of study include technical standards in the academic requirements essential to the program. Students with disabilities should contact the Center for Academic Support for information about the technical standards. See technical (p. 106) standards (p. 106) for descriptions of the applicable technical standards. Copies of the technical standards applicable to various programs are also available from the Center for Academic Support.

For additional admissions requirements please review the other topics listed in the Applying (http://catalog.jwu.edu/admissions/applying) section of this catalog.

Admissions Decision

The rolling admissions policy of the university makes it possible to notify students of the admissions decision, of their acceptance or of any additional conditions necessary for admission, soon after all of their academic records have been received and reviewed.

The university may revoke any student’s acceptance or enrollment if any information or documentation provided by the student is false or incomplete, or if the university learns of any past or present misconduct by the student that would affect the student’s ability to represent and uphold the high standards of the university.

Deferred Enrollment

Please see the appropriate section for information regarding deferred enrollment.

Undergraduate

Johnson & Wales offers a two-year deferred enrollment to students who have applied and been accepted to the university but, for various reasons, wish to postpone their enrollment. Johnson & Wales University retains student application material and will honor the admissions decision for up to two years; after that time frame, the applicant will need to submit a new application and transcript for review. Reservation fees will remain effective during the deferment period. Merit scholarships awarded through the application process will be honored for up to two years from the time of initial acceptance. Federal student aid is awarded annually; a student must reapply for federal funds through the Free Application for Federal Student Aid (https://fafsa.ed.gov) (FAFSA).

Graduate

Johnson & Wales University retains student application material for up to two years. An admissions decision will be honored for up to two years from the date of acceptance; after that time frame, the applicant will need to submit a new application and transcript for review. Reservation fees will remain effective during the deferment period. For Physician Assistant students, an acceptance is only applicable for the term originally accepted. To apply for another term, applicants must reapply through the Central Application Service for Physician Assistants (CASPA) application.

Students wishing to change their selected date of enrollment should forward a request to Graduate Admissions stating the term in which they wish to enroll. International applicants must submit an updated bank statement demonstrating financial support. Please note that some programs start only once each year. Federal student aid is awarded annually; a student must reapply for federal funds through the Free Application for Federal Student Aid (https://fafsa.ed.gov) (FAFSA).

Advanced Placement Credit

Students entering Johnson & Wales University with an Advanced Placement test score of 3 or greater will be granted 4.5 quarter credits for the equivalent JWU course. Students must submit an official AP Grade Report from the College Board Advanced Placement Program. For more information about AP credit, contact University Testing & Transfer.

The Physician Assistant program does not accept CLEP or Advanced Placement (AP) credits to fulfill prerequisite courses. Admission will consider AP credits for one of the English course prerequisites on a case-by-case basis.

Transfer Credit

Course work completed at institutions recognized by a U.S. Department of Education accrediting agency or international Ministry of Education is eligible for transfer credit; however, transfer credit is not guaranteed.

Transfer credit evaluations are based on previous college work as it relates to the student’s intended program of study. It is the university’s policy to accept credits, but not grades. Only grades earned at Johnson & Wales University are calculated into the cumulative grade point average. Students must meet the residency requirement (p. 102) for their intended degree.

JWU has a number of articulation agreements (https://www.jwu.edu/content.aspx?id=53299) and transfer credit equivalencies in place.
that facilitate student transfer to Johnson & Wales University, the university works closely with all colleges who wish to articulate with JWU and continuously works to develop new partnerships. The Transfer Evaluation System (https://tes.collegesource.com/view/texview01.asp?rid=%7B145040A7-7365-4840-8A90-820C86FFB26%7D&aid=%7B5C721B0F-0E7E-4E91-9399-06A81322B340%7D) provides students with information on the courses (domestic institutions only) that have previously been evaluated and accepted at Johnson & Wales University.

Transfer applicants must submit official college transcripts from any colleges and universities previously attended prior to enrolling at the university. It is the responsibility of those candidates who are currently attending another college to have their updated official transcripts sent to Johnson & Wales University as soon as final grades become available and no later than the first term of enrollment.

Transcripts must be in English; students are responsible for providing official word-for-word English translations, if needed. The student must also have earned a grade of C or better (2.00 GPA), and courses must be similar in level, content and duration to JWU courses in the student’s intended program of study. Grades of “pass” are also acceptable for transfer if credit was awarded (and a grade of “P” has the numeric GPA value of 2.00 or greater). Credits earned in developmental and remedial courses or CEUs (continuing education units) are nontransferable. In some cases, official course descriptions or syllabi will be required for evaluation.

Accepted students will be sent a copy of their degree audit showing the credit accepted toward their program of study. Students wishing to review transfer credits must contact a transfer student advisor in Student Academic & Financial Services (for domestic institution transcripts) or International Admissions (for international institution transcripts).

The university reserves the right to substitute courses at the discretion of the department chairs, directors or deans.

Home-Schooled Students

Home-schooled students will be required to provide a high school transcript and a copy of their ACT or SAT test scores. Both the grades on the transcript and the ACT/SAT test scores will be reviewed to determine admissions and scholarship eligibility. Combined SAT scores of 1000 (reading and math, 500 each) or ACT equivalent are required for admittance.

A home-schooled student must be able to document that he or she has completed high school. Verification documents for home-schooled students include at least one of the following:

- A high school diploma recognized by their state department of education
- High school equivalency exam

or, with respect to home-schooled students who are above the compulsory age of school attendance,

- A secondary school completion credential for home school (other than a high school diploma or high school equivalency exam) provided for under state law

or

- If state law does not require a home-schooled student to obtain the credential described in the preceding bullet, a certification from a party acceptable to the university that the student has completed a secondary school education in a home-school setting that qualifies as an exemption from compulsory attendance requirements under state law.

It is the student’s responsibility to provide verification of high school completion. Without such verification, the student may not be allowed to register for the current term or continue enrollment and will be in jeopardy of revocation of admission to the university as well as losing all financial aid.

Military
Johnson & Wales University is approved for the training of veterans by the state approving agency.

Eligible veterans should contact the Department of Veterans Affairs toll free at 1-888-442-4551 or online (http://www.gibill.va.gov).

JWU students enrolled at the Providence Campus are eligible to participate in the Army ROTC program at Providence College, subject to eligibility requirements. Scholarship opportunities are available through this program. For more information, contact the professor of military science at Providence College at 401-865-2471. Military science course offerings are listed below.

For information regarding when and how JWU credit may be obtained for such courses, contact Student Academic & Financial Services.

Military Science Courses (available at Providence College)
The following military science courses are offered and taught at Providence College. JWU understands that JWU students may enroll in such courses as part of their authorized participation in the Senior Army ROTC Program at Providence College. Further information is available from the professor of military science at Providence College at 401-865-2471. For information regarding when and how JWU credit may be obtained for such courses, please contact Student Academic & Financial Services.

MIL 101 - Leadership and Personal Development with Lab
1 semester, 3 Credits
Introduces students to the personal challenges and competencies that are critical for effective leadership. Students learn how the personal development of life skills such as critical thinking, goal setting, time management, stress management, and comprehensive fitness relate to leadership, officership, and the Army profession. The focus is on developing basic knowledge and comprehension of Army leadership dimensions.

MIL 102 - Introduction to Tactical Leadership with Lab
1 semester, 3 Credits
Overviews basic leadership fundamentals such as setting direction, problem solving, listening, presenting briefs, providing feedback, and using effective writing skills. Students explore dimensions of leadership attributes and core leader competencies in the context of practical, hands-on, and interactive exercises. Faculty role models and the building of stronger relationships among the students are critical aspects of this course. Prerequisite: MIL 101.

MIL 201 - Foundations of Leadership I with Lab
1 semester, 3 Credits
Explores the dimensions of creative and innovative tactical leadership strategies and styles by examining team dynamics and two historical leadership theories that form the basis of the Army leadership framework (trait and behavior theories). Students practice aspects of personal motivation and team building in the context of planning, executing, and assessing team exercises and participating in leadership labs. Prerequisite: MIL 102.

MIL 202 - American Military History
1 semester, 3 Credits
Using lecture and small group discussions, this course is a survey of the American military experience from the Colonial wars to Desert Storm. The instruction analyzes the policies, strategies, and tactics of three centuries of military history. These events are analyzed using the conventional discipline of historical methodology and the classical norms of the principles of warfare. Same as HIS 202.

MIL 203 - Foundations of Leadership II with Lab
1 semester, 3 Credits
Highlights dimensions of operation orders, terrain analysis, and patrolling. Further study of the theoretical basis of the Army Leadership Requirements Model explores the dynamics of adaptive leadership in the context of military operations. Students develop greater self-awareness as they assess their own leadership styles and practice communication and team building skills. Prerequisite: MIL 201.

