THE JWU DIFFERENCE

Johnson & Wales University is a recognized leader in career education for driven students seeking a competitive advantage in the global economy. Our pioneering education model combines academics with hands-on learning, related work experiences, leadership opportunities and career services. Our industry-experienced faculty brings real-life knowledge to the classroom, adding mentorship, networking opportunities and current business practices to the academic experience.

Founded in 1914, JWU is a nonprofit, private, accredited institution with distinct campuses in Providence, R.I.; North Miami, Fla.; Denver, Colo.; and Charlotte, N.C. More than 17,000 students from all 50 states and 93 countries are pursuing accredited undergraduate and graduate degrees in business, hospitality, culinary arts, technology and education. Our graduates join a network of more than 83,000 alumni from 140 countries.

A variety of undergraduate degree programs permit students to select the educational path best suited to their career interests and objectives. Graduate programs leading to the degrees of master of arts in teaching, master of education, master of business administration and doctor of education are also offered at JWU’s Providence Campus. For details on these programs, request the graduate and doctoral catalogs or visit www.jwu.edu.

Other features of the JWU difference include our career-focused programs, hands-on learning, a suite of career services and a variety of opportunities for students to build their leadership skills.

CAREER-FOCUSED PROGRAMS

JWU’s educational approach is designed to help students identify a field of interest and acquire the knowledge, skills and experience to excel in that field. Students develop academic schedules and work experience plans relevant to their career goals, starting in their first term. To learn more about our undergraduate programs of study in business, hospitality and culinary arts, see pages 64–89 or visit www.jwu.edu.

The School of Arts & Sciences

Today’s employers want employees who, along with specialized job skills, have the ability to think critically, communicate clearly, manage ethically and contribute to the community. To meet these needs, JWU offers a wide selection of liberal arts courses including logic, psychology, communication skills, leadership studies, environmental science and ethics. Our students take at least one-third of their credits in arts and sciences to help develop the skills necessary for long-term career progression.

Many courses offered by the School of Arts & Sciences are designated writing intensive (WI). The Writing Across the Curriculum program at JWU was developed to integrate the “writing to learn” concept across all majors. Students are encouraged to use writing both to learn and communicate, and as a tool to develop and refine skills needed for professional success.

The School of Arts & Sciences offers two minors (22.5 credits) that are designed to enhance the qualifications of graduates: Environmental Sustainability and Technical Communications. Real-world applications are incorporated in each of these minors, which give students opportunities to develop expertise in an area that complements their major.

Students at JWU may study a subject in more depth by electing concentrations. Concentrations vary by campus. See Page 53 for a complete list of the concentrations offered.
To learn more about the School of Arts & Sciences at JWU, including honors courses, cultural events programming, internships, study abroad and degree programs, visit www.jwu.edu.

Study Abroad and International Programming
JWU responds to the increasingly global nature of business by fostering multiculturalism and providing an international educational experience. An important component of this experience is the opportunity to study abroad. Students choose from a range of options including four-week summer programs, three-month spring term programs or four-to-five month independent exchanges. Each has its own academic focus and prerequisites. After selection into a study abroad program, students engage in orientation and academic pre-departure work before embarking on their immersion into foreign cultural and business settings. In some cases, JWU faculty lead the program and travel with students. In other cases local hosts lead the program, but in all programs students participate in a rigorous study and travel experience. These study abroad experiences increase students’ global awareness as they explore their program’s specific academic focus. Course delivery consists of lecture, industry visits and cultural excursions. Study Abroad guides eligible students to register for the appropriate course(s) specific to their program.

Visit www.jwu.edu/studyabroad for program information and applications. Interested students may contact Study Abroad at 401-598-1406 for personal study abroad counseling.

In addition to study abroad, students can participate in on-campus experiences that add an international component to their education. Opportunities vary by campus. Contact your campus international advisor for more information.

Three-Term Schedule
While most schools’ academic calendars are divided into two semesters, Johnson & Wales University’s academic year is divided into three terms. These 11-week sessions enable students to take three or four classes at a time, instead of the usual four or five.

Upside-Down Curriculum
JWU students take classes in their major from day one. From their first term they are immersed into courses and experiences directly related to their field of study, which also means getting a head start on their career choice.

Academic Support
The Center for Academic Support is dedicated to providing students every opportunity for success, with special courses, workshops and tutoring. Students with disabilities can also find assistance with special programs and reasonable accommodations. All support services are available without extra charge to all Johnson & Wales students.

Certain accommodations (such as alternative format and interpreters) require more time to arrange. Students who need accommodations are urged to provide as much advance notice as possible to the center.

LEARNING BY DOING
Experiential education plays a major role in every student’s JWU education. Through hands-on learning and work experiences related to their field of study, students may learn more about their chosen field, gain on-the-job experience and develop networking contacts for future employment. Examples of hands-on learning include internships, study abroad, community service-learning relevant to their field of study, and directed work experiences. Applying classroom knowledge to real-life settings advances students toward careers by developing self-confidence and the skills and knowledge necessary to hit the ground running.
Work Experience Programs
Through the types of work experience programs described below, JWU students gain valuable career skills by integrating their classroom studies with practical work experiences in a field related to their academic and career goals.

INTERNSHIPS
Internships are term-long work experiences in a student’s field of study for which the student earns academic credit. Internships
• are conducted in a university-approved, professional setting under supervision
• meet specific educational objectives based on the academic program requirements
• are generally administered and monitored by Experiential Education & Career Services
• may be paid or unpaid
• provide an in-depth work experience in a professional role at the employer’s organization. Students have the opportunity to develop professional skills and positive work-related habits while gaining first-hand insight into an organization’s operation.

DIRECTED WORK EXPERIENCES
Directed work experiences provide an opportunity to apply newly acquired skills and knowledge in a supervised, non-paid industry setting. The experience focuses on a specific industry-based or functional area-based project. Refer to specific programs of study on Pages 64–89 for examples of the work experiences that JWU provides its students. Opportunities to participate vary by campus.

CAREER SERVICES
At JWU, we’re dedicated to building careers. Unlike other universities, our approach is designed to help students identify a field of interest and acquire the knowledge, skills and experience to excel in that field.

Experiential Education & Career Services offers a variety of internship programs and career services to assist students in building career skills to obtain employment and independently navigate their careers.

Experiential Education & Career Services components include
• a career capstone course for juniors and seniors that prepares them to navigate the job search process.
• career workshops that allow students to select specific skill-building topics.
• networking opportunities with industry professionals through on-campus recruiting events.
• career coaching resources providing personalized advising on a variety of career-related topics.
• work experience programs designed to provide practical experience in a student’s chosen field of study while they earn academic credit.
• online job postings by employers who are looking to hire students for part-time and full-time jobs (on and off campus) as well as internships. Go to http://link.jwu.edu > Careers > Find a Job.
• hundreds of employers, representing the business, hospitality and culinary fields, that visit campus each year to participate in recruiting events and serve as guest lecturers and classroom speakers. These activities provide students with a real-world view of industry as well as opportunities to connect with industry professionals and career options.

LEADERSHIP OPPORTUNITIES
Clubs and Organizations
Student Activities provides many ways for students to connect with their campus. Dozens of clubs and organizations are offered, ranging from cultural arts, athletics, and community service to leadership programs and student government.

Participating in a student club or organization helps students build their leadership skills and career-related experience while making friends and taking part in activities they’re passionate about. See Page 62 or visit www.jwu.edu/studentlife and click on Get Involved to find out more.
HISTORY OF THE UNIVERSITY

The special approaches to career education at Johnson & Wales University (JWU) have evolved for more than 90 years and continue to adapt as the university responds to the changing needs of business and industry. JWU was founded as a business school in 1914 in Providence, R.I. by Gertrude I. Johnson and Mary T. Wales. From its origins as a school devoted to business education, JWU has grown to a junior college, to a senior college, and ultimately to university status.

The university is well established because of its strong commitment to specialized business education and the high ideals of its founders. In 1993, JWU received regional accreditation from the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges (NEASC). Accredited since 1954 by the Accrediting Council for Independent Colleges and Schools (ACICS), the university consolidated its institutional accreditation efforts under NEASC on June 30, 2000.

In 1963, the State of Rhode Island granted a charter which authorized the university to operate as a nonprofit, degree-granting institution of higher learning and to award associate degrees in the arts and sciences. In 1970, the State of Rhode Island approved a revision in the university’s charter to award baccalaureate degrees. In 1980, the governor and General Assembly of the State of Rhode Island granted a legislative charter to the university, authorizing the awarding of advanced degrees.

The charter was amended in 1988, changing the institution’s name to Johnson & Wales University. In 1992, the governor of the State of Rhode Island signed into law a new legislative charter with university status.

A new career emphasis was introduced at JWU in 1972 and 1973, when the university announced the addition of new associate degree programs in the fields of hospitality and culinary arts. This proved to be one of the most far-reaching changes in the educational expansion of the university, leading to additional two- and four-year degree programs in the hospitality and food service fields.

In 1984, a JWU campus was established in Charleston, S.C., which offered a variety of two- and four-year programs in food service, hospitality and travel-tourism. A JWU campus opened in Norfolk, Va. in 1986. It offered one- and two-year food service programs.

In 1985, graduate degree programs were introduced at the university. Today the Alan Shawn Feinstein Graduate School offers an MBA degree program with optional concentrations in accounting and hospitality, as well as an M.S. degree program in criminal justice. It also offers an M.A.T. in Teacher Education leading to certification in business education, culinary arts, food service education, elementary education, elementary special education or secondary special education, as well as an M.Ed. in Teaching and Learning and an Ed.D. in Educational Leadership.

In 1992, a joint educational agreement allowed the university to begin programs on the campus of the Institute of Higher Marketing (IHM) Business School in Göteborg, Sweden. JWU established a formal, independent learning site there from 1994–2004, giving business and hospitality students the opportunity to complete one year of study in Sweden and finish their degrees at one of the university’s domestic campuses.

Also in 1992, JWU opened a campus in North Miami, Fla., offering two- and four-year food service, business and hospitality programs.
That year also marked the university’s formal establishment of the College of Business, The Hospitality College, the College of Culinary Arts and the School of Technology. A new emphasis on general studies was introduced in 1992 as well, with the development of the School of Arts & Sciences.

The university’s School of Technology also offered courses in Worcester, Mass. from 1992–2002.

In 1993, JWU opened a campus in Vail, Colo., which offered an accelerated associate degree program in culinary arts to college graduates. That year also marked the beginning of a four-year bachelor’s degree offering in culinary arts.

In 1995, the university created an International Hotel & Tourism Management program which offers unprecedented opportunities in international hotel management education. Students from around the world may choose from a variety of options both at JWU and abroad.

Technology programs offered by the university include Engineering Design and Configuration Management, Graphic Design & Digital Media, Network Engineering, Robotic Engineering Technology and Software Engineering.

September 2000 marked the opening of the Denver, Colo. campus, which offers two- and four-year degrees in baking & pastry arts, culinary arts, hospitality, business and criminal justice, as well as the “Garnish Your Degree” accelerated associate degree program originally offered in Vail. In 2000, the Vail Campus was merged with the Denver Campus.

In 2002, the university made a strategic decision to consolidate its smaller Charleston and Norfolk campuses to build a campus in Charlotte, N.C. JWU’s Charlotte Campus opened in fall 2004 and offers associate and bachelor’s degree programs in business, culinary arts and hospitality. The Charleston and Norfolk campuses officially closed in May 2006.

In keeping with its tradition of focusing on the best interests of students and responding to industry, it was determined in April 2006 that beginning with the 2008–2009 academic year, JWU’s College of Business and The Hospitality College would move away from offering associate degrees and instead have students customize their education through specializations or concentrations at the baccalaureate level alone. This decision did not impact the College of Culinary Arts and the School of Technology where the two-year degree continues to be relevant.

