This catalog is an official publication of Johnson & Wales University. As such, it is subject to revision at any time. The university reserves the right to add, withdraw or revise any course, program of study, provision or requirement described within the catalog as may be deemed necessary.

Occasionally, program requirements will vary by the printing date of the catalog. Requirements stated in the edition published closest to the September enrollment date will take precedence.

Students should read and fully understand the rules, regulations and policies described in this catalog. Additionally, all enrolled students are expected to be familiar with the contents of the Student Handbook. The Student Handbook contains important information concerning the academic performance and personal conduct of students as well as university grievance procedures. It also outlines the conditions under which students may be placed on probation or suspension from the university. The Denver Student Handbook is available online at www.jwu.edu. Additional copies are available from the Office of Student Academic & Financial Services.

THE MISSION STATEMENT OF THE UNIVERSITY

The mission of Johnson & Wales University is to empower its diverse student body to succeed in today’s dynamic world by integrating general education, professional skills and career-focused education. To this end, the university employs its faculty, services, curricula and facilities to equip students with the conceptual and practical tools required to become contributing members of society.

PURPOSES OF THE UNIVERSITY

Johnson & Wales University supports the following purposes in accordance with the mission:

- to enroll students with potential from varied backgrounds and to give them every opportunity to excel in their academic and professional lives;
- to develop and assess sound programs and curricula that allow students to attain proficiencies in general education and relevant professional disciplines;
- to evaluate and assess regularly the rigor of all academic programs;
- to provide experiential education opportunities that are curriculum-driven and include practical experiences for students in every program;
- to support diversity in the curricula, activities and services for students, and in the employment of faculty and staff;
- to provide students with opportunities that support intellectual development, personal growth and civic engagement;
- to monitor the external and internal environment of the university through regular and effective planning and assessment;
- to hold each academic, administrative and support department accountable for the achievement of the mission;
- to plan for and provide facilities and resources that meet the needs of students, faculty and staff.

CORE VALUES

Johnson & Wales University is

Student Centered
We are strongly student centered, stressing personal development as well as career management skills.

Experientially Based
We integrate hands-on learning with a career-focused curriculum, to enable our students to gain real-world experience.

Industry Relevant
We are industry relevant, focusing both on the needs of our students and the needs of our students’ future employers.

Employment Focused
Our business is developing employment-ready, motivated graduates for world-class employers in all industries.

Globally Oriented
We respond to the increasingly global nature of business by fostering multiculturalism and providing an international educational experience.

OUTCOMES ASSESSMENT STATEMENT OF PURPOSE

The definition of a well-educated college graduate will continue to evolve throughout this new millennium. In accordance with our mission to empower students to succeed in today’s dynamic world, and to become contributing members of society, Johnson & Wales University integrates general education, professional skills and career-focused education.

Johnson & Wales University is committed to outcomes assessment. Faculty and students are therefore part of an ongoing effort to determine and refine the effectiveness of instruction and learning.
A PHILOSOPHY OF CAREER EDUCATION

Johnson & Wales University, founded in 1914, is a nonprofit, private institution. A recognized leader in career education, the university offers accredited degrees in business, hospitality, culinary arts, technology and education.

A variety of undergraduate and graduate degree programs permit students to select the educational path best suited to their career interests and objectives.

Graduate programs leading to the degrees of master of arts, teaching; master of education; master of business administration; and doctor of education are also offered at JWU. For details on these programs, please request the graduate and doctoral catalogs.

The educational philosophy of JWU is to deliver a multidisciplinary educational experience for students who are serious about success. A JWU education integrates rigorous academics and professional skills, community leadership opportunities and our unique career education model. This model includes a focus on career competencies, a career management Web site, work experience tied to a field of study, and on-campus recruitment opportunities.

The goal of all academic programs at JWU is for our students to graduate with the knowledge and expertise to succeed in their chosen field of study in a global economy.

EDUCATION FOR LIFE

Today’s employers want employees who will succeed in tomorrow’s economy not only because they possess important specialized job skills, but also through their ability to think critically, communicate clearly, manage ethically and contribute to the community. To meet these needs, Johnson & Wales University offers a wide selection of liberal arts courses including logic, psychology, communication skills, leadership studies, environmental science and ethics. Students may also participate in in-depth studies through concentrations.

In addition to academic courses, the university emphasizes the importance of community service through volunteer activities and required service learning courses. One of JWU’s priorities is developing students who have the skills, training and personal commitment to be strong, ethical leaders in industry and in their communities.

THE JOHNSON & WALES DIFFERENCE

Our differences are what set an education at Johnson & Wales University apart. Unique programs and facilities, in addition to flexible program options, allow Johnson & Wales students access to unparalleled career education opportunities.

Flexible, Specialized Programs
Johnson & Wales has designed options into its educational programs so that students can choose the right paths to their futures.

BUSINESS: Johnson & Wales offers a wide variety of four-year business programs ranging from Accounting to International Business. JWU also offers these programs, along with many others, at its campuses in North Miami, Fla.; Providence, R.I.; and Charlotte, N.C. Programs available at the Denver, Colo. campus include Advertising & Marketing Communications, Criminal Justice, Entrepreneurship, Fashion Merchandising & Retail Marketing, International Business, Management, Marketing, and the Undeclared program.

CULINARY ARTS: Our pioneering approach combines culinary skills with management education, work experience, social responsibility and a foundation in the liberal arts. Choose from among the broadest selection of culinary degree programs, including Culinary Arts, Baking & Pastry Arts and Culinary Nutrition, and customize your degree with our innovative concentrations. Johnson & Wales also offers some of these programs at campuses in Providence, R.I.; North Miami, Fla.; and Charlotte, N.C. Programs available at the Denver, Colo. campus include Baking & Pastry Arts, Baking & Pastry Arts and Food Service Management, Culinary Arts, Culinary...
Nutrition, and Culinary Arts & Food Service Management. The Denver Campus also offers Garnish Your Degree, a one-year associate degree program in Culinary Arts or Baking & Pastry Arts for students who already have a regionally accredited bachelor’s degree.

HOSPITALITY: Several degree choices are available in this busy field, ranging from Hotel & Lodging Management to Travel-Tourism & Hospitality Management. The degree programs available at the Denver Campus include Hotel & Lodging Management; Restaurant, Food & Beverage Management; Sports/Entertainment/Event Management; and the Undeclared program. Some of these programs are available at campuses in Providence, R.I.; North Miami Fla.; and Charlotte, N.C.

Three-Term Schedule
Johnson & Wales University’s academic calendar is divided into three 11-week terms. This schedule enables students to take three or four classes at a time, instead of the usual four or five taken at other institutions. The reduced course load gives students more time to focus on each course.

Upside-Down Curriculum
In Johnson & Wales’ programs, students begin courses in their major from the first day, learning right away if their career choice is the right one for them.

Learning by Doing
“Learning by doing” is an important part of education at Johnson & Wales University. Many programs provide students with valuable experiential education — both in the classroom and on the job.

With on-campus resources such as computer, criminal justice, culinary, and microbiology laboratories students are placed within practical situations to further develop their career knowledge and academic skills. Career co-ops and externships allow students to experience career training in real-world professional environments.

Center for Academic Support
Helping students succeed is the number one priority at Johnson & Wales University. The Center for Academic Support (CAS) offers a variety of career-focused support services for all students which include advising, success plans, testing, and accommodations for special needs students. CAS’s goal is to support students in their efforts to develop and maximize their talents, empower them to direct their own learning, and lead them to pathways of success by helping them to acquire lifelong behaviors and attitudes which are recognized by employers as desirable. All support services at Johnson & Wales are available without extra charge to enrolled students. Certain accommodations (such as alternative format and interpreters) require more time to arrange, so students who need accommodations are urged to provide as much advance notice as possible to the center.

HANDS-ON LEARNING
Term-long, intensive work experience programs are designed to provide students with practical experience in their chosen field of study while earning academic credit. The structure of each work-experience program varies depending on major and year of study. Career Coaching resources provide personalized mentoring on a variety of career-related topics.

Hundreds of employers — representing hospitality, culinary arts and business — visit the campus each year. They not only participate in recruiting events, but also serve as guest lecturers and classroom speakers. These activities provide students with a real-world view of industry as well as opportunities to connect with industry professionals and explore career options.

Career services and planning are offered to students throughout their experience at Johnson & Wales. Assistance is provided to guide students in obtaining successful employment during the year and after graduation.
INTERNATIONAL EXPERIENTIAL LEARNING
Students choose from a range of study abroad options including short-term 3 1/2 to four-week summer programs, spring term three-month programs, or four-to-five month independent exchanges. Each program has its own academic focus and prerequisites. Students apply for their program of choice through the Study Abroad Office. After selection into a program, students engage in orientation and academic pre-departure work before embarking on their immersion into foreign cultural and business settings. In some cases, JWU faculty lead the program and travel with the students. In other cases local hosts lead the program, but in all programs students participate in a rigorous study and travel experience. The purpose of these study abroad experiences is to increase students' global awareness as they explore their program's specific academic focus. Course delivery consists of lecture, industry visits and cultural excursions. Eligible students are guided by the Study Abroad Office to register for the appropriate course(s) specific to their program.

SCHOOL OF ARTS & SCIENCES
The mission of the School of Arts & Sciences is to integrate liberal arts courses with career education to prepare students to be productive and responsible citizens. As a leader in career education among American universities, Johnson & Wales University has placed its School of Arts & Sciences in this key role of providing general education to enable its students to achieve career success and personal fulfillment. To accomplish these objectives, students take at least one-third of all their credits in arts and sciences.

The School of Arts & Sciences offers courses in English, communication, literature, math, science, history, the social sciences, language and leadership studies. In addition, the School of Arts & Sciences offers across-the-curriculum programs in writing, critical thinking and ethics.

Writing Across the Curriculum is a university-wide program that encourages students to use writing as a way of learning and communicating knowledge, thereby enabling students to acquire skills empowering them to pursue their professional goals. The Writing Across the Curriculum program at Johnson & Wales was developed to integrate the “writing to learn” concept across all majors. All students may take writing-intensive (WI) courses as they are offered in general studies and elective areas.

First-year students will be required to complete placement tests in English and essay writing. Based on the results of those tests, students will be assigned to either a writing proficiency workshop or ENG1020 English Composition. The goal of the university is to prepare students to be successful in the University Writing Program and in their future careers.

Since all students who graduate with a bachelor of science degree must achieve a “validated” in a Performance Transcript assessment prior to graduating, the School offers students ENG0001, the Performance Transcript Writing course, which must be successfully completed along with a “validated” score so that they may graduate with the effective writing skills employers are demanding. The School also offers an expanded, no-cost tutorial program in English and math throughout the academic year to facilitate student success. In addition, the Writing Center provides students with added resources and qualified writing consultants to enable them to improve and enhance their writing skills across the curriculum.

In addition to the required leadership concentration, the School of Arts & Sciences has expanded its concentrations to include applied mathematics, biological science, career writing, global perspectives, psychology and sociology. Please note that concentrations vary by campus.

The School of Arts & Sciences offers both honors sections and honors options in many freshman and upper-level courses as well as a leadership concentration. In recognition of the importance of offering leadership initiatives at JWU, the Community Leadership Institute champions the idea of making Johnson & Wales University a place where leadership opportunities abound across the campus.
Students also have the opportunity to participate in the Summer Study Abroad Program offered through the John Hazen White School of Arts & Sciences at the Providence Campus. This program is currently situated in England. Students can earn 13.5 credits of general education courses. The course offerings may vary each summer, but could include history, sociology, literature, science, art and a career course. The experience includes three weeks in England with excursions to historical cities, such as Bath, Cambridgeport and London. The academic component of the summer program is challenging, and students will benefit from innovative teaching strategies including team teaching and collaborative learning.

THE COMMUNITY LEADERSHIP INSTITUTE (CLI) AT JOHNSON & WALES UNIVERSITY

Unique to the Denver Campus, the Community Leadership Institute (CLI) develops socially responsible leaders for the campus, industry and community. Central to the CLI’s programming philosophy is the belief that to succeed in future careers, students need to be prepared to lead in ways that recognize that the health and prosperity of business and industry are inextricably linked to the health and prosperity of the communities in which they’re embedded. The CLI offers programs in two core areas — Student Leadership Development and Civic Engagement.

Student Leadership Development Programs

EMERGING LEADERS
The CLI’s first-year student leadership program engages first-year students in an exploration of leadership values, abilities and aspirations. During weekly seminars, experience-based activities introduce students to a variety of leadership opportunities on campus and in the broader community.

LEADERSHIP ACADEMY
Leadership Academy is the CLI’s flagship student leadership development program. Designed to combine monthly community-based learning sessions with student led community action projects, Leadership Academy provides students with opportunities to develop their leadership skills while learning directly from community leaders in the public, private and nonprofit sectors. Students interested in participating in this two-year program may apply during the winter term of their first or second year.

PROFESSIONAL STUDENT ORGANIZATIONS
The CLI’s Professional Student Organizations (PSO) program encourages and supports student participation in six campus-based national and regional membership organizations that link students to industry. The six PSOs are Delta Epsilon Chi (DEX), Phi Beta Lambda (PBL), American Advertising Federation (AAF), Club Managers Association of America (CMAA), International Association of Assembly Managers (IAAM) and Johnson & Wales University Hospitality Professionals (JHOP).

Civic Engagement Programs

COMMUNITY SERVICE LEARNING
The Community Service Learning program provides students with opportunities to apply academic skills to a wide range of community service opportunities in the Metro Denver area. It also coordinates the community service learning graduation requirement which students fulfill when taking Foundations of Leadership Studies (LEAD2001).

VOLUNTEERING AND SERVICE
The CLI serves as a clearinghouse for volunteer and service events and activities across Denver. Collaborations with more than two dozen nonprofit organizations provide students with opportunities throughout the year to make a difference in their community.

UCAN SERVE AMERICORPS
The UCAN Serve AmeriCorps program allows students to earn scholarships based on their service to the community. This program is a collaboration with Colorado Campus Compact and the Corporation for National and Community Service.

COURAGE TO CARE DAY
Held each September, this campuswide day of community service provides students with the opportunity to meet fellow students, faculty, staff and community members while making an important contribution to our campus neighbors and nonprofit partners.
HISTORY OF THE UNIVERSITY

The special approaches to career education at Johnson & Wales University (JWU) have evolved over more than 90 years’ time and continue to adapt as the university responds to the changing needs of business and industry. Johnson & Wales was founded as a business school in 1914 in Providence, R.I. by Gertrude I. Johnson and Mary T. Wales. From its origins as a school devoted to business education, JWU has grown to a junior college, to a senior college, and ultimately to university status.

The university became well established because of its strong commitment to specialized business education and the high ideals of its founders. In 1993, JWU received regional accreditation from the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges (NEASC). Accredited since 1954 by the Accrediting Council for Independent Colleges and Schools (ACICS), the university consolidated its institutional accreditation efforts under NEASC on June 30, 2000.

In 1963, the State of Rhode Island granted a charter which authorized the university to operate as a nonprofit, degree-granting institution of higher learning and to award associate degrees in the arts and sciences. In 1970, the State of Rhode Island approved a revision in the university’s charter to award baccalaureate degrees. In 1980, the Governor and General Assembly of the State of Rhode Island granted a legislative charter to the university, authorizing the awarding of advanced degrees.

The charter was amended in 1988, changing the institution’s name to Johnson & Wales University. In 1992, the governor of the State of Rhode Island signed into law a new legislative charter with university status.

A new career emphasis was introduced at JWU in 1973, when the university announced the opening of what is now known as the College of Culinary Arts and the addition of a new associate degree program in that field. This proved to be one of the most far-reaching changes in the educational expansion of the university, leading to additional two- and four-year degree programs in the hospitality and food service fields.

In 1984, a JWU campus was established in Charleston, S.C., which offered a variety of two- and four-year programs in food service, hospitality and travel-tourism. The Norfolk, Va. Campus, opened to the public in 1986. It offered one- and two-year food service programs.

In 1985, graduate degree programs were introduced at the university. The Alan Shawn Feinstein Graduate School now offers an M.B.A. degree program in Global Business Leadership with concentrations in accounting, financial management, international trade, marketing and organizational leadership. It also offers an M.B.A. degree program in Hospitality with concentrations in event leadership and marketing. A Certificate of Advanced Graduate Study (CAGS) is offered in hospitality, human resources and finance.

The School of Education offers an M.A.T. in Teacher Education leading to certification in business education, food service education, elementary education, elementary special education, or secondary special education. It also offers an M.Ed. in Teaching and Learning, an M.Ed. in Early Childhood Administration and Leadership, and an Ed.D. in Educational Leadership.

In 1992, a joint educational agreement allowed the university to begin programs on the campus of the Institute of Higher Marketing (IHM) Business School in Göteborg, Sweden. JWU established a formal, independent learning site there from 1994–2004, giving business and hospitality students the opportunity to complete one year of study in Sweden and finish their degrees at one of the university’s domestic campuses.

Also in 1992, JWU opened another campus in North Miami, Fla., which now offers two- and four-year food service, business and hospitality programs.
That year also marked the university’s formal establishment of the College of Business, The Hospitality College, the College of Culinary Arts and the School of Technology. A new emphasis on general studies was introduced in 1992 as well, with the development of the School of Arts & Sciences.

The university’s School of Technology also offered courses in Worcester, Mass. from 1992–2002.

In 1993, JWU opened a campus in Vail, Colo., which offered an accelerated associate degree program in culinary arts to college graduates. That year also marked the beginning of a four-year bachelor’s degree offering in culinary arts.

In 1995, the university created an International Hotel & Tourism Management program which offers unprecedented opportunities in international hotel management education. Students from around the world may choose from a variety of options both at JWU and abroad.

Technology programs offered by the university include Network Engineering, Graphic Design & Digital Media, Computing Technology Services, Engineering Design and Configuration Management, and Technology Services Management.

September 2000 marked the opening of the Denver, Colo. campus, which offers two- and four-year degrees in baking & pastry arts, culinary arts, hospitality, business, and criminal justice, as well as the “Garnish Your Degree” accelerated associate degree program originally offered in Vail. In 2000, the Vail Campus was merged with the Denver Campus.

In 2002, the university made a strategic decision to consolidate its smaller Charleston and Norfolk campuses to build a campus in Charlotte, N.C. JWU’s Charlotte Campus opened in fall 2004 and offers associate and bachelor’s degree programs in business, culinary arts and hospitality. The Charleston and Norfolk campuses officially closed in May 2006.

In keeping with its tradition of focusing on the best interests of students and responding to industry, it was determined in April 2006 that beginning with the 2008–2009 academic year, JWU’s College of Business and The Hospitality College would move away from offering associate degrees and instead have students customize their education through specializations or concentrations at the baccalaureate level alone. This decision did not impact the College of Culinary Arts and the School of Technology where the two-year degree continues to be relevant.

Each year the university grows in program offerings and physical facilities. At the same time, JWU also grows in recognition and prestige, making contributions to the community, government and industry.

DENVER CAMPUS

Located in the historic Park Hill neighborhood of Denver, the Denver Campus combines old-world charm with the latest technological resources, including stately turn-of-the-century buildings and newer academic buildings in a quiet park-like landscape. Students enjoy access to a variety of academic and laboratory classrooms; residence halls with private and semi-private bathrooms; and a recreation center which includes a dining center, gymnasium, fitness center, bookstore and student lounge.

DENVER, COLORADO

The vibrant city of Denver boasts breathtaking views of the Rocky Mountains. It also has an average of 300 days of sunshine a year, which means plenty of great weather to take advantage of all the opportunities for fun and adventure. Students can enjoy arts and culture, professional sports teams, world class attractions and endless shopping possibilities. Or they can try one of our restaurants run by nationally recognized chefs, our exciting nightlife or the abundant outdoor recreation. Denver welcomes everyone to experience, explore and discover the Mile High City.
RESIDENCE HALLS

All residence hall rooms are non-smoking and come equipped with cable and Internet access. All rooms include closets/armoires, dressers, desks, chairs and beds. Furniture that comes with the room cannot be removed.