MIL 301 - Adaptive Team Leadership with Lab
1 semester, 3 Credits
Students study, practice, and evaluate adaptive leadership skills as they are presented with scenarios related to squad tactical operations. Students receive specific feedback on their leadership attributes and actions. With the feedback, and own self evaluations, students develop their leadership and critical thinking abilities. The focus is developing students’ tactical leadership abilities in preparation for ROTC’s summer Cadet Leadership Course. Prerequisite: MIL 203.

MIL 302 - Applied Team Leadership with Lab
1 semester, 3 Credits
Apply team leadership challenges to build student awareness and skills in leading tactical operations at the small unit level. Students conduct military briefings and develop proficiency in the operation orders process. The focus is on exploring, evaluating, and developing skills in decision-making, persuad-
ing, and motivating team members. Students prepare to attend the ROTC summer Cadet Leadership Course. Prerequisite: MIL 301.

**MIL 401 - Adaptive Leadership with Lab**
1 semester, 3 Credits
Transitions the focus of student learning from being trained, mentored, and evaluated to learning how to train, mentor, and evaluate others. Students will attain knowledge and proficiency in several areas critical in their future roles as officers, including the Military Decision Making Process, training management, counseling, risk management, effective communication, ethical/moral decision making, and administrative systems within the Army. Prerequisite: MIL 302.

**MIL 402 - Leadership in a Complex World with Lab**
1 semester, 3 Credits
Explores the dynamics of leading soldiers and completes the transition from student to Army lieutenant. Significant emphasis is placed on preparing students to face the complex ethical and practical demands of leading soldiers in the U.S. Army using case studies and exercises. Additionally, students will develop a Battle Analysis and participate in a Staff Ride at a historic military site. Prerequisite: MIL 401.

**International**
International students on F-1 student visa status are not eligible to apply to Johnson & Wales University’s Continuing Education programs. All students who are resident aliens must provide proof of their status to Continuing Education Admissions. Those who cannot provide this information should apply to Johnson & Wales University’s day program. Note: Currently the university is not accepting applications for online degree programs from international students.

**Form I-20/Visa**

**Initial Form I-20**
Responsibility for obtaining the approved visa classification rests entirely with students. Students entering the United States to study will need an F-1 international student visa. In order to obtain the necessary visa, students must submit the valid Form I-20 for an F-1 visa to the United States Embassy or Consulate in the country of residence. In addition to these forms, students will have to present a passport and evidence of financial support.

Johnson & Wales University will send the Form I-20 after students have been accepted and have submitted evidence of financial support. International students must register for the term for which admission is offered and must maintain full-time status during the academic year.

Students are admitted to the United States to attend the school that issued their I-20 form. Using an initial attendance I-20 from one school to gain admission to the United States to attend another school is a violation of U.S. immigration law. Students must attend the institution that they are authorized to attend.

**International Transfer Students**
International students currently studying in the U.S. who seek enrollment in a JWU program are required to submit a Transfer Release Form (completed by the foreign student advisor at the institution last attended) prior to receiving a Form I-20.

**English Language Proficiency**
Applicants whose primary language is not English must provide proof of English proficiency. English language proficiency is required for admission to all programs of study at Johnson & Wales University, regardless of country of citizenship or residency.

Students who do not provide proof of English proficiency will be enrolled in the English as a Second Language (ESL) program and registered for ESL classes prior to beginning regular degree studies.

Johnson & Wales University’s English as a Second Language (ESL) program allows students to focus on the areas where they need the most improvement. Some advanced-level ESL students may take a regular undergraduate degree class in place of an ESL class that has been exempted because of proficiency in a particular area. This flexibility provides students with the most efficient transition into college.

English Language Placement testing for new ESL students will be given before the beginning of each term. JWU uses the students’ scores from this testing to place students into the appropriate level of ESL.

**English Proficiency Requirements**
Johnson & Wales University recognizes a number of examinations as proof of English proficiency (p. 108). Acceptable proof of English proficiency may include one of the following comparable English proficiency examinations:

Other English language examination results will also be considered, and experience studying in the English language, as documented through school transcripts, will be taken into consideration.

To meet English proficiency requirements, all English language examination results must be submitted on an official test transcript that is no more than two years old. TOEFL scores must be received as official ETS scores. The Johnson & Wales University Designated Institution (DI) code is 3465. Students should use this code on their TOEFL registration form so that their scores will be sent directly to Johnson & Wales University.

Students may be exempted from individual ESL classes based on their individual test section scores. Individual section scores and total scores must also meet minimum score requirements; Johnson & Wales University also reserves the right to require a student to take ESL classes to increase proficiency in a particular area, regardless of total test scores.

**High School/College Verification**
All students who have been accepted for admission to Johnson & Wales University must provide verification of high school completion. International students need to submit an official final transcript and diploma or official examination results. Transfer students must submit official high school transcripts/diploma as well as official final transcripts from previous colleges/universities attended. International Graduate Studies students must submit official transcripts/mark sheets from all institutions attended and diploma showing bachelor's degree conferral. Without such verification, students will not be allowed to register for the current term or continue enrollment and will be in jeopardy of losing their academic status with the university as well as their immigration status. For international students, a loss of immigration status will require their immediate departure from the U.S.

**International Undergraduate Transfer Credit**
Course work completed at institutions recognized by a U.S. Department of Education accrediting agency or international Ministry of Education is eligible for transfer credit; however, transfer credit is not guaranteed.

Transfer credit evaluations are based on previous college work as it relates to the student’s intended program of study. It is the university’s policy to accept
Transfer applicants should submit official college transcripts from any colleges and universities previously attended prior to enrolling at the university. It is the responsibility of those candidates who are currently attending another college to have their updated official transcripts sent to Johnson & Wales University as soon as final grades become available and no later than the first term of enrollment.

Transcripts must be in English; students are responsible for providing official word-for-word English translations, if needed. The student must also have earned a grade of C or better (2.00 GPA), and courses must be similar in level, content and duration to JWU courses in the student’s intended program of study. Grades of “pass” are also acceptable for transfer if credit was awarded (and a grade of “P” has the numeric GPA value of 2.00 or greater). Credits earned in developmental and remedial courses or CEUs (continuing education units) are nontransferable. In some cases, official course descriptions or syllabi will be required for evaluation.

Accepted students will be sent a copy of their degree audit showing the credit accepted toward their program of study. Students wishing to review transfer credits must contact a transfer student advisor in Student Academic & Financial Services (for domestic institution transcripts) or International Admissions (for international institution transcripts). The university reserves the right to substitute courses at the discretion of the department chairs, directors or deans.

Articulation Agreements

Johnson & Wales University is proud to maintain a variety of international relationships through articulation agreements and transfer equivalencies with institutions and programs that facilitate student transfer to JWU for bachelor’s degree completion. The university is continuously working to develop partnerships with institutions around the world for the purpose of offering diverse educational opportunities for transfer students. Please note that all majors are not offered at each campus, which may affect articulation agreement eligibility. Contact Admissions at the specific campus for more information. International Articulation Agreements include:

- At-Sunrice Global Chef Academy, Singapore
- Barbados Community College, Barbados
- Bermuda College, Bermuda
- College of the Bahamas (COB), Bahamas
- Florence University of the Arts (Apicius), Italy
- Guangzhou University, China
- Higher Hotel Institute, Cyprus (HHIC)
- Holland College, Canada
- Humber College, Canada — Memorandum of Understanding only
- Hyejeon College, Korea
- Imperial Hotel Management College, Canada
- Kolej Damansara Utama (KDU), Malaysia

- Wiseway Globa East & West, China

NOTE: Currently the university is not accepting applications for online degree programs from international students.

Placement Testing

Placement tests are used to place students into appropriate mathematics and English classes. Modern language tests (French, German and Spanish) as well as English as a Second Language are also available. See the appropriate section to review specific placement testing requirements.

Academic Support and Disability Accommodations

Students with a documented disability requiring special accommodations must forward documentation to the Center for Academic Support (p. 102) for their intended degree. Academic Support and Disability Accommodations provides students with information on the courses (domestic institutions only) that have previously been evaluated and accepted at Johnson & Wales University.

NOTE: Currently the university is not accepting applications for online degree programs from international students.

Mathematics and English

Mathematics and English placement tests are required for all new undergraduate students, including transfer students, prior to orientation or attending classes. Transfer students may be exempt from placement testing if transfer credit has been awarded for the appropriate mathematics and English courses.