In 2009–2010 JWU recruited, admitted and enrolled the entering class for the online bachelor’s degree programs in Culinary Arts and Food Service Management and Baking & Pastry Arts and Food Service Management. In September 2010 students started in the fully online programs.

JWU’s Denver Campus also launched its Adult & Continuing Education program in September 2010.

Each year the university grows in program offerings and physical facilities. At the same time, JWU also grows in recognition and prestige, making contributions to the community, government and industry.

Johnson & Wales University’s Charlotte Campus is located near the center of uptown activity in the Gateway Village development in the city’s third ward. It’s an exciting area with a vibrant mix of residential, retail and commercial spaces. Campus facilities include two traditional residence halls, an apartment residence hall, a student center, a dining facility operated by industry partner Compass Group, N.A., and an academic center with state-of-the-art culinary laboratories as well as classrooms, computer labs and a 180-seat amphitheater with demonstration kitchen.

Seven specialty classrooms have been constructed in Gateway Center to accommodate program expansion in the College of Business. In addition, a student services complex located in the existing Gateway Village includes a bookstore and library as well as Experiential Education & Career Services, Student Academic & Financial Services and the Cyber Lounge. The full-service, university-owned Doubletree Hotel — Gateway Village is also conveniently located in the heart of the campus area.

CHARLOTTE, NORTH CAROLINA

Located in the western part of North Carolina, Charlotte is within a day’s drive of over 50 percent of the population of the United States. Even though it’s the second largest financial center in the country, and home to eight Fortune 500 companies, Charlotte maintains a distinctive small town feel that makes it the perfect place for Johnson & Wales to continue its tradition of market-driven education and genuine career preparation.

Charlotte is served by an international airport that is a main U.S. hub. It is a city of opportunity with a practical, businesslike approach to life that meshes nicely with the career focus of the university. When it’s time to have fun, the city abounds with extra-curricular activities. Charlotte boasts a lively arts scene, as well as a number of professional sports teams including the Carolina Panthers, Charlotte Bobcats, NASCAR racing, and the Charlotte Knights AAA baseball team. What’s more, Charlotte is conveniently situated between beautiful, warm beaches a few hours’ drive to the east and cool, relaxing mountains a couple of hours’ drive to the west.

Applying for Admission

Johnson & Wales University seeks students who have a true desire for practical career preparation in their chosen fields and who have the ability to achieve academic success.

Although academic qualifications are important, students’ motivation and interest in succeeding in their chosen careers are given strong consideration. The educational methods of the university are designed to assist students who qualify for admission to succeed in the career programs of their choice.

Students are also recommended to submit employment information and letters of recommendation for admission consideration.

Due to the technical standards and requirements essential to certain technical programs at the university, applicants with disabilities should contact the Center for Academic Support prior to enrolling at the university. For more information about technical standards see Pages 95–96. Copies of the technical standards applicable to various programs are available from the Center for Academic Support.

APPLICATION PROCEDURE

Applications for admission should be completed in full and sent to Admissions, Johnson & Wales University, 801 West Trade Street, Charlotte, NC 28202.

Students applying for admission to the Providence, North Miami or Denver campuses should refer to their campus catalog for admissions information.

There is no deadline for submitting applications, but students are advised to apply as early as possible before their intended date of enrollment for full consideration, as some programs may fill up.

An official application form is available online at www.jwu.edu/apply. No application fee is required.

In completing the application form, students must indicate the term in which they wish to enroll. Applications are accepted for terms beginning in September, December and March.

Certain bachelor’s degree programs are selective and require submission of an application at the end of the associate degree program. Students should check program descriptions if they are interested in applying for both an associate and a bachelor’s degree program.

After completing the application form, students are responsible for requesting that their high school guidance office forward to the university an official copy of the secondary school record for admissions consideration.

High School Completion Verification

Graduation from high school or equivalent education as certified by state departments of education is required for undergraduate admission. Graduation verification documents must be submitted to Admissions. Verification documents include at least one of the following: a letter from an authorized high school administrator, a high school diploma recognized by their state department of education or a G.E.D. certificate. For additional methods of verification of high school completion for home-schooled students, see Page 22. It is the student’s responsibility to provide verification of high school completion. Without such verification, the student may not be allowed to register for the current term or continue enrollment.

When possible, Johnson & Wales University would prefer to receive the applicant’s high school transcripts at the same time as the application for admission. Transfer students must also submit official transcripts from all colleges attended.

Test Scores

SAT and ACT scores are not required for general admission to the university, but are recommended.

Candidates for the university’s honors program must submit SAT or ACT scores for acceptance consideration. Admission standards may vary for international and transfer students.
Minimum Grade Requirements
Students within The Hospitality College who are interested in pursuing a bachelor’s degree in International Hotel & Tourism Management must apply through their college chair. Preference is given to students who achieve a 3.20 GPA or higher upon completion of their freshman year.

Admissions Decision
The rolling admissions policy of the university makes it possible to notify students of the admissions decision, of their acceptance or of any additional conditions necessary for admission, soon after all of their academic records have been received and reviewed.

The $300 reservation fee is payable upon acceptance to the university. The university observes the May 1 reservation fee/deposit deadline and encourages students to research all schools before placing a reservation fee. Reservation fees received after May 1, 2011 will be accepted on a space available basis. Reservation fees received prior to May 1, 2011 are refundable. The student’s account must also be cleared by Student Academic & Financial Services by the July payment deadline to guarantee a room assignment.

Requests for refunds of the reservation fee will be granted upon written request to the university prior to May 1, 2011. After May 1, 2011 the reservation fee of $300 (or $150 of such fee in the case of applicants to the North Miami Campus) is nonrefundable.

The university may revoke any student’s acceptance or enrollment if any information or documentation provided by the student is false or incomplete or if the university learns of any past or present misconduct by the student that would affect the student’s ability to represent and uphold the high standards of the university.

Deferred Enrollment
Johnson & Wales offers a two-year deferred enrollment to students who have applied and been accepted to the university but, for various reasons, wish to postpone their enrollment. Johnson & Wales University retains student application material and will honor the admissions decision for up to two years; after that time frame, the applicant will need to submit a new application and transcript for review. Reservation fees will remain effective during the deferment period. Merit scholarships awarded through the application process will be honored for up to two years from the time of initial acceptance. Federal student aid monies are awarded annually; a student may need to reapply for federal funds through the Free Application for Federal Student Aid (FAFSA).

Advanced Placement Credit
Students entering Johnson & Wales University with an Advanced Placement test score of “3” or greater will be granted 4.5 quarter credits for the equivalent JWU course. Students must submit an official AP Grade Report from the College Board Advanced Placement Program. For more information about AP credit contact Transfer and University Testing.

Transfer Students
Transfer students are eligible to apply for most JWU majors; however, they are not guaranteed credit. Credit is usually granted for courses completed with a grade of “C” or better (with a numeric value of 2.00) at another accredited institution (U.S. Department of Education). Grades of “pass” are also acceptable for transfer if credit was awarded (and a grade of “P” has the numeric value of 2.00 or greater). Credits earned in developmental and remedial courses or CEUs are nontransferable. Transfer credit evaluations are based on previous college work as it relates to the student’s intended field of study.

As with prospective freshmen, acceptances are made on a rolling basis as an application becomes complete.

Transfer candidates must submit official college transcripts from all colleges previously attended prior to enrolling at Johnson & Wales. Students must also submit final official high school transcripts.

It is the responsibility of those candidates who are currently attending another college to have their updated transcripts sent to JWU as soon as final grades become available and no later
than the first term of enrollment. If official transcripts or other requested materials are not received within that designated time period, tentative transfer credit will be forfeited.

The university reserves the right to substitute courses at the discretion of the college chairs, directors or deans.

**Home-schooled Students**

Home-schooled students will be required to provide a high school transcript and a copy of their ACT or SAT test scores. Both the grades on the transcript and the ACT/SAT test scores will be reviewed to determine admissions and scholarship eligibility. Combined SAT scores of 1000 (reading and math, 500 each) or ACT equivalent are required for admittance.

A home-schooled student must be able to document that he or she has completed high school. Verification documents for home-schooled students include at least one of the following:

- a high school diploma recognized by their state department of education;
- a G.E.D. certificate

or, with respect to home-schooled students who are above the compulsory age of school attendance,

- a secondary school completion credential for home school (other than a high school diploma or its recognized equivalent) provided for under state law;

or

- if state law does not require a home-schooled student to obtain the credential described in the preceding bullet, a certification that the student has completed a secondary school education in a home school setting that qualifies as an exemption from compulsory attendance requirements under state law.

It is the student’s responsibility to provide verification of high school completion. Without such verification, the student may not be allowed to register for the current term or continue enrollment.

**Early/Dual Enrollment Students**

The Early Enrollment Program gives high school seniors an opportunity to enroll full time in college courses at Johnson & Wales during their senior year of high school. Students should apply for the Early Enrollment Program during their junior year of high school.

The Early Enrollment Program was designed to help students investigate the variety of college and career options available to them. Students earn college credits while completing high school graduation requirements.

For more information on the Early Enrollment Program, please request a brochure from Admissions.

**Honors Program**

This program offers academically talented students the opportunity to explore challenging and stimulating courses. Eligible applicants must have taken a college prep curriculum, maintained an average of B or better, placed in the top 25 percent of their high school graduating class and submitted SAT/ACT scores above the national average. For more information on the Honors Program, see Page 52.

**SHARP**

Students who wish to accelerate their studies can apply for SHARP (Special Honors And Rewards Program). See Page 53 for more information on SHARP.

Minimum TOEFL requirements (all levels, undergraduate and graduate) are as follows:
- TOEFL score of 80 (Internet-based or IBT)
- TOEFL score of 550 (pen/paper or PPT)

Individual section scores must also meet minimum score requirements.

Acceptable proof of English proficiency may also include one of the following comparable English proficiency examinations:

To meet English proficiency requirements, all English language examination results must be submitted on an official test transcript which is no more than two years old.

Students may be exempted from individual ESL classes based on their individual TOEFL Test (or equivalent test) section scores. Individual section scores and total scores must also meet minimum score requirements; Johnson & Wales University also reserves the right to require ESL classes to increase proficiency in a particular area, regardless of total TOEFL or other test scores.

Students who do not submit one of the above tests at the required level of proficiency will be enrolled in the English as a Second Language program (see “English Language Proficiency” on Page 23) and registered for ESL classes.

**ESL Program**

Johnson & Wales University’s affiliation with the ELS Language Center in Charlotte, N.C. is designed to help students satisfy the school’s English proficiency requirement. The center provides an intensive English language program and is authorized to issue an I-20 to all qualified students. The center provides housing assistance throughout the course of study. Upon completion of the center’s Level 112, students are prepared to meet the university’s language requirement, as well as receive a $1,000 tuition grant. The grant applies to any program of study at JWU’s Charlotte Campus.

Traveling to Charlotte
Charlotte Douglas International Airport is located approximately 20 minutes from the Charlotte Campus. Additional international airports near Charlotte are in Atlanta, Ga. and Charleston, S.C. Train, airline and bus services to Charlotte are available from these cities.

STANDARDIZED TESTING AFTER ADMISSION

PLACEMENT TESTS (NON-CREDIT, NO FEES): These tests are administered for placement purposes only to all new students, including transfer students who do not have transfer credit for math or English, upon entrance. In situations where two or more levels of a subject are required for graduation, the student’s academic career in this subject begins at the level determined by the placement test. This is particularly true when a student has previous academic experience in a subject. Placement tests are currently administered to determine math and English placement. Students with documented disabilities must provide documentation two weeks prior to testing to receive accommodations.