Common areas in each residence hall include a TV/DVD player, recreation equipment such as pool, Ping-Pong, or foosball, as well as couches and plenty of gathering space. Every residence hall has laundry facilities and many have additional study or storage spaces.

Living in a residence hall provides you with friendships and memories of your college experience that you will have for a lifetime. Additionally, research has demonstrated that students who live on campus, particularly during their first year, report greater satisfaction with their collegiate experience and are more likely to persist on through to graduation. Therefore, generally all first-year students are required to live on campus. If a student wishes to have this requirement waived they may submit their written (print or e-mail) appeal to the dean of students who will review the request with the Housing Exceptions Committee. Appeals will be considered if the student meets at least one of the following criteria: is married, is a parent, is at least 21 years of age, is living at home with a relative, parent, or guardian and commuting within a 25 mile radius of campus, is a transfer student or an international student, or is not eligible to live on campus. If you have any questions about this policy, you can e-mail studentaffairs.den@jwu.edu or call 303-256-9400. Students who have been convicted of certain felonies (or have had certain felony-type charges sustained in a juvenile proceeding), such as crimes of violence, serious drug offenses and sex offenses, are not eligible to live in university housing.

Johnson Hall and Wales Hall
These suite-style residence facilities accommodate two students per room with a semi-private bathroom shared between two rooms. A limited number of singles with shared bathrooms are also available.

Presidents Hall
Presidents features double occupancy rooms with private baths, and is one of two air-conditioned halls.

Triangolo Hall
Like Presidents, Triangolo is air-conditioned. Triangolo is an apartment-style residence hall with large kitchenettes. This hall is reserved for upper-class students.

Gaebe Hall
Gaebe Hall features single-, double- and triple-occupancy rooms. All rooms are suite-style with shared bathrooms and kitchenettes.

DINING FACILITIES

Students have access to dining facilities on campus in the Wildcat Dining Center and at our convenience store, Outtakes.

ADDITIONAL CAMPUSES

JWU, in an effort to expand its educational outreach, has established several additional campuses. For more information, please consult the catalog for each campus at www.jwu.edu. Click on Academics, then Catalogs.
CHARLOTTE, NORTH CAROLINA

Opening its doors in fall 2004, JWU’s newest campus in Charlotte, N.C. offers undergraduate degree programs in business, hospitality and culinary arts. Though Charlotte is the second largest business center in the United States, it maintains a distinctive small town feel. It offers easy access to beaches, mountains, an international airport, and is a hub of athletic and cultural activity.

For more information about the Johnson & Wales Charlotte Campus, write the Office of Admissions, Johnson & Wales University, 801 West Trade Street, Charlotte, NC 28202, or call 1-866-JWU-CHARLOTTE (598-2427).

Applying for Admission

Johnson & Wales University seeks students who have a true desire for practical career preparation in their chosen fields and who have the ability to achieve academic success.

Although academic qualifications are important, students’ motivation and interest in succeeding in their chosen careers are given strong consideration. The educational methods of the university are designed to assist students who qualify for admission to succeed in the career programs of their choice. Graduation from high school or equivalent education as certified by state departments of education is required for undergraduate admission.

Students are also recommended to submit a personal statement, employment information, letters of recommendation and test scores for admission consideration.

Due to the technical standards and requirements essential to certain technical programs at the university, applicants with special needs or physical limitations should inquire with Student Academic & Financial Services or the Center for Academic Support prior to enrolling at the university. For more information on technical standards, see Pages 96–97. Copies of the technical standards applicable to various programs are available from the Center for Academic Support.

APPLICATION PROCEDURE

Applications for admission should be completed in full and sent to the Admissions Office, Johnson & Wales University, 7150 Montview Boulevard, Denver, CO 80220.

Students applying for admission to the Providence, North Miami or Charlotte campuses should refer to their campus catalog for admissions information.

There is no deadline for submitting applications, but students are advised to apply as early as possible before their intended date of enrollment for full consideration.

An official application form is available online at www.jwu.edu. Click on “Prospective Students,” then “Apply.” No application fee is required.

In completing the application form, students must indicate the term in which they wish to enroll. Applications are accepted for terms beginning in September, December and March.

Certain bachelor’s degree programs are selective and require submission of an application at the end of the associate degree program. Students should check program descriptions if they are interested in applying for both an associate and a bachelor’s degree program.

After completing the application form, students are responsible for requesting that their high school guidance office forward to the university an official copy of the secondary school record for admissions consideration.

Graduation verification documents must be submitted to the admissions office. Verification documents include at least one of the following: a letter from an authorized high school administrator, a high school diploma recognized by their state department of education or a G.E.D. certificate. It is the student’s responsibility to provide verification of high school completion. Without such verification, the student may not be allowed to register for the current term or continue enrollment.*

*This paragraph was revised after the catalog was printed.

When possible, Johnson & Wales University would prefer to receive the applicant’s high school transcripts at the same time as the application for admission. Transfer students must also submit official transcripts from all colleges attended.
Test Scores
SAT and ACT scores are not required for general admission to the university, but are strongly recommended.

Candidates for the university’s honors program or International Business program must submit SAT or ACT scores for acceptance consideration. Admission standards may vary for international and transfer students.

Minimum Grade Requirements
To gain admission to the International Business program, applicants’ transcripts generally must reflect a ‘B’ average or better. To remain enrolled in the International Business program, students must maintain a cumulative GPA of 2.75. Other majors may have specific grade requirements.

Admissions Decision
The rolling admissions policy of the university makes it possible to notify students of the admissions decision, of their acceptance or of any additional conditions necessary for admission, soon after all of their academic records have been received and reviewed.

Upon receiving notice of acceptance, students will forward to the university a $300 reservation fee, which will be applied to the student’s account and reserve a place in class and in student housing.

Students requesting residence hall accommodations must submit their online housing contract as soon as possible after submitting their reservation fee. Residence hall and room assignments are based on a first-fee-and-contract-received, first-resident-placed basis. The student’s account must also be cleared by Student Academic & Financial Services by the payment deadline to guarantee a room assignment.

Requests for refunds will be granted upon written request to the university prior to May 1, 2009. After May 1, 2009 the reservation fee of $300 (or $150 of such fee in the case of applicants to the North Miami Campus) is nonrefundable.

Advanced Placement Credit
Students entering Johnson & Wales University with an Advanced Placement test score of “3” or greater will be granted 4.5 quarter credits for the equivalent JWU course. Students must submit an official AP Grade Report from the College Board Advanced Placement Program. For more information about AP credit contact the Transfer and University Testing Office.

Transfer Students
Transfer students are eligible to apply for most JWU majors; however, they are not guaranteed credit. Credit is usually granted for courses completed with a grade of “C” or better (with a numeric value of 2.00) at another accredited institution (U.S. Department of Education). Grades of “pass” are also acceptable for transfer if credit was awarded (and a grade of “P” has the numeric value of 2.00 or greater). Credit earned in developmental and remedial courses or Continuing Education Units (CEUs) are nontransferable. Transfer credit evaluations are based on previous college work as it relates to the student’s intended field of study.

As with prospective freshmen, acceptances are made on a rolling basis as an application becomes complete.

Transfer candidates must submit official college transcripts from all colleges previously attended prior to enrolling at Johnson & Wales. Students must also submit official high school transcripts.

It is the responsibility of those candidates who are currently attending another college to have their updated transcripts sent to JWU as soon as final grades become available or within the first term of enrollment.
If official transcripts or other requested materials are not received within that designated time period, tentative transfer credit will be forfeited.

The university reserves the right to substitute courses at the discretion of the department chairs, directors or deans.

**Early Admissions/Dual Enrollment**
The Early Enrollment Program gives high school seniors an opportunity to enroll full time in college courses at Johnson & Wales during their senior year of high school. Students should apply for admission to the Early Enrollment Program during their junior year of high school.

The Early Enrollment Program was designed to help students investigate the variety of college and career options available to them. Early Enrollment Program students earn college credits while completing high school graduation requirements.

For more information on the Early Enrollment Program, please request a brochure from the Admissions Office.

**Honors Program**
This program offers academically talented students the opportunity to explore challenging and stimulating courses. Eligible applicants must have taken a college prep curriculum, maintained an average of B or better, placed in the top 25 percent of the high school graduating class, and submitted SAT scores above the national average. For more information about the Honors Program, please see Page 48.

**Undeclared Program**
All students who enroll in the Undeclared program at Johnson & Wales University pursue a general studies program of study for the first two years. During the fifth term, they must select a major from a variety of business and hospitality programs.

Students who begin their studies in the Undeclared program at Johnson & Wales will earn a bachelor of science degree at the end of four years of study.

**FACTS FOR MILITARY**
Johnson & Wales University is approved for the training of veterans in accordance with the rules and regulations administered by the U.S. Veteran’s Administration.

Eligible veterans should contact the Department of Veterans Affairs. Those living in the U.S. should look in the Government Listings section of the Verizon White Pages to obtain the telephone number for their state’s Department of Veterans Affairs office.

Johnson & Wales students enrolled at the Denver Campus are eligible to participate in the Army ROTC program available through the University of Colorado at Boulder subject to eligibility requirements. Scholarship opportunities are available through this program. For more information, contact the professor of military science at the University of Colorado at Boulder at 303-492-5560. For more information about military science courses, please see Page 129. For information regarding when and how JWU credit may be obtained for such courses, please contact Student Academic & Financial Services.

**STANDARDIZED TESTING AFTER ADMISSION**

**PLACEMENT TESTS (NON-CREDIT, NO FEES):**
These tests are administered for placement purposes only to all new students, including transfer students, upon entrance. In situations where two or more levels of a subject are required for graduation, the student’s academic career in this subject begins at the level determined by the placement test. This is particularly true when a student has previous academic experience in a subject. Placement tests are currently administered to determine math and foreign language placement. For a student placing out of all required levels of a foreign language, departmental policy and recommendation will determine if a Departmental Challenge Examination is in order for credit.
PRIOR LEARNING ASSESSMENT

PORTFOLIO ASSESSMENT: Students may earn credits for the knowledge or skills they have mastered outside the classroom through volunteer work, employment, travel programs, organizations or other comparable sources.

To apply for a Portfolio Assessment, students must meet the university’s residency requirements and complete the Portfolio Development non-credit seminar. This seminar will meet for three two-hour sessions. Students must discuss this option with an Academic Support counselor before they are eligible to enroll.

The seminar assists students with the development of a portfolio that describes and documents how the learning took place. The completed portfolio is submitted to the appropriate department designee for review. The assessor will review the portfolio and either validate the student’s learning by awarding college credits, request additional information, or deny the request for credits. Portfolios will not be returned to the students; they become property of the university.

Once the seminar is completed, eligible students, in consultation with an Academic Support counselor, may submit additional portfolios. Refer to the Prior Learning Assessment Brochure, available at Student Academic & Financial Services and from the Center for Academic Support, for more information on required fees.

CLEP EXAMINATION (FOR-CREDIT, WITH FEES): The College-Level Examination Program of the College Board tests are widely accepted national examinations in various subjects. The American Council on Education’s recommended score is required to earn credit. JWU subject equivalencies are determined by each department for each exam. These exams are treated as transfer credit for entering freshmen and juniors transferring to JWU, or from one JWU college or school to another. JWU’s Denver Campus is not a national CLEP examination site — students must go to other CLEP sites for this. Consult the CLEP application for required fees.

DEPARTMENTAL CHALLENGE EXAMINATIONS (CREDIT BY EXAMINATION: FOR-CREDIT, WITH FEES): Departmental exams may be taken for specifically designated courses within a department. Because of previous academic and/or work experience, all matriculating students may request such an exam when they feel they have completed the requirements of a specific JWU course. Some testing options require specific criteria in order to take tests. Refer to the Prior Learning Assessment Brochure, available at Student Academic & Financial Services and from the Center for Academic Support, for criteria and fees, or contact the testing office.

For annual examination schedules with examination dates and application deadlines, refer to the university’s Prior Learning Assessment Brochure. This brochure may be obtained from Student Academic & Financial Services and from the Center for Academic Support.

In all cases, the academic department determines policy as it relates to the testing options for each course in the department. Several options may be available to students, and it is recommended that students seek the advice of a counselor.

Policies for Portfolio Assessment, Challenge and CLEP Examinations:
1. Portfolio Assessment and Challenge Examinations cannot be repeated if failed.
2. Portfolio Assessment, CLEP Exams and Challenge Exams may not be substituted for a class previously failed or one where a withdrawal (W) or a withdrawal/fail (WF) grade has been issued.
3. The standardized examinations or portfolios mentioned above must fall within the residency requirement for each degree.
4. Seminar, application and processing fees are nonrefundable.
5. The university recognizes up to a maximum of 45 quarter credits earned through Prior Learning Assessment.
6. Students must present a valid picture ID when testing.

After being determined eligible to test or enroll in a seminar, students will be notified by e-mail of the time and location of their test or seminar.
The Prior Learning Assessment Brochure listing course options may be obtained from Student Academic & Financial Services. For additional policies/information for Portfolio, Challenge and CLEP options, refer to the brochure.

**FAST and Credit for College Programs**

Johnson & Wales University offers students an opportunity to earn credits toward a Johnson & Wales degree while they are still in high school through approved articulation agreements between Johnson & Wales University and the student’s high school. Culinary Arts students enrolled in approved tech-prep programs who meet academic requirements may be eligible to earn up to nine quarter credits toward their Culinary Arts associate degree through our Freshman Advanced Study Track (FAST). Students enrolled in approved hospitality, business and technology programs who meet the academic requirements may also be eligible to earn transfer credits through our Credit for College Program.

For more information about the Freshman Advanced Studies Track, articulation agreements or Credit for College programs, contact the Admissions Office.

**International Baccalaureate**

Johnson & Wales University recognizes International Baccalaureate credentials and awards credits and other special program status on an individual basis to students who have achieved a grade of four or better on International Baccalaureate exams, up to a maximum of 45 credits or equivalent, in accordance with transfer (departmental) policies.

**INTERNATIONAL STUDENTS**

**International Admissions Requirements**

Listed below are the requirements for applying for undergraduate admission to Johnson & Wales University. In order to expedite the admission process, students must enclose ORIGINAL or CERTIFIED documents (with English translations) when submitting an application. Please note that photocopies, fax copies, scanned or e-mailed documents are not valid.

1. An accurate, complete and legible International Application form that has been signed and dated by the applicant. Please list all schools attended, even if you do not wish to have transfer credits reviewed.
2. Certified bank statement or government sponsorship letter verifying financial support for one academic year.
3. The results of the Test of English as a Foreign Language (TOEFL) or other acceptable proof of English proficiency.
4. Official documentation of higher secondary (high school) graduation, subjects taken and grades earned.
5. Complete transcripts, marks sheets, diplomas or certificates from previous study, along with course descriptions and syllabus (for transfer credit).
6. Copy of biographical section of applicant’s current passport.

Please note that all documents and information should be clear and legible; if important information cannot be read by the International Admissions staff, the admissions process is delayed and, as a result, so is the acceptance/Form I-20 process.

All documents must be sent to:

Johnson & Wales University
International Admissions
7150 Montview Blvd.
Denver, CO 80220 USA
Telephone: 303-256-9300
Fax: 303-256-9333

**English Language Proficiency**

Applicants whose native language is not English must provide proof of English proficiency through academic transcripts or testing. English language proficiency is required for admission to all programs of study at Johnson & Wales University, regardless of country of citizenship or residency.

**ELS Program**

Johnson & Wales University’s collaboration with the ELS Language Center in Westminster, Colorado is designed to help students satisfy the school’s English proficiency requirement. The center provides an intensive English language program and is authorized to issue an I-20 to all qualified students.
The center provides housing assistance throughout the course of study. Upon completion of the center’s Level 112, students are prepared to meet the university’s language requirement.

**TOEFL Requirements**

Johnson & Wales University recognizes the TOEFL (Test of English as a Foreign Language) as proof of English proficiency. TOEFL scores must be received as official ETS scores. The Johnson & Wales University Designated Institution (D.I.) code is: 3465. This code should be used on your TOEFL registration form so that your scores will be sent to us directly.

Minimum TOEFL requirements (all levels, undergraduate and graduate) are as follows:
- TOEFL score of 80 (Internet-based or IBT)
- TOEFL score of 550 (pen/paper or PPT)
- TOEFL score of 210 (computerized or CBT)

Individual section scores must also meet minimum score requirements.

Acceptable proof of English proficiency may also include one of the following comparable English proficiency examinations:
- IELTS (Cambridge), Band 6.5
- City & Guilds Pitman ESOL Examinations — Higher Intermediate or Expert Level
- ELS Level 112 Certificate of Completion and Academic Report
- The London Tests of English LTE, Level 4 (Advanced)
- MELAB (Michigan English Language Battery) — 77
- S.T.E.P. Eiken — (Society for Testing English Proficiency) — Grade 1

Other English language examination results will also be considered, and experience studying in the English language, as documented through school transcripts, will be taken into consideration.

To meet English Proficiency requirements, all English Language examination results must be submitted on an official test transcript which is no more than two years old.

**International Transfer Credit**

Students who wish to transfer to JWU should submit an application for admission and grades or transcripts from all post-secondary schools attended. Transfer credit is determined through an individual course-by-course evaluation of each transcript submitted. Credit is generally awarded for courses you have completed with grades of “C” or better (or equivalent) which are similar in level, content and duration to JWU courses in your intended major. Accepted transfer students will be sent a Transfer Credit Allowance (TCA) showing the credit accepted toward your chosen major.

JWU has many approved formal transfer credit agreements with institutions in more than 40 countries. Consult with officials at your school to see if they have an agreement with Johnson & Wales University.

**Articulation Agreements**

JWU is proud to have a large number of international articulation agreements and transfer credit equivalencies in place with schools and programs which facilitate student transfer to Johnson & Wales University for bachelor’s degree completion. The university is continuously working to develop partnerships with schools around the world for the purpose of offering diverse educational opportunities for transfer students.

In addition, JWU recognizes and grants transfer credit exemptions for a number of diplomas and qualifications provided by accredited colleges, universities and educational organizations throughout the world. Some of these include:

- ACT Global Assessment Certificate (GAC)
- Barbados Community College, Barbados
- Bermuda College, Bermuda
- BITC – Prima: Diploma and National ITE

REGIONAL ADMISSIONS REPRESENTATIVES

The admissions staff of the university includes regional admissions representatives who visit high schools and personally assist students from their areas.

The admissions representative from your area will be happy to meet with you and answer any questions you may have about the university, application procedures and financial aid programs. A full listing of the regional admissions representatives and their phone numbers can be found at www.jwu.edu. Click on Admissions & Aid, then Your Admissions Rep.

QUESTIONS & ANSWERS

When students come to Johnson & Wales for admissions interviews, they ask a variety of questions about the university. Here are some of the most commonly asked questions.

CAN I REQUEST A PARTICULAR ROOMMATE?
Yes, you can specify with whom you would like to live. You and your friend must each indicate your preference on the online housing contract. Every attempt will be made to honor a roommate request, but only if both students have paid their university reservation fees and submitted their housing contracts online within the same time period. (A student who submits their reservation fee and contract in January cannot be placed with a friend who submits their reservation fee in June, for example.) The university does not accept or place co-ed room requests.

HOW DOES THE UNIVERSITY MATCH ROOMMATES?
Students select their own rooms utilizing the online housing application. JWU will only assign students to a room if it is requested by the student or due to time constraints. When students complete the online housing contract they will be asked to submit personal preferences. This information will be used to help students find compatible roommates.

CAN I REQUEST A SPECIFIC RESIDENCE HALL?
Students select their own hall and rooms utilizing the online housing application. Students will be e-mailed as to when they are eligible to select their room and complete the online application. Room selection is on a first-come, first-served basis based on the date the reservation fee and application are received.