The university administers ACCUPLACER mathematics and English placement tests to assess students’ skills in these areas. The mathematics test is designed to evaluate skills in relation to those required for college math courses. English placement testing includes a reading comprehension test which evaluates comprehension skills, and a sentence skills test which evaluates...
writing skills. The ACCUPLACER exams are computer based tests (CBT) developed by College Board.

All of these tests are placement tests - students do not "pass or fail" them and they do not affect admission to the university. They are used to place students in the appropriate courses, based upon their skills.

After acceptance, students will be emailed information about completing required mathematics and English placement testing online with a virtual proctor. Virtual proctoring allows students to take placement tests online in a quiet and distraction-free location, such as home. Online testing appointments are available 7 days a week, 24 hours a day, and require no software installs. All that is needed is a simple webcam, access to the internet, and a voucher code that will be provided by the university. There is no charge for virtual proctoring. Students will receive a score report immediately following ACCUPLACER administration. Students will also be contacted by an academic counselor in Student Academic & Financial Services a week after they have completed placement testing to discuss their placement and course registration.

Students requesting to retake their placement exam may do so by contacting Student Academic & Financial Services. Students will be allowed one retake 30 days after their initial testing and at no charge.

Visit Testing Services (http://linkweb.jwu.edu/Registration_and_Grades/Testing_for_Credit) for additional information.

Modern Languages

All undergraduate students who have studied more than one year of French, German or Spanish are required to take a placement exam for that language. The placement exam will be scheduled at the beginning of each term. Students whose placement score indicates they have met a particular level of language proficiency will not be allowed to enroll in that language level. Students placing out of a required level of a language will be given the option to apply for the Departmental Challenge Examination to earn these credits (fees apply) or replace these credits with arts and sciences electives.

English as a Second Language (ESL)

Students admitted into the ESL Program are required to complete the Levels of English Proficiency (LOEP) Test to assess their English Language proficiency prior to registering for courses in their intended program of study. This test includes three sections: reading, language usage, and sentence meaning. The placement test will be scheduled at the beginning of each term. The university uses the ACCUPLACER computer-based placement testing system.

Results of the LOEP placement testing will determine whether students are placed into the Beginner, Intermediate, or Advanced levels of ESL courses. Students with a score of 315 or higher on the LOEP Test can take the Institutional TOEFL Test (ITT) and with a minimum test score of 550, can exit the program and enroll directly in their degree program courses. Students with a test score under 550 on the ITT will have their individual section scores reviewed in the areas of listening, grammar, and reading. Section scores with a minimum of 550 on the ITT will exempt the student from the corresponding ESL class. Students who do not complete the required LOEP test will automatically be placed into Beginner level ESL courses.

Learning Assessment

By successfully completing one of the Prior Learning Assessment options (Portfolio Assessment, College Level Examination Program (CLEP) or Departmental Challenge Examinations), students may earn undergraduate course credit for previous academic and/or prior learning experiences.

Policies for Prior Learning Assessment

1. Students must consult with an academic counselor prior to applying for Challenge Examinations or Portfolio Development.
2. Course prerequisite requirements must be completed before permission to take Challenge Examinations or Portfolio Development will be granted.
3. Students may not apply for an assessment as a substitute for a class where a withdrawal (W) grade has been issued. They may not be substituted for a class previously taken or a class in which the student is presently registered.
4. Assessments are for academic credit and carry nonrefundable fee(s).
5. Assessments must fall within the residency requirement (http://catalog.jwu.edu/handbook/academicinformation/residencyrequirement) for each degree.
6. The CLEP Exam requires a passing score of 50 or higher for CLEP credit to be awarded.
7. CLEP Exams, if failed, can be repeated in three months.
8. Portfolio Assessment and Challenge Exams cannot be repeated if failed.
9. The university recognizes up to a maximum of 45 undergraduate credits earned through Prior Learning Assessment.
10. Students must present a valid picture ID when testing.

Visit Testing Services (http://linkweb.jwu.edu/Registration_and_Grades/Testing_for_Credit) for complete policies, course options, deadlines, examination dates and fees.

In all cases, the academic department determines policy as it relates to the testing options for each course in the department. Several options may be available to students, and it is recommended that students seek the advice of an academic counselor.

Portfolio Assessment

(for credit, with fees)

Undergraduate students may earn credits for the knowledge or skills they have mastered outside the classroom through volunteer work, employment, travel programs, organizations or other comparable sources.

Students are required to meet with an academic counselor to discuss these options as well as have successfully completed ENG1020 English Composition prior to applying for the Portfolio Assessment.

Students must complete the mandatory online Portfolio Development Seminar before submitting a finalized portfolio for review. While there are no regularly scheduled meetings, students are expected to participate in the seminar activities that lead toward the completion of the portfolio. The individual components of the portfolio are covered in self-paced segments.

Portfolios must be submitted within one year of the application date. Completed Portfolios will be submitted electronically to the appropriate department designee for review. Students will be notified of outcome once assessment is completed. If a portfolio is denied for credit, students have 10 days upon notification to file a written appeal for review.

Once the seminar is completed, eligible students, in consultation with an academic counselor, may submit additional portfolios.

Visit Testing Services (http://linkweb.jwu.edu/Registration_and_Grades/Testing_for_Credit) to review the full testing brochure for policies, course options, deadlines, examination dates and fees.

College Level Examination Program (CLEP)

(for credit, with fees)

The College-Level Examination Program (CLEP) is a credit-by-examination program, sponsored by the College Board, that gives students the opportunity to earn college credit by earning qualifying scores on a variety of exams.

JWU subject equivalencies for each CLEP examination are determined by the respective academic department at the university. The university accepts the American Council on Education (ACE) recommended passing score of 50.

Dependent on their benefits election, some veterans can claim reimbursement for CLEP exams and exam administration fees. For more information, please visit the CLEP for Military webpage (http://clep.collegeboard.org/military/veterans).

Visit Testing Services (http://linkweb.jwu.edu/Registration_and_Grades/Testing_for_Credit) for complete policies, course options, deadlines, examination dates and fees.

Departmental Challenge Examination

(credit by examination: for credit, with fees)

Departmental exams may be taken for specifically designated undergraduate courses within a department. All matriculating students with previous academic and/or work experience may request such an exam when they feel they have acquired the knowledge of a specific JWU course.
Some testing options require specific criteria in order to take tests. Visit Testing Services (http://linkweb.jwu.edu/Registration_and_Grades/Testing_for_Credit) for complete policies, course options, deadlines, examination dates and fees.

**Advanced Culinary Arts Program (ACAP — for credit, with fees)**

Prospective students who possess advanced knowledge and skills in these food-related areas may apply for the Culinary Arts or Baking & Pastry Arts Advanced Standing Examination. The results of the examination are considered in addition to academic records and a letter of recommendation from a food-related employer and/or teacher.

It is generally recommended that applicants have two to five years of full-service documented professional work experience.

Upon successful completion of the ACAP examination, students will be provided with the opportunity to accelerate their program of study by one term and earn 13.5 quarter credits in place of their internship requirement.

Students must be accepted for admission to Johnson & Wales University prior to applying for Advanced Standing. Contact Continuing Education Admissions for further information.
Financing Your Education

This section of the catalog contains information on tuition and fees, financial policies and obligations, financial aid and payment options. There is also information on loans, grants, scholarships and work programs for eligible students depending on campus and degree program.

Tuition and Fees

CE Tuition
Tuition is applicable to all students, including those in an approved off-campus program. For purposes of financial aid eligibility, full-time status is determined on a term basis and consists of a minimum of 12 quarter credit hours per term. When repeating courses already attempted, students may be assessed a fee for those courses. Students are assessed tuition upon course registration each term. Summer is considered a separate term.

Disciplines CUL (Culinary Arts) and BPA (Baking & Pastry Arts) mostly designate laboratory courses.

Other Fees

Student Accident Insurance
Culinary arts continuing education students are covered for accident only under Johnson & Wales University's Accident Only plan during terms in which they are actively enrolled. No other continuing education students are covered by any university accident and/or sickness insurance plans. This does not include the summer term. Insurance brochures are available at several locations throughout the university. Refer to the insurance brochure or go to University Health Plans (https://www.universityhealthplans.com) for a definition of the effective date of coverage, policy limits, policy termination and the opportunity to continue coverage over the summer. Online courses do not fulfill this requirement.

Books and Supplies
The out-of-pocket cost for books and supplies is approximately $1,500 per academic year. These costs are not applied to the student's invoice. Books and supplies can be purchased at the university's bookstores, online or through other venues where available. The bookstores operate a textbook sales/buyback program to help students minimize these costs.

General Transportation Expenses
The out-of-pocket transportation expense is approximately $1,000 per academic year. These costs are determined annually by the university and are not applied to the student's invoice.