PRIOR LEARNING ASSESSMENT

PORTFOLIO ASSESSMENT: Students may earn credits for the knowledge or skills they have mastered outside the classroom through volunteer work, employment, travel programs, organizations or other comparable sources.

To apply for a Portfolio Assessment, students must meet the university’s residency requirements and complete the Portfolio Development non-credit seminar. This seminar is scheduled at the request of the student and will meet for three two-hour sessions. Students must discuss this option with a counselor in the Center for Academic Support before they are eligible to enroll.

The seminar assists students with the development of a portfolio that describes and documents how the learning took place. The completed portfolio is submitted to the appropriate department designee in Providence for review. The assessor will review the portfolio and either validate the student’s learning by awarding college credits, request additional information, or deny the request for credits. Portfolios will not be returned to the students; they become the property of the university.

Once the seminar is completed, eligible students, in consultation with a Center for Academic Support counselor, may submit additional portfolios. Refer to the Standardized Testing and Prior Learning Assessment Brochure, available at the Center for Academic Support, for more information on required fees.

CLEP EXAMINATION (FOR-CREDIT, WITH FEES): The College-Level Examination Program of the College Board tests are widely accepted national examinations in various subjects. The American Council on Education’s recommended score is required to earn credit. JWU subject equivalencies are determined by each department for each exam. These exams are treated as transfer credit for entering freshmen and juniors transferring to JWU, or from one JWU college or school to another. Central Piedmont Community College (CPCC) and Strayer University are local examination sites. The Center for Academic Support can provide contact information for these sites. Consult the CLEP application for required fees.

DEPARTMENTAL CHALLENGE EXAMINATIONS (CREDIT BY EXAMINATION: FOR-CREDIT, WITH FEES): Departmental exams may be taken for specifically designated courses within a department. Because of previous academic and/or work experience, all matriculating students may request such an exam when they feel they have completed the requirements of a specific
JWU course. Some testing options require specific criteria in order to take tests. Refer to the Standardized Testing and Prior Learning Assessment Brochure, available at the Center for Academic Support, for criteria and fees, or contact the testing office.

For annual examination schedules with examination dates and application deadlines, refer to the university’s Standardized Testing and Prior Learning Assessment Brochure. This brochure may be obtained from Student Academic & Financial Services or the Center for Academic Support.

In all cases, the academic department determines policy as it relates to the testing options for each course in the department. Several options may be available to students, and it is recommended that students seek the assistance of a counselor in the Center for Academic Support.

**Policies for Portfolio Assessment, Challenge and CLEP Examinations:**
1. Portfolio Assessment and Challenge Examinations cannot be repeated if failed.
2. CLEP Exams, if failed, can be repeated in six months.
3. Portfolio Assessment, CLEP Exams and Challenge Exams may not be substituted for a class previously failed or one where a withdrawal (W) or a withdrawal/fail (WF) grade has been issued. They may not be substituted for a class previously taken or a class in which the student is presently scheduled.
4. The standardized examinations or portfolios mentioned above must fall within the residency requirement for each degree.
5. Seminar, application and processing fees are nonrefundable.
6. The university recognizes up to a maximum of 45 quarter credits earned through Prior Learning Assessment.
7. Students must present a valid picture ID when testing.

After being determined eligible to test or enroll in a seminar, students will be notified by e-mail of the time and location of their test or seminar. The Standardized Testing and Prior Learning Assessment Brochure listing course options may be obtained from Student Academic & Financial Services or the Center for Academic Support. For additional policies/information for Portfolio, Challenge and CLEP options, refer to the brochure.

**Culinary Advanced Standing**
Prospective students who possess advanced knowledge and skills in these food-related areas may apply for the Culinary Arts or Baking & Pastry Arts Advanced Standing Examination. The results of the examination are considered in addition to academic records and a letter of recommendation from a food-related employer and/or teacher.

It is generally recommended that applicants have completed advanced food service curriculum or have a minimum of two to five years of extensive food service work experience.

Students who are selected for this accelerated program are required to complete a 10-week summer program. Upon successful completion of the summer program, students attain sophomore standing in the fall.

Students must be accepted for admission to Johnson & Wales University prior to applying for Advanced Standing. Contact Admissions for further information.

**FAST and Credit for College Programs**
Johnson & Wales University offers students an opportunity to earn credits toward a Johnson & Wales degree while they are still in high school through approved articulation agreements between Johnson & Wales University and the student’s high school. Culinary arts students enrolled in approved tech-prep programs who meet academic requirements may be eligible to earn up to nine quarter credits toward their Culinary Arts associate degree through our Freshman Advanced Study Track (FAST). Students enrolled in approved hospitality and business programs who meet the academic requirements may also be eligible to earn transfer credits through our Credit for College Program.

QUESTIONS & ANSWERS
When students come to Johnson & Wales for admissions interviews, they ask a variety of questions about the university. Here are some of the most commonly asked questions.

HOW WILL CLASSES BE SELECTED MY FIRST YEAR?
All freshmen are registered for courses first term by Student Academic Services. Students register for courses online via jwuLink, the university’s Web services system, in their second term and throughout their JWU academic career.

CAN I REQUEST A PARTICULAR ROOMMATE?
Yes, you may request with whom you would like to live. You and your preferred roommate must have paid the university reservation fee and have completed the online housing application. Your preferred roommate must also accept your request in order for you to be placed into the same room. The university does not accept or place co-ed room requests. Roommate requests are not guaranteed.

HOW DOES THE UNIVERSITY MATCH ROOMMATES?
When you complete the Residential Life online housing contract, you will be asked to submit your residence hall preferences as well as certain personal preferences. The information you provide will be used to match you with a roommate.

CAN I REQUEST A SPECIFIC RESIDENCE HALL?
The online housing system allows you to filter for the hall of your choice, provided it is available at the time you select a room and it is a hall in which you are eligible to live. Please note that space on campus fills up quickly, so the sooner you log on to select, the better your chances of securing your preferred hall.
CAN I LIVE OFF CAMPUS?
Generally, you may live off campus as a freshman or sophomore if you meet at least one of the following criteria: you are married or have a same sex domestic partner relationship that meets certain eligibility requirements; are a parent; are at least 21 years of age; are living at home with a relative, parent, or guardian and commuting within a 50-mile radius of campus; are a transfer student; are not a U.S. citizen, a permanent resident, or an eligible non-citizen able to receive federal financial aid; or are not eligible to live on campus.

Additionally, students who are required to live on campus must either live in Cedar Hall North, Cedar Hall South or City View Towers during their second year. Please refer to Page 16 for more information.

WHERE DO I WASH MY CLOTHES?
All residence halls have card-operated laundry facilities. City View Towers includes a washer and dryer in each apartment.

DO I BRING MY OWN BED LINENS AND TOWELS?
Yes. The beds in Cedar Hall North and Cedar Hall South are regular twin size and the beds in City View Towers are full size. You should also bring a pillow, bedspread and/or quilt, desk lamp, mirror and coat hangers. Limit what you bring until you see the size of your room and what your roommates bring.

WHAT KIND OF CLOTHES SHOULD I BRING?
Closet and drawer space is limited, so you should bring seasonal clothing. You’ll find that you will wear mostly casual clothing when not in class.

Culinary Arts and Baking & Pastry Arts students receive three chef coats and two pairs of chef pants, and are responsible for keeping them clean. When in lab classes, Culinary Arts and Baking & Pastry Arts students must wear their full chef’s uniform. These students will be provided with new uniforms at each academic level. Additional chef’s uniforms may be purchased at the Village Bookstore. While in academic classes, all students (including culinary) are required to conform to the campus’ professional dress policy.

WHAT KIND OF SECURITY IS PROVIDED ON CAMPUS?
All residence halls have 24-hour supervision, and no one is authorized to enter unless he or she has a student ID or is accompanied by a student living in the building. For more information on Campus Safety & Security, see Page 57.

CAN I HAVE OVERNIGHT GUESTS?
Both of the residence halls and City View Towers have visitor/guest policies. For complete policy details, please refer to the Residential Life website at www.jwu.edu/charlotte/reslife.

IS THERE A CURFEW?
There is no curfew, but students must respect quiet hours, which are from 8 p.m. to 8 a.m., Sunday through Wednesday; and midnight to 8 a.m., Thursday through Saturday. During final exam weeks, 24-hour quiet hours are in effect.

WHAT’S THE FOOD LIKE?
Although it is not always possible to provide special menus for religious, health or personal reasons, Johnson & Wales University’s student dining center makes every effort to accommodate students in need of such diets. A wide variety of food is available in the university’s dining center, providing students with many opportunities to find the types of foods they enjoy.

WHAT IS THE UNIVERSITY’S POLICY REGARDING ALCOHOL AND DRUGS ON CAMPUS?
In accordance with Federal Drug-Free Workplace Act and DrugFree Schools and Communities Act, Johnson & Wales University prohibits the unlawful manufacture, distribution, dispensation, possession or use of narcotics, drugs, other controlled substances or alcohol at the workplace and in the educational setting. Possession or use of alcoholic beverages anywhere on university premises is prohibited except for lawful use at events, operations or programs sanctioned by university officials, and except that during the 2011–2012 academic year, residents of City View Towers at the Charlotte Campus who are age 21 or older who have signed a “Special Agreement for City View Towers Residents
Ages 21 or Older" with the university may possess and use alcoholic beverages in their own apartments in accordance with the Special Agreement and applicable laws. Unlawful for these purposes means in violation of federal, state or local statutes, regulations or ordinances. Workplace is defined as either university premises or any place where university business is conducted away from university premises. Educational setting includes both university premises and approved educational sites off campus. Possession or use of illegal drugs, narcotics or drug paraphernalia is absolutely forbidden. Johnson & Wales is not, and cannot be considered, a protector or sanctuary from the existing laws of the city, state and federal governments. WILL I BE PENALIZED FOR MISSING CLASS BECAUSE OF A RELIGIOUS OBSERVANCE?
As with all academic matters including attendance, extenuating circumstances are handled on an individual basis. The intent of the attendance policy is not to penalize students but to help them develop a businesslike attitude toward their studies. The university believes that such an attendance
policy serves the student population’s best interest. With appropriate planning, students should be able to observe religious holidays within the absence policy. Excessive absences may result in reduction of grades in accordance with stated faculty policy given at the beginning of each course and may also result in a punitive withdrawal or withdrawal/pass from the course. Attendance policies for experiential education assignments and laboratories are more rigid and will be fully explained during orientations.

DO I NEED TO TAKE PUBLIC TRANSPORTATION TO GET AROUND THE CAMPUS?
No, the Charlotte Campus buildings are all located within a three-block radius of each other. Most classes are located in the center of campus, and services like the bookstore, Student Academic & Financial Services, Campus Safety & Security and the library are very close and require just a short walk.

WHAT KIND OF PUBLIC TRANSPORTATION IS AVAILABLE IN CHARLOTTE?
Charlotte Area Transit System (CATS) runs the public transit system in Mecklenburg County. To travel to uptown Charlotte, students can use the free Gold Rush Trolley that runs during the business day. In addition, CATS operates a public bus system as well as the new light rail. All lines and trains are accessible from the CATS Transportation Center located next to the Time Warner Cable Arena and accessible via the Gold Rush. The Village Bookstore offers discounted monthly student passes.

WHERE ARE THE LOCAL AIRPORT, BUS AND TRAIN STATIONS?
Charlotte Douglas International Airport is located approximately 20 minutes from the campus. Most major airlines fly in and out of Charlotte Douglas. To make travel arrangements, contact your local travel agent or the airline of your choice.