CAN I LIVE OFF CAMPUS?
Generally, you may live off campus as a freshman if you meet at least one of the following criteria: you are married, are a parent, are at least 21 years of age, are living at home with a relative, parent, or guardian and commuting within the Denver-seven county metro area (Adams, Arapahoe, Broomfield, Boulder, Denver, Douglas, or Jefferson), are a transfer student, an international student, or are not eligible to live on campus.
All first-year students must submit the exemption request if they wish to be released from the first year live-on requirement. The exemption request can be found at www.jwu.edu/denver > Student Life > Residential Life > Policies & Procedures.

WHERE DO I WASH MY CLOTHES?
All residence halls have card-operated laundry facilities. Money can be added to your laundry card outside the IKON Mail Services Center using cash or credit/debit card.

DO I BRING MY OWN BED LINENS AND TOWELS?
Yes. All rooms are equipped with a closet, dresser, desk with chair and bed for each student. There is a common area in each residence hall that includes a TV and recreation lounge, study rooms, laundry facilities, as well as a shared kitchen.

WHAT KIND OF CLOTHES SHOULD I BRING?
Closet and drawer space is limited, so you should bring seasonal clothing. You’ll find that you will wear mostly casual clothing.

Culinary Arts and Baking & Pastry Arts students receive three chef coats and two pairs of chef pants, and are responsible for keeping them clean. When in academic classes, Culinary Arts and Baking & Pastry Arts students must wear the chef’s uniform, with the exception of the hat, apron and side towel. These students will be provided with new uniforms at each academic level. Additional chef’s uniforms may be purchased at the bookstore.

WHAT’S THE CLIMATE LIKE IN DENVER?
Because Denver boasts 300 days of sunshine each year, the forecast is almost always a good one. Winters are mild with an average daily high temperature of 45 degrees. Snow doesn’t stay on the ground long in Denver so golf courses and outdoor cafes are able to stay open all year. In summer, Denver enjoys beautiful, sun-filled days and cool, comfortable evenings. The average daily high temperature in August is 86 degrees.

WHAT KIND OF SECURITY IS PROVIDED ON CAMPUS?
The Campus Safety Department on the Denver Campus exists to promote the safety of students, faculty, staff and property, providing campus patrols and response 24/7, 365 days a year. Campus Safety also administers the campus access control system which consists of card readers and cameras in every building on campus. For more information regarding Campus Safety, please visit our Web site at www.jwu.edu. Select the Denver Campus > Student Life > Campus Safety.

CAN I HAVE OVERNIGHT GUESTS?
A student living in a residence hall may have up to (2) guests with the explicit permission of the student’s roommate(s). Residents are responsible for escorting their guests within the building at all times and are responsible for their guests’ behavior at all times.

Guests are required to follow all university rules and policies, and may only stay in the residence hall for one 72-hour period with the explicit consent of all roommate(s) involved. Johnson & Wales University reserves the right to deny or limit this visitation privilege.

CAN I HAVE A REFRIGERATOR?
Students may opt to rent a MicroFridge (a refrigerator, freezer and microwave in one unit) through the MicroFridge company. Students may not bring their own units.

WHAT IS THE UNIVERSITY’S POLICY REGARDING ALCOHOL AND DRUGS ON CAMPUS?
The possession or use of alcoholic beverages anywhere on university premises is prohibited except for lawful use at events, operations, or programs sanctioned by university officials. The drinking age in Colorado is 21. The possession or use of illegal drugs, narcotics or drug paraphernalia is absolutely forbidden.
IS THERE A CURFEW?
There is no curfew, but students must respect quiet hours, which are from 10 p.m. to 8 a.m., Sunday through Wednesday; and midnight to 10 a.m., Thursday through Saturday. During final exam weeks, 24-hour quiet hours are in effect.

WHAT’S THE FOOD LIKE?
Although it is not always possible to provide special menus for religious, health or personal reasons, Johnson & Wales University’s dining centers make every effort to accommodate students in need of such diets. A wide variety of food is available in the university’s dining center, providing students with many opportunities to find the types of foods they enjoy.

HOW DOES THE WEEKEND MEAL PLAN WORK?
The Weekend Meal Plan is an optional plan that provides two meals daily on non-class days for students who wish to have weekend meals in a university dining facility (excluding designated holiday periods). If you elect this plan and later wish to discontinue, you must notify the Department of Housing & Residential Education in person with your student identification card. Students may add the plan at any time, but may ONLY drop this plan during the first two weeks of the term.

WHERE CAN I CONDUCT PERSONAL BANKING?
The following are some of the larger banks in the area: First Bank, U.S. Bank, Wells Fargo, Chase Bank, Key Bank and Bank of the West. In addition, the Student Affairs Office and Campus Activities host a Wildcat Connection Fair during the first week of each new academic year. Local businesses, including many banks, are invited to this fair; many students will find banks, get information on accounts and benefits, and set up checking and/or savings accounts through this event.

WHERE CAN I ATTEND RELIGIOUS SERVICES?
Community Worship Books are available in the Student Affairs Office (located on the second floor in the College of Business). The worship book highlights local places of worship for a variety of religious backgrounds.

WILL I BE PENALIZED FOR MISSING CLASS BECAUSE OF A RELIGIOUS OBSERVANCE?
In accordance with the Johnson & Wales University attendance policy, "all absences, regardless of circumstances, are recorded daily and become a part of the student’s permanent attendance record.” The maximum number of absences for valid reasons is based on the quarter credit hours for the course, with the exception of experiential education assignments and laboratories, which have their own specific attendance criteria.

As with all academic matters including attendance, extenuating circumstances are handled on an individual basis. The intent of the attendance policy is not to penalize students but to help them develop a businesslike attitude toward their studies. The university believes that such an attendance policy serves the student population’s best interest. With appropriate planning, students should be able to observe religious holidays within the absence policy. Excessive absences may result in reduction of grades in accordance with the stated faculty policy given at the beginning of each course and may also result in a punitive withdrawal or withdrawal/pass from the course. Attendance policies for experiential education assignments and laboratories are more rigid and will be fully explained during orientations.

WHAT KIND OF PUBLIC TRANSPORTATION IS AVAILABLE IN DENVER?
Denver is an easy city to get around. Downtown is very pedestrian friendly, but you can also hop on the free shuttle that runs along the 16th Street Mall. The Light Rail connects downtown to the suburbs; buses and taxis also offer convenient transport.

DOES THE UNIVERSITY HAVE ITS OWN TRANSPORTATION SYSTEM?
Johnson & Wales University provides transportation to and from university-arranged functions and student activities events.
WHERE ARE THE LOCAL AIRPORT, BUS AND TRAIN STATIONS?
The Regional Transportation District (RTD) provides regular bus service through a six-county region which includes Denver County. For more information call 303-299-6000 or visit www.rtd-denver.com. Discounted and monthly passes are available. Daily Amtrak services operate from Union Station at 18th and Wynkoop Streets. For more information on Amtrak, call 303-534-2812. Denver’s airport is located less than 20 miles northeast of campus at 8500 Pena Blvd. Call 303-222-2000 for more information on the Denver Airport.

WHAT DO I DO IF I GET SICK WHILE IN SCHOOL?
The Health & Wellness Center is open to all Johnson & Wales University students with a valid student ID and provides students with free, comprehensive primary healthcare and prevention services. The center is staffed by a part-time mid-level provider such as a physician’s assistant or nurse practitioner and a medical assistant. A licensed professional counselor is available by appointment for direct clinical services including assessment, brief treatment, referral and crisis intervention.

To schedule an appointment with any of our providers, you can contact the Health & Wellness Center at 303-256-9448.

CAN I HAVE A CAR ON CAMPUS?
Your decision to bring a car on campus should be a well-informed one since parking space is extremely limited. We recommend that first-year resident students do not bring cars to campus.

If you choose to park a vehicle on campus, you must purchase a parking permit from the Student Affairs Office. Permits may be purchased on a yearly or per-term basis. The cost for each permit is determined on an annual basis and published before the start of the fall term.

Parking rules and regulations are strictly enforced by the Campus Safety Department. Campus Safety issues monetary fines for vehicles that are parked illegally. Failure to adhere to parking regulations may result in a vehicle being ticketed, booted or towed at the owner’s expense. Please review the University Parking Policy in the Student Handbook for more information.

The university is not responsible for any vehicle or its contents while it is parked on university property. All vehicles that are parked on university property are required to have a valid registration and insurance at all times.
TUITION AND FEES

The following tuition and fees schedule is effective for the 2009–2010 academic year. Tuition and fees are subject to change annually.

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Annual Tuition</td>
<td>$22,149</td>
</tr>
<tr>
<td>General Fee</td>
<td>$1,065</td>
</tr>
<tr>
<td>Room &amp; Board</td>
<td></td>
</tr>
<tr>
<td>Value Room</td>
<td>$8,274</td>
</tr>
<tr>
<td>Standard Room</td>
<td>$9,249</td>
</tr>
<tr>
<td>Weekend Meal Plan (Optional)</td>
<td>$1,068</td>
</tr>
</tbody>
</table>

Tuition is applicable to all students, including those on approved off-campus programs, including co-ops, study abroad, internships and externships. Students enrolled in courses in excess of a normal full-time schedule will be assessed an additional tuition charge. For purposes of tuition billing and financial aid eligibility, full-time status is determined on a term basis and consists of 12 to 21 quarter credit hours per term. Students carrying more than 21 quarter credit hours will be charged for each quarter credit over 21. When repeating courses already attempted, students may be assessed a fee for those courses. Students are fee assessed tuition upon course registration each term. Summer is considered a separate term.

The General Fee, which is nonrefundable, includes social and athletic activities, student health and accident insurance, student publications and graduation.

Room & Board is for the academic year (excluding some holiday periods) and includes residence hall accommodations and three meals daily on class days only (generally Monday through Thursday).

The Optional Weekend Meal Plan provides two meals daily from Friday through Sunday for students who wish to have weekend meals in a university dining facility (excluding designated holiday periods). Residence hall students may only remove the plan through the first two weeks of each term.

After that time, the charge cannot be credited for that term. A student can add the weekend meal plan at any time during the term but will be charged a prorated fee.

RESERVATION FEE AND OTHER FEES

Reservation Fee $300
Required of all new students after receipt of official acceptance from the university, this reservation fee will reserve the student’s seat in class and is credited to the student’s account.

Upon submitting a university reservation fee, students become eligible to select an on-campus room assignment. Students who submit their reservation fee by April 2009 will optimize their chances to secure a residence hall of their preference. If a reservation fee is received after April 2009, residence hall preferences cannot be guaranteed. Students must also have an approved payment plan with Student Academic & Financial Services by July 10, 2009 in order to guarantee a room assignment. Students who establish an approved payment plan after July 10, 2009 could be placed in a temporary assignment regardless of fee payment date, although Housing and Residential Education will make every effort to assign students to permanent room assignments.

Requests for refunds of the reservation fee will be granted upon written request to the university prior to May 1, 2009. After May 1, 2009 the reservation fee of $300 (or $150 of such fee in the case of applicants to the North Miami Campus) is nonrefundable.

Orientation Fee $276
This nonrefundable fee, which is uniformly charged, is required of all new students for orientation and term start activities. It is charged during the fall, winter and spring terms.

Extension Students
Tuition rates for extension students are billed based on the number of quarter credit hours scheduled.
Early Enrollment Program Tuition
Early Enrollment Program tuition is 50 percent of the 2009–2010 tuition charge. Refer to Page 22 for a description of the Early Enrollment Program. Early Enrollment Program students are also subject to appropriate university fees, including full general fee and full room and board charges. Early Enrollment Program students are not eligible for any federal financial aid or institutional need-based aid while enrolled in the program. Early Enrollment Program students should contact the Financial Planning Office for information on alternative funding and to determine how scholarships they are receiving will be affected while in the Early Enrollment Program.

Student Health and Accident Insurance
All day school students are covered by a health and accident insurance plan. Insurance information sheets are available at several locations throughout the university. Insurance cards and brochures are mailed to students within four weeks of their enrollment. Refer to the insurance brochure for a definition of the effective date of coverage and the opportunity to continue coverage over the summer.

Books and Supplies
The cost of books and supplies is approximately $700–$900 per academic year. These costs are not applied to the student’s invoice. Books and supplies must be paid for at the university’s bookstore at the time of purchase. The bookstore operates a textbook sales/buy-back program to help students minimize these costs.

PAYMENT OPTIONS

I. Annual Payments
The student may make one payment in full for the entire academic year. Students are responsible for paying all charges in full or making appropriate arrangements by the published due date of July 10, 2009.

II. Term Payments
Students may choose to make three payments a year, which are payable by the publicized due dates established prior to each term. The published due date for September 2009 is July 10, 2009.

III. Monthly Payments
Students may choose to pay the annual amount due in convenient monthly payments. This option is available through Tuition Management Systems (TMS) at www.afford.com. There is an enrollment fee to participate; however, the payments are interest free. Students interested in this option must contract with TMS and pay the first payment, in addition to the enrollment fee, by the published due date of July 10, 2009.

All Johnson & Wales University students must fulfill their financial obligations to the university by the published due date of July 10, 2009 (all off-term entrants must meet the financial obligation by the published date for that term).

To meet your financial obligation you must do one of the following by the published due date:
- Make a full term payment
- Contract with TMS and pay the first monthly payment, as well as the enrollment fee
- Have an approved loan which covers the annual balance
- Have an approved payment plan with Student Academic & Financial Services using a combination of the above options

If you do not fulfill your financial obligation by the published due date, your housing assignment will be removed. In addition, your acceptance to enroll for the 2009–2010 academic year may also be revoked.

REFUND POLICIES

General Policy: To the extent that any charges due to the university remain unpaid, no refund check will be issued. No tuition or fees (other than the reservation fee) will be assessed for terms that the student does not begin. Students who withdraw from the university prior to the end of the academic year will have their financial aid adjusted.* Institutional grants and scholarships will be reduced in proportion to any tuition credit received as defined in the university’s Withdrawal Credit Policy. Full-term eligibility

* Any student enrolled solely in culinary lab courses, who fails to attempt any of the scheduled courses, will be considered to have withdrawn from the university.
for institutional loans will be credited to the student’s account to the extent that any charges are due the university. The distribution formula for the institutional refund to the Federal Student Financial Aid program will be calculated according to federal regulations. The university’s Withdrawal Credit Policy applies to all withdrawals from the university, voluntary or involuntary.

Term charges, institutional merit scholarships and institutional aid are subject to the university’s Withdrawal Credit Policy upon withdrawal from the university. Term charges are defined as tuition, and if applicable, room only, room and board, weekend meal plan, the general fee and orientation fee. Tuition is applicable to all students, including those on approved off-campus programs including co-ops, study abroad and externships. Merit scholarships and institutional aid are defined as any source of funding from Johnson & Wales University. The General Fee is nonrefundable. The official notice of withdrawal from the university may be done in person or by written notification through Student Academic & Financial Services. Refunds are calculated by the date of termination which is based on the date Student Academic & Financial Services receives notification of withdrawal from the student or faculty member. Any refund due will be issued within 45 days after the date that the university was first notified of the withdrawal.

**University Withdrawal Credit Policy**

If a student terminates during:

- the first or second week of the term, the university will credit 90 percent of the term charges. If eligible, all institutional aid/scholarships for that term will be adjusted to 10 percent.
- the third or fourth week of the term, the university will credit 50 percent of the term charges. If eligible, all institutional aid/scholarships for that term will be adjusted to 50 percent.
- the fifth or sixth week of the term, the university will credit 25 percent of the term charges. If eligible, all institutional aid/scholarships for that term will be adjusted to 75 percent.

After the sixth week of the term, students will be responsible for 100 percent of the term charges and will receive 100 percent of that term’s eligible institutional aid/scholarships.

Examples of university refund policies are available upon request in the Student Academic & Financial Services Office. Refer to Page 31 for the Federal Withdrawal Policy.

**FINANCIAL OBLIGATIONS**

Continued enrollment as a student in good standing and certain other student benefits (diplomas, transcripts, etc.) are conditioned upon being current in all financial obligations to the university, including loans in which the university appears as a holder or guarantor.

**STUDENT FINANCIAL SERVICES (SFS)**

**FINANCIAL PLANNING**

The university realizes that financing an education may be a very complex process for many students. In order to assist students and their families in these matters, Johnson & Wales has established a staff of financial planning counselors. These counselors are available to work with students and their families on an individual basis to help them best utilize their own funds and other available resources to meet educational expenses. For more information and assistance call 1-877-598-3368 or 303-256-9700.

**FINANCIAL AID**

To assist students in meeting their educational expenses, Johnson & Wales University offers several types of financial assistance — scholarships and grants, low-interest loans and employment opportunities. In many cases, qualified students receive a financial aid package which includes all three types of financial aid. Financial aid is awarded on an annual basis and is disbursed in three equal installments (fall/winter/spring).
A list of Johnson & Wales financial assistance and work programs and descriptions of the programs are included in this catalog.

Students participating in Study Abroad programs may be eligible for financial aid. For more information, please contact Student Academic & Financial Services.

In an effort to reduce the loan burden during the student’s first year, Johnson & Wales University will attempt to package students with a higher percentage of grant aid.

Important Note: There is a cap on the total dollar amount of scholarships, grants, awards, prizes and other aid that the university will award to a single student during a given academic year. The maximum amount is determined prior to each year’s financial aid awarding process and includes both university funded and university administered monies. Please contact Student Academic & Financial Services for further information regarding this cap.

3. Independent Students
To be considered independent for financial aid purposes for the 2009–2010 academic year, students must answer yes to one of the following questions:

1. Were you born before January 1, 1986?
2. As of today, are you married? (Answer yes if you are separated, but not divorced.)
3. At the beginning of the 2009–2010 school year, will you be working on a master’s or doctorate program (such as an M.A., M.B.A., M.D., J.D., Ph.D., Ed.D. or graduate certificate, etc.)?
4. Are you currently serving on active duty in the U.S. Armed Forces for purposes other than training?
5. Are you a veteran of the U.S. Armed Forces?
6. Do you have children who will receive more than half of their support from you between July 1, 2009 and June 30, 2010?
7. Do you have dependents (other than your children or spouse) who live with you and who receive more than half of their support from you, now and through June 30, 2010?

Students who cannot answer yes to one of the above questions are considered dependent and must complete their Free Application for Federal Student Aid as a dependent student. Please feel free to contact Student Academic & Financial Services with any questions.

4. Verification and Other Documentation
The Student Academic & Financial Services Office may request additional documentation to verify information provided on the FAFSA. The student and his/her parents may be required to submit signed and dated copies of their Federal Income Tax Returns (1040). The student’s financial aid package will not be complete until all requested documentation has been received and reviewed by the Student Academic & Financial Services Office. In addition, all student loan borrowers must attend an entrance and exit counseling session, during which the student will be advised on his/her loan obligations.

STUDENT ELIGIBILITY REQUIREMENTS
Financial aid will be distributed to the student based upon the student’s financial need. All students seeking financial assistance must file a FAFSA with the Federal Processor. The FAFSA form is used to determine the student’s financial need.

Financial need is the difference between the cost of the student’s education (tuition and fees, room and board, books, supplies, transportation and personal expenses) and the total contribution expected from the student and his/her family. The student’s total family contribution is based on an analysis of the information which the student supplied on the FAFSA. Among the items considered are total family income, assets, the number of people in the household, the number of siblings in college, and the student’s own resources, such as earnings, savings, and untaxed income which the student may receive. Johnson & Wales University also considers these items when determining eligibility for university funds.

Campus-based financial aid programs, including the Federal Supplemental Educational Opportunity Grant (SEOG), Federal Perkins Loan and Federal Work-Study programs are administered by Johnson & Wales University. Students apply for these programs through the filing of the FAFSA.