Personal Expenses
The out-of-pocket personal expense is approximately $1,000. These costs are determined annually by the university and are not applied to the student's invoice.

Wildcat Meals
Students may purchase blocks of meals through our Wildcat Meals plan. Wildcat meals may be used at any time and as many times as the student wishes during the academic year. Meals are bought in blocks and can be purchased online (https://jwudining.afford.com).

All of the meals must be used before the end of the academic year in which they are purchased. The cost of the plan is nonrefundable.

Payment Options

Annual Payments
The student may make one payment in full for the entire academic year. Students are responsible for paying all charges in full or making appropriate arrangements by the published due date of August 7, 2015.

Term Payments
Students attending a program with terms may make three payments per academic year. The due date is listed above. Please refer to your invoice for future due dates.

Monthly Payments
Students may choose to pay the annual amount due in convenient monthly payments. This option is available through Tuition Management Systems (TMS) (https://www.afford.com). There is an enrollment fee to participate. Most plans are essentially interest free, but some accounts may incur late fees, reinstatement fees or other fees. Students interested in this option must contract with TMS and pay the first installment, in addition to the enrollment fee, by the fall published due date listed above.

All Johnson & Wales University students must fulfill their financial obligations to the university by the published due date noted above. (All off-term entrants must meet the financial obligation by the published date for that term.)

To meet your financial obligation you must do one of the following by the published due date:
- Make a full term payment.
- Contract with TMS and pay the first monthly installment, as well as the enrollment fee.
- Have an approved loan which covers the annual balance.
- Have an approved payment plan with Student Academic & Financial Services using a combination of the above options.

Refund Policies

General Policy
To the extent that any charges due to the university remain unpaid, no refund check will be issued. No tuition or fees (other than the reservation fee for undergraduate students) will be assessed for terms that the student does not begin. Students who withdraw from the university prior to the end of the academic year may have their financial aid adjusted.* Institutional grants and scholarships, where applicable, will be reduced in proportion to any tuition credit received as defined in the university's Withdrawal Credit Policy (http://catalog.jwu.edu/financingyourdegree/refundpolicies/withdrawalcreditpolicy). The distribution formula for refunds to the Federal Student Financial Aid program will be calculated according to federal regulations. The university’s Withdrawal Credit Policy (http://catalog.jwu.edu/financingyourdegree/refundpolicies/withdrawalcreditpolicy) applies to all withdrawals from the university, voluntary or involuntary.

Unofficial Withdrawal Policy
The federal regulations require that students who begin attendance but fail to earn a passing grade in at least one course in any term and who do not officially withdraw shall be considered as having unofficially withdrawn from the university unless the university can document that the student completed at least 60 percent of the period of enrollment and earned the grade of F. A student must be engaged in academically related activities beyond 60 percent of the enrollment period to retain eligibility for federal, institutional and external financial aid. If a student was not engaged in any academically related activities beyond 60 percent, the student will be assigned a withdrawal date based on the last date of an academically related activity. All other instances when a student withdraws without providing official notification will be the 60 percent point of the period of enrollment, as applicable. A student who does not earn at least one passing grade during a term for which federal funds were disbursed will have a Return of Title IV Funds calculation performed to determine how much of the federal funds were earned. Unearned federal funds must be returned to the source, in most cases with a charge to the student's university account.
University enrollment disputes must be submitted online within 30 days after the end of the term during which the student was enrolled. To submit a dispute, students must complete the appropriate form online (http://www.jwu.edu/forms.aspx?id=55199&ekfrm=55199). No adjustments to tuition or financial aid will be made until the dispute is researched and either approved or denied. No disputes will be considered after 30 days from the end of the term in which the student was enrolled. Decisions will be made within 10 business days and students will receive notification via the email address provided on the dispute form.

* Any student enrolled solely in culinary lab courses, who fails to attempt any of the scheduled courses, will be considered to have withdrawn from the university.

**Refund Policy for Georgia Residents**

The following refund policy is applicable to prospective students and students attending Johnson & Wales University who are legal residents of the state of Georgia.

- An accepted applicant will receive a refund of any amount paid to the university with respect to a term if, prior to the commencement of classes for that term, he or she makes a request for a refund to Student Academic & Financial Services within three business days after making the payment.
- A student who provides official notice of withdrawal following the commencement of the academic term will receive a pro rata refund of tuition and fees* (other than the orientation fee which is used for the purposes of orientation) as follows:

<table>
<thead>
<tr>
<th>Percent of total class days in the academic term elapsed prior to date of official notice of withdrawal</th>
<th>Refund of tuition and fees</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 day–5%</td>
<td>95%</td>
</tr>
<tr>
<td>6–10%</td>
<td>90%</td>

<tr>
<td>11–25%</td>
<td>75%</td>
</tr>
<tr>
<td>26–50%</td>
<td>50%</td>
</tr>
<tr>
<td>More than 50%</td>
<td>No refund</td>
</tr>
</tbody>
</table>

* In the event that a refund is made under this policy, all institutional aid and scholarships for that term will be adjusted on a pro rata basis based upon the applicable refund. Official notice of withdrawal must be made by a student under this policy in person or by written notification to Student Academic & Financial Services. The date of an official notice of withdrawal is the date that it is received by Student Academic & Financial Services. Refunds are paid to students within 30 days of the official notice of withdrawal.
- In the event that the university Withdrawal Credit Policy is more favorable than this Refund Policy for Georgia and Alabama Residents, the university will refund to the student the greater amount in accordance with the university Withdrawal Credit Policy.

**Notice Regarding Georgia Nonpublic Postsecondary Education Commission (NPEC) Student Complaint Process**

Any person or student claiming damage or loss against Johnson & Wales University may file a verified complaint with the executive director of NPEC after going through the university complaints and grievances process. The complaint must contain a detailed description of the claim, including dates, times and full names of all involved. Verification means that the complaint must be signed by the student or person filing the complaint and notarized, and state that the matters set forth in the complaint are true and correct. The complaint shall be investigated by the appropriate Standards Administrator (SA) of NPEC. The SA shall attempt to resolve the complaint between the university and the student. If the complaint cannot be resolved, the SA will issue a decision and inform each party that either has a right to request a hearing in writing before the executive director of NPEC within 10 days of receipt of the SA’s decision. The executive director may set a date and time for a hearing which shall be delivered to both parties by certified mail.

**Tuition Refund Policy**

Term charges are defined as tuition. Students from Georgia can view the refund policy here (p. 113).

Tuition is applicable to all students, including those in approved off-campus programs such as study abroad and internships. To the extent that any charges due to the university remain unpaid, no refund check will be issued. No tuition will be assessed for terms in which the student does not register or enroll. Students who withdraw (or become withdrawn) from the university prior to the end of the academic year may have their financial aid adjusted, if applicable.

**University Withdrawal Credit Policy**

The distribution formula for the institutional refund to the Federal Student Financial Aid program will be calculated according to federal regulations. Any refund due will be issued within 45 days after the date that the university was first notified of the withdrawal.

If a student terminates during

- the first or second week of the term, the university will credit 90 percent of the term charges. If eligible, all institutional aid/scholarships for that term will be adjusted to 10 percent.
- the third or fourth week of the term, the university will credit 50 percent of the term charges. If eligible, all institutional aid/scholarships for that term will be adjusted to 50 percent.
- the fifth or sixth week of the term, the university will credit 25 percent of the term charges. If eligible, all institutional aid/scholarships for that term will be adjusted to 75 percent.

After the sixth week of the term, students will be responsible for 100 percent of the term charges and will receive 100 percent of that term’s eligible institutional aid and scholarships. Examples of university refund policies are available upon request in Student Academic & Financial Services.

**University Enrollment Dispute**

If a student leaves the university due to extenuating circumstances without officially withdrawing, they may submit a university enrollment dispute (http://www.jwu.edu/forms.aspx?id=55199) within 30 days after the end of the term in dispute. No withdrawal disputes will be considered after that time. The student must present supporting documentation that demonstrates serious and compelling reasons justifying the withdrawal, and extenuating circumstances justifying its retroactive nature. No adjustments to tuition and fees or financial aid will be made until the dispute is researched and either approved or denied. Decisions will be made within 10 business days and the student will receive notification via an email sent to the email address they provided on the dispute form.

**Financial Obligations**

Continued enrollment as a student in good standing and certain other student benefits (diplomas, transcripts, etc.) are conditioned upon being current in all financial obligations to the university, including loans in which the university appears as a holder or guarantor.

**Financial Planning**

The university understands that financing an education can be a very complex process for many students. To assist with this process, financial planning counselors are available to work with students and their families on an individual basis to help them best utilize their own funds and other available resources to meet educational expenses.