The Greyhound Bus Lines terminal is located at 601 West Trade Street. For a Greyhound Bus schedule, call 800-231-2222.

Amtrak Passenger Service has a Charlotte terminal located at 1914 N. Tryon Street. For general information and reservations, call 1-800-872-7245 or 704-376-4416.

WHAT DO I DO IF I GET SICK WHILE IN SCHOOL?
Health & Counseling Services is located on the second floor of the Academic Center. Both resident and commuter students may use these facilities.

Should you become ill when a nurse is not on duty, speak to your resident assistant — he or she will seek help if necessary.

Commuting students can likewise seek assistance from the resident assistant at any residence hall when a nurse is not on duty. Cases not treatable by the nurses will be referred to the university physician. Emergency cases will be transported to an area hospital.

CAN I HAVE A CAR ON CAMPUS?
Yes, you may bring a car to school, but keep in mind that limited parking is available. Students, both resident and commuter, who plan to bring a vehicle on university property must register this vehicle with Campus Safety & Security upon arrival. Parking permits are purchased on a yearly or term basis. The fee for residents is $400 per year or $150 per term.

Parking permits are obtained from Campus Safety & Security. Students must complete the permit application, make the annual or term payment, and present the following documents:
- Current university ID
- Valid driver’s license
- Proof of minimum liability insurance
- Valid automobile registration

The university is not responsible for any vehicle or its contents while it is parked on university property.

Student Health and Accident Insurance
All registered day program and graduate students taking credit hours are covered by a health and accident insurance plan for the terms enrolled during the academic year. This does not include the summer term. Insurance brochures are available at several locations throughout the university. Refer to the insurance brochure for a definition of the effective date of coverage, policy limits, policy termination and the opportunity to continue coverage over the summer. Students that are not eligible for the university Student Health and Accident program can apply for short term medical insurance through the Gallagher Koster website: www.gallagherkoster.com.

Books and Supplies
The cost of books and supplies is approximately $1,800 per academic year. These costs are not applied to the student’s invoice. Books and supplies must be paid for at the university’s bookstore at the time of purchase. The bookstore operates Rent-A-Text and sales/buy-back programs to help students minimize these costs.

General Transportation Expenses
The cost of attendance includes a reasonable transportation allowance. These costs are determined annually by the university and are not applied to the student’s invoice.

REFUND POLICIES

General Policy: To the extent that any charges due to the university remain unpaid, no refund check will be issued. No tuition or fees (other than the reservation fee) will be assessed for terms that the student does not begin. Students who withdraw from the university prior to the end of the academic year will have their financial aid adjusted.* Institutional grants and scholarships will be reduced in proportion to any tuition credit received as defined in the university’s Withdrawal Credit Policy. Full-term eligibility for institutional loans will be credited to the student’s account to the extent that any charges are due the university. The distribution formula for the institutional refund to the Federal Student Financial Aid program will be calculated according to federal regulations. The university’s Withdrawal Credit Policy applies to all withdrawals from the university, voluntary or involuntary.

Term charges, institutional merit scholarships and institutional aid are subject to the university’s Withdrawal Credit Policy upon withdrawal from the university. Term charges are defined as tuition, and if applicable, room only, room and board, the general fee and orientation fee. The official notice of withdrawal from the university may be done in person or by written notification through Student Academic & Financial Services. Refunds are calculated by the date of termination which is based on the date Student Academic & Financial Services receives notification of withdrawal from the student or faculty member. Any refund due will be issued within 45 days after the date that the university was first notified of the withdrawal.

University enrollment disputes must be submitted online within 30 days after the end of the term during which the student was enrolled. To submit a dispute, students must complete the appropriate form online. No adjustments to tuition and fees or financial aid will be made until the dispute is researched and either approved or denied. No disputes will be considered after 30 days from the end of the term in which the student was enrolled. Decisions will be made within 10 business days and students will receive notification via the e-mail address provided on the dispute form.

FINANCIAL OBLIGATIONS

Continued enrollment as a student in good standing and certain other student benefits (diplomas, transcripts, etc.) are conditioned upon being current in all financial obligations to the university, including loans in which the university appears as a holder or guarantor.

STUDENT FINANCIAL SERVICES (SFS)

FINANCIAL PLANNING

The university understands that financing an education can be a very complex process for many students. To assist with this process, Johnson & Wales has established a staff of financial planning counselors to work with students and their families on an individual basis to help them best utilize their own funds and other available resources to meet educational expenses. For more information and assistance call 1-866-598-2427 and ask to be connected with Student Academic & Financial Services.
FINANCIAL AID

To assist students in meeting their educational expenses, Johnson & Wales University offers several types of financial assistance — scholarships and grants, low-interest loans and employment opportunities. In many cases, qualified students receive a financial aid package which includes all three types of financial aid. Financial aid is awarded on an annual basis and is disbursed in three equal installments (fall/winter/spring).

Descriptions of Johnson & Wales financial assistance scholarship and work programs are included in this catalog.

Students participating in Study Abroad programs may be eligible for financial aid. For more information, please contact Student Academic & Financial Services.

In an effort to reduce the loan burden during the student’s first year, Johnson & Wales University will attempt to package students with a higher percentage of grant aid.

Important Note: There is a cap on the total dollar amount of scholarships, grants, awards, prizes and other aid that the university will award to a single student during a given academic year. The maximum amount is determined prior to each year’s financial aid awarding process and includes both university funded and university administered monies. Please contact Student Academic & Financial Services for further information regarding this cap.

HOW TO APPLY
To be considered for financial assistance, complete the steps listed below and submit all required documentation as soon as possible after January 1. Students must reapply for financial aid each year. Student Academic & Financial Services holds all information in strict confidence.

1. Personal Identification Number (PIN)

2. Free Application for Federal Student Aid (FAFSA)
   The Free Application for Federal Student Aid is available online at www.fafsa.ed.gov. This form must be completed as soon as possible after January 1. The information for financial assistance is then processed by the Federal Processor and sent to Student Academic & Financial Services at the university. The FAFSA code is 003404.

3. Independent Students
   To be considered independent for financial aid purposes for the 2011–2012 academic year, students must answer yes to one of the following questions:
   1. Were you born before January 1, 1988?
   2. As of today, are you married? (Answer yes if you are separated, but not divorced.)
   3. At the beginning of the 2011–2012 school year, will you be working on a master’s or doctorate program (such as an M.A., MBA, M.D., J.D., Ph.D., Ed.D. or graduate certificate, etc.)?

Students who cannot answer yes to one of the above questions are considered dependent and must complete their Free Application for Federal Student Aid as a dependent student. Please feel free to contact Student Academic & Financial Services with any questions.

4. Verification and Other Documentation

Student Academic & Financial Services may request additional documentation to verify information provided on the FAFSA (i.e. verification worksheet and untaxed income worksheet). The student and his/her parents may be required to submit signed and dated copies of their Federal Income Tax Returns (1040). The student’s financial aid package will not be complete until all requested documentation has been received and reviewed by Financial Aid. In addition, all student loan borrowers must attend an entrance and exit counseling session during which the student will be advised on his/her loan obligations.

STUDENT ELIGIBILITY REQUIREMENTS

Financial aid will be distributed to the student based upon the student’s financial need. All students seeking financial assistance must file a FAFSA with the Federal Processor. The FAFSA form is used to determine the student’s financial need.

Financial need is the difference between the cost of the student’s education (tuition and fees, room and board, books and supplies, transportation and personal expenses) and the total contribution expected from the student and his/her family. The student’s total family contribution is based on an analysis of the information which the student and/or parent supplied on the FAFSA. Some of the items considered are total family income, assets, the number of people in the household, the number of siblings in college, and the student’s own resources, such as earnings, savings, and untaxed income which the student may receive. Johnson & Wales University also considers these items when determining eligibility for university funds.

Campus-based financial aid programs, including the Federal Supplemental Educational Opportunity Grant (SEOG), Federal Perkins Loan and Federal Work-Study programs are administered by Johnson & Wales University. Students apply for these programs through the filing of the FAFSA.

Federal Pell Grant

The Federal Pell Grant is a federally funded entitlement program to assist needy undergraduate students. Eligibility for these grants is determined by the U.S. Department of Education based on the information provided on the FAFSA. Pell recipients can attend at less than half-time status and remain eligible for a portion of their Pell Grant. Students with a previous bachelor’s degree are not eligible for a Federal Pell Grant.

The maximum Pell Grant award for the 2010–11 award year (July 1, 2010 to June 30, 2011) was $5,550. The maximum Pell Grant award can change each award year and depends on program funding. Further information may be obtained by visiting the website of the U.S. Department of Education at http://studentaid.ed.gov.

Federal Supplemental Educational Opportunity Grant (SEOG)

This federally funded program provides financial assistance to students who demonstrate exceptional financial need. The amount Johnson & Wales University awards ranges
from $100 up to a maximum of approximately $500 per academic year and is based on financial need and the availability of funds. Students with a previous bachelor’s degree are not eligible for a Federal Supplemental Educational Opportunity Grant.

Federal Work-Study Program
Federal Work-Study is a federally funded program that provides part-time employment to students with financial need. Positions are available throughout the university and with selected off-campus community service agencies.

Work-study gives students the opportunity to earn money to help pay educational expenses. Students are paid an hourly rate for actual hours worked. The amount earned cannot exceed the total work-study award. Work-study funds are paid bi-weekly directly to the student; therefore, funds will not be applied to the student’s account unless arrangements are made with Student Academic & Financial Services.

Federal Perkins Loan
This low-interest loan is funded by the federal government and administered directly by the university. Master Promissory Notes for this loan are available at www.jwu.edu > Admissions & Aid > Select Financial Aid > Forms & Applications. Students may borrow up to $4,000 for each year of undergraduate study (the total a student can borrow as an undergraduate is $20,000). However, the amount a student may borrow may be less than the maximum available. The university is authorized to award a certain amount of Perkins funds each year from the U.S. Department of Education. When all available funds for that award year have been distributed, no additional award funds can be made for that year. The amount a student will receive depends on financial need and the availability of funds.

Students must begin to repay this loan nine months after they leave the university or drop below half-time status. The repayment of principal and interest may be extended over a 10-year period. The amount of each payment depends upon the amount of the student’s debt and the length of the student’s repayment period.

William D. Ford Federal Direct Subsidized Stafford Loan
This loan program provides low-interest loans to students who demonstrate financial need. A Master Promissory Note for these loans is available online at www.studentloans.gov. First-time borrowers are required to complete an entrance interview at www.studentloans.gov.

Students may borrow up to a maximum of $3,500 per academic year for the first year of undergraduate study, $4,500 for the second year and $5,500 per year for the third and fourth years. The student must begin repayment six months after he/she leaves the university or drops below half-time status. The amount of the student’s monthly payment will be determined based upon the amount of student debt and the length of the repayment period. Please contact Direct Lending at 1-800-557-7394 for more information on repayment options.

William D. Ford Federal Direct Unsubsidized Stafford Loan
Like the Direct Subsidized Stafford Loan program, this Direct Unsubsidized Stafford Loan program also offers low-interest loans to students. While most of the loan terms are the same as the Subsidized Loan program, there are several major differences: (1) students do not have to demonstrate financial need to receive a Direct Unsubsidized Stafford Loan, and (2) the federal government does not pay interest on the borrower’s behalf while the borrower is enrolled in school. During that time, the student borrower can choose between making quarterly interest payments or “capitalizing” interest. “Capitalizing” interest means that the lender will add interest accrued to the principal balance. This will eliminate the need for interest payments while in school, but will result in a larger principal amount owed upon repayment.