Federal Academic Competitiveness Grant (ACG)
This federally funded program provides financial assistance to students who are U.S. citizens or eligible non-citizens and are eligible for the Federal Pell Grant. The ACG is available to first-year students who have completed a rigorous secondary high school program of study after January 1, 2006. (Johnson & Wales will evaluate criteria.) First-year students may receive up to $750 for their first academic year. Second-year students may be eligible for up to $1,300 if they have completed a rigorous high school program of study after January 1, 2005, have a cumulative 3.00 GPA and are eligible to receive a Pell Grant.

Federal Pell Grant
The Federal Pell Grant is a federally funded entitlement program to assist needy undergraduate students. Eligibility for these grants is determined by the U.S. Department of Education based on the information provided on the FAFSA. Pell recipients can have a less than half-time status. Students with a previous bachelor’s degree are not eligible for a Federal Pell Grant. The maximum Pell Grant award for the 2008–09 award year (July 1, 2008 to June 30, 2009) was $4,731. The maximum Pell Grant award can change each award year and depends on program funding. Further information may be obtained by visiting the Web site of the U.S. Department of Education at http://studentaid.ed.gov.
**Federal Supplemental Educational Opportunity Grant (SEOG)**
This federally funded program provides financial assistance to students who demonstrate exceptional financial need. The amount Johnson & Wales University awards ranges from $100 up to a maximum of approximately $1,000 per academic year, based on financial need and the availability of funds. Students with a previous bachelor’s degree are not eligible for a Federal Supplemental Educational Opportunity Grant.

**Federal Work-Study Program**
Federal Work-Study is a federally funded program that provides part-time employment to students with financial need. Positions are available throughout the university and with selected off-campus community service agencies.

Work-study gives students the opportunity to earn money to help pay educational expenses. Students are paid at an hourly rate for actual hours worked. The amount earned cannot exceed the total work-study award. Work-study funds are paid bi-weekly directly to the student; therefore, funds will not be applied to the student’s account unless arrangements are made with the Student Academic & Financial Services Office.

**Federal Perkins Loan**
This low-interest loan is funded by the federal government and administered directly by the university. A Master Promissory Note for this loan will be mailed to all eligible students with their financial aid award packets.

Students may borrow up to $4,000 for each year of undergraduate study (the total a student can borrow as an undergraduate is $20,000). However, the amount a student may borrow may be less than the maximum available. The university receives a certain amount of Perkins funds each year from the U.S. Department of Education. When all available funds for that award year have been distributed, no more award funds can be made for that year. The amount a student will receive depends on financial need and the availability of funds.

Students must begin to repay this loan nine months after they leave college or drop below half-time status. The repayment of principal and interest may be extended over a 10-year period. The amount of each payment depends upon the amount of the student’s debt and the length of the student’s repayment period, but the student must pay at least $40 per month.

**Federal Subsidized Stafford Loan**
This loan program provides low-interest loans to students who demonstrate financial need. A Master Promissory Note for these loans will be mailed to all eligible students with their financial aid award packets.

Students may borrow up to a maximum of $3,500 per academic year for the first year of undergraduate study, $4,500 for the second year and $5,500 per year for the third and fourth years. The student must begin repayment six months after he/she leaves college or drops below half-time status, and the student’s payment will be at least $50 per month. The amount of the student’s monthly payment will be determined based upon the amount of student debt and the length of the repayment period.

**Federal Unsubsidized Stafford Loan**
This loan program offers low-interest loans to students who demonstrate little or no “financial need.” The terms and loan limits are the same as for the Federal Subsidized Stafford Loan except that the federal government does not pay interest on the borrower’s behalf while the borrower is enrolled in school. During that time, the student borrower can choose either to make quarterly interest payments or to “capitalize” interest. “Capitalizing” interest means the lender will add interest accrued to the principal balance. This will eliminate the need for interest payments while in school.

Independent students are also eligible to borrow Federal Unsubsidized Stafford Loans. Students may borrow up to a maximum of $4,000 per academic year for the first and second years, and $5,000 per year for the third and fourth years. These amounts are in addition to the Federal Subsidized/Unsubsidized Stafford Loan amounts discussed above.
The Parent Loan Program for Undergraduate Students (PLUS)

The Federal PLUS Program provides loans to parents of dependent students to attend college. PLUS borrowers do not have to demonstrate need, but are subject to a credit analysis by the lending institution. The parent applying for the loan must fill out a PLUS Master Promissory Note as well as a Loan Amount Request Form. Repayment of this loan must begin within 30 days of the time the loan is fully disbursed annually, or the borrower can contact the lender to request a deferment. The borrowing limit is the total cost of attendance, minus any financial aid being received.

Borrowers have the right to select any U.S. Department of Education approved lenders for Stafford loans and PLUS loans. The university is required to process the documentation to obtain these loans from any U.S. Department of Education approved lender selected by students or parents of dependent students, as applicable.

Please note that the loan information described in this catalog is based upon the available information as of the date of the production of this catalog. Updated information regarding federal grants and loans may be obtained by visiting the U.S. Department of Education Web site at http://studentaid.ed.gov.

Applications for these loans are available in Student Academic & Financial Services or on your selected lender’s Web site.

Aid from these programs is awarded on the basis of financial need. In order to receive maximum consideration for financial assistance, it is recommended that the student apply as soon as possible after January 1. The award process for first-year students begins in March of each academic year. Renewal of financial aid is not automatic. Recipients are required to reapply each year by the announced deadline.

To be eligible for these programs, students must meet the following criteria:
1. demonstrate financial need;
2. maintain satisfactory academic progress (financial aid will be suspended until satisfactory academic progress is again achieved);
3. be enrolled in an eligible degree or certificate program;
4. be enrolled on at least a half-time (at least 6.0 quarter credit hours) basis (students enrolled on a less-than-full-time basis may have their financial aid reduced; some students enrolled on a less-than-half-time basis may qualify for a Federal Pell Grant);
5. be a U.S. citizen, permanent resident, or eligible non-citizen;
6. not owe a refund on a Federal Pell Grant or be in default on a Federal Perkins Loan, Federal Subsidized Stafford Loan, Federal Unsubsidized Stafford Loan, Parent Loan for Undergraduate Students (PLUS) or Supplemental Loan for Students (SLS); and
7. sign a Statement of Educational Purpose, a Statement of Registration Status and a Statement on Overpayments and Defaults.

Students are eligible to receive financial aid as long as they maintain satisfactory academic standing as defined on Page 42 of this catalog.
and in the Student Handbook. Students who fail to maintain satisfactory academic progress will be notified by Student Academic & Financial Services. All financial aid will be suspended until satisfactory progress is again achieved.

Return of Title IV Funds (federal aid)
When students withdraw during a payment period or period of enrollment, the amount of student financial aid program assistance earned up to that point is determined by a specific formula. If the student receives (or the university receives on the student’s behalf) less assistance than the amount earned, the student may be able to receive those additional funds. Students who received more assistance than what they earned must return the excess funds.

The amount of federal assistance earned is determined on a pro-rata basis. That is, if a student completes 30 percent of the payment period or period of enrollment, the student earns 30 percent of the federal assistance he or she was originally scheduled to receive. Once the student completes more than 60 percent of the payment period or period of enrollment, the student earns all scheduled federal assistance.

The student’s loan monies (subsidized, unsubsidized and PLUS) must be received by Johnson & Wales University before the student’s notification date, in order for the money to be considered within the formula. If the student is eligible for a post disbursement, a written notice will be mailed requesting the consent of the borrower to post to the student’s account. The amount of institutional assistance earned is based on the week that the student withdraws from the university and follows the percentage the university credits the student’s charges (Page 32).

If a student receives excess funds that must be returned, Johnson & Wales University must return a portion of the excess equal to the lesser of:
- the student’s institutional charges multiplied by the unearned percentage of the student’s funds
- the entire amount of the excess funds.

If the university is not required to return all excess funds, the student must return the remaining amount. Any loan funds that the student must return, must be repaid by the student (or his or her parents for a PLUS Loan) in accordance with the terms of the promissory note.

If a student is responsible for returning grant funds, the student does not have to return the full amount. Students are not required to return 50 percent of the grant assistance received that is the student’s responsibility to pay. Any amount not returned is a grant overpayment, and the student must make arrangements with the university or Department of Education to return the funds.

Federal regulations establish the following allocation for students who receive Title IV, HEA program funds:
- A refund owed to a student who received funds under any Title IV, HEA program will be returned to the Title IV, HEA programs from which the student received aid in the following order until the amounts received by the student from these programs is eliminated: the Perkins Loan, the Unsubsidized/Subsidized Stafford Loan, the Parent Plus Loan, the Pell Grant, Academic Competitiveness Grant, the National SMART Grant, the FSEOG program, all other sources of aid, and the student.

FINANCIAL AID PROGRAMS
The following programs are the major financial aid resources available to students. Students may receive assistance from any one of these, or from a combination of all of these programs, in what is called a financial aid package. Student eligibility for these programs is based on completion and submission of the form(s) described in the How to Apply section. Since awards are not automatically renewable, students must reapply each year. All financial aid awards are determined based on an academic year (fall/winter/spring terms). Financial aid awards are disbursed based on this term system, which equates to three disbursements.
Federal loan programs are applied to the student’s account with the university in equal disbursements per term based on the loan period and the student’s entrance date.

Johnson & Wales Grant
This grant is awarded to students based on the annual financial aid awarding process and the student’s financial need.

FINANCIAL ASSISTANCE, SCHOLARSHIPS AND WORK PROGRAMS
Last year, Johnson & Wales University awarded more than $94 million in institutional aid to students. Awards range from $500 to full tuition. Scholarships, grants, loans and work programs awarded depend on the university budget, and are dependent on students meeting program eligibility requirements. These programs are only available to full-time, undergraduate, day school students during the academic year and are not available during the summer term. Note: Scholarship funds are applied to the student’s account with the university in three equal disbursements by term (e.g., a $3,000 Presidential Academic Scholarship recipient would receive $1,000 per term).

Most scholarships are renewable for up to four consecutive years of enrollment. For many of the programs listed below, a minimum grade point average is required for continued eligibility. Scholarships and grants are not awarded based on athletic ability or participation.

Important Note: There is a cap on the total dollar amount of scholarships, grants, awards, prizes and other aid that the university will award to a single student during a given academic year. The maximum amount is determined prior to each year’s financial aid awarding process and includes both university funded and university administered monies. Please contact Student Academic & Financial Services for further information regarding this cap.

Alpha Beta Gamma (International Honor Society) Scholarship: A scholarship worth up to $5,000 is awarded to outstanding transfer students who are members of Alpha Beta Gamma. The application for this scholarship is the application for admission to the university.

Business Professionals of America Scholarship (BPA): The university offers a number of BPA scholarships ranging from $1,000 up to full tuition. Awards are based on BPA activities and academic record, and are renewable based on continued involvement in and support of BPA. Apply for admission online at www.jwu.edu. The deadline for full tuition scholarship eligibility is February 1, prior to enrollment.

Students must have completed 30 semester hours at another institution and maintained a minimum 3.00 cumulative average. Students must maintain a GPA of 2.75 in order for the scholarship to be renewed. The scholarship application is the application for admission to the university.

Tuition Exchange Scholarship: Students who meet the qualifications of both Johnson & Wales and the participating exchange college or university may be awarded up to full tuition. Applications are available at the participating institutions which are listed on the tuition exchange Web site, www.tuitionexchange.org.

FUNDED/DONATED SCHOLARSHIPS
Johnson & Wales University administers donated scholarships which are funded by businesses, individuals and professional organizations. In many cases, students must have completed at least one term of enrollment at Johnson & Wales to be considered. These funds are awarded to eligible candidates based on established criteria.

OUTSIDE SCHOLARSHIPS
There are many other potential scholarship sources that students should consider to help finance their education. Students should contact the Higher Education Assistance Agency in their home states for information about the possibility of state grants or scholarships.

Scholarship aid is often available from high school and community organizations with which students or their parent(s) may be affiliated. Local libraries are an excellent resource for finding information on scholarships from organizations throughout the United States. There are also a number of Web sites available to assist students in the scholarship search. To view a guide to free scholarship searches online, please visit the Johnson & Wales Web site at www.jwu.edu.

Many companies provide scholarship aid for children of their employees, while others provide aid directly to students who work for them part-time while in school.
Johnson & Wales University Colorado Opportunity Grant Program
To be eligible for the JWU Colorado Opportunity Grant students must complete the Free Application for Federal Student Aid (FAFSA), must meet the Colorado residency requirements and be enrolled as a full-time day school student at Johnson & Wales University’s Denver Campus. Eligible residents can receive up to $400 per term (three terms per year, no summer term).

To be eligible for the JWU Colorado Opportunity Grant students who enrolled after the fall of 2008 MUST be eligible for the Pell Grant. For students who enrolled prior to fall 2008 a FAFSA must be completed prior to March 15, 2009 and the student must demonstrate financial need.

This grant is available only to Colorado residents. The Denver Campus of Johnson & Wales University is the only campus eligible for this grant on behalf of enrolled Colorado residents.

State Grants/Scholarships: Students from the following states may be eligible for state grant money:
- Delaware
- Maine
- Maryland
- Pennsylvania
- Rhode Island
- Vermont
Contact the Higher Education Authority in your home state for more information.

Dollars for Scholars: Johnson & Wales University will match scholarship awards made to entering students by affiliated Dollars for Scholars chapters of Scholarship America.

International Association of Culinary Professionals Foundation (IACP) Scholarship: The IACP Foundation awards one $2,500 scholarship per campus, which is matched by Johnson & Wales. All criteria are determined by IACP. Applications are available through IACP and are due by December 1.

WORK PROGRAMS

Fellowship Program: Selection for this program is based on strong academic performance and successful completion of the internship. Applications are available at Practicum Properties or the Culinary Administration Office. Awards for 2009–2010 are up to $9,000 and are renewable based on annual employee performance and 2.75 GPA maintenance.

Resident Assistant Program: Students are selected for this program based on strong academic performance and residence hall experience. Applications are available from the department of Housing and Residential Education. Awards range from $6,600–$9,300 and are renewable based on annual employee performance.

Student Assistant Employment Program: Scholarships are awarded to all students selected for this program. No application is necessary, but a résumé is requested by the hiring department for consideration. Selection is based on strong academic performance and the possession of necessary skills. Awards for 2009–2010 are up to $3,000 and are renewable based on annual employee performance and 2.50 GPA maintenance.

Teaching Assistant Program: Selection for this program is based on strong academic performance and successful completion of the internship. Applications are available at Practicum Properties or the Culinary Administration Office. Awards for 2009–2010 are up to $7,500 and are renewable based on annual employee performance and 2.75 GPA maintenance.

Important notice for international students: Please be aware that some of the above programs offer a room and board grant for eligible summer participants. Non-resident alien students with an F-1, J-1 or Q-1 visa will be subject to U.S. income tax withholding on any grant received for room and board.
SATISFACTORY ACADEMIC PROGRESS

A student must meet the listed standards while enrolled at Johnson & Wales University. Students in certificate or degree programs may receive financial aid for not more than 150 percent of normal program completion time.

If a student exceeds the established 150 percent Completion Time Credit Limit before completing all degree requirements, the student will lose (and be ineligible to receive) financial aid for future terms. Programs vary; consult with Student Academic & Financial Services regarding your particular program.

In addition, students must maintain a specific Grade Point Average (GPA) throughout the maximum 150 percent timeframe of program completion (see chart below). Credits attempted include awarded transfer, attempted, and completed credits.

Students will be reviewed at the end of each enrolled term to determine they are meeting the aforementioned satisfactory academic progress criteria. If a student is nearing stated credit and GPA requirements, the student will be notified in writing and placed on probation for up to two consecutive terms. Following the two terms, if the student has exceeded the 150 percent completion requirement and/or has not met the GPA requirement, the student will not be eligible for financial aid for the future term(s), and will be notified in writing of their loss of eligibility. Students may remain eligible to register classes; however, alternative payment arrangements with Student Academic & Financial Services will need to be made.

Students who have extenuating circumstances during a period of probation may appeal to Student Academic & Financial Services. The appeal must be filed within two weeks upon notification of probation. The Review Committee will then respond to the appeal, in writing, within two weeks of receipt. Specific guidelines can be obtained by contacting Student Academic & Financial Services.

**LEAVES OF ABSENCE**

Time for an approved leave of absence will not be included in the calculation of a student’s maximum program length.

**REMEDIAL COURSES**

Remedial courses are not included in a student’s program of study or GPA and therefore, will not affect satisfactory academic progress.

*Student may be allowed up to two consecutive probationary terms of satisfactory academic progress. Student loses financial aid eligibility the third time they are not making satisfactory academic progress.*
CLASS SCHEDULES

Undergraduate classes for students are generally scheduled two-to-four days per week, Monday through Thursday. The typical schedule for all business and hospitality students, and culinary students not taking labs, is three or four courses per term. Students who are eligible to Web register are advised to maintain full-time status (12 credits) to be eligible for financial aid.

Occasionally, make-up classes are scheduled, due to holidays or other missed days, to meet minimum classroom hour requirements. The dates of these rescheduled classes are available on uconnect. It is possible that at times a course may not be rescheduled and the student will be responsible for all work as outlined in the syllabus.

SUMMER SESSIONS

Optional summer session courses are offered by the university based on demand. Individual courses may not be offered in the summer if student interest or enrollment is not sufficient; as a result, summer completion cannot be guaranteed.

Students matriculating at Johnson & Wales are not granted credit for summer session courses taken at other institutions unless prior permission has been granted by the director of Student Academic & Financial Services.

COURSES TAKEN AT OTHER INSTITUTIONS

Undergraduate students requesting to take courses at another institution must submit their requests in writing to obtain prior written approval from the director of Student Academic & Financial Services. The following guidelines must be met:

- There is a limit of three courses which may be taken during enrollment at the university.
- The course(s) must not be in the major field.
- The student may not have taken the course(s) previously at the university and received a grade of “F,” “W,” “WF,” “I” or “GP.”
- Grades of “C” or better (2.00 or equivalent) from an accredited institution may be accepted for transfer.
- The courses must be taken within one year of permission being granted.
- Courses cannot be taken locally unless JWU does not expect to offer the class before the student’s anticipated graduation date.

Students must submit a request to take classes elsewhere form (which may be sent by fax or e-mail) which includes their ID number, descriptions of the courses they desire to take at another institution, the name of the institution, and any other pertinent details of their situation.

Students, as always, are responsible for meeting the requirements of satisfactory academic progress.

ATTENDANCE

Students are expected to attend every meeting of every class in which they are enrolled. The maximum number of absences for valid reasons is based on the quarter credit hours for the course, with the exception of experiential education assignments and laboratories, which have their own specific attendance criteria. Absences beyond the stated maximum for each course may jeopardize academic standing or financial aid.

The Center for Academic Support should be notified immediately of any necessary prolonged absences. The Student Handbook contains rules and regulations for frequent or prolonged absences from class.
Students are expected to familiarize themselves with attendance requirements outlined in the Student Handbook. The Student Handbook can be found online at www.jwu.edu. Select the Denver Campus, then click on Student Life.

Grade reports are viewable on uconnect.

Honors Option (H)

If a course was taken as an Honors Program requirement, the grade received will be followed by “H” (for example, AH, BH).

Failure (F)

Issued if a student maintains required attendance but fails to achieve adequate scholastic progress. The grade is recorded permanently on the student’s academic record. Upon successful completion of the course at a later date, the cumulative average is adjusted to reflect only the passing grade. However, both grades will appear on the academic transcript. This system allows students to recover academically from poor terms and graduate within a reasonable amount of time.

Withdrawal (W), Withdrawal/Pass (WP), Withdrawal/Fail (WF)

In order to record attempted credits (including for purposes of determining satisfactory academic progress), a grade of W, WP, or WF is recorded when a student withdraws, or is withdrawn due to excessive absences, from a registered course after its add/drop period has ended. Students withdrawing from graduate and postgraduate level courses are eligible for a W grade only. A W is a punitive and failing grade issued at the instructor’s discretion, and is entered permanently into the term and cumulative grade point averages. In order to qualify for a WP, the student must have an estimated grade of 60 or higher at the time of withdrawal. This grade is not entered into the term and cumulative grade point averages. If the estimated grade is below 60, the student will be issued a WF, which is entered into the term and cumulative grade point averages as a failing grade until successful completion of the course at a later date.