For more information and assistance, contact Student Financial Services at the campus where you plan to enroll.

Federal financial aid is not available to international students. International students must provide sufficient evidence of financial support to receive an I-20. The university awards scholarships based on academic merit. International students can contact the EducationUSA (http://
www.educationusa.info) advising center in their country to learn more about opportunities for financial assistance.

Financial Aid
To assist students in meeting their educational expenses, the federal government offers grants and low-interest loans. Financial aid is awarded on an annual basis and is disbursed in three equal installments (fall/winter/spring). Students interested in financial aid for summer enrollment should contact Student Financial Services on their campus.

Undergraduate Financial Aid Programs
Grants and loans are financial aid resources available to students. Students may receive assistance from one or both of these funds. Student eligibility for these programs is based on completion and submission of the Free Application for Federal Student Aid (https://fafsa.ed.gov) (FAFSA) as described in the How to Apply (p. 114) section. Since awards are not automatically renewable, students must reapply each year. All financial aid awards are determined based on an academic year (fall/winter/spring terms). Financial aid awards and federal loan programs are disbursed based on this term system, which typically equates to three disbursements. All annual awards are posted in three equal amounts, or in some cases fewer, based on the student’s entrance date.

Graduate Financial Aid Programs
Federal financial aid programs are available to U.S. citizens or eligible non-citizens. Students may receive assistance from loans, limited institutional aid and/or work programs. If eligible for any one of these, or a combination of both, it is referred to as the financial aid package. Student eligibility for these programs is based on completion and submission of the Free Application for Federal Student Aid (https://fafsa.ed.gov) (FAFSA) as described in the How to Apply (p. 114) section. Since awards are not automatically renewable, students must reapply each year. All financial aid awards are determined based on an academic year (fall/winter/spring terms). Financial aid awards and federal loan programs are disbursed based on this term system, which typically equates to three disbursements. All annual awards are posted in three equal amounts, or in some cases fewer, based on the student’s entrance date.

For more information call 1-800-343-2565 or 401-598-1468.

How to Apply
Please see the appropriate section for information regarding how to apply for financial aid.

Undergraduate
To be considered for financial assistance, complete the steps listed below.

1. Personal Identification Number (PIN)
Students and their parents can apply online for a PIN (http://www.pin.ed.gov). The PIN allows students and parents to sign the FAFSA electronically and to correct previously processed FAFSA information online. Both the student and at least one parent must apply for a PIN.

2. Free Application for Federal Student Aid (FAFSA)
The Free Application for Federal Student Aid (http://www.fafsa.ed.gov) is available online. This form must be completed as soon as possible after January 1.

The information for financial assistance is then processed by the federal processor and sent to Student Academic & Financial Services at the university. The FAFSA code for JWU is 003404.

3. Independent Students
To be considered independent for financial aid purposes for the 2015-2016 academic year, students must answer “Yes” to one of the following questions:

1. Were you born before January 1, 1992?
2. As of today, are you married? (Answer yes if you are separated, but not divorced.)
3. At the beginning of the 2015–2016 school year, will you be working on a master’s or doctorate program (such as an M.A., MBA, M.D., J.D., Ph.D., Ed.D. or graduate certificate, etc.)?
4. Are you currently serving on active duty in the U.S. Armed Forces for purposes other than training?
5. Are you a veteran of the U.S. Armed Forces?

6. Do you have or will you have children who will receive more than half of their support from you between July 1, 2015 and June 30, 2016?
7. Do you have dependents (other than your children or spouse) who live with you and who receive more than half of their support from you, now and through June 30, 2016?
8. At any time since you turned 13, were both your parents deceased, were you in foster care or were you a dependent/ward of the court?
9. As determined by a court in your state of legal residence, are you or were you an emancipated minor?
10. As determined by a court in your state of legal residence, are you or were you in legal guardianship?
11. At any time on or after July 1, 2014, were you determined to be an accompanied youth who was homeless or were self-supporting and at risk of being homeless, as determined by a) your high school or district homeless liaison, b) the director of an emergency shelter or transitional housing program funded by the U.S. Department of Housing and Urban Development, or c) the director of a a runaway or homeless youth basic center or transitional living program?

*If you do not have a determination that you are homeless, but you believe you are an unaccompanied youth who is homeless or self-supporting and at risk of being homeless, answer “No” to the FAFSA questions concerning being homeless. Then contact your financial aid office to explain your situation.

Students who cannot answer “Yes” to one of the above questions are considered dependent and must complete their FAFSA as a dependent student by providing both parent and student information. Please feel free to contact Student Academic & Financial Services with any questions.

4. Verification and Other Documentation
Student Academic & Financial Services may request additional documentation to verify information provided on the FAFSA (i.e., verification worksheet and untaxed income worksheet). The student and his/her parents may be required to submit signed and dated copies of their Tax Return Transcript. The transcript can be obtained online (http://www.irs.gov/Individuals/Get-Transcript) or by calling your local IRS office. The student’s financial aid package will not be complete until all requested documentation has been received and reviewed by Financial Aid. In addition, all student loan borrowers must attend an entrance and exit counseling session during which the student will be advised on his/her loan obligations.

Student Eligibility Requirements
To be eligible for financial aid, the student must meet the following criteria:

1. Be a U.S. citizen or eligible non-citizen.
2. Maintain satisfactory academic progress. (Financial aid will be suspended until satisfactory academic progress is again achieved.)
3. Be enrolled in a degree program.
4. Not owe a refund on a Federal Pell Grant, or be in default on a Federal Student Loan or Parent Loan for Undergraduate Students (PLUS).
5. Sign a Statement of Educational Purpose, a Statement of Registration Status, and a Statement on Overpayments and Defaults.
6. For most programs, must demonstrate financial need.

Students are eligible to receive financial aid as long as they maintain academic standing standards (p. 98) as defined in this catalog. Students who fail to maintain satisfactory academic progress will be notified by Student Academic & Financial Services.

Financial need is the difference between the cost of the student’s education (tuition and fees, room and board, books and supplies, transportation and personal expenses) and the total contribution expected from the student and his/her family. The student’s total family contribution is based on an analysis of the information which the student and/or parent supplied on the FAFSA. Some of the items considered are total family income, assets, the number of people in the household, the number of siblings in college, and the student’s own resources, such as earnings, savings, and untaxed income which the student may receive. Johnson & Wales University also considers these items when determining eligibility for university funds.

Federal Grants and Loans
Federal Pell Grant
The Federal Pell Grant is a federally funded entitlement program to assist qualified undergraduate students with exceptional financial need. Eligibility for these grants is determined by the U.S. Department of Education based on the information provided on the FAFSA. Pell recipients can attend at less than half-time status and remain eligible for a portion of their Pell Grant. Students with a previous bachelor’s degree are not eligible for a Federal Pell Grant.

The maximum, full-time Pell Grant award for the 2014-2015 award year (July 1, 2014 to June 30, 2015) was $5,730. The maximum Pell Grant award can change each award year and depends on program funding. Further information may be obtained from the U.S. Department of Education (http://www.ed.gov).

The amount of Federal Pell Grant funds a student may receive over their lifetime is limited by law to be the equivalent of six years of Pell Grant funding. Since the maximum amount of Pell Grant funding the student can receive each year is equal to 100 percent, the six-year equivalent is 600 percent.

Campus-based Financial Aid Programs
Campus-based financial aid programs, including the Federal Supplemental Educational Opportunity Grant (SEOG), Federal Perkins Loan and Federal Work-Study programs are administered by Johnson & Wales University. Students must annually apply for these programs through the filing of the FAFSA.

Federal Supplemental Educational Opportunity Grant (SEOG)
This federally funded program provides financial assistance to qualified undergraduate students who demonstrate exceptional financial need. Johnson & Wales University awards up to a maximum of $100 per academic year based on financial need and the availability of funds. Students with a previous bachelor’s degree are not eligible for a Federal Supplemental Educational Opportunity Grant.

Federal Perkins Loan
This 5% interest-bearing loan is funded by the federal government and administered directly by the university. Master Promissory Notes for this loan are available (http://www.jwu.edu/financialaid). Perkins loans are awarded to qualified students with exceptional financial need. The amount a student will receive depends on financial need and the availability of funds.

Students must begin to repay this loan nine months after they leave the university or drop below half-time status. The repayment of principal and interest may be extended over a 10-year period. The amount of each payment depends upon the amount of the student’s debt and the length of the student’s repayment period.

Federal Work-Study Program
This is a federally funded program that provides part-time employment to undergraduate students with financial need. Positions are available throughout the university and with selected off-campus community service agencies.