William D. Ford Federal Direct Parent Loan Program for Undergraduate Students (PLUS)
The Direct PLUS Program provides loans to parents of dependent students to attend college. PLUS borrowers do not have to demonstrate need, but are subject to a credit analysis by the Department of Education. The parent applying for the loan
must fill out a Direct PLUS Master Promissory Note (MPN); an MPN can be completed online at www.studentloans.gov. In addition the parent must indicate how much they want to borrow. Repayment of this loan will begin within 30 days of the time the loan is fully disbursed annually, or the borrower can contact the Department of Education to request a deferment. The borrowing limit is the total cost of attendance, minus any financial aid being received.

**Increased Unsubsidized Stafford Limits for Independent Students and Dependent Students Whose Parents Don’t Qualify for a PLUS**

There are higher additional unsubsidized annual loan limits for independent undergraduate students. These higher additional unsubsidized loan limits also apply to dependent undergraduate students whose parents are unable to borrow PLUS loans due to adverse credit or other documented exceptional circumstances.

- $3,500 combined subsidized and/or unsubsidized plus $6,000 additional unsubsidized for independent first-year undergraduates;
- $4,500 combined subsidized and/or unsubsidized plus $6,000 additional unsubsidized for independent second-year undergraduates; and
- $5,500 combined subsidized and/or unsubsidized plus $7,000 additional unsubsidized for independent third-, fourth- or fifth-year undergraduates.

**Subsidized Total (Subsidized and Unsubsidized)**

**DEPENDENT UNDERGRADUATES** (excluding dependent students whose parents don’t qualify for a PLUS)

First Year: $3,500–$5,500
Second Year: $4,500–$6,500
Third Year and Beyond: $5,500–$7,500

**INDEPENDENT UNDERGRADUATES AND DEPENDENT STUDENTS WHOSE PARENTS DON’T QUALIFY FOR A PLUS**

First Year: $3,500–$9,500
Second Year: $4,500–$10,500
Third Year and Beyond: $5,500–$12,500

**NOTE:** All undergraduate annual loan amounts are subject to proration.

Please note that a student/borrower remains responsible for the repayment of educational loans that he/she borrows even if the student is not successful in completing the educational program and/or obtaining employment.

No student is required to apply for, or accept, any particular type of financial aid.

Johnson & Wales University participates in the William D. Ford Federal Direct Loan Program. All Direct Stafford Loans and parent PLUS loans will be borrowed from the U.S. Department of Education.

Please note that the loan information described in this catalog is based upon the available information as of the date of the production of this catalog. Updated information regarding federal grants and loans may be obtained by visiting the U.S. Department of Education website at http://studentaid.ed.gov.

Applications for these loans are available in Student Academic & Financial Services or on the Direct Lending website at www.studentloans.gov.

Aid from these programs is awarded on the basis of financial need. In order to receive maximum consideration for financial assistance, it is recommended that the student apply as soon as possible after January 1. The award process for first-year students begins in March of each academic year. Renewal of financial aid is not automatic. Recipients are required to reapply each year by the announced deadline.

To be eligible for these programs, students must meet the following criteria:

1. demonstrate financial need;
2. maintain satisfactory academic progress (financial aid will be suspended until satisfactory academic progress is again achieved);
3. be enrolled in an eligible degree or certificate program;
4. be enrolled on at least a half-time (at least 6.0 quarter credit hours) basis (students enrolled on a less-than-full-time basis may have their financial aid reduced; some
students enrolled on a less-than-half-time basis may qualify for a Federal Pell Grant;  
5. be a U.S. citizen, permanent resident, or eligible non-citizen;  
6. not owe a refund on a Federal Pell Grant or be in default on a Federal Perkins Loan, Federal Subsidized Stafford Loan, Federal Unsubsidized Stafford Loan, Parent Loan for Undergraduate Students (PLUS) or Supplemental Loan for Students (SLS); and  
7. sign a Statement of Educational Purpose, a Statement of Registration Status and a Statement on Overpayments and Defaults.

Students are eligible to receive financial aid as long as they maintain satisfactory academic progress as defined on Page 45 of this catalog and in the Charlotte Campus Student Handbook. Students who fail to maintain satisfactory academic standing will be notified by Student Academic & Financial Services. All financial aid will be suspended until satisfactory academic progress is again achieved.

Return of Title IV Funds (federal aid)  
When a student withdraws (or becomes withdrawn) during a payment period or period of enrollment, the amount of student financial aid program assistance earned is determined by a specific formula. If the student receives (or the university receives on the student’s behalf) less assistance than the amount earned, the student may be able to receive those additional funds. Students who received more assistance than what they earned must return the excess funds.

The amount of federal assistance earned is determined on a pro-rata basis. That is, if a student completes 30 percent of the payment period or period of enrollment, the student earns 30 percent of the federal assistance he or she was originally scheduled to receive. Once the student completes more than 60 percent of the payment period or period of enrollment, the student earns all scheduled federal assistance.

The student’s loan monies (subsidized, unsubsidized and PLUS) must be received by Johnson & Wales University before the student’s notification date, in order for the money to be considered within the formula. If the student is eligible for a post-withdrawal disbursement, a written notice will be mailed requesting the consent of the borrower to post to the student’s account. The amount of institutional assistance earned is based on the week that the student withdraws from the university and follows the percentage the university credits the student’s charges (Page 34).

If a student receives excess funds that must be returned, Johnson & Wales University must return a portion of the excess funds that the lesser of  
- the student’s institutional charges multiplied by the unearned percentage of the student’s funds  
- the entire amount of the excess funds

If the university is not required to return all excess funds, the student must return the remaining amount. Any loan funds that the student must return, must be repaid by the student (or his or her parents for a PLUS Loan) in accordance with the terms of the promissory note.

If a student is responsible for returning grant funds, the student does not have to return the full amount. Students are not required to return 50 percent of the grant assistance received that is the student’s responsibility to pay. Any amount not returned is a grant overpayment and the student must make arrangements with the university or Department of Education to return the funds.

Federal regulations establish the following allocation for students who receive Title IV, HEA program funds:

- A refund owed to a student who received funds under any Title IV, HEA program will be returned to the Title IV, HEA programs from which the student received aid in the following order until the amounts received by the student from these programs is eliminated: the Perkins Loan, the Unsubsidized/Subsidized Stafford Loan, the Parent PLUS Loan, the Pell Grant, the FSEOG program, all other sources of aid, and the student.
FINANCIAL AID PROGRAMS
The following programs are the major financial aid resources available to students. Students may receive assistance from any one of these, or from a combination of all of these programs, in what is called a financial aid package. Student eligibility for these programs is based on completion and submission of the form(s) described in the How to Apply section. Since awards are not automatically renewable, students must reapply each year. All financial aid awards are determined based on an academic year (fall/winter/spring terms). Financial aid awards are disbursed based on this term system, which equates to three disbursements. All annual awards are posted in three equal amounts.

Federal loan programs are applied to the student’s account with the university in equal disbursements per term based on the loan period and the student’s entrance date.

Johnson & Wales University Grant
This grant is awarded to students based on the annual financial aid awarding process and the student’s financial need.

FINANCIAL ASSISTANCE, SCHOLARSHIPS AND WORK PROGRAMS
Last year, Johnson & Wales University awarded more than $120 million in institutional aid to students. Awards range from $500 to full tuition. Scholarships, grants, loans and work programs awarded depend on the university budget, and are dependent on students meeting program eligibility requirements. These programs are only available to full-time, undergraduate, day school students during the academic year and are not available during the summer term. Note: Scholarship funds are applied to the student’s account with the university in three equal disbursements by term (e.g., a $3,000 Presidential Academic Scholarship recipient would receive $1,000 per term).

Most scholarships are renewable for up to four consecutive years of enrollment. For many of the programs listed below, a minimum grade point average is required for continued eligibility. Scholarships and grants are not awarded based on athletic ability or participation.

Many companies provide scholarship aid for children of their employees, while others provide aid directly to students who work for them part time while in school.

**Satisfactory Academic Progress**

At the time of printing, the Satisfactory Academic Progress policy had not been finalized due to new federal regulations. The finalized policy will be available in the 2011–2012 Charlotte Campus Student Handbook and on the Johnson & Wales University website, www.jwu.edu. If you would like a written copy of the policy please contact Student Academic & Financial Services.
**CLASS SCHEDULES**

Undergraduate classes for students are generally scheduled two-to-five days per week, Monday through Friday. The typical schedule for all business and hospitality students, and culinary students not taking labs, is three or four courses per term. Students who are eligible to Web register are advised to maintain full-time status (12 quarter credits) to be eligible for financial aid.

Occasionally, make-up classes are scheduled, due to holidays or other missed days, to meet minimum classroom hour requirements. The dates of these rescheduled classes are available in jwuLink. It is possible that at times a course may not be rescheduled and the student will be responsible for all work as outlined in the syllabus.

**SUMMER SESSIONS**

Optional summer session courses may be offered by the university. Individual courses may not be offered in the summer if student interest or enrollment is not sufficient; as a result, summer completion cannot be guaranteed.

Students matriculating at Johnson & Wales are not granted credit for summer session courses taken at other institutions unless prior permission has been granted by Student Academic & Financial Services.

**COURSES TAKEN AT OTHER INSTITUTIONS**

Undergraduate students requesting to take courses at another institution must submit their requests in writing to obtain prior written approval from Student Academic & Financial Services. The following guidelines must be met:

- The student may not have taken the course(s) previously at the university and received a grade of “F,” “W,” “WF,” “I” or “GP.”
- Grades of “C” or better (2.0 or equivalent) from an accredited institution may be accepted for transfer.
- The course(s) must be taken within one year of permission being granted.
- Courses cannot be taken locally unless JWU does not expect to offer the class before the student’s anticipated graduation date.
- A student will not be granted credit (transfer credit or otherwise) for any academic work done during the period of a disciplinary suspension.

Students must submit a request to take classes elsewhere form (which may be sent by fax or e-mail) which includes their ID number, descriptions of the courses they desire to take at another institution, the name of the institution, and any other pertinent details of their situation.

Students, as always, are responsible for meeting the requirements of satisfactory academic progress.

**ATTENDANCE AND TARDINESS**

All students are expected to attend each meeting of every class in which they are enrolled on time. The maximum number of absences for valid reasons is based on the quarter credit hours for the course, with the exception of experiential education assignments and laboratories, which have their own specific attendance criteria. Absences beyond the stated maximum for each course may jeopardize academic standing or financial aid.

Student Academic & Financial Services should be notified immediately of any necessary prolonged absences. The Charlotte Campus Student Handbook contains rules and regulations for frequent or prolonged absences from class.
Students are expected to familiarize themselves with attendance requirements outlined in the Charlotte Campus Student Handbook, which can be found online at www.jwu.edu. Select Charlotte Campus > Student Life.

**Honors Option (H)**

If a course was taken as an Honors Program requirement, the grade received will be followed by “H” (for example, AH, BH).

**Failure (F)**

Issued if a student fails to achieve adequate scholastic progress. The grade is recorded permanently on the student’s academic record. Upon successful completion of the course at a later date, the cumulative average is adjusted to reflect only the passing grade. However, both grades will appear on the academic transcript. This system allows students to recover academically from poor terms and graduate within a reasonable amount of time.

**Withdrawal (W), Withdrawal/Pass (WP), Withdrawal/Fail (WF)**

In order to record attempted credits (including purposes of determining satisfactory academic progress), a grade of W, WP or WF is recorded when a student withdraws, or is withdrawn due to excessive absences, from a registered course after its add/drop period has ended. Students withdrawing from graduate and postgraduate level courses are eligible for a W grade only. A W is a punitive and failing grade issued at the instructor’s discretion, and is entered permanently into the term and cumulative grade point averages. In order to qualify for a WP, the student must have an estimated grade of 60 or higher at the time of withdrawal. This grade is not entered into the term and cumulative grade point averages. If the estimated grade is below 60, the student will be issued a WF, which is entered into the term and cumulative grade point averages as a failing grade until successful completion of the course at a later date.