Incomplete (I)

Issued to students if they are unable to complete course requirements (because of authorized absences due to service commitment or illness). Outstanding work must be completed within two weeks of the exam class day or the grade will automatically become an “F.”

No Credit (NC)

A non-punitive designation issued to a student who has been authorized to withdraw from class, or the university, due to extenuating circumstances documented with a Student Academic & Financial Services counselor, or who has withdrawn from the university prior to mid-term.

Grade Pending (GP)

A temporary mark given when the completion of course requirements is still underway. A grade pending is not calculated into the cumulative average and is generally used under extreme, extenuating circumstances. If a grade is not submitted to replace the “GP” within one year, it will automatically become an “F.”
Audit (AU)
Issued when no academic credit is granted. The academic work required in an audit situation is at the discretion of the individual faculty member. Audited classes require normal tuition fees, and must be scheduled during the regular scheduling process. Prerequisite course requirements must be met. Not applicable for laboratory classes.

Proficiency (P)
Granted for achievement of multiple levels of skills in progression where the self-paced approach is in effect. This grade is not calculated into the cumulative average.

Prior Learning (PL)
Students may earn credits for the knowledge or skills they have mastered outside the classroom through volunteer work, employment, travel programs, organizations or other comparable sources.

Satisfactory/Unsatisfactory (S/U)
Used for designated courses throughout the university.

Challenge Exam (CX)
Granted for specifically designated courses upon successful completion of department challenge exams.

No Grade (NG)
“NG” is issued temporarily when there is no grade provided by the faculty member. This grade is not factored into the student’s GPA. Once a grade is submitted, the cumulative average and transcript will reflect only the new grade.

ACADEMIC AND PERFORMANCE TRANSCRIPTS
A transcript is a representation of a student’s entire academic record while at Johnson & Wales. The university employs two types of transcripts: academic and performance. An academic transcript reflects a student’s unabridged academic history at the institution, including all letter grades.

A performance transcript identifies the practical skills, including writing, associated with a student’s academic coursework. Skills are graded as “developing,” “validated,” “mastered” or “not tested.” The purpose of a performance transcript is to better represent the practical skills obtained by the student.

Official transcripts are printed on official paper and then placed in sealed envelopes issued directly to the student or authorized designee. Official transcripts may be released only upon written request of the student; this is done in accordance with the Family Educational Rights and Privacy Act (FERPA). The university does not charge a fee for transcripts. Students are only allowed 10 transcripts per year. Transcripts will not be released if a student is not current in all financial obligations to the university. Transcripts are not official if faxed. Allow three business days for processing. Students intending to pick up transcripts in person must make the request in person at Student Academic & Financial Services or complete a transcript request.

Unofficial transcripts may be obtained on uconnect.

ACADEMIC STANDARDS
The university expects all students, part time or full time, to meet minimum standards of academic achievement. Students are in good academic standing if they maintain a GPA of 2.00 or better, which is a graduation requirement. All freshman students begin in good academic standing.

Withdrawals (Page 44), grades of “incomplete” (Page 44), failures (Page 44), repeated courses (Page 47), and transfer courses (Page 48) may affect a student’s academic standing and progress. Remedial courses are not included in a student’s program of study and therefore will not be reflected in the student’s GPA. Johnson & Wales does not offer courses on a pass/fail basis.
ACADEMIC PROBATION
The student will be placed on academic probation if his or her GPA is less than 2.00, but higher than suspension standards. All students placed on probation will be advised by their academic counselor and will be offered appropriate resources. Students may matriculate on probationary status for no more than three consecutive terms.

During the time of academic probation, the student’s progress is monitored by the Committee on Academic Standing. This committee determines whether to impose academic suspension or permanent academic dismissal if academic achievement standards are not met.

Students on probation who achieve a 2.00 or better GPA will return to good academic standing. Students on academic probation will need to meet with academic counselors before registering for courses. Web registration is not available to students on academic probation until they meet with an academic counselor.

SUSPENSION
Students will be placed on suspension if the student’s GPA is below a 1.00 after the first term; if the student’s GPA is below a 1.25 after the second term; if the student’s GPA is below a 1.50 after the third term. The suspended student is not allowed to matriculate at the university and is expected to work on academic deficiencies. The student must petition the Committee on Academic Standing in order to reinstate and matriculate at the university. The student must provide documentation of academic improvement.

COURSE REPETITIONS AND INCOMPLETES
Grades earned or skills developed as a regular student, or during the continuation period as a nonregular student, may be substituted for previous course failures in the calculation of the student’s grade point average. The repeated course will be calculated as a course attempted for purposes of determining satisfactory academic progress. The student may not extend their program beyond one-and-one-half times the normal program length.

MITIGATING CIRCUMSTANCES
The Committee on Academic Standing may waive interim satisfactory standards for circumstances of poor health, family crisis, or other significant occurrences beyond the control of the student. Documentation of the mitigating event and demonstration by the student of the adverse impact on the student’s satisfactory progress must be provided.

Suspended students, after one term of nonmatriculation, may appeal in writing to the Committee on Academic Standing. Dismissed students may appeal in writing to the Academic Appeals Committee. All letters should be received in Student Academic & Financial Services no later than six weeks after dismissal. Committee decisions are final.

Students who reinstated into the university will be placed on “Academic Warning” and will be allowed to schedule for 13.5 credits in academic classes or 15 in laboratory classes. In addition, students are required to attend a mandatory study skills strategies seminar and tutoring in the content areas. Failure to complete this requirement will result in immediate dismissal. These students risk permanent dismissal from the university if they are unable to meet the academic guidelines.

ACADEMIC ACHIEVEMENT STANDARDS
Status: first term of enrollment
(attempting 0–21 credits)
End of Term Outcome
below 1.00 = suspension
1.00–1.99 = 1st term on probation
2.00 or higher = good standing

Status: first term on probation
End of Term Outcome
below 1.00 = dismissal
1.00–1.25 = suspension
1.26–1.99 = 2nd term on probation
2.00 or higher = return to good standing

Status: second consecutive term on probation
End of Term Outcome
0–1.25 = dismissal
1.26–1.49 = suspension
1.50–1.99 = 3rd term on probation
2.00 or higher = return to good standing
Status: third consecutive term on probation
End of Term Outcome
0–1.50 = dismissal
1.51–1.99 = suspension
2.00 or higher = return to good standing

COURSE REPEAT PROBATION

Undergraduate students will be allowed no more than three (3) attempts to complete each course successfully. Students who pass a course, but wish to improve their grade, may repeat the course if it is available. The highest grade earned will be calculated into the grade point average.

REQUIRED COURSES

Students who fail a course after a second attempt will be assigned an academic standing hold and will be placed on academic probation. Basic Mathematics, CSL, CAR and ENG0001 English Writing Workshop courses are not included in this policy and students have the opportunity to retake these courses more than three times.

DISMISSAL

Students who fail the same course after a third attempt may be academically dismissed.

SUSPENSION

Students who attempt the same course three times and earn grades of W, WP, WF or any combinations of W’s, WP’s, WF’s, or F’s will be assigned an academic standing hold; these students may be subject to academic suspension if the course is not successfully completed during the next course offering.

APPEALS

Students can appeal their academic suspension or dismissal if extenuating circumstances exist. These appeals are made to the Academic Appeals Committee. A student may appeal only once, and the decision of the committee is final.

CONCENTRATIONS

In programs that require a concentration, students will be given the following options in the event that they cannot successfully complete a concentration course requirement at the third attempt:

1. Make an alternate concentration course selection (if available) or
2. Select a new concentration to meet degree requirements.

COURSES NOT REQUIRED

If the attempted course is not a specific degree requirement, the student will be unable to attempt the course again. The student must then select an alternate course to meet degree requirements.

GRADUATION REQUIREMENTS

If the attempted course is a mandated graduation requirement such as Community Service Learning, Career Capstone (CAR0010), Sanitation Certification or Writing Workshop, the student has a maximum of nine (9) terms to complete the course.

UNIT OF CREDIT

The university measures academic progress using the quarter credit hour system. Courses are offered in three formats and may combine two or more of those formats, which are: lecture, laboratory and experiential.

Generally, one quarter credit represents 10 hours of instruction, which includes class lecture and additional activities; one quarter credit hour equals two laboratory hours or three experiential hours. Furthermore, all courses require additional hours of study and preparation outside of the classroom or learning environment.

RESIDENCY REQUIREMENT

Candidates for associate degrees must earn their final 31.5 quarter hours of credit as enrolled students, half of which must be in the major area of study. Candidates for the bachelor of science degree must earn their final 45 quarter hours of credit as enrolled students, of which 22.5 quarter hours of credit must be in the major area of study.
GRADUATION REQUIREMENTS

All students must submit an online diploma application one academic year prior to their graduation term in order to receive a diploma. Students must file one application for each expected degree (i.e. associate, bachelor’s). The application ensures that students are reviewed for graduation at the correct time, that correct information is presented on the diploma and that it is mailed to the correct address.

Graduation requires successful completion of a prescribed sequence of study and a minimum 2.00 grade point average. Students with a cumulative GPA below 2.00 will be in noncompliance with the criteria for good academic standing and may be subject to academic dismissal. Furthermore, as required by your program, all students must successfully complete the community service learning requirement, Career Capstone (CAR0010), and any and all requirements as indicated in the catalog (for example, culinary/pastery/hospitality students are required to take Food Safety and Sanitation Management, FSM1065, and must pass a national certification exam recognized by the Conference for Food Protection to fulfill graduation requirements.)

All associate level degrees require the completion of a minimum of 90 quarter credits. All bachelor’s level degrees require a minimum of an additional ninety (90) quarter credits, for a total of 180 quarter credits. While most major programs have variations that require slightly more quarter credits for completion, no program requires fewer than the 90/180 quarter credit minimum.

All students must be current in all financial obligations to the university, including tuition, fees and other expenses, before a diploma will be issued.

Permission to participate in commencement exercises does not imply that graduation requirements have been met.

WRITING REQUIREMENT

Students who graduate with a bachelor of science degree must leave Johnson & Wales with effective writing skills. Thus the university has a graduation writing requirement for all students graduating with a bachelor’s degree. During placement testing, students are evaluated and may be placed into ENG0001, an English review course designed to prepare students for college-level writing.

To further assist students to meet the graduation writing requirement, all students entering or transferring to the university are required to achieve a minimum score of “validated” in a performance transcript assessment prior to graduating with a bachelor of science degree. These writing skills will be assessed in ENG1021 Advanced Composition and Communication. Students who do not achieve a score of “validated” must enroll in ENG0001 until a “validated” score is achieved on the performance transcript assessment.

HONORS

Eligible degree candidates receive cum laude, magna cum laude and summa cum laude recognition according to their academic average. Students with the designated GPA receive honors as follows: cum laude, 3.40–3.60; magna cum laude, 3.61–3.80; and summa cum laude, 3.81–4.00.

TRANSFER & CAREER PREREQUISITES

Students who intend to transfer to other colleges or enroll in graduate schools after graduation must determine the requirements of those institutions and plan their programs of study accordingly. Johnson & Wales University makes no claim or guarantee for transfer credit to other academic institutions. Similarly, students who intend to take state or foreign business, trade, or professional licensing examinations should determine the prerequisites of those jurisdictions prior to selecting programs of study.

Students who are interested in transferring to JWU should see Page 21 for information on transfer admissions.

ONLINE LEARNING

The university offers a limited number of online courses. Courses with an online option are identified in the Course Descriptions and
Programs of Study sections of the catalog. Policies pertaining to online courses are available in the Student Handbook.

**DEAN’S LIST**

In recognition of scholastic achievement, full-time students (carrying a minimum of 12 quarter credit hours) at Johnson & Wales who have achieved a term GPA of 3.40 or above receive Dean’s List commendation.

**HONORS PROGRAM**

This program offers academically talented students the opportunity to explore challenging and stimulating courses. Eligible applicants must have taken two college prep mathematics courses and one college prep English course, maintained an average of B or better, placed in the top 25 percent of their high school graduating class, submitted SAT or ACT scores above the national average, and entered JWU in the fall of their freshman year.

Honors students enroll in honors sections of some general studies courses and may choose the honors option (H-option) in other courses.

Students enrolled in the Honors Program often receive preference for on-campus interviews, tutorial positions, resident assistant positions, freshman housing and residence hall roommate assignments. Early graduation is possible through accelerated coursework.

Two honors designations are available upon graduation. To receive the “Honors Scholar” designation, graduating seniors must successfully complete a number of general studies honors courses in addition to some H-option courses. To receive the “University Honors Scholar” designation, graduating seniors must also successfully complete RSCH3001 and submit an accepted Honors Thesis.

**Business/Hospitality**

At the bachelor’s level, students must complete a total of 12 honors/H-option courses for a designation as an “Honors Scholar.” Honors students who also submit an accepted scholarly paper receive the “University Honors Scholar” designation.

**CONCENTRATIONS**

The Hospitality College offers 13.5 quarter credit hour concentrations in Adventure, Sport and Nature Based Tourism; Beverage Service Management; Entrepreneurship; Food and Beverage Management; International Hospitality Operations Management; Resort Management; Sales, Meeting and Event Management; and Sports and Entertainment Marketing.

The School of Arts & Sciences offers 13.5 quarter credit hour concentrations in Applied Mathematics, Biological Science, Career Writing, Global Perspectives, Leadership Studies, Psychology and Sociology. These concentrations allow students to pursue in depth areas of general studies in which they have special interest or aptitude.

NOTE: Majors not eligible for specific concentrations are listed in the “notes” section following each concentration’s requirements.

Successful completion of a concentration is recorded on the student’s transcript upon graduation.
ACADEMIC HONOR SOCIETIES

Alpha Beta Kappa is a national honor society which recognizes superior student academic achievement, character and leadership. The society may also elect a limited number of faculty, staff and alumni as honorary members.

Special Honors And Rewards Program (SHARP)

SHARP is an honors program designed for qualified undergraduate students who wish to accelerate their programs to complete degree requirements in less than the normally required time. This is accomplished by increasing the student’s course load each term as scheduling permits. SHARP results in savings of time and expenses for eligible students. Day program students accepted into SHARP may register for up to 25.0 credits during the fall, winter and spring terms with no additional fees. Interested students must complete a SHARP application, returning the completed form to Student Academic & Financial Services. The following students are eligible for SHARP:

1. Incoming freshmen who are honors graduates of approved secondary schools, have been elected to their state or national honor society, or have maintained a minimum GPA of 3.00
2. New transfer students who maintained full-time enrollment at a previous institution and each term earned a cumulative GPA equivalent to Dean’s List status for that institution
3. Students at Johnson & Wales who have maintained full-time enrollment and a 3.40 cumulative GPA at the end of each term

If a student does not exercise this option, SHARP eligibility may continue provided that the student maintains continuous full-time matriculation while maintaining a cumulative 3.40 GPA after all terms. The benefits provided by SHARP are not applicable during the summer sessions, during full-time practicum or internship terms, for independent studies, or for an additional culinary laboratory class. Preferred scheduling and graduation acceleration are not guaranteed.

Failure to maintain a cumulative GPA of 3.40 or better after each term will cause the student to become permanently ineligible for the benefits provided by SHARP. Student Academic & Financial Services will only notify a student of their withdrawal from the SHARP program via his or her JWU e-mail account, and it is the student’s responsibility to drop extra credits, if registered, to avoid incurring additional charges.

ACADEMIC FUNCTIONS

Summer Orientation programs are held for new students during the months of June–August prior to the fall term. Additionally, the fall term Week of Welcome program aids in acclimating students to their new environment and preparing them for course work. During the winter and spring terms, a one-day orientation program is held.

Commencement is held at the end of each academic year. At these exercises, degree candidates are recognized. Participation in commencement exercises does not imply that graduation requirements are met.

AWARDS

Johnson & Wales University recognizes superior academic achievement and outstanding contributions in extracurricular activities by granting the following awards at a private ceremony held prior to commencement:

The Founders’ Trophy is presented to an upperclass student who, by their serious approach to career education and perseverance in their objectives, embodies the ideals and principles expressed by the founders of Johnson & Wales University.

The President’s Trophy is awarded to an upperclass student who has displayed outstanding academic capacity, extracurricular leadership and purposefulness, cooperation, and strong college spirit.

The Trustees’ Awards, in memory of the faithful service to the university of trustees Gov. Christopher Del Sesto and Dr. Anthony Kemalian, are given to the students who have made the greatest contributions in service to the university.
Academic Performance Awards recognize graduating students who have achieved the highest cumulative GPA and are recommended by the faculty.

The Pen and Podium Award for excellence in communication is given to a graduating senior selected by the School of Arts & Sciences faculty in recognition of outstanding development and demonstration of communication skills within academic and/or competitive settings.

The Golden Eagle Award for excellence in journalism is given to a graduating senior selected by the School of Arts & Sciences faculty in recognition of outstanding contributions in writing and reporting for the Eagle’s View and Eaglet, JWU’s two newsletters, that show commitment to the mission and core values of Johnson & Wales University’s Denver Campus.

The Da Vinci Award for excellence in math and science is given to a graduating senior selected by the School of Arts & Sciences faculty in recognition of skills in math and science.

The Vollrath Award was established in 2002 to support and encourage Johnson & Wales University culinary and pastry arts students in their pursuit of academic excellence. This award recognizes high-achieving students who are employed in food service and engaged in the life of the university and their community. Additional requirements: GPA must be 2.75 or better, two years back-of-the-house experience, currently working in the field, and participate in at least two university events.

The Outstanding Culinary Nutrition Student Award is presented to an outstanding Culinary Nutrition bachelor’s degree recipient who best exemplifies excellence in academics, devotion to community service, and enthusiastic university spirit.

The Management Student Award is presented by the faculty of the College of Business to the graduating senior who best exemplifies academic achievement within their chosen field of study, a commitment to participating in university life and bettering the community in which they live.

The Marketing Student Award is presented by the faculty of the College of Business to the graduating senior who best exemplifies academic achievement within their chosen field of study, a commitment to participating in university life and bettering the community in which they live.

Senior Scholar Award: This group award goes to members of the senior class who have shown outstanding scholarship and leadership across their major area of study. These individuals are recognized for their accomplishments not only in the class but in outside activities as well.

The Golden Pineapple Award is presented to an outstanding Restaurant, Food & Beverage Management bachelor’s degree recipient who best exemplifies excellence in academics, devotion to community service, and enthusiastic university spirit.

The Spirit of Hospitality Award is presented to an outstanding Sports, Entertainment, and Event Management bachelor’s degree recipient who best exemplifies excellence in academics, devotion to community service, and enthusiastic university spirit.

The Future Global Hotelier Award goes to an outstanding Hotel & Lodging Management bachelor’s degree recipient who best exemplifies excellence in academics, devotion to community service, and enthusiastic university spirit.

The Hospitality College presents the Experiential Learning Champion to the graduating student who best maximized internship, externship, co-op, and part-time employment opportunities with hospitality industry employers during the course of their career at the university.
NOTICE OF NONDISCRIMINATION

Johnson & Wales University does not discriminate unlawfully on the basis of race, religion, color, national origin, age, sex, sexual orientation, gender identity or expression, or disability, in admission to, access to, treatment of, or employment in its programs and activities.

(The term “sexual orientation” shall mean and be limited to having an orientation for or being identified as having an orientation for heterosexuality, bisexuality or homosexuality. This Nondiscrimination Policy shall not be interpreted to prohibit Johnson & Wales University from maintaining separate facilities, sports teams, housing, university-based social fraternities and sororities, and other programs and facilities, for males and females, in accordance with the provisions of Section 16-38-1.1 of the General Laws of Rhode Island, as the same may be amended from time to time, or similar laws applicable in other states where the university conducts operations.) CAREER DEVELOPMENT

The Career Development Office offers a variety of work programs and career services to assist students in building and utilizing career skills to obtain employment and independently navigate their careers.