Work-study gives students the opportunity to earn money to help pay educational expenses. Students are paid an hourly rate for actual hours worked. The amount earned cannot exceed the total work-study award. Work-study funds are paid biweekly directly to the student; therefore, funds will not be applied to the student’s account unless arrangements are made with Student Academic & Financial Services.

William D. Ford Federal Direct Subsidized Loan
This loan program provides loans to undergraduate students who demonstrate financial need. First-time borrowers are required to complete a Master Promissory Note and an entrance interview. Both of these requirements (https://studentloans.gov) can be completed online.

Students may borrow up to a maximum of $3,500 per academic year as freshmen for the first year of undergraduate study, $4,500 for the second year as sophomores, and $5,500 per year for the third and fourth years as juniors and seniors. The student must begin repayment six months after he/she leaves the university or drops below half-time status. The amount of the student’s monthly payment will be determined based upon the amount of student debt and the length of the repayment period. Please contact Direct Lending at 1-800-557-7394 for more information on repayment options.

If you are a 1st time borrower on or after July 1st, 2013, there is a limit on the maximum period of time (measured in academic years) during which you can receive Direct Subsidized loans. You may not receive Direct Subsidized loans for more than 150% of the published length of your program, known as your “maximum eligibility period”. For example, if you are enrolled in a four-year bachelor’s degree program, the maximum period for which you can receive Direct Subsidized loan is six years, or 150% of your program length. For more information, please contact the Financial Planning office.

William D. Ford Federal Direct Unsubsidized Loan
Like the Direct Subsidized Loan program, this Direct Unsubsidized Loan program also offers loans to students. While most of the loan terms are the same as the subsidized loan program, there are some major differences:
- 1. Students do not have to demonstrate financial need to receive a Direct Unsubsidized Loan.
- 2. The federal government does not pay interest on the borrower’s behalf while the borrower is enrolled in school.

During that time, the student borrower can choose between making quarterly interest payments or “capitalizing” interest. “Capitalizing” interest means that the lender will add interest accrued to the principal balance. This will eliminate the need for interest payments while in school, but will result in a larger principal amount owed upon repayment.

William D. Ford Federal Direct Parent Loan Program for Undergraduate Students (PLUS)
The Direct PLUS Program provides loans to parents of dependent students to attend college. PLUS borrowers do not have to demonstrate need, but must not have an adverse credit history. All students must complete the Free Application for Federal Student Aid (FAFSA) if their parents plan to borrow a PLUS loan. The parent must also complete the Direct PLUS Master Promissory Note (MPN); an MPN can be completed online (https://studentloans.gov).

In addition the parent must indicate how much they want to borrow. Repayment of this loan will begin within 30 days of the time the loan is fully dispersed annually, or the borrower can contact the Department of Education to request a deferment. The borrowing limit is the total cost of attendance, minus any financial aid being received.
Increased Direct Unsubsidized Loan Limits for Independent Students and Dependent Students Whose Parents Don’t Qualify for a PLUS

There are higher additional unsubsidized annual loan limits for independent undergraduate students. These higher additional unsubsidized loan limits also apply to dependent undergraduate students whose parents are unable to borrow PLUS loans due to adverse credit or other documented exceptional circumstances.

- $3,500 combined subsidized and/or unsubsidized plus $6,000 additional unsubsidized for independent first-year undergraduates
- $4,500 combined subsidized and/or unsubsidized plus $6,000 additional unsubsidized for independent second-year undergraduates
- $5,500 combined subsidized and/or unsubsidized plus $7,000 additional unsubsidized for independent third-, fourth-, or fifth-year undergraduates

Note: All undergraduate annual loan amounts are subject to proration.

Please note that a student/borrower remains responsible for the repayment of educational loans that he/she borrows even if the student is not successful in completing the educational program and/or obtaining employment.

No student is required to apply for, or accept, any particular type of financial aid.

Johnson & Wales University participates in the William D. Ford Federal Direct Loan Program. All Direct Loans and parent PLUS loans will be borrowed from the U.S. Department of Education.

Please note that the loan information described in this catalog is based upon the available information as of the date of the production of this catalog. Updated information regarding federal grants and loans may be obtained by visiting the U.S. Department of Education (http://studentaid.ed.gov) website.

Applications for these loans are available in Student Academic & Financial Services or on the Direct Lending (https://studentloans.gov) website.

Aid from these programs is awarded on the basis of financial need. In order to receive maximum consideration for financial assistance, it is recommended that the student apply as soon as possible after January 1. The award process for first-year students begins in March of each academic year. Renewal of financial aid is not automatic. Recipients are required to reapply each year by the announced deadline.

To be eligible for these programs, students must meet the following criteria:

1. For most programs, students must demonstrate financial need;
2. maintain satisfactory academic progress (financial aid will be suspended until satisfactory academic progress is again achieved);
3. be enrolled in an eligible degree or certificate program;
4. be enrolled on at least a half-time (at least 6.0 quarter credit hours) basis (students enrolled on a less-than-full-time basis may have their financial aid reduced; some students enrolled on a less-than-half-time basis may qualify for a Federal Pell Grant);
5. be a U.S. citizen or eligible non-citizen;
6. not owe a refund on a Federal Student Aid Grant (e.g. Federal Pell Grant, etc.), be in default on a Federal Student Aid loan (e.g. Federal Perkins, etc.); and
7. sign a Statement of Educational Purpose, a Statement of Registration Status and a Statement on Overpayments and Defaults.

Students are eligible to receive financial aid as long as they maintain Satisfactory Academic Progress (SAP) as defined in the SAP (p. 116) section of the catalog, and in the their campus student handbook (http://catalog.jwu.edu/handbook). Students who fail to maintain SAP will be notified by Student Academic & Financial Services. All financial aid will be suspended until satisfactory academic progress is again achieved.

**Return of Title IV Funds (Federal Aid)**

When a student withdraws (or becomes withdrawn) during a payment period or period of enrollment, the amount of student financial aid program assistance earned is determined by a specific formula. If the student receives (or the university receives on the student’s behalf) less assistance than the amount earned, the student may be able to receive those additional funds. Students who received more assistance than what they earned must return the excess funds.

The amount of federal assistance earned is determined on a pro-rata basis. That is, if a student completes 30 percent of the payment period or period of enrollment, the student earns 30 percent of the federal assistance he or she was originally scheduled to receive. Once the student completes more than 60 percent of the payment period or period of enrollment, the student earns all scheduled federal assistance.

The student’s loan monies (subsidized, unsubsidized and PLUS) must be on record with the Department of Education before the student’s last day of attendance in order for the money to be considered within the formula. If the student is eligible for a post-withdrawal disbursement, a written notice will be mailed requesting the consent of the borrower to post the funds to the student’s account. The amount of institutional assistance earned is based on the week that the student withdraws from the university and follows the percentage the university credits the student’s charges.

If a student receives excess funds that must be returned, Johnson & Wales University must return a portion of the excess, equal to the lesser of

- the student’s institutional charges multiplied by the unearned percentage of the student’s funds
- the entire amount of the excess funds

If the university is not required to return all excess funds, the student must return the remaining amount. Any loan funds that the student must return, must be repaid by the student (or his or her parents for a PLUS Loan) in accordance with the terms of the promissory note.

If a student is responsible for returning grant funds, the student does not have to return the full amount. Students are not required to return 50 percent of the grant assistance received that is the student’s responsibility to pay. Any amount not returned is a grant overpayment and the student must make arrangements with the university or Department of Education to return the funds.

Federal regulations establish the following allocation for students who receive Title IV, HEA program funds:

A refund owed to a student who received funds under any Title IV, HEA program will be returned to the Title IV, HEA programs from which the student received aid in the following order until the amounts received by the student from these programs is eliminated: the Unsubsidized/Subsidized Stafford Loan, the Perkins Loan, the Parent PLUS Loan, the Pell Grant, the FSEOG program, all other sources of aid, and the student.

**State Grants**

Students from the following states may be eligible for state grant money:

- Delaware
- Massachusetts
- Pennsylvania
- Rhode Island
- Vermont

Contact the higher education authority in your home state for more information.

**Academic Progress**

**Satisfactory Academic Progress**

To be eligible for financial aid, all students must satisfy Satisfactory Academic Progress (SAP), which is required by federal law. SAP measures a student’s completion of coursework toward a degree. JWU evaluates SAP at the end of each term, including summer, for each student. Students who do not meet all
SAP criteria may lose their eligibility to receive all types of financial aid (e.g., federal, state, private, institutional and other aid). Students will be notified of the decision both verbally and in writing.