**Incomplete (I)**

Issued to students if they are unable to complete course requirements (because of authorized absences due to service commitment or illness). Outstanding work must be completed within two weeks of the final exam class day or the grade will automatically become an “F” and the grade will be included in the grade point average. For classes graded “S/U” (Satisfactory/Unsatisfactory), an Incomplete (“I”) will change to a “U.”

**No Credit (NC)**

A non-punitive designation issued to a student who has been authorized to withdraw from class, or the university, due to extenuating circumstances.

**Grade Pending (GP)**

A temporary mark given when the completion of course requirements is still underway. A grade pending is not calculated into the cumulative average and is generally used under extreme, extenuating circumstances. If a grade is not submitted to replace the “GP” within one year, it will automatically become an “F.”
Audit (AU)
An audit occurs when no academic credit is granted. This grade is not calculated into the cumulative average.

Proficiency (P)
Granted for achievement of multiple levels of skills in progression where the self-paced approach is in effect. This grade is not calculated into the cumulative average.

Prior Learning (PL)
Students may earn credits for the knowledge or skills they have mastered outside the classroom through volunteer work, employment, travel, professional training and seminars or other comparable sources.

Satisfactory/Unsatisfactory (S/U)
Used for designated courses throughout the university.

Challenge Exam (CX)
Granted for specifically designated courses upon successful completion of department challenge exams.

No Grade (NG)
“No Grade” is issued temporarily when there is no grade provided by the faculty member. This grade is not factored into the student’s GPA. Once a grade is submitted, the cumulative average and transcript will reflect only the new grade. If a grade is not submitted to replace the “NG” within one year, it will automatically become an “F” and the grade will be included in the grade point average.

ACADEMIC AND PERFORMANCE TRANSCRIPTS
A transcript is a representation of a student’s entire academic record while at Johnson & Wales. The university employs two types of transcripts: academic and performance. An academic transcript reflects a student’s unabridged academic history at the institution, including all letter grades. A performance transcript identifies the practical skills, including writing, associated with a student’s academic course work. Skills are graded as “developing,” “validated,” “mastered” or “not tested.” The purpose of a performance transcript is to better represent the practical skills obtained by the student.

Official transcripts are printed on official paper and then placed in sealed envelopes issued directly to the student or authorized designee. Official transcripts may be released only upon written request of the student; this is done in accordance with the Family Educational Rights and Privacy Act (FERPA). The university does not charge a fee for transcripts. Students are only allowed 20 transcripts per year. Official transcripts will not be released if a student is not current in all financial obligations to the university. Transcripts are not official if faxed. Allow three business days for processing. Students intending to pick up transcripts in person must make the request in person at Student Academic & Financial Services or complete a transcript request form.

Unofficial transcripts may be obtained in jwuLink.

ACADEMIC STANDARDS
The university expects all students, part time or full time, to meet minimum standards of academic achievement. Students are in good academic standing if they maintain a cumulative GPA of 2.0 or better, which is a graduation requirement. All freshman students begin in good academic standing.

ACADEMIC PROBATION
The student will be placed on academic probation if his or her cumulative GPA is less than 2.0, but higher than suspension standards. All students placed on probation will be counseled by their academic counselor and will be offered appropriate resources. While on probation, a student may matriculate at the university and is eligible for financial aid. Students may matriculate on probationary status for no more than three consecutive terms.
During the time of academic probation, the student’s progress is monitored by the Committee on Academic Standing. This committee determines whether to impose academic suspension or permanent academic dismissal if academic achievement standards are not met.

Students on probation who achieve a cumulative GPA of 2.0 or better will return to good academic standing. Students on academic probation must meet with their academic counselor in order to register for courses. Web registration is not available to students on academic probation until they meet with an academic counselor.

NOTE: At the time of printing, the Academic Achievement Standards had not been finalized due to new federal regulations. The finalized policy will be available in the 2011–2012 Charlotte Campus Student Handbook and on the Johnson & Wales University website, www.jwu.edu. If you would like a written copy of the policy please contact Student Academic & Financial Services.

REPEAT OF COURSES

Undergraduate students will be allowed no more than three (3) attempts to successfully complete each course. Students who passed the course but wish to improve their grade may repeat the course if it is available. The highest grade earned will be calculated into the grade point average. When a student has repeated a course previously applied to an awarded degree, both grades will be included in the grade point average.

REQUIRED COURSES

Students who fail a course after a second attempt will be assigned an academic standing hold and will be placed on academic probation. Students who fail the same course after a third attempt may be academically dismissed.

Students who attempt the same course three times and earn a combination of “W”, “WF” and “F” grades will be assigned an academic standing hold; these students may be subject to academic suspension if the course is not successfully completed during the next course offering.

APPEALS

Appeals regarding academic suspension or dismissal can be made to the Academic Appeals Committee after one term of nonmatriculation if extenuating circumstances exist. A student may appeal only once, and the decision of the committee is final.

CONCENTRATIONS

In programs of study that require a concentration, students will be given the following options in the event that they cannot successfully complete a concentration course requirement at the third attempt:
1. Make an alternate concentration course selection (if available) or
2. Select a new concentration to meet degree requirements.

COURSES NOT REQUIRED

If the attempted course is not a specific degree requirement, the student will be unable to attempt the course again. The student must then select an alternate course to meet degree requirements.

GRADUATION REQUIREMENTS

If the attempted course is a mandated graduation requirement such as a career management course or sanitation certification, the student has nine (9) terms to complete the course.

ACADEMIC COUNSELING

Academic counselors are available in Student Academic & Financial Services to assist students with preparation for graduation. Their goal is to assist students in evaluating, developing, and maximizing their potential by providing guidance and support.

All students are encouraged to meet with an academic counselor. Such a meeting is required for students experiencing academic difficulty. Appointments are recommended.
UNIT OF CREDIT

The university measures academic progress using the quarter credit hour system. Courses are offered in three formats and may combine two or more of those formats, which are: lecture, laboratory and experiential.

Generally, one quarter credit represents 10 hours of instruction, which includes class lecture and additional activities; one quarter credit hour equals two laboratory hours or three experiential hours. Furthermore, all courses require additional hours of study and preparation outside of the classroom or learning environment.

RESIDENCY REQUIREMENT

The undergraduate residency requirement refers to the number of courses and credits students must take at JWU, whether they are transfer students or JWU students acquiring an additional degree. The residency requirement for all students at Johnson & Wales University pursuing an associate degree is a minimum of 31.5 quarter credit hours, half of which must be within the major field. For students pursuing a bachelor’s degree, the minimum is 45 quarter credit hours, half of which must be within the major field. Upon review, certain related professional studies courses and program electives may be considered when determining residency. Standardized testing credits are not consid- ered when determining residency requirements. Diploma/certificate candidates will be allowed to transfer a maximum of 9.0 quarter credits (including JWU courses) towards diploma/certificate program requirements.

COMMUNITY SERVICE LEARNING

All full-time undergraduate students at the Charlotte Campus of Johnson & Wales University have the opportunity to complete a Community Service Learning (CSL) experience. The CSL experience is embedded in the LEAD2001 Foundations of Leadership Studies course.

CSL is designed to introduce students to the concepts behind service learning, volunteerism and civic responsibility while participating in a hands-on service experience at a local community-based organization. Failure to fulfill this requirement, as outlined in class, will have a negative impact on the student’s grade.

GRADUATION REQUIREMENTS

Each student is required to submit an online diploma application at least two to three terms prior to program completion. Students must file one application for each expected degree (i.e. associate, bachelor’s, master’s). The application ensures that the student’s name is printed correctly on the diploma, the diploma is sent to the correct address and the information is reviewed at the end of the correct term.

Graduation requires successful completion of a prescribed sequence of study and a minimum 2.00 grade point average. Students with a cumulative GPA below 2.00 will be in noncompliance with the criteria for good academic standing and may be subject to academic dismissal. Furthermore, as required by their program, all students must successfully complete CAR0010 Career Capstone, and any and all requirements as indicated in the catalog (for example, culinary/pastry/hospitality students are required to take FSM1065 Food Safety and Sanitation Management and must pass a national certification exam recognized by the Conference for Food Protection to fulfill graduation requirements).

All associate-level degrees require the completion of a minimum of 90 quarter credits. All bachelor’s-level degrees require a minimum of an additional ninety (90) quarter credits, for a total of 180 quarter credits. While most major programs have variations that require slightly more quarter credits for completion, no program requires fewer than the 90/180 quarter credit minimum.

All students must be current in all financial obligations to the university, including tuition, fees and other expenses, before a diploma will be issued.
Permission to participate in commencement exercises does not imply that graduation requirements have been met.

**WRITING REQUIREMENT**

Students who graduate with a bachelor of science degree must leave Johnson & Wales with effective writing skills. To help them meet this requirement, all students entering or transferring to the university are required to achieve a minimum score of “validated” in a Performance Transcript assessment prior to graduating with a bachelor of science degree. Depending on the major, these writing skills will be assessed at the completion of ENG1021 Advanced Composition. If a “validated” assessment is not achieved at this point, students must successfully complete ENG0001 Writing Workshop, a Performance Transcript Writing course, and achieve a “validated” score. This, in effect, is a graduation writing requirement for all students pursuing a bachelor of science degree from JWU.

**HONORS**

Eligible degree candidates receive *cum laude*, *magna cum laude* and *summa cum laude* recognition according to their academic program average. Students with the designated graduating GPA are eligible to receive honors as follows: *cum laude*, 3.40–3.60; *magna cum laude*, 3.61–3.80; and *summa cum laude*, 3.81–4.00.

**TRANSFER AND CAREER PREREQUISITES**

Students who are interested in transferring to JWU should see Page 21 for information on transfer admissions.

**DEAN’S LIST**

In recognition of scholastic achievement, full-time students (carrying a minimum of 12 quarter credit hours) at Johnson & Wales University who have achieved a term GPA of 3.40 or above receive Dean’s List commendation.

**HONORS PROGRAM**

This program offers academically talented students the opportunity to explore challenging and stimulating courses. Eligible applicants must have taken two college prep mathematics courses and one college prep English course, maintained an average of B or better, placed in the top 25 percent of their high school graduating class, submitted SAT or ACT scores above the national average, and entered JWU in the fall of their freshman year.

Honors students enroll in honors sections of some general studies courses and may choose the honors option (H-option) in other courses. Early graduation is possible through accelerated course work in the SHARP program.

Students enrolled in the Honors Program often receive preference for on-campus interviews, tutorial positions, resident assistant positions, freshman housing and residence hall roommate assignments.

Two honors designations are available upon graduation. To receive the “Honors Scholar” designation, graduating seniors must successfully complete a number of general studies honors courses in addition to some H-option courses. To receive the “University Honors Scholar” designation, graduating seniors must also submit an accepted Honors Thesis and successfully complete RSCH3001.
**Business/Hospitality**

At the bachelor’s level, students must complete a total of 12 honors/H-option courses for a designation as an “Honors Scholar.” Honors students who also submit an accepted scholarly paper and successfully complete RSCH3001 Honors Advisory Seminar receive the “University Honors Scholar” designation.

**Culinary Arts/Baking & Pastry Arts**

At the associate level, students must complete a total of nine honors/H-option courses to receive the Honors Scholar designation. At the bachelor’s level, students must complete a total of 16 honors/H-option courses/labs to receive the Honors Scholar designation. Honors students who also submit an accepted scholarly paper and successfully complete RSCH3001 Honors Advisory Seminar receive the “University Honors Scholar” designation.