Career Services components include
- A series of Career Management Education courses designed to prepare students to navigate all aspects of the job search process.
- Networking opportunities with industry professionals through on-campus recruiting events, including Part-time Job Fair, the annual Career Conference and the Spring Expo.
- Career coaching resources providing personalized mentoring on a variety of career-related topics.
- Work experience programs including experiential learning designed to provide students with practical work experience in their chosen field of study while earning academic credit for the experience.

Hundreds of employers, representing hospitality, culinary arts and business, visit the campus each year. They not only participate in recruiting events, but also serve as guest lecturers and classroom speakers. These activities provide students with a “real-world” view of industry as well as opportunities to connect with industry professionals and career options.

Career services and planning are offered to students from their first day at Johnson & Wales University. Assistance is provided to students in obtaining successful employment while attending school and upon graduation.

CENTER FOR ACADEMIC SUPPORT

The Center for Academic Support (CAS) offers services to assist students in taking full advantage of their Johnson & Wales education as they prepare themselves for their careers. By confidently directing their own learning, students acquire lifelong behaviors and attitudes which are recognized and rewarded by employers. To accomplish this, the CAS offers a comprehensive menu of programs and services.

PROGRAMS AND SERVICES OFFERED:
- The First Year Seminar (FYS), designed to facilitate a smooth transition to the university and its resources
- Testing
  - Placement testing
  - Challenge testing
  - Prior learning
  - Accommodation testing
- Academic Counseling
  - Review academic progress and explore available resources
- “At-risk” programming including study skills, time management, decision making, etc.
- Accommodations for students with disabilities with appropriate documentation, including, but not limited to:
  - Oral/extended time for exams
  - Note-taking accommodations
  - Tape recorders
  - Taped texts
  - Voice recognition software

The Center for Academic Support complements students’ academic and technical training by sharpening their ability to position themselves in today’s competitive marketplace. Programs centered around personal and career success assist students in achieving those accomplishments. The Center for Academic Support is a vehicle to assist students to succeed while at Johnson & Wales.
SPECIAL NEEDS/DISABLED STUDENTS
Johnson & Wales is dedicated to providing reasonable accommodations to allow learning disabled, physically disabled and other challenged students to succeed in academic pursuits. While maintaining the highest academic integrity, the university strives to balance scholarship with support services which will assist special needs students in functioning in the university's academic environment.

Because some programs of study at the university have technical standards and requirements, applicants and students with special needs or physical disabilities should contact the Center for Academic Support at 303-256-9461 to discuss the availability of reasonable accommodations or to obtain documentation guidelines, where appropriate. Copies of the technical standards applicable to various programs are available from this office. For more information on technical standards see Pages 96–97.

HEALTH & WELLNESS CENTER

MEDICAL RECORDS
Prior to the first term of enrollment, the university requires all new, full-time undergraduate students — residents and commuters alike — to submit proof of a complete physical exam within the past year, including documented proof of two doses of the MMR vaccine, a tetanus-diphtheria booster within the past 10 years, a negative tuberculosis test or chest X-ray within the last six months, three doses of hepatitis B vaccine, and completion of the chicken pox vaccine series or proof of physician-diagnosed disease. Pursuant to Colorado law, all resident students who have not received a meningococcal meningitis vaccination must sign a form indicating their decision as to whether or not to receive the meningococcal vaccination. These forms may be obtained by contacting the university at 303-256-9448. A strongly recommended but not required immunization is hepatitis A.

TREATMENT
The Health & Wellness Center is located on the third floor of the Arts & Sciences building. The office provides limited health care services, maintains student health records, and makes provisions for students requiring special medication, treatment or referrals. The Health & Wellness Center serves resident and commuter students.

INTERNATIONAL STUDENT SERVICES
The university assists international students to adhere to USCIS regulations, maintain their student visa status and access all the benefits permitted by their student visa. In addition, information sessions on employment, tax and other immigration and orientation issues will be offered on an as-needed basis.

Study Abroad Programs
The Study Abroad Office at the Providence Campus works with all academic colleges at every campus to offer a portfolio of study abroad programs to Johnson & Wales students at all campuses. Program information and applications are available at www.jwu.edu/studyabroad.aspx. Students attending other campuses should contact the department chair of their college for specific program information. In addition, interested students can contact the Study Abroad Office at 401-598-1406 for personal study abroad counseling.

ORIENTATION
The Johnson & Wales University Denver Campus New Student Orientation program is designed to help new students transition into the intellectual, cultural and social climate of Johnson & Wales University; to encourage student learning and development; and to prepare students for a career-focused education. Students who feel a sense of belonging tend to adapt faster to their new environment, perform better academically and persist to graduation. Students are introduced to many university administrators, faculty, staff and student leaders who provide valuable information on academic studies, student life and university policies.
Summer Orientation and fall’s Week of Welcome programs have been planned to aid in students’ transition.

Social activities are also scheduled throughout the orientation program. Many are designed to help students meet other first-year students. Families are also invited to participate in a unique Family Orientation program held concurrently to Student Orientation. Family Orientation provides an opportunity for families to learn how to support their students’ transition to college, get their questions answered, and meet university administrators.

**HOUSING & RESIDENTIAL EDUCATION**

Full-time professional staff, as well as student Resident Assistants (RAs), reside in the residence halls to assist students with their residential living experience and help support the students’ transition from home to college.

Helping to create and promote community, RAs act as resources; plan educational, cultural and social programs; and help enforce community standards. Resident students are asked to assist in maintaining a safe, secure and comfortable living environment for all by communicating regularly with staff concerning safety, maintenance and custodial concerns.

Students who have been convicted of certain felonies (or have had certain felony-type charges sustained in a juvenile proceeding), such as crimes of violence, serious drug offenses and sex offenses, are not eligible to live in university housing.

**Residence Hall Access**

Residence hall entrances are locked 24/7 and protected by electronic access security measures. Residents are authorized to offer entrance to their guests only. Knowingly offering entrance to or aiding entrance for a non-resident is a serious violation of residence hall policy.

**Housing Contract**

The Housing Contract is a binding agreement, effective upon signing, which covers the entire academic year, even though room charges are billed and payable by term. Students in attendance at the university will be responsible for room charges for the entire academic year, even if the student does not occupy the room, for whatever reason, voluntary or involuntary, either prior to or during the academic year.

Students attending a study abroad, co-op or externship will not be charged room and board fees for that term if their participation is outside of Denver’s seven-county metro area, but will be committed to the balance of the contract upon return.

The refund policy for official withdrawal from the university is listed on Page 32. Students who re-enter the university in the same academic year will have their Resident Student Contract take effect from the date of readmittance.

**Room Assignments**

Room assignments are in effect for the entire academic year, but students may request room changes at certain times during the term, based upon availability. The university and the director of Housing & Residential Education or assigned designee reserve the right to assign or reassign rooms as necessary.

The university does not accept or place co-ed room requests.

**Guest and Visitor Policy**

All resident students who have guests visiting University Housing must ensure that their guests comply with all rules and regulations of the university. Resident students will be held responsible for actions of their guests.

Guests and visitors must be approved and have consent of all roommate(s). Students may request permission for their guest(s) to participate in university activities or events on campus. Depending on the nature of the event, the student may be asked to sign in the guest upon admittance.

Johnson & Wales University reserves the right to deny and/or limit this visitation privilege.
CAMPUS SAFETY

The Denver Campus Safety Office is open 24 hours a day, 365 days a year. Students who have questions or need help should call 303-256-9500. The officers of the department provide crime prevention assistance and first response support for unusual incidents on campus. Incidents of an emergency nature should be reported to the Denver Police at 911, followed by contacting Campus Safety at 303-256-9500.

Campus Safety officers patrol the campus at all times and utilize an integrated electronic access control and digital camera system. Emergency blue-light telephones are strategically located throughout the campus and directly connect callers to the Campus Safety dispatcher on duty. Campus Safety also has the ability to issue timely alerts to the campus community if necessary via an emergency notification mass-messaging system.

Students are encouraged to assist in their own personal safety and the safety of others by

- Considering personal property identification/protection when possible
- Traveling in well-lit areas and in groups
- Carrying ID and room key at all times
- Avoiding illegal and/or excess use of alcohol or other drugs
- Unpropping propped doors
- Adhering to the guest and visitor policy
- Reading and understanding campus crime bulletins when advised.

In compliance with the Crime Awareness and Campus Security Act of 1990, Johnson & Wales University publishes an Annual Security Report which discloses information about campus security policies and procedures, and statistics concerning reported crimes that occurred on campus, on public property close to campus, or on other property used or controlled by the university. A copy of the report may be obtained from the Campus Safety Office and/or Student Affairs Office or online at www.jwu.edu/safetyDEN.aspx.

TRANSPORTATION

Johnson & Wales University provides transportation for university-arranged functions and student activities events.

Contact the Campus Safety Office at 303-256-9620 for information about reservations, driver’s certification and cost.

Public Buses

The Regional Transportation District provides regular bus service through a six-county region which includes Denver County. For more information call 303-299-6000 or visit www.rtd-denver.com.

Rail

Daily Amtrak service operates from Union Station at 18th and Wynkoop streets. Amtrak: 303-534-2812; reservations: (800) USA-RAIL or www.amtrak.com.

Air Travel

Denver’s airport is located less than 20 miles northeast of campus at 8500 Pena Blvd. Phone: 303-222-2000 or www.flydenver.com.
The Department of Campus Activities serves multiple functions within the Johnson & Wales University community in support of student needs, activities and campus programs. The office provides professional support for Johnson & Wales students in their co-curricular pursuits, as well as exposure to and participation in social, cultural, educational and recreational programs. Programs and services offered by Campus Activities include

- Recognized Student Organizations (RSO)
- Student Union
- On-campus entertainment & activities
- Educational programming
- Family Weekend, Winter Week, Spring Fling
- Theme weeks and months
- Greek life

Students are required to present their ID cards in order to participate in student programs and services.

**INTRAMURAL SPORTS**

The university sponsors a variety of intramural sports that include flag football, dodgeball, basketball and kickball. Intramural sports are open to all Johnson & Wales students. Registration dates are posted at the beginning of each respective season in residence halls and the Student Union. Volunteers to officiate, keep score and assist with the intramural program are also invited to register and get involved.

**VARSITY ATHLETICS**

The Denver Campus sponsors the four varsity sports listed below as a member of the National Association of Intercollegiate Athletics. The teams compete throughout the Midwest against schools from states such as Colorado, Kansas, Nebraska, Utah, Texas and Missouri.

- Men’s basketball
- Women’s basketball
- Men’s volleyball
- Women’s volleyball

**CLUB SPORTS**

Club sports at Johnson & Wales University are student-run organizations that are funded through students’ fees, dues and club fundraising. The programs allow students to participate in sports activities that go beyond the scope of the Intramural and Recreation programs. Some of the club sports teams compete with other colleges and universities throughout the region, travel and play in national championships. Club sports include soccer, cross-country and baseball. There is always an opportunity for new club sports to be developed.

**RECREATION**

Denver Campus recreational programs include

- Outdoor adventures program
- Self-defense classes
- Ski trips
- Yoga
- Aerobics

The Wildcat Center also has a fitness room with the following exercise equipment available for your use:

- Weight-training machines
- Free weights
- Treadmill
- Aerodyne bicycle
- Stationary bicycle
- Elliptical Cross Trainers

ADVERTISING & MARKETING COMMUNICATIONS
(College of Business)

BACHELOR OF SCIENCE (B.S.) DEGREE

The Advertising & Marketing Communications bachelor’s degree program provides students with a wide range of knowledge and practical skills related to the development and execution of integrated marketing communications plans, which embrace the promotional elements of advertising, public relations, direct marketing, sales promotion, interactive marketing and personal selling.

Upon completion of the program, graduates are expected to demonstrate the ability to
- develop integrated marketing communication strategies
- create integrated marketing communications messages
- analyze, interpret, and make recommendations based on primary and secondary research data

Specific skills developed include the planning and buying of media, writing publicity and cause-related material, managing market research projects, developing Web-based and viral advertising programs, producing concepts for print and broadcast advertisements, and writing creative strategy statements. Students have the opportunity to hone these skills while participating in a term-long externship, held at a wide variety of host sites.

Upon graduation, students may be employed by media organizations, advertising agencies, or marketing communications companies in positions that utilize these skills. Typical areas of interest include entry-level positions in account management, account planning, media planning/buying, media sales and creative services.

Students should use their career electives and free electives to create a meaningful, customized career concentration. The university’s academic planner will facilitate these selections.

An important component of this program’s educational experience is the general studies courses taught by the School of Arts & Sciences. Graduates are expected to show competencies in higher order thinking, communications, ethics, global diversity, responsible citizenship, leadership and artistic responsibility. The following literacies should also be demonstrated: sociocultural, quantitative, scientific and informational.

BAKING & PASTRY ARTS  
(College of Culinary Arts)  
ASSOCIATE IN SCIENCE (A.S.) DEGREE

The associate degree program in Baking & Pastry Arts provides students with practical education in baking and pastry production, while developing professionalism and excellence in academic achievement. Hands-on training is paired with academic courses resulting in a curriculum that is both dynamic and directly aligned with industry needs.

First-year Baking & Pastry Arts students rotate through one term of academics, which includes Baking Science, Food Safety and Sanitation and two terms of hands-on laboratory classes. Emphasis is placed on skills development and techniques of combining basic ingredients to produce classical French pastries, basic breads, cakes and plated desserts.

The second year emphasizes advanced techniques in classical and international preparation and production of cakes, tortes, sugar work, chocolate and confections. Academic courses include leadership studies, a science elective, advanced composition and communication, and food and beverage cost control. During pastry experiential learning, students participate in actual public food service operations in preparation for future careers.

Upon graduation from the Baking & Pastry Arts associate degree program, a variety of positions are attainable in hotels, clubs and resorts, retail bakeries, restaurants and wholesale pastry shops.

Eligible graduates may apply for entrance into the bachelor of science in Baking & Pastry Arts (Providence Campus), Food Marketing (Providence or North Miami Campus), Food Service Entrepreneurship (Providence Campus), the bachelor of science in Baking & Pastry Arts and Food Service Management, or the bachelor of science in Culinary Nutrition program (students must complete associate degree culinary lab courses and NUTR2001).

Certain requirements pertain to each of these bachelor’s degree programs, which are noted in their respective program descriptions.

COOPERATIVE EDUCATION

 Eligible second-year Baking & Pastry Arts students may apply for a Selective Career Cooperative Education assignment in place of the Baking & Pastry Arts Externship. These cooperative education assignments allow students to gain academic credit as well as invaluable work experience. Selected students work a minimum of 40 hours per week on a schedule established by their co-op employer. To be eligible to apply for the domestic co-op program, students must maintain a cumulative grade point average of 2.75, maintain a clean record of behavior as defined by the Student Code of Conduct and must have completed all prerequisite course work.

Students participating in a co-op may select from a list of preapproved sites or may apply for a self-site. These include hotels, restaurants, country clubs, resorts, spas, casinos, contract food service providers and retail bakeries.

The international co-op experience offers a select group of Baking & Pastry Arts students a practical, work-related, experiential training opportunity at select locations, which are chosen by the university. In addition to meeting specific college eligibility requirements, students interested in completing co-op in a targeted country must exhibit the necessary conversational language skills of that country, must maintain a 3.25 cumulative grade point average and have a minimum of one year of work experience in a full-service bakery or similar experience in a hotel, resort or restaurant.
TEACHING ASSISTANT AND FELLOW SCHOLARSHIP PROGRAM

Each year, administrators in the College of Culinary Arts select Teaching Assistant candidates from among the top students of the graduating class in the Culinary Arts and Baking & Pastry Arts associate degree programs. Students who are continuing their education at the university as Teaching Assistants must be enrolled in a day school program. Qualified Teaching Assistants may advance to Fellow during their senior year. These opportunities allow students to help defray the costs of advanced study while developing their supervisory/management skills.

GARNISH YOUR DEGREE
12-MONTH PROGRAM IN
BAKING & PASTRY ARTS

Johnson & Wales University offers a specialized, limited enrollment, baking & pastry arts program for college graduates in Denver, Colorado. This program leads to the associate in science degree, and is designed for students who have already been awarded a bachelor’s degree. Students typically receive transfer credit for most of their general studies course work.

The Garnish Your Degree Baking & Pastry Arts degree program is designed to provide practical education in baking and pastry production, through a program of study that builds proficiency in baking and pastry production, cost control, and sanitation. Students are introduced to techniques of combining basic ingredients to produce classical French pastries, basic breads, cakes and plated desserts. Included are advanced techniques in classical and international preparation and production of cakes, tortes, sugar artistry, chocolate and confections.

The program consists of four terms beginning in September. Terms I, II and III consist of laboratory and related professional studies classes. During Term IV, students will take co-op or externship. Academic areas include baking science, cost controls and sanitation.

Students begin to use skills acquired in the first, second and third terms by participating in an externship. These experiences at approved sites will provide practical, on-the-job training with opportunities for a variety of experience in a segment of the food industry, including hotels, resorts, spas, restaurants, country clubs, contract food service providers and casinos.

BAKING & PASTRY ARTS AND FOOD SERVICE MANAGEMENT
(College of Culinary Arts and The Hospitality College)

BACHELOR OF SCIENCE (B.S.) DEGREE

The Baking & Pastry Arts and Food Service Management program combines the strength of baking & pastry arts and management in order to prepare students for a management career in front- or back-of-the-house. Graduates of the Baking & Pastry Arts and Food Service Management program can obtain positions in a variety of areas that include, but are not limited to, bakeshop manager, executive pastry chef, catering manager, pastry chef, and beverage manager.

The curriculum provides ample opportunity for the food service professionals of tomorrow to build upon their leadership and management abilities, baking techniques, critical thinking, personal accountability and ethical behavior, problem-solving techniques, strong financial analysis skills and customer awareness.

The Baking & Pastry Arts and Food Service Management degree develops a solid baking & pastry foundation and management philosophy in its graduates and prepares them for bright and rewarding careers.

As a reflection of the university’s strategic plan, FOCUS 2011, which supports innovative pedagogies and technologies to enhance active learning, this program currently offers a limited number of courses online. Online courses are equivalent in content and rigor to traditional face-to-face courses. Residential day school students in the program are eligible to take online courses.

This program allows students to receive a world-class baking & pastry arts and hospitality education. Its strength is that students receive several senior-level capstone experiences in baking & pastry arts, hospitality operations and strategic management.

Students may choose to focus their studies by selecting their electives in such areas as food and beverage or entrepreneurship. The Food and Beverage Management concentration allows students to focus on this vital area of the hospitality industry. Courses are ideal for candidates interested in working with beverage, non-commercial, chain, franchise or restaurant operations.

BUSINESS ADMINISTRATION
(College of Business)

The Business Administration one-year program prepares students for a variety of business career options. Students enrolled in the one-year program may elect to continue their education toward a College of Business bachelor of science degree. It is an ideal course of study for those students who plan to pursue a bachelor’s degree but have not yet chosen a business career specialization.

Courses in the one-year program are carefully integrated to include an overall introduction to business administration with a number of complementary areas of study.

Through the university’s career management system, experienced faculty are available to assist students in making an educated decision in the selection of their bachelor’s degree curriculum in alignment with each student’s future career goals.

Students enrolled in the program must elect to continue their education toward a College of Business bachelor of science degree during their third term of enrollment.

BUSINESS ADMINISTRATION

All students enrolled in the Business Administration program pursue the following program of study for one year (three terms). Students must declare a major no later than the second term of study.

Criminal Justice

(Bachelor of Science (B.S.) Degree)

The goal of the criminal justice program is to graduate students who are prepared for meaningful careers in law enforcement, the court system or corrections. Through this course of study, students are expected to acquire the communication, logic, critical thinking, and ethical reasoning skills essential for the understanding of criminal justice issues and for effective career performance. The program’s judicious mix of criminal justice, business, technology, and arts & sciences courses is intended to enhance each student’s appreciation of diversity, citizenship, leadership, science and technology, qualitative and quantitative analysis, and social and business culture.