**Maximum Time Frame Criteria**
Completion of undergraduate or graduate programs cannot exceed 150 percent of the published length of the program measured in credit hours attempted as determined by the student's program requirements.

**Pace Measure of Academic Progress Criteria**
- Students must complete a specified percentage of all credit hours attempted; see below.
- This percentage includes all credit hours attempted regardless of whether or not financial aid was received.
- This pace measurement is calculated by dividing the cumulative number of hours that the student has successfully completed by the cumulative number of hours that the student has attempted.
- Credits attempted are defined as all classes for which a student receives a grade (D or better), or an F, I, W, WP, WF, NC, GP, S, U, PL, PLX, NG, AU, etc.
- All transfer credit hours accepted from another institution toward the student's educational program at JWU will be counted as both attempted and completed hours.
- The student's GPA and pace of completion are negatively impacted by course incompletes, withdrawals, failures or repetitions (incompletes, failures and withdrawals count in attempted credits, but not completed).

**Grade Point Average Criteria**
- All undergraduate and graduate students must maintain a minimum Grade Point Average (GPA).
- The student's cumulative GPA for financial aid eligibility must be calculated on all grades received.
- All students, regardless of their enrollment status (e.g., full or part time), must meet the following minimum academic standards to remain eligible for financial aid.

**Warning Period**
Students who fail to meet SAP criteria will be placed on financial aid warning for one academic term and a hold will be placed on the student's record, which will prevent them from course registration for all future terms. Students remain eligible for financial aid during the warning term. If SAP criteria are not satisfied at the end of the warning term, the student will be ineligible for financial aid. Students on warning must meet with an academic counselor to clear the hold prior to course registration, and/or to pursue an appeal. Students on warning must submit their appeal and supporting documentation before the eighth week of the warning term.

**Ineligible for Financial Aid Period**
Students who fail to meet SAP criteria after the warning period are ineligible for financial aid. If the student does not have an approved appeal, the student is no longer eligible for financial aid. Students may continue to take courses without financial aid to re-establish SAP standards; however, a payment plan must be established for the tuition and applicable fees associate with the course(s). Once a student is meeting JWU's minimum SAP standards, he or she may regain financial aid eligibility. Students who are interested in reestablishing aid eligibility should meet with an academic counselor to determine what they would need to do to meet JWU's minimum SAP standards.

**Appeal Process/Probationary Period**
If extenuating circumstances impacted successful adherence to SAP criteria, the student may pursue an appeal. The appeal will require the student to indicate why he or she did not make SAP and what has changed in the student's situation that will allow the student to demonstrate SAP by the next term. Circumstances and required documentation are illustrated below.
Student Services

Student Services at JWU provides personal and professional development support for students across various aspects of campus life, from academic support to meals and housing, health services, and involvement in campus programs and student clubs and organizations. Select a topic to view specific information.

Academic Support

Center for Academic Support

The Center for Academic Support (http://catalog.jwu.edu/handbook/studentservices/centerforacademic support) offers a variety of services to assist students in preparing for graduation and their careers. The center complements students’ academic and technical training by providing services that help sharpen their ability to position themselves in today’s competitive marketplace.

The center’s goals are to support students in their efforts to develop and maximize their talents, empower them to direct their own learning, and help them acquire lifelong behaviors and attitudes that employers value — ultimately leading students on pathways to success.

Example of Services Offered

• Tutoring
• Supplemental instruction
• Workshops in stress management, time management, test-taking strategies and other learning strategies
• Accommodations for students with disabilities with appropriate documentation

Students are urged to take the initiative in seeking out-of-class help during faculty office hours as well as in the Center for Academic Support.

Students with Disabilities

JWU is dedicated to providing reasonable accommodations to allow students with learning, physical or other disabilities to succeed in their academic pursuits. While maintaining the highest academic integrity, the university strives to balance scholarship with support services that will assist students with disabilities in functioning in the university’s academic environment.

Because some programs of study at the university have technical standards (p. 106) and requirements, applicants and students with disabilities should contact the Center for Academic Support to discuss the availability of reasonable accommodations or to obtain documentation guidelines, when appropriate.

For further information regarding available reasonable accommodations and the accommodations procedure, visit the Center for Academic Support website or call the Center for Academic Support at your campus of choice.

Food Allergy Accommodation for College of Culinary Arts and School of Hospitality Students

The College of Culinary Arts and the School of Hospitality have technical standards (p. 106) that must be met for participation in their academic programs. All College of Culinary Arts programs and some School of Hospitality programs include the requirement that the student, with or without reasonable accommodations, must be able to safely and effectively test and evaluate the appearance, texture and aroma of food and beverage products, and maneuver in professional or commercial kitchens, dining rooms and related facilities.

Applicants with a food allergy who have been accepted for admission to JWU and intend to pursue studies in the College of Culinary Arts or the School of Hospitality are strongly urged to call or visit the Center for Academic Support prior to attending their first class to discuss any reasonable accommodations that might be available during their academic studies. While the university will provide reasonable accommodations in compliance with applicable law, the university cannot guarantee it will be able to meet all requests for accommodations or remove allergens from its curriculum.

Health Services

JWU maintains two Health Services (http://www.jwu.edu/content.aspx?id=10320) offices where health care is provided to students — one for the Downcity Campus at Wales Hall and one for the Harborside Campus at the Wildcat Center.

JWU’s health services are available to commuting students as well as to residents.

Medical Records

Prior to the first term of enrollment, the university requires all new, full-time undergraduate students — residents and commuters alike — to submit proof of a complete physical exam conducted within the past year, including documented proof of two doses of the MMR (measles, mumps and rubella) vaccine (or titers if applicable), three doses of hepatitis B vaccine (or titers if applicable), three doses of tetanus-diphtheria vaccine (including at least one Tdap dose within the past 10 years), two doses of the chicken pox vaccine (or titers if applicable) or proof of physician-diagnosed disease, and one dose of meningitis vaccine (required for students residing in university residence halls). A waiver of the meningitis vaccine requirement is available for students 22 years of age and older (please contact Health Services for further information). In addition, a negative tuberculosis test or chest x-ray within the last year is required for entering students who are from highly endemic countries and have been residents of the United States for less than five years. A list of countries where tuberculosis is highly endemic is available upon request from Health Services.

The hepatitis A vaccine is strongly recommended but not required.

International Student Services

International Student Services is housed in Providence’s International Center, which also includes Study Abroad and the BRIDGE Center. There are International Student Services staff on each of the four campuses. The main focus of International Student Services is to help international students adhere to Department of Homeland Security regulations, maintain their student status, and access all the benefits permitted by their student visa status. A variety of other programs and services have also been created to assist students from the moment they enroll in the university until the day they graduate and beyond. Information sessions on employment, tax and other cultural adjustment issues are conducted every year. International Student Services also offers orientation and cultural programming for international students and the university community. The BRIDGE Center collaborates on some of this programming designed to support students with acclimating to campus life.

For further information about JWU’s International Student Services, visit http://www.jwu.edu/content.aspx?id=49664.

New Student Orientation and Support Programs

Johnson & Wales University hosts two evening orientation sessions for all new continuing education students at the start of each academic term. One session is delivered at our Downcity Campus for those in the College of Management, School of Engineering & Design and the College of Arts & Sciences. Another is held at our Harborside Campus for all College of Culinary Arts students.

Students are introduced to many university administrators, faculty and staff who provide valuable information on academic, student life and university policies. Activities include campus tours, bookstore visits, pre-testing, distribution of photo identification and parking permits, a student networking session and academic presentations.

Students seeking readmittance to the university are also encouraged to attend these orientation sessions for new information and to help ease the transition back to campus. Information about orientation programs and services is emailed to all incoming students.

Parking

To park your vehicle on university property, you must have a parking permit. Parking permits are available through the term start/orientation process or you may receive a parking permit from Campus Safety & Security. To receive
a parking permit, you must go to Campus Safety & Security and fill out a parking permit application. It is the responsibility of the person applying for the permit to maintain:

- a current university ID
- a valid driver’s license
- proof of minimum liability insurance
- a valid automobile registration

There is no fee charged to Continuing Education students for this parking permit. Parking is available in designated university parking lots on a first-come, first-served basis, and there is no guarantee of available space. The parking privilege extended to Continuing Education students does not apply during daytime business hours. Continuing Education parking is available in university lots after 5 p.m. Monday through Thursday (Friday for make-up classes) and all day Saturday and Sunday. The university is not responsible for any vehicle or its contents while it is parked on university property.

Policies

Computer and Technology Use Policy

All students are required to comply with the university’s Computer and Technology Use Policy (http://helpdesk.jwu.edu/policies.htm).