**MINORS**

The School of Arts & Sciences offers concentrations in Economics, Global Perspectives, History, Interdisciplinary Studies, Leadership Studies, Literature, Psychology and Sociology. These concentrations allow students to pursue in depth areas of general studies in which they have special interest or aptitude.

**CONCENTRATIONS**

The College of Business offers 13.5 quarter credit hour concentrations in Advertising, Entrepreneurship, Finance, Human Resources Management, Marketing Communications and Operations Management.

The College of Culinary Arts offers a 13.5 quarter credit hour concentration in Wellness and Sustainability.

The Hospitality College offers 13.5 quarter credit hour concentrations in Adventure, Sport and Nature Based Tourism; Beverage Service Management; Entertainment Management; Entrepreneurship; Food and Beverage Management; International Hospitality Operations Management; Meeting & Event Management; Sports and Entertainment Facility Management; and Sports Management.

The School of Arts & Sciences offers concentrations in Economics, Global Perspectives, History, Interdisciplinary Studies, Leadership Studies, Literature, Psychology and Sociology. These concentrations allow students to pursue in depth areas of general studies in which they have special interest or aptitude.

NOTE: Particular majors which are not eligible for specific concentrations are listed in the “notes” section following each concentration’s requirements.

Successful completion of a concentration is recorded on the student’s transcript upon graduation.

**ACADEMIC HONOR SOCIETIES**

**Special Honors and Rewards Program (SHARP)**

SHARP is an honors program designed for qualified full-time undergraduate students in a day program who wish to accelerate their program to complete degree requirements in less than the normally required time. This is accomplished by increasing the student’s course load each term as scheduling permits. SHARP results in savings of time and expenses for eligible students. Students accepted into SHARP may register for up to 25.0 quarter credits each term with no additional fees. Interested students must complete a SHARP application and return the completed form to Student Academic & Financial Services. The following students are eligible for SHARP:

1. Incoming freshmen who are honors graduates of approved secondary schools, have been elected to their state or national honor society, or have maintained a minimum GPA of 3.0.
2. New transfer students who maintained full-time enrollment at a previous institution and each term earned a cumulative GPA equivalent to dean’s list status for that institution.
3. Students at Johnson & Wales who have maintained full-time enrollment and achieved a 3.40 cumulative GPA by the end of their second term.
Note: The only exception to this policy is the first term of enrollment, during which the cumulative GPA may be less than 3.40.

If a student does not exercise this option, SHARP eligibility may continue provided that the student maintains continuous full-time matriculation while maintaining a cumulative 3.40 GPA after all terms. The benefits provided by SHARP are not applicable during the summer sessions, during full-time internship terms, for independent studies, or for an additional culinary/pastry laboratory class. Preferred scheduling and graduation acceleration are not guaranteed.

Failure to maintain a cumulative GPA of 3.40 or better after each term will cause the student to become permanently ineligible for the benefits provided by SHARP. Student Academic & Financial Services will only notify a student of their withdrawal from the SHARP program via his or her JWU e-mail account, and it is the student’s responsibility to drop extra credits, if registered, to avoid incurring additional charges.

ACADEMIC FUNCTIONS

Attendance at a New Student Orientation program is mandatory for all new students. Summer Orientation is offered to all new students entering Johnson & Wales in the fall term. At Summer Orientation, students meet with academic representatives in their chosen school or college and take academic placement exams. Students also learn about campus resources, network with upperclass student leaders, familiarize themselves with the campus and make new friends.

An abbreviated orientation program is also offered for all new students each term prior to the start of classes. Activities include Term Start, academic orientation, social activities, distribution of photo identification cards, placement testing, and meetings with administration, faculty and residence hall representatives.

Note: Summer Orientation is a distinct program that is separate from the Term Start process. Students entering Johnson & Wales in the fall will receive further instruction specific to their chosen college during opening weekend. Students are expected to attend New Student Orientation and opening weekend activities.

Academic Convocation is held the first weekend before classes begin in the fall. This academic ceremony brings together all facets of the university to celebrate and commence the academic year.

Student Recognition Night is held annually in the spring to honor students and organizations that have displayed a high level of performance in academic achievement or in service to Johnson & Wales University.

Commencement is held at the end of each academic year. At these exercises, degree candidates are recognized. Participation in commencement exercises does not imply that graduation requirements are met.

**HEALTH & COUNSELING SERVICES**

COUNSELING SERVICES

Counseling Services is a confidential, accepting and compassionate environment staffed by professionals dedicated to the support of students’ emotional, social and personal growth. Counseling Services partners with Health Services in a combined-center service model to bring students individualized holistic care. Counseling Services provides a variety of services to students and the university community. These include individual and group counseling, crisis intervention, community referrals, consultation and psychoeducational programming. Students typically come to counseling to discuss problems such as relationship difficulties, family issues, adjustment concerns, depression, anxiety, sexual identity and substance abuse issues. These concerns may negatively impact students’ quality of life, as well as their ability to succeed academically. Counseling Services operates on a short-term treatment model and referrals are made to the community for more long-term or specialized needs. Services are free and confidential. Appointments for counseling may be scheduled by calling 980-598-1710. Crisis services may be accessed in person at Health & Counseling Services located on the second floor of the Academic Center or by calling 980-598-1700 during normal clinic hours. After-hours emergency on-call services may be accessed by calling Campus Safety & Security at 980-598-1900. For more information, visit www.jwu.edu. Select Charlotte Campus, then click on Student Life to access the Health Services link.

HEALTH SERVICES

An onsite health care clinic is available to Johnson & Wales students. Nurses are available to provide basic health care services for students, including minor injuries, illnesses and triage, management of medical records, and immunization compliance. In addition, a physician is available twice weekly by appointment.

MEDICAL RECORDS

Prior to the first term of enrollment, the university requires all new, full-time undergraduate students — residents and commuters alike —
to submit proof of a complete physical exam within the past year, including documented proof of two doses of the MMR vaccine, a negative tuberculosis test or chest X-ray within the last six months (if born outside the United States), three doses of tetanus/diphtheria toxoid (one of which must have been within the last 10 years), three doses of hepatitis B vaccine, and completion of the chicken pox vaccine series or proof of physician-diagnosed disease. In addition, pursuant to North Carolina law, any student who has not received a tetanus/diphtheria booster within the past 10 years is required to receive a booster of tetanus/diphtheria/pertussis vaccine. In addition, any student who is under the age of 18 upon enrollment must submit proof of the polio vaccine series. Hepatitis A and meningitis vaccinations are strongly recommended but not required. The required medical Form 2 may be obtained by contacting Health & Counseling Services at 980-598-1700, or downloaded from the website, www.jwu.edu/charlotte/studentlife > Health & Counseling Services > Health Forms & Requirements. For more information about Health & Counseling Services, consult the Charlotte Campus Student Handbook.

INTERNATIONAL STUDENT SERVICES

The university assists international students to adhere to USCIS regulations, maintain their student visa status, and access all the benefits permitted by their student visa. In addition, information sessions on employment, tax and other immigration and cultural adjustment issues will be offered on an as-needed basis by the international student advisor in Student Academic & Financial Services.

Study Abroad Programs

Study Abroad at the Providence Campus works with all academic colleges at all campuses to offer a portfolio of study abroad programs to Johnson & Wales students. Program information and applications are available at www.jwu.edu/studyabroad. Students attending other campuses should contact their college chair for specific program information. In addition, interested students can contact Study Abroad at 401-598-1406 for personal study abroad counseling.

NEW STUDENT ORIENTATION AND SUPPORT PROGRAMS

Johnson & Wales University’s orientation program is designed to help students become acquainted with college life and to facilitate a successful first-year experience. Students are introduced to many university administrators, faculty, staff and student leaders who provide valuable information on academic studies, student life and university policies. Social activities are also scheduled throughout the program to help students meet other new students and experience campus life.

Students will participate in academic assessment during orientation (test scores may require class schedule adjustments).

RESIDENTIAL LIFE

Johnson & Wales University residence facilities include Cedar Hall North, Cedar Hall South and City View Towers, all of which are convenient to the Academic Center and Charlotte’s uptown area.

Room assignments take place online. Students are able to apply for housing, find compatible roommates and select a room. Students currently residing in the residence halls will have an opportunity to apply for housing for the next year during the winter term. Accommodations vary with each facility.

Each residence hall has a professional, live-in residential life coordinator. Resident assistants or community managers are assigned to each residence hall to assist students with the residential living experience and transition to college. They have been selected because of their ability to understand and work with fellow resident students.

Additional information can be found on our website, www.jwu.edu/reslife/charlotte.
OFF-CAMPUS HOUSING
Generally, all freshman students are required to live in university housing unless they meet one of the following criteria: they are married or have a same sex domestic partner relationship that meets certain eligibility requirements; are a parent; are at least 21 years of age; are living at home with a relative, parent, or guardian and commuting within a 50 mile radius of campus; are a transfer student; are not a U.S. citizen, a permanent resident, or an eligible non-citizen able to receive federal financial aid; or are not eligible to live on campus.

Second-year students are required to live in Cedar Hall North, Cedar Hall South or City View Towers. The exemption categories listed on Page 16 apply to the two-year residency requirement.

Students who have been convicted of certain felonies (or have had certain felony-type charges sustained in a juvenile proceeding), such as crimes of violence, serious drug offenses and sex offenses, are not eligible to live in university housing.
Student Activities seeks to foster student development by providing first-hand experience in leadership, organizational management, decision making and event planning. Student Activities recognizes what a vital and enjoyable role student involvement plays in campus life. By encouraging all students to be active participants on campus and in the community, the result is an array of cultural, educational, social and recreational programs that complement academic life and ultimately give students a more holistic experience. The office is located in Cedar Hall South, next to Campus Safety & Security. Office hours are 9 a.m.–5 p.m.

ATHLETICS

Charlotte Campus Athletics offers a myriad of programs and services. The four main program areas are

- Athletics
- Intramural Sports
- Sport Clubs
- Fitness and Facilities

Athletics
There are currently two varsity athletic teams on the Charlotte Campus:
- women’s volleyball
- men’s basketball

The JWU Charlotte Campus is a member of the United States Collegiate Athletic Association (USCAA) and our teams currently enjoy the opportunity of playing against teams within the NCAA, NAIA and other intercollegiate levels of competition.

Intramural Sports
The intramural sports program on the Charlotte Campus covers a variety of competitive opportunities that are scheduled and supervised by the athletics staff. These range from high-activity events such as basketball and flag football leagues, to lower-activity events such as spades or poker tournaments. There are typically more than 30 different intramural events offered throughout the year.

Sport Clubs
Athletics also offers students the option of creating or participating in a sport club. Sport clubs allow students with an interest in a particular sport to participate in that activity throughout the academic year. These clubs are organized and led by participating students. They establish their own leadership structure and with the help of an advisor, operate their own budget. The current list of active sports clubs is cheerleading, flag football, golf, ice hockey, lacrosse, rugby, soccer, tennis, volleyball and women’s basketball.

Students wishing to learn how to start a sport club should call or visit Athletics, located in Cedar Hall South.

Fitness
The newest addition to the Charlotte Campus is the student center located behind Cedar Hall South. The student center features a group fitness studio, a general workout area, a multi-purpose room for student events and an NCAA regulation basketball court with seating for 600. It is also the home for our varsity athletic teams.

For additional information about athletic and recreation programs on the Charlotte Campus, call 980-598-1840.