The criminal justice program, in keeping with its unique curriculum and the varied career opportunities available to its graduates, and with the advice of both academic and career coaches, encourages students to concentrate in one or more of the concentrations offered by the School of Arts & Sciences or to pursue a collection of criminal justice electives which target the student’s interests and goals. In addition, each criminal justice student has the opportunity to participate in an externship during spring term of the senior year.

The bachelor of science degree is beneficial when competing for a first job placement and for career advancement. Typical career tracks for graduates of the criminal justice program may include policing on the local, state or federal levels; court administration; corrections, probation or parole officers; private security and loss prevention managers; and social service providers.

CULINARY ARTS
(College of Culinary Arts)

ASSOCIATE IN SCIENCE (A.S.) DEGREE

The associate degree program in Culinary Arts provides students with practical education in food production, while developing professionalism and excellence in academic achievement. Students progress through a program of study that builds proficiency in food production and cooking, cost control, nutrition, sanitation, food safety and food marketing. Hands-on training is paired with traditional academic courses resulting in a curriculum that is both dynamic and directly aligned with industry needs.

The focus of the first-year culinary lab classes is development and practice of cooking skills, complemented with the development of baking, dining and beverage service skills, which includes national certification in alcohol intervention procedures. The academic areas include mathematics, a science elective, English composition, career management and a national food safety certification.

Second-year laboratories include advanced techniques in classical and international cuisines, garde manger, patisserie/dessert and dining room, as well as the academic areas of leadership studies, personalized nutrition management, advanced composition and communication, and introduction to menu planning and cost control.

Students will participate in one term of experiential education, which they will perform in actual public food service operations in preparation for future careers.

Graduates of the associate degree program in Culinary Arts have the opportunity to gain immediate, successful employment in the food service industry, which would include, but are not limited to, a variety of positions in full service restaurants, hotels, clubs and resorts catering operations, quantity food production facilities, health spas and cruise lines.

Eligible graduates may apply for entrance into the bachelor of science degree programs in Baking & Pastry Arts (Providence Campus) or Culinary Nutrition through the College of Culinary Arts. Other bachelor of science degree options include Culinary Arts & Food Service Management through the College of Culinary Arts and The Hospitality College, and Food Service Entrepreneurship (Providence Campus) or Food Marketing (offered at the Providence and North Miami campuses through the College of Business). Certain requirements pertain to each of these bachelor's degree programs, which are noted in their respective program descriptions.

EXPERIENTIAL EDUCATION

Eligible second-year Culinary Arts students may apply for a Cooperative Education assignment in place of the Culinary Arts Externship. These cooperative education assignments allow students to gain academic credit as well as invaluable work experience. Selected students work a minimum of 40 hours per week on a schedule established by their co-op employer. To be eligible to apply for the domestic co-op program, students must maintain a cumulative grade point average of 2.75, maintain a clean record of behavior as defined by the Student Code of Conduct, and must have completed all prerequisite course work.

Students participating in co-op may select from a pre-approved list of sites or may apply for a self-site. These include hotels, restaurants, country clubs, resorts, spas, contract food service providers and casinos.

The international co-op experience offers a select group of Culinary Arts students a practical, work-related, experiential training opportunity at select locations throughout the world, which are chosen by the university. In addition to meeting specific college eligibility requirements, students interested in completing co-op in a targeted country must exhibit the necessary conversational language skills of that country, must maintain a 3.25 cumulative grade point average, and have a minimum of one year of work experience in a full-service restaurant or similar experience in a hotel or resort.
**CULINARY INTERNATIONAL EXCHANGE**

Each year, a select group of second-year students is chosen to participate in a student international exchange program with culinary arts schools in Ireland and France. For one term, JWU students attend classes in either of these countries. In exchange, students from these schools attend culinary classes at Johnson & Wales University. Selected students receive full academic credit for the study abroad.

**TEACHING ASSISTANT AND FELLOW SCHOLARSHIP PROGRAM**

Each year, administrators at the College of Culinary Arts select Teaching Assistant candidates from among the top students of the graduating class in the Culinary Arts and Baking & Pastry Arts associate degree programs. Students who are continuing their education at the university as Teaching Assistants must be enrolled in a day school program. Qualified Teaching Assistants may advance to Fellow during their senior year. These opportunities allow students to help defray the costs of advanced study while developing their supervisory/management skills.

12-MONTH PROGRAM IN CULINARY ARTS

Johnson & Wales University offers a specialized, limited enrollment, culinary arts program for college graduates in Denver, Colorado. This program leads to the associate in science degree, and is designed for students who have already been awarded a bachelor’s degree. Students typically receive transfer credit for most of their general studies course work.

The Garnish Your Degree Culinary Arts degree program is designed to provide hospitality graduates an opportunity to expand their knowledge in the area of food service, and graduates of other disciplines an opportunity to acquire the education they need for a career change.

The program consists of four terms beginning in September. Terms I, II and III consist of laboratory and related professional studies classes. During Term IV, students will take co-op or externship. Academic areas include menu planning and cost controls, nutrition and sanitation.

Students begin to use skills acquired in the first, second and third terms by participating in an externship or cooperative educational experience. These experiences at approved sites will provide practical, on-the-job training with opportunities for a variety of experiences in both kitchen preparation areas and front-of-the-house operations.

CULINARY ARTS & FOOD SERVICE MANAGEMENT
(College of Culinary Arts and The Hospitality College)

BACHELOR OF SCIENCE (B.S.) DEGREE

The Culinary Arts & Food Service Management program combines the strength of culinary arts and management in order to prepare students for a management career in front- or back-of-the-house. Graduates of the Culinary Arts & Food Service Management program can obtain positions in a variety of areas that include, but are not limited to, restaurant manager, kitchen manager, executive chef, food and beverage director, catering manager, room service manager, sous chef, beverage manager and dining room manager.

The curriculum provides ample opportunity for the food service professionals of tomorrow to build upon their leadership and management abilities, cooking techniques, critical thinking, personal accountability and ethical behavior, problem-solving techniques, strong financial analysis skills and customer awareness. The Culinary Arts & Food Service Management degree develops a solid culinary foundation and management philosophy in its graduates and prepares them for bright and rewarding careers.

As a reflection of the university's strategic plan, FOCUS 2011, which supports innovative pedagogies and technologies to enhance active learning, this program currently offers a limited number of courses online. Online courses are equivalent in content and rigor to traditional face-to-face courses. Residential day school students in the program are eligible to take online courses.

The program allows students to receive a world-class culinary arts and hospitality education. The program’s strength is that students receive several senior-level capstone experiences in culinary arts, hospitality operations and strategic management.

Students may choose to focus their studies by selecting their electives in such areas as food and beverage or entrepreneurship. The Food & Beverage Management concentration allows students to focus on this vital area of the hospitality industry. Courses are ideal for candidates interested in working with beverage, non-commercial, chain, franchise or restaurant operations.

CULINARY NUTRITION
(College of Culinary Arts)

BACHELOR OF SCIENCE (B.S.) DEGREE

The Culinary Nutrition program is a bachelor's degree option for students who have completed the associate degree program in either Culinary Arts or Baking & Pastry Arts (students must complete associate degree culinary lab courses and NUTR2001).

In answer to industry and consumer demand for more healthy-menu choices, this program is designed for students who want to apply nutrition principles and scientific knowledge to their culinary skills. Students in their third and fourth years continue to develop sensory evaluation techniques, innovative food products and nutritional diagnostic skills.

The mission of the Culinary Nutrition program is to ensure that entry-level dietetic professionals possess the hands-on culinary and nutrition application skills to be effective food and nutrition practitioners.

Qualified students have the opportunity to replace their Advanced Cooperative Education Program experience with a summer study abroad program experience.

Upon completion of the Culinary Nutrition bachelor's degree program, students are prepared to work as personal chefs in industry test kitchens, health care facilities, spas and restaurants where an emphasis on nutrition is fundamental. They may also pursue dietetics and apply for a post-graduate dietetic internship program. Upon completion of this internship, graduates will qualify to take the National Dietetic Registration Exam. Dietetics is a challenging profession that applies the science of food and nutrition to the health and well-being of individuals and groups.

The Denver Campus Culinary Nutrition program has received developmental accreditation by the Commission of Accreditation for Dietetics Education (CADE) of the American Dietetic Association. The Denver Campus Didactic Program in Dietetics (DPD) meets the standards of education set by CADE. Graduates will be eligible for, but not guaranteed, a dietetic internship program. Following completion of an accredited internship, students must pass a national registration exam to earn the Registered Dietitian (RD) credential.

NOTE: All students interested in entering the Bachelor of Science in Culinary Nutrition program must complete and submit an application to the program director and meet all academic requirements. Selection is based on previous academic performance, industry experience and professional recommendations. Students must have a minimum 3.0 GPA.

ENTREPRENEURSHIP  
(College of Business)

BACHELOR OF SCIENCE (B.S.) DEGREE

As Entrepreneurship majors, students have opportunities to solve the kinds of problems that they would face when starting their own businesses, without the costly risks involved in the trial and error process. Through classroom discussions, case studies, guest speakers and opportunities to study abroad, students are guided by successful entrepreneurs as they learn how to avoid the classic errors in starting and operating a business.

The College of Business offers students the resources necessary to bring their business ideas to reality — technological, administrative and professional assistance. Through various programs, students have the opportunity to interact with real-world business clients, students and instructors.

Graduates with a bachelor of science degree in Entrepreneurship are better prepared to both operate their own business and act as a proponent of intrapreneurship within existing organizations. An integrated mix of custom entrepreneurial courses, traditional management and marketing classes, and extensive experiential (hands-on) opportunities (both inside and outside of required classes) prepares students for their careers as business starters and/or corporate intrapreneurs in an extensive variety of industries. Typically students enter in these varied career paths as junior managers-in-training for more responsible management positions.

An important component of the program’s educational experience is the general studies courses taught by the School of Arts & Sciences. Graduates are expected to show competencies in higher order thinking, communications, ethics, global diversity, responsible citizenship, leadership and artistic responsibility. The following literacies should also be demonstrated: sociocultural, quantitative, scientific and informational.

Graduates of the program will
• demonstrate oral and written communication competencies in the development of a viable business plan
• apply logic and critical thinking to the basic qualitative and quantitative analysis of small business development and sustainability
• identify the various types of capital funding sources for start-up and existing businesses

HOTEL & LODGING MANAGEMENT
(The Hospitality College)

BACHELOR OF SCIENCE (B.S.) DEGREE

The Hotel & Lodging Management bachelor’s degree program focuses on current best practices for operational, strategic and staff management in lodging properties and companies. Lodging is defined as activities related to commercial, overnight accommodations of all types, including hotels, resorts and smaller lodging properties (e.g., boutique hotels, country inns, B&Bs, etc.).

The degree prepares graduates for employment in operational management or professional staff positions within commercial lodging companies of all types, as well as preparing them to move up to higher-level positions such as general manager and various corporate staff positions. Possible career tracks might relate to front office management, housekeeping, food and beverage management and affiliated activities such as concierge, spa management, property sales and marketing, convention services, meeting and event planning, resort activities, revenue management, controller, development, regional management, etc.

Graduates are expected to be able to utilize their technical and management skills, as well as apply critical thinking skills, ethical standards and problem-solving techniques within a lodging organization.

CONCENTRATIONS FOR HOTEL & LODGING MANAGEMENT MAJORS

This program allows students to select concentrations or co-ops that can lead to career growth within lodging companies or to enhance their initial and subsequent career opportunities. Students may elect to use their hospitality and free elective credits for a second concentration, a co-op experience or a summer abroad program.

INTERNATIONAL BUSINESS
(College of Business)

BACHELOR OF SCIENCE (B.S.) DEGREE

Students enrolling in the International Business program will become business fluent in a new, global business language and culture. The global business language offered is Spanish or another university-approved language. This language requirement pertains to all international business students, regardless of their current language expertise.

The first two years of this program introduce students to the world of international business, complemented by general education and specific language study. The final two years offer more advanced business courses with an international experience emphasis.

An important component of the program’s educational experience is the general studies courses taught by the School of Arts & Sciences. Graduates are expected to show competencies in higher order thinking, ethics, responsible citizenship and leadership. The following literacies should also be demonstrated: sociocultural, quantitative, scientific and informational.

The graduate of the four-year International Business program is trained to assume entry-level management positions with firms operating in the global environment.

Students should use their electives to create a meaningful, customized career concentration. The university’s career management system will facilitate these selections.

To qualify for acceptance and to remain in the program, students must meet the following criteria:

• JWU students must have at least a 2.75 GPA to transfer into the program.
• International students must have the equivalent of a 2.75 GPA.
• Freshmen entering the program must have maintained a 2.75 GPA in high school (or equivalent for international students)

The goal of the four-year Management program is to prepare graduates for a career in a variety of entry-level managerial positions in a wide range of firms. Students are expected to acquire the communication, critical thinking, and ethical reasoning skills essential for today’s managers. The program’s mix of course work provides students with a broad understanding of the issues facing the business world.

An important component of the program’s educational experience is the general studies courses taught by the School of Arts & Sciences. Graduates are expected to show competencies in higher order thinking, ethics, global diversity, responsible citizenship and leadership. The following literacies should also be demonstrated: sociocultural, quantitative, scientific and informational.

Students who maintain a grade point average of at least a 2.75 may have the opportunity to participate in a Management Career Focus and gain experiential education by completing a co-op in their area of interest. Options are also available for foreign travel through the study abroad program.

Regardless of what industry the student chooses to enter, an understanding of key business principles is critical to a successful career, whether it is vying for a first job placement or success later in life. A student may focus on studies leading to management positions in production operations, human resource, financial services and other service industries.

Students will choose one concentration from the following options. The university’s career management system will facilitate these selections.

The Marketing bachelor’s degree program provides students with a broad range of knowledge and practical skills related to the fundamentals of marketing including product, pricing, promotion, distribution and customer relationship management.

Upon completion of the program, graduates are expected to demonstrate the ability to:

- develop, implement, analyze, interpret, and make recommendations based on secondary and primary research data using qualitative and quantitative methods
- analyze consumer decision-making and behavior
- prepare and conduct a professional sales presentation
- develop e-commerce, international and strategic marketing plans

Specific skills developed include managing market research projects, developing Web-based marketing programs, developing and executing brand strategies, and developing and managing comprehensive marketing plans. Students have the opportunity to hone these skills while participating in a term-long externship, held at a wide variety of host sites.

Upon graduation, students may be employed by retail, consumer goods, industrial or advertising companies in positions that utilize these skills. Typical areas of interest include entry-level positions in sales, market research, market analysis, product development or brand management.

Students should use their career electives and free electives to create a meaningful, customized career concentration. The university’s career management system will facilitate these selections.

An important component of the program’s educational experience is the general studies courses taught by the School of Arts & Sciences. Graduates are expected to show competencies in higher order thinking, communications, ethics, global diversity, responsible citizenship, leadership and artistic responsibility. The following literacies should also be demonstrated: sociocultural, quantitative, scientific and informational.

RESTAURANT, FOOD & BEVERAGE MANAGEMENT
(The Hospitality College)

BACHELOR OF SCIENCE (B.S.) DEGREE

The Restaurant, Food & Beverage Management bachelor’s degree program provides a unique combination of culinary skills and hospitality management. The focus is on current restaurant and food service management industry topics. The program also develops proficiency in the area of beverage management. Other areas of study include critical thinking, financial analysis, leadership and customer awareness in order to prepare students for a management career in the food service industry. According to the National Restaurant Association, the food and beverage industry is the largest U.S. employer besides the government.

This program includes a unique hands-on rotational externship experience at a local partner property.

Graduates are expected to be able to utilize their technical and management skills as well as apply critical thinking skills, ethical standards and problem-solving techniques within a food service operation. Graduates will also identify and communicate long-range vision and strategy for a food service company.

Value-added certifications within the degree include an industry-recognized responsible alcohol service certification, the national sanitation certification (a graduation requirement), recognized by the Conference for Food Protection, and the International School of Mixology Bartending Certificate.

The Sports/Entertainment/Event Management bachelor’s degree program prepares students to manage many areas of major sports facilities and resorts, as well as organize national and international events like the World Cup, the Grammy Awards or the Olympics. Course work enables graduates to apply the primary tools and fundamental understanding of the four basic areas of sport, entertainment or event development, planning and management.

In this four-year program the curriculum includes core courses in event management, facilities management, media relations, negotiations and entertainment management.

Students tailor their degrees toward their chosen careers by complementing the core curriculum with such electives as professional sports management, sports and entertainment marketing, ceremony and protocol, athletic coaching administration, and hospitality sales and meeting management. This enables them to demonstrate personal discipline, professionalism, accountability, and ethical behavior in a sport, entertainment or event management environment.

Students further specialize by choosing a hospitality concentration. This experience allows them to use analytical thinking skills to create, develop, plan, manage, operate and evaluate the critical elements of a successful sport, entertainment or event organization.

The program culminates in an exciting, term-long, off-site experiential learning under the direction of an industry professional that allows students to apply the skills they’ve learned and prepares them to launch their careers. The externship focuses on the ability to identify, document and successfully communicate personal and professional short- and long-term vision and strategies for a successful career in sport, entertainment or event management. Graduates have worked for professional sports teams, entertainment venues, resorts and conference centers.

* Elective courses allow students to enhance their education by earning a second concentration or by participating in a career co-op or study abroad program. Students use two Hospitality Electives and one Free Elective toward this option.

**NOTES:** Students must have MATH0001 (Basic Mathematics) or equivalent placement scores to enroll in the math requirement. Students must earn a performance transcript writing assessment of “validated” or “mastered” in order to graduate with a bachelor's degree.

Study Abroad programs may satisfy a variety of History, Sociology, English and other elective requirements. Contact the Study Abroad Office for details.
Because some students may be unsure of their major when they enroll at Johnson & Wales, the Undeclared option allows them the opportunity to pursue a basic business and general studies program and, in the sophomore year, choose a major from a number of business and hospitality programs. Students who begin their studies in the Undeclared program earn a bachelor of science degree at the end of four years of study.

All students enrolled in the Undeclared program pursue the following program of study for the first two years. Students must declare a major no later than the fifth term (sophomore year) of study.

CONCENTRATIONS

Students may choose to focus their electives in any of the following concentrations. Beyond the enrichment a concentration provides, students’ transcripts will reflect commitment to a particular area which may be impressive to prospective employers.

Declaring Your Concentration
Each student should consult with his/her faculty advisor in order to determine which concentration(s) will best further the student’s career goals. Students then need to formally declare their concentration(s) by completing a concentration form in Student Academic & Financial Services. A student may declare up to a maximum of three concentrations per degree program.

COLLEGE OF BUSINESS

Courses already required in a student’s individual program cannot be selected to fulfill a COB concentration requirement. Students are responsible for completing all prerequisites necessary for courses listed in a concentration in order to complete the concentration.

THE HOSPITALITY COLLEGE

As a condition of baccalaureate graduation, all students enrolled in Hospitality College degrees must complete a three-course concentration during their junior and senior years.

When completing a concentration in The Hospitality College, students may not use required core courses (or their equivalent) from within their chosen major. Additionally, students may not apply the same course to different Hospitality College concentrations.

Hospitality majors have three concentration electives, two hospitality electives and one free elective. Transfer students who transfer in three or more hospitality elective courses are not required to use their remaining electives toward a concentration. Students must see their faculty advisor for assistance.

### Definitions of Elective Attributes

Elective courses, as designated by each program, allow students to personalize their program of study by selecting courses that will strengthen and support their individual or career aspirations. Eligible elective course offerings are defined by attribute type and are identified by appropriate colleges or schools. Special note: Individual program requirements will detail any exceptions when specific courses may not satisfy an elective requirement.