The university’s Computer and Technology Use Policy prohibits students from uploading, downloading, posting, publishing, transmitting, retaining, reproducing, sharing, distributing or using in any way information, software, movies, music, books, articles or any other material which is protected by copyright or other proprietary right, without obtaining permission of the owner. Violation of this policy may result in the termination of a student’s access to the Internet via the university’s Internet system and student conduct review actions up to and including dismissal from the university.

In addition, students should be aware that unauthorized distribution of copyrighted material (e.g., songs, music and other materials), such as through peer-to-peer networks, may constitute copyright infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than $750 and not more than $30,000 per work infringed. For “willful” infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense. For more information, please see the website of the U.S. Copyright Office (http://www.copyright.gov), especially their FAQs (http://www.copyright.gov/help/faq). Please refer to the Computer and Technology Use Policy for a further description of prohibited activities regarding use of university technology resources.

Drug and Alcohol Policy

In accordance with the Federal Drug-Free Workplace Act and Drug-Free Schools and Communities Act, Johnson & Wales University prohibits the unlawful manufacture, distribution, dispensation, possession or use of narcotics, drugs, other controlled substances or alcohol at the workplace and in the educational setting. Possession or use of alcoholic beverages anywhere on university property is prohibited except for legal use at events, operations, programs, premises or facilities sanctioned by the university. Unlawful for these purposes means in violation of federal, state or local statutes, regulations or ordinances. Workplace is defined as either university premises or any place where university business is conducted away from university premises. Educational setting includes both university premises and approved educational sites off campus.

Possession or use of illegal drugs, narcotics or drug paraphernalia is absolutely forbidden. Johnson & Wales may impose sanctions on students and employees for violations of this policy up to and including dismissal, termination of employment and/or referral for prosecution. Johnson & Wales is not and cannot be considered a protector or sanctuary from the existing laws of the local, state and/or federal government.

University Sanctions

Disciplinary sanctions which may be imposed on a student found to be in violation of the above policy include, but are not limited to, revocation of certain privileges, community service, conduct warning, conduct probation, fine or restitution for loss, suspension or dismissal from the university and/or university housing, and referral to alcohol education classes. The university also reserves the right to notify parents of violations by students who are under the applicable legal drinking age. Please see the Student Code of Conduct (http://catalog.jwu.edu/handbook/studentaffairs/studentcodeofconduct) and Sanctions (http://catalog.jwu.edu/handbook/studentcodeofconduct/sanctions) for more information.

Alcohol and Its Effects

Alcohol abuse is defined as any drinking that harms or endangers the drinker or other people. It can be a single episode or a regular pattern. Alcohol consumption causes a number of marked changes in behavior. Thought processes are slowed as alcohol numbs and destroys brain cells.

Symptoms of Drug Abuse

The key is change. It is important to watch for any significant changes in physical appearance, personality, attitude or behavior. Behavior signs include a change in overall personality or attitude with no other identifiable cause; a general lack of motivation, energy or self-esteem; sudden oversensitivity, temper tantrums or resentful behavior, moodiness, irritability or nervousness.

Possible Effects of Drug Abuse

Narcotics (opioid, morphine, heroin) may cause euphoria, drowsiness, respiratory distress and nausea. Depressants (barbiturates) may cause slurred speech, disorientation and drunken behavior without the odor of alcohol. Stimulants (cocaine, amphetamines) may cause increased alertness, increased blood pressure and pulse, insomnia and loss of appetite. Hallucinogens (LSD, mescaline) may cause illusions, hallucinations and poor perception of time and distance. Cannabis (marijuana, hashish) may cause euphoria, relaxed inhibitions and disoriented behavior.

JWU’s Substance Abuse Prevention Program

Several programming initiatives and alternatives are available to help students examine their own behavior related to alcohol and other drugs (AOD):

- Counseling Services provides an assessment of AOD usage for all students who seek counseling.
- Referrals to community resources are available for individuals with more long-term or complex needs. A number of AA/NA/Al-Anon groups hold meetings close to campus and in the larger local community.
- Counseling and Health & Wellness offer AOD prevention through programming efforts with various student groups and Student Affairs departments.
- Counseling and Health & Wellness also collaborate with Student Conduct to provide educational and other resources for students with problematic drinking behavior and drug use.
- A number of programming initiatives take place each year.

State Penalties for Drug and Alcohol Offenses

Johnson & Wales University students are subject to state criminal prosecution and penalties for drug and alcohol offenses, including:

- possession or delivery of marijuana, cocaine, heroin, LSD or PCP
- possession of a needle and syringe
- driving under the influence of alcohol and/or drugs
- driving under the influence, death resulting

Criminal penalties for drug and alcohol offenses can include:

- mandatory drug or alcohol counseling
- alcohol and/or drug treatment
- driver retraining
- suspension or loss of driver’s license
- community service
- fines ranging from $200 up to $1,000,000
- imprisonment for various periods of time up to life imprisonment

Safety & Security

Campus Safety & Security (http://www.jwu.edu/providence/safety) is responsible for the enforcement of university policies, security on campus, and providing a variety of services to the university’s students, faculty and staff. Emergency management is a component of the department, which focuses on crisis preparedness through drills and exercises that promote response capabilities in the event of a campus or university emergency.
Johnson & Wales University’s Providence Campus Safety & Security is accredited by the International Association of Campus Law Enforcement Administrators Commission.

Incidents of an emergency nature should be reported to the local police by dialing 911, followed by contacting Campus Safety & Security at extension 1103 from a university phone or 401-598-1103 from a non-university phone. Campus Safety & Security issues timely alerts to the campus community and, when necessary, has the ability to issue alerts of an imminent threat via an emergency notification mass-messaging system.

Students are encouraged to take full advantage of the services and crime prevention programs listed on our website.

In compliance with the Higher Education Act, Johnson & Wales University publishes an Annual Security Report and an Annual Fire Safety Report. The Annual Security Report discloses information about campus security policies and statistics concerning reported crimes that occurred on campus, on university-controlled property, and on public property immediately adjacent to campus. The Annual Fire Safety Report discloses information about the campus fire safety policies and procedures and fire statistics for each residence hall. A copy of the reports may be obtained from Campus Safety & Security in person or online (http://www.jwu.edu/providence/safety).

The university maintains a log of all fires that occur in on-campus housing, and a daily log of all reported crimes.

Student Involvement & Leadership

Student Involvement & Leadership (http://www.jwu.edu/content.aspx?id=11598) strives to cultivate meaningful experiences to inspire personal and professional growth by

- developing and supporting programs that promote collaborative learning, character development and social responsibility
- promoting a student-centered culture that encourages a strong sense of pride and tradition
- empowering students to embrace and strengthen an inclusive community
- fostering collaborative partnerships to support and deliver successful campus events

Student Involvement & Leadership has two locations: in the Citizens Bank Center for Student Involvement at the Downcity Campus and in the Wildcat Center at the Harborside Campus. Some programs and services include

- more than 115 student clubs and organizations
- fraternity and sorority life
- leadership institutes, workshops and retreats
- Fall/Halloween, Winter and Spring/Founders’ Week events
- spiritual life
- student government
- free movie series
- campus traditions such as Midnight Madness, One-Ton Sundae, Wildcat Wahoo Carnival and more

Clubs and Organizations

Opportunities abound for students to get involved in clubs and organizations and become engaged in the Wildcat community at JWU’s Providence Campus. See clubs and organizations (http://www.jwu.edu/content.aspx?id=11298) to learn more about the ways to get involved in student organizations and to access the Student Organization Handbook to learn about starting new organizations on campus.

Fraternity and Sorority Life

Getting involved in the fraternity and sorority community at the Providence Campus is a fantastic way to build a network of resources that lasts a lifetime. See fraternity and sorority life (http://www.jwu.edu/content.aspx?id=11084) for currently available fraternities, sororities and social fellowships.

Leadership Development Programs

Student Involvement & Leadership provides opportunities (http://www.jwu.edu/content.aspx?id=292) for students to complement their classroom education with the leadership knowledge, skills and abilities necessary to succeed in a competitive workplace and in life.

Athletics

Athletics at JWU’s Providence Campus serves multiple functions within the campus community such as supporting students’ needs through intercollegiate, recreational and intramural sports programs, as well as fitness programs and facilities. See Athletics (http://providence.jwuathletics.com/landing/index) for current Athletics program information.

Building Relationships, Intercultural Dialogue and Global Engagement (The BRIDGE Center)

The BRIDGE Center is a place for engaging with JWU’s diverse community of students, faculty and staff through formal programming and informal opportunities for relationship-building. The BRIDGE Center (http://www.jwu.edu/BRIDGECenter) is located across from the main entrance of Xavier Residence Hall.