BAKING & PASTRY ARTS
(College of Culinary Arts)

ASSOCIATE IN APPLIED SCIENCE
(A.A.S.) DEGREE

The associate degree program in Baking & Pastry Arts provides students with practical education in baking and pastry production, while developing professionalism and excellence in academic achievement. Hands-on training is paired with academic courses resulting in a curriculum that is both dynamic and directly aligned with industry needs.

First-year Baking & Pastry Arts students rotate through one term of academics which includes Food Safety and Sanitation, and two terms of hands-on laboratory classes. Emphasis is placed on skills development and techniques of combining basic ingredients to produce classic pastries, basic breads, cakes and plated desserts.

The second year emphasizes advanced techniques in classical and international preparation and production of cakes, tortes and sugar work. Academic courses include leadership studies, nutrition, communication skills, and food and beverage cost control.

BAKING & PASTRY INTERNSHIP

During pastry internships, students participate in actual public food service operations in preparation for future careers. Possible sites include university-owned or operated practicum educational facilities, hotels, restaurants, country clubs, resorts, casinos, contract food service providers and bakeries. Eligibility requirements for certain sites include a 2.75 cumulative GPA and completion of all prerequisite course work. Additionally, select students have the opportunity to participate in international internships at host company sites throughout the world, which are chosen by the university. In addition to meeting specific college eligibility requirements, students interested in completing internship in a targeted country must maintain a 3.25 cumulative grade point average and have a minimum of one year of work experience in a full-service bakery or similar experience in a hotel, resort or restaurant.

Upon graduation from the Baking & Pastry Arts associate degree program, a variety of positions are attainable in hotels, clubs and resorts, retail bakeries, restaurants and wholesale pastry shops.

Graduates of this program are eligible, or may apply, for entrance into the following bachelor of science degree programs: Baking & Pastry Arts (Providence Campus), Baking & Pastry Arts and Food Service Management, Culinary Nutrition (Providence or Denver Campus) or Food Service Entrepreneurship (Providence Campus). Certain requirements pertain to each of these bachelor’s degree programs, which are noted in their respective program descriptions.

TEACHING ASSISTANT AND FELLOW SCHOLARSHIP PROGRAM

Each year, administrators in the College of Culinary Arts select Teaching Assistant candidates from among the top students of the graduating class in the Culinary Arts and Baking & Pastry Arts associate degree programs. Students who are continuing their education at the university as Teaching Assistants must be enrolled in a day school program. Qualified Teaching Assistants may advance to Fellow during their senior year. These opportunities allow students to help defray the costs of advanced study while developing their supervisory/management skills.

CULINARY ARTS
(College of Culinary Arts)

ASSOCIATE IN APPLIED SCIENCE
(A.A.S.) DEGREE

The associate degree program in Culinary Arts provides students with practical education in food production, while developing professionalism and excellence in academic achievement. Students progress through a program of study that builds proficiency in food production and cooking, cost control, nutrition, sanitation, food safety and food marketing. Hands-on training is paired with traditional academic courses resulting in a curriculum that is both dynamic and directly aligned with industry needs.

The focus of the first-year culinary lab classes is development and practice of cooking skills, complemented by the development of baking, dining and beverage service skills, which includes national certification in alcohol intervention procedures. The academic areas include mathematics, introduction to menu planning and cost control, English composition, community service, professional development and a national food safety certification.

Second-year laboratories include advanced techniques in classical and international cuisines, garde manger, patisserie/dessert and dining room, as well as the academic areas of leadership studies, personalized nutrition management and communication skills.

Students will experience one term of experiential education, which includes internships.

CULINARY INTERNSHIP

During culinary internships, students participate in actual public food service operations in preparation for future careers. Possible sites include university-owned or operated practicum educational facilities, hotels, restaurants, country clubs, resorts, casinos, spas and contract food service providers. Eligibility requirements for certain sites include a 2.75 cumulative GPA and completion of all prerequisite coursework. Additionally, select students have the opportunity to participate in international internships at host company sites throughout the world, which are chosen by the university.

In addition to meeting specific college eligibility requirements, students interested in completing internship in a targeted country must maintain a 3.25 cumulative grade point average and have a minimum of one year of work experience in a full-service restaurant or similar experience in a hotel or resort.

Graduates of the associate degree program in Culinary Arts have the opportunity to gain immediate, successful employment in the food service industry, which would include a variety of positions in full-service restaurants, hotels, clubs and resorts catering operations, quantity food production facilities, health spas and cruise lines.

Graduates of this program are eligible, or may apply, for entrance into the following bachelor of science degree programs: Baking & Pastry Arts (Providence Campus), Culinary Arts and Food Service Management, Culinary Nutrition (Providence or Denver Campus) or Food Service Entrepreneurship (Providence Campus). Certain requirements pertain to each of these bachelor degree programs, which are noted in their respective program descriptions.
CULINARY INTERNATIONAL EXCHANGE

Each year, a select group of second-year students is chosen to participate in a student international exchange program with culinary arts schools in Ireland and France. For one term, JWU students attend classes in any of these countries. In exchange, students from these schools attend culinary classes at Johnson & Wales University. Selected students receive full academic credit for the study abroad.

TEACHING ASSISTANT AND FELLOW SCHOLARSHIP PROGRAM

Each year, administrators at the College of Culinary Arts select Teaching Assistant candidates from among the top students of the graduating class in the Culinary Arts and Baking & Pastry Arts associate degree programs. Students who are continuing their education at the university as Teaching Assistants must be enrolled in a day school program. Qualified Teaching Assistants may advance to Fellow during their senior year. These opportunities allow students to help defray the costs of advanced study while developing their supervisory/management skills.

HOTEL & LODGING MANAGEMENT
(The Hospitality College)

BACHELOR OF SCIENCE (B.S.) DEGREE

The Hotel & Lodging Management bachelor’s degree program focuses on current best practices for operational, strategic and staff management in lodging properties and companies. Lodging is defined as activities related to commercial, overnight accommodations of all types, including hotels, resorts and smaller lodging properties (e.g., boutique hotels, country inns, B&Bs, etc.).

The degree prepares graduates for employment in operational management or professional staff positions within commercial lodging companies, as well as positioning them to move up to higher-level positions such as general manager and various corporate staff positions. Possible career tracks might relate to front office management, housekeeping, food and beverage management and affiliated activities such as concierge, spa management, property sales and marketing, convention services, meeting and event planning, resort activities, revenue management, controller, development, regional management, etc.

Hotel & Lodging Management students complete a required internship experience at a local hotel. These facilities, which are open to the public, provide an opportunity to gain practical experience in lodging and food service operations through a rotation among several departments. This is done at the discretion of the internship coordinator.

Graduates are expected to be able to utilize their technical and management skills, as well as apply critical thinking skills, ethical standards and problem-solving techniques within a lodging organization.

CONCENTRATIONS FOR HOTEL & LODGING MANAGEMENT MAJORS

This program allows students to select concentrations or internships that can lead to career growth within lodging companies or to enhance their initial and subsequent career opportunities. Students may elect to use their hospitality and free elective credits for a second concentration, an internship or a summer abroad program.

At least one three-course Hospitality College concentration is required for graduation. While all Hospitality College concentrations are available to students in this degree (see Pages 91–92), the following concentrations are recommended: Beverage Service Management; International Hospitality Operations Management (summer program only); Meeting & Event Management or Food and Beverage Management.

MANAGEMENT
(College of Business)

BACHELOR OF SCIENCE (B.S.) DEGREE

The goal of the four-year Management program is to prepare graduates for a career in a variety of entry-level managerial positions in a wide range of firms. Students are expected to acquire the communication, critical thinking, and ethical reasoning skills essential for today’s managers. The program’s mix of coursework provides students with a broad understanding of the issues facing the business world.

An important component of the program’s educational experience is the general studies courses taught by the School of Arts & Sciences. Graduates are expected to show competencies in higher order thinking, ethics, global diversity, responsible citizenship and leadership. The following literacies should also be demonstrated: sociocultural, quantitative, scientific and informational.

Students who maintain a GPA of at least 2.75 may have the opportunity to participate in an internship and gain experiential education in their area of interest. Options are also available for foreign travel through the study abroad program.

Regardless of what industry the student chooses to enter, an understanding of key business principles is critical to a successful career, whether it is vying for a first job placement or success later in life. A student may focus on studies leading to management positions in production operations, human resource, financial services and other service industries.

Students will choose one concentration from the university’s offerings. The university’s faculty advising system will facilitate these selections.

SPORTS/ENTERTAINMENT/EVENT MANAGEMENT
(The Hospitality College)

BACHELOR OF SCIENCE (B.S.) DEGREE

The Sports/Entertainment/Event Management bachelor’s degree program prepares students to manage many areas of major sports facilities and resorts, as well as organize national and international events like the World Cup, the Grammy Awards or the Olympics. Course work enables graduates to apply the primary tools and fundamental understanding of the basic areas of sport, entertainment or event development, planning and management.

In this four-year program the curriculum includes core courses in event management, facilities management, media relations, ancillary services management, and entertainment management.

Students tailor their degrees toward their chosen careers by complementing the core curriculum with such electives as professional sports management, sports and entertainment marketing, special event protocol, concert and event production, fundraising and philanthropy, wedding and other ceremonies, and athletic coaching administration. This enables them to demonstrate personal discipline, professionalism, accountability, and ethical behavior in a sport, entertainment or event management environment.

Students further specialize by choosing a hospitality concentration. This experience allows them to use analytical thinking skills to create, develop, plan, manage, operate and evaluate the critical elements of a successful sport, entertainment or event organization.

The program culminates in an exciting, term-long, off-site internship under the direction of an industry professional that allows students to apply the skills they’ve learned and prepares them to launch their careers. The experience enables students to gain valuable work experience in the areas of sales/marketing, facility operations and financial management. The internship focuses on the ability to identify, document and successfully communicate personal and professional short- and long-term vision and strategies for a successful career in sport, entertainment or event management. Graduates have worked for professional sports teams, entertainment venues, resorts and conference centers.

FREE ELECTIVE* 9.0

One course selected from 1002–4999 numbered offerings within the university (except ACCT11005, CJS1002, MGMT2001). It is important to save this elective if you plan to participate in a Hospitality study abroad program.

Total Credits 192.0

* Elective courses allow students to enhance their education by earning a second concentration or by participating in an internship or study abroad program. Students use two Hospitality Electives and one Free Elective toward this option.

NOTES: Students must have MATH0001 (Basic Mathematics) or equivalent placement scores to enroll in the math requirement. Students must earn a performance transcript writing assessment of “validated” or “mastered” in order to graduate with a bachelor’s degree. Study Abroad programs may satisfy a variety of History, Sociology, English and other elective requirements. Contact Study Abroad at 401-598-1406 or www.jwu.edu/studyabroad for details.
CONCENTRATIONS

Students may choose to focus their electives in any of the following concentrations. Beyond the enrichment a concentration provides, students’ transcripts will reflect commitment to a particular area which may be impressive to prospective employers.

Declaring Your Concentration
Each student should consult with his/her faculty advisor in order to determine which concentration(s) will best further the student’s career goals. Students then need to formally declare their concentration(s) by completing a concentration form in Student Academic & Financial Services. A student may declare up to a maximum of three concentrations per degree program.

COLLEGE OF BUSINESS

Courses already required in a student’s individual program cannot be selected to fulfill a COB concentration requirement. Students are responsible for completing all prerequisites necessary for courses listed in a concentration in order to complete the concentration.

Definitions of Elective Attributes

Elective courses, as designated by each program, allow students to personalize their program of study by selecting courses that will strengthen and support their individual or career aspirations. Eligible elective course offerings are defined by attribute type and are identified by appropriate colleges or schools.