When selecting an elective, students must register the appropriate type of elective and are responsible for satisfying any prerequisites or restrictions that may be present on the elective course offering. Furthermore, the elective may not be a required course in the student’s program of study.

Course Descriptions

Career Development

CAREER MANAGEMENT

CAR0010 CAREER CAPSTONE
This career management course focuses on preparing students to make the transition from college to career. Students learn ways to enhance and customize their job search materials such as résumés, portfolios and cover letters to market themselves effectively to employers. General job search strategies as well as networking and interview techniques are reinforced. Other topics include career self-assessment, evaluating and negotiating job offers and the services provided by the Career Development Office. Prerequisite: Senior status. (PT)
Quarter Credit Hours 1.0

College of Business

ACCT1001 PRINCIPLES OF ACCOUNTING I AND LAB
Accounting I is designed to acquaint students with the nature and purpose of accounting. Students are introduced to the accounting cycle, where they identify, record and summarize accounting data, including the preparation of financial statements. Also included in the course is accounting systems design as it pertains to cash, accounts receivables and inventories. Corequisite: FIT1020. (HO)
Quarter Credit Hours 5.5

ACCT1002 PRINCIPLES OF ACCOUNTING II AND LAB
Students are exposed to basic accounting procedures in the areas of fixed assets, partnerships, corporations, payroll, systems and controls, accounting principles and preparation of the statement of cash flows and statement of cost of goods manufactured. Prerequisite: ACCT1001 or ACCT1011 or ACCT1021.
Quarter Credit Hours 5.5

ACCT1005 THE ACCOUNTING FIELD
This introductory course provides an overview of the accounting field including its history and evolution. Emphasis is placed on national and international regulatory groups, government agencies, accounting organizations and professional certifications. Legal and ethical requirements are presented. The components of an annual report, accounting information systems and business organizational structures for-for-profit and not-for-profit organizations are discussed.
Quarter Credit Hours 4.5

ACCT1011 HOSPITALITY ACCOUNTING I AND LAB
This course is designed to combine the concepts of accounting theory and practice with the specialized requirements of the hospitality industry. The course introduces the nature and purpose of accounting, the double-entry system, hospitality accounting documents and special journals, inventories, adjusting entries, financial statements and the closing process.
Students learn the accounting cycle for proprietorship and corporate forms of business.
Quarter Credit Hours 5.5

ACCT1012 HOSPITALITY ACCOUNTING II AND LAB
This course is based on the Uniform System of Accounts as approved by the American Hotel & Lodging Association. Comprehensive coverage is given to revenue and expense accounting, the periodic inventory method, preparation of departmental and corporate financial statements for a hotel, ratio analysis, accounting for intangible assets, and selective topics in property and equipment accounting and hospitality payroll. Prerequisite: ACCT1001 or ACCT1011 or ACCT1021. (OL)
Quarter Credit Hours 5.5

ACCT1021 BUSINESS ACCOUNTING I AND LAB
The purpose of this course is to provide the student with an understanding of the processing of financial data with an emphasis on concepts rather than procedures. Accounting is presented with a focus in its business context, integrating ratios and financial statements to enhance the understanding of how the information is used as a tool for decision making in the business world.
Quarter Credit Hours 5.5

ACCT1022 BUSINESS ACCOUNTING II AND LAB
The purpose of this course is to provide the student with an understanding of accounting for assets, liabilities and equity necessary in running a business and evaluating its operating results and financial condition employing various analytical methods and ratios. Prerequisite: ACCT1001 or ACCT1011 or ACCT1021.
Quarter Credit Hours 5.5

ACCT2010 PERSONAL BUDGETING AND PLANNING
This course focuses on personal financial planning for a variety of life situations. Topics include money management strategies, consumer credit, insuring your resources, and personal purchasing decisions. Topics are discussed with real-world applications.
Quarter Credit Hours 4.5

ACCT3020 MANAGERIAL FINANCE
The procedures and practices that successful managers use to prepare financial plans and forecasts, manage their finances, and evaluate their financial performance are examined in this course. Topics include budgeting, cash flows, and financial statement analysis. This course is not available to accounting majors. Prerequisites: ACCT1002 or ACCT1022, FIT1020 or FIT1030 or SEE3008.
Quarter Credit Hours 4.5

ACCT3023 MANAGERIAL ACCOUNTING
Designed for business students, this course focuses on the informational needs of internal users of financial information such as company officers, company executives, human resource managers, marketing managers, program directors and production operation managers. Emphasis is placed on acquiring and analyzing the financial and nonfinancial information that is needed by these users to plan, direct and control the business. This course is not available to accounting majors. Prerequisites: MGMT1001 and ACCT1002 or ACCT1022.
Quarter Credit Hours 4.5
ACCT3025 HOSPITALITY FINANCIAL MANAGEMENT
This course presents how accounting information is used by management to analyze and measure the efficiency and profitability of a hospitality business. The course emphasizes the managerial uses of accounting data in decision making, preparation of budgets and variance analysis, relevant cost analysis, regression analysis and cost-volume-profit relationships. This course provides students with the basic body of knowledge and mechanics that are needed to successfully undertake and explore every avenue of exporting. A description of the essentials as well as the parameters of exporting are given. The course applies to an entrepreneurial export situation, to businesses expanding through foreign sales, and to companies simply trying to improve the operations of an existing export department. The emphasis on finance stems from the experience that frequently, a successful export effort is unnecessarily blocked or frustrated by finance problems. Such problems can arise from accumulating foreign receivables or the additional working capital required to handle the extra large sales that exporting often generates. Prerequisite: ACCT1002 or ACCT1012 or ACCT1022. (PT)
Quarter Credit Hours 4.5

IBUS4090 INTERNATIONAL BUSINESS EXPERIENCE
This course refers to a series of options available that total 13.5 credits:
1) Students choose from a range of study abroad options including short-term 3 1/2 to four-week summer programs, spring term three-month programs, or four-to-five month independent exchanges. Each program has its own academic focus and prerequisites. Students apply for their program of choice through the Study Abroad Office. After selection into a program, students engage in orientation and academic pre-departure work before embarking on their immersion into foreign cultural and business settings. In some cases, JWU faculty lead the program and travel with the students. In other cases local hosts lead the program, but in all programs students participate in a rigorous study and travel experience. The purpose of these study abroad experiences is to increase students' global awareness as they explore their program’s specific academic focus. Course delivery consists of lecture, industry visits and cultural excursions. Eligible students are guided by the Study Abroad Office to register for the appropriate course(s) specific to their program.
2) Eligible students may opt to take a co-op(s) within their major (4097, 4098, 4099).
3) Eligible students may opt to take IBUS4020 Summer Work Abroad International Seminar and a specific course from the IBUS4080 Series of Summer Work Abroad Programs: IBUS4082 or IBUS4086.

This course is a historical examination of the strategies utilized by the police in America. It examines Sir Robert Peel and the development of the first paid police department in London in 1829. The course presents the evolution of policing as emigration in America increased and its population became more diversified. Students come to understand how policing is a partnership with the community and how the roles of all must be considered in the development of a policing program. Prerequisite: LAW1090.

Quarter Credit Hours 4.5

**LAW3055 INTERNATIONAL BUSINESS LAW**

This course introduces the student to the principles of public and private international law. It addresses the legal problems of doing business in developed, developing, and non-market economy countries, together with the economic and political issues that commonly arise. Prerequisite: LAW2001.

Quarter Credit Hours 4.5

**LAW3075 CRIMINAL INVESTIGATION**

In this course, the student is exposed to the fundamentals of criminal investigation. Emphasis is placed on the collection and evaluation of crime scene evidence. Evidence gathering related to specific crimes (i.e., homicide, arson, burglary, etc.) is emphasized. It is emphasized throughout this course that the criminal investigation must be conducted within the framework of our constitutional system of government; hence, opinions of the United States Supreme Court which affect the collection of evidence are emphasized. Prerequisite: LAW1090. (PT)

Quarter Credit Hours 4.5

**LAW3080 CYBERLAW**

This upper-level course confronts students with the changes and adaptations of U.S. law resulting from the ascendancy of computers and the Internet. Fundamental common law and statutory assumptions about the nature of person, place, thing and action are called into question by data transactions between computer memories, unprecedented wealth concentrated in the development and distribution of software, widespread access to large quantities of data with minimal quality control, and the blurring of geographical boundaries. Students examine how contract formation, defamation, obscenity, copyright, trademark, privacy and other legal issues have been changed by technology and the online world. Prerequisite: LAW2001 or permission of instructor.

Quarter Credit Hours 4.5

**LAW3090 EVIDENCE**

This course is a study of the law of evidence as a system of rules and standards directed at determining what proof is to be admitted in the course of litigation. Emphasis is placed on formal discovery mechanisms, relevance, witness examination, impeachment, rehabilitation, privileges, burdens of proof, judicial notice, presumptions, real and demonstrative evidence, expert testimony, materiality, confrontation and hearsay.

Quarter Credit Hours 4.5

**LAW3810 TOPICS IN NATIONAL SECURITY**

This course provides senior-level students with an analysis of the realignment of law enforcement assets at the federal and local levels providing homeland security in today’s environment. The course also includes historical background information and topics concerning the basic information-gathering process. The focus on the importance and necessity of information intelligence, domestic and international
terrorism and counter-terrorism, infrastructure protection and disaster preparedness, is comprehensive in this course. Students are introduced to the planning, process and procedures necessary for the new routes of cooperation and information sharing in law enforcement as well as within federal agency environments. Prerequisite: LAW3025, senior status. Quarter Credit Hours 4.5

LAW3820 CYBER CRIMES
In this course, students explore the rise and evolution of crimes involving computers and the Internet that are fast becoming the most prolific area of criminal activity in the 21st century. This course distinguishes between crimes in cyberspace and cyber-terrorism as a form of warfare upon the global community. It defines cyber crimes (including type, nature, and origin) and the expanding criminalization of computer and Internet conduct involving concepts of privacy violation, information protection and unauthorized access of digital data. An analysis of existing and new domestic and international law enforcement innovations that prohibit digital crimes is also covered. Prerequisite: LAW3025. Quarter Credit Hours 4.5

LAW4020 THE LAW OF CONTRACTS AND SALES
This course is a study of the legal principles and rules of both common law contracts and contracts for Sale of Goods under Article 2 of the Uniform Commercial Code through the study of appellate cases, legislative enactments, legal terminology, and hypothetical problem solving. The course examines the formation, performance, enforcement, discharge and remedies for breach. Quarter Credit Hours 4.5

LAW4030 CRIMINAL JUSTICE RESEARCH METHODS
The purpose of this course is to provide the student with an understanding of the purposes behind criminal justice research, the concepts and logic of research designs, and to explore experimental research designs. This course includes an in-depth presentation of sampling in social science research. The goal is to familiarize the students with research methods in order to lay the groundwork for designing research projects, as well as to interpret research designs in depth. Prerequisite: LAW2050 or permission of department chair. Quarter Credit Hours 4.5

LAW4033 TERRORISM
This course is a study of terrorism from its earliest history into the post-Sept. 11 21st century. It examines religious and political motivations for terrorism as well as the rationalization for such activity. It looks at the networking of nations, states and organizations in the acquisition of goods and finances to fund terrorist organizations. The course also looks at weapons of mass destruction, security measures and counterterrorism. Prerequisite: Junior status. Quarter Credit Hours 4.5

LAW4040 CRIMINALISTICS
The course provides the student with a broad outline of key topic areas that encompass the study of forensic sciences and its role in criminal investigation. Topics include the scope, history and basic methods of evidence recognition, collection, identification and preservation. Basic forms of physical evidence most commonly encountered at crime scenes are discussed along with their respective value in the investigative process. Prerequisite: LAW3075. (PT) Quarter Credit Hours 4.5

LAW4050 ADVANCED TOPICS IN CRIMINAL JUSTICE
This course is a forum for special offerings focusing on special issues and emerging areas of criminal justice. The course is taught by faculty members and visiting experts in the areas of focus. Topics covered (which may change each offering) may include (by way of illustration and not limitation) public and private security, victimology, child abuse and neglect, and organized crime. Prerequisite: LAW2050, junior status. Quarter Credit Hours 4.5

LAW4060 ADVANCED TOPICS IN CRIMINALISTICS
This advanced course presents specific topics in the advanced study of forensic science over two terms. Students are presented with the application of advanced and specialized areas of forensic science encountered during criminal investigations. Topics include advanced topics of forensic pathology, pattern and impression evidence, questioned documents, cyber technology, forensic applications of the social science, and legal and ethical issues in forensic science. Prerequisites: LAW4040. Quarter Credit Hours 4.5

LAW4080 CRIMINAL JUSTICE SENIOR SEMINAR
This course presents an overview and analysis of the American criminal justice system in a capstone seminar format. The course examines criminal and constitutional law, criminology, law enforcement and investigation, courts, corrections and juvenile justice through the use of critical thinking, research, writing and discussion. Prerequisites: LAW3075, LAW4030. Quarter Credit Hours 4.5

LAW4090 CRIMINAL JUSTICE EXTERNSHIP
Selected Criminal Justice students serve a one-term externship in an approved Criminal Justice facility such as a police department, corrections facility, juvenile corrections facility, probation and parole department or private security facility. The externship is designed to give students the opportunity to apply their formal education to actual work situations. The student extern works under the supervision of a Criminal Justice professional. The student extern shall maintain a written log throughout the term of the externship. The extern works 39–40 hours per week at the approved site. Prerequisite: Junior status, 2.75 GPA in major, 2.75 overall GPA. Quarter Credit Hours 13.5

LAW4097 CRIMINAL JUSTICE CAREER CO-OP
LAW4098 CRIMINAL JUSTICE CAREER CO-OP
LAW4099 CRIMINAL JUSTICE CAREER CO-OP
Eligible students may apply for a cooperative education assignment. These are industry experiences that allow students to gain academic credit for an invaluable work experience in the criminal justice area. Upon completion of this term-long course, students have an understanding of the demands and expectations of business and industry.

To be eligible to apply for the domestic co-op program, students must: 1) maintain a cumulative grade point average of 2.75 during the entire pre-program application process, 2) maintain a clean record of behavior as defined by the Student Code of Conduct, 3) have completed 130 hours of course work, 4) have appropriate elective or practicum credit available in their degree audits, and 5) have the sponsorship of a faculty advisor.

(HO) (PT) (WI)
Quarter Credit Hours 4.5

RTL3055 GLOBAL INFLUENCES ON FASHION HISTORY
This advanced course focuses on the elements affecting dress from antiquity through the 20th century. Using an interdisciplinary approach students explore the complex relationship between dress and textiles as a reflection of material culture and phenomena such as social structure, technology, aesthetics, geography, politics and religion. The constants as well as the changes in human ecology are analyzed using primary sources including archeological discoveries, artworks, written documents, period photographs and extant objects. Critical thinking skills and scholarship are emphasized as students apply a historical framework to real world issues in today’s global marketplace. Prerequisites: RTL1010, RTL1020.
Quarter Credit Hours 4.5
RTL3070 TEXTILE DESIGN FOR THE APPAREL AND HOME FURNISHINGS INDUSTRY
This hands-on course is an introduction to basic textile design techniques used by designers and manufacturers. Topics include motif development, croquis design and repeat patterns. Methods of surface printing include direct painting, stenciling and block printing. Basic weaving or knitting patterns, embroidery, beading and applique are also explored. Students develop an appreciation for the historic and cultural value relevant to each method, and create collections of textile samples as they solve design problems.
Quarter Credit Hours 4.5

RTL3076 RETAIL EXTERNSHIP
The student has the option of serving on an externship or, if the student meets the requirements, may substitute a cooperative education experience for this course. Other options may include a special project of substantial depth at the student’s current place of employment, or a for-credit-only endeavor in a corporate or non-profit setting. All experiences are administered through the Career Development Office. Prerequisites: RTL2063 and RTL2095.
Quarter Credit Hours 9.0

RTL4010 RETAIL EXECUTIVE DECISION MAKING
This course is presented seminar style as a capstone course for retail seniors. Guest speakers, situational role playing and trade journals are used to interpret current market trends, environmental and economic impacts on retailing. Students analyze interpersonal skills and discuss employee survival skills. Focus is also given to making merchandising and buying decisions. Prerequisite: Senior status. (PT) (WI)

The course is designed to teach students the basic mathematical concepts and methods that prepare them for studying college level mathematics. Topics include a review of basic arithmetic, an introduction to algebra, and problem-solving techniques. Quarter Credit Hours 1.5 (Institutional)

MATH1002 A SURVEY OF COLLEGE MATHEMATICS
This course is designed to teach students the basic mathematical concepts and methods that assist them in using mathematics in both their personal and professional lives. Topics include problem solving, sets, probability, statistics, and the rudiments of college algebra. Prerequisite: MATH0001 or placement. (HO) (PT) (HY) Quarter Credit Hours 4.5

MATH1012 MATHEMATICS I
This course is a continuation of MATH1009. This course provides students with advanced algebraic techniques and an introduction to trigonometry. Among the various topics presented are trigonometric functions and graphs, vectors, oblique triangles, exponents, radicals, complex numbers, and exponential and logarithmic functions. Prerequisite: MATH1009 or placement. (HO) (PT) Quarter Credit Hours 4.5

MATH1020 COLLEGE ALGEBRA
This course provides students with a working knowledge of the basic elements of college algebra. Topics covered include functions, exponents and radicals, the solution of linear and quadratic equations, inequalities, matrices and systems of linear equations. Prerequisite: MATH1001 or placement. (HO) (PT) Quarter Credit Hours 4.5

MATH1040 CALCULUS I
This course provides students with an introduction to the basic elements of differential and integral calculus. Topics include functions and limits, continuity, differentiation and its applications, relative extrema, and an introduction to integration. Prerequisite: MATH1013 or equivalent or placement. (PT) Quarter Credit Hours 4.5

MATH1930 QUANTITATIVE ANALYSIS I
A continuation of Algebra, this course begins with the study of linear equations and their applications to business and economics. Matrices are covered in detail along with their applications to Leontief models. Linear programming, quadratic models and a brief introduction to differential calculus are also presented. Prerequisite: MATH1020 or equivalent, or permission of department chair, or placement. (PT) Quarter Credit Hours 4.5

MATH2001 STATISTICS
This course is designed to provide students with the basic statistical concepts and techniques that assist them in both their personal and professional lives. Topics include measures of central tendency and dispersion, probability distributions of both discrete and continuous random variables, sampling distributions, and estimation theory. Prerequisite: MATH1002 or MATH1020 (minimum grade of C in MATH1002 or MATH1020 required for hybrid sections of MATH2001) or equivalent. (HO) (HY) Quarter Credit Hours 4.5

Topics such as energy, air, water or resource use, land use and agriculture are discussed. (HO) Quarter Credit Hours 4.5

SCIO40 BIOCHEMISTRY
This course introduces basic concepts of chemistry and organic/biological chemistry with emphasis on applications of chemistry to human biology, structure of biological molecules and metabolism. Typical topics include chemical bonds and energy, electrolytes, structure and metabolism of carbohydrates and lipids, protein and enzyme function, and structure and function of nucleic acids. Prerequisite: SCI1015 and SCI1021, or SCI2045. (HO) Quarter Credit Hours 4.5

SCIO60 FOOD MICROBIOLOGY
This course introduces students to a wide variety of topics regarding the biology of food-associated microorganisms. Important topics include biology of bacteria and fungi, characteristics of important species of food spoilage microbes, and identification and control of disease agents associated with food. Prerequisite: SCI1015 or equivalent. (HO) Quarter Credit Hours 4.5

SCI910 HONORS ENVIRONMENTAL SCIENCE
This honors course presents major scientific concepts dealing with the biological and physical nature of the world we live in. A major theme focuses on environmental health where students gain an understanding of the relationships between human populations, economic growth, ecosystem biodiversity and the health of human and biological populations. It examines the sustainable use of the world’s resources and the scientific dialogues in understanding the potential remedies available for both developing and developed nations. Quarter Credit Hours 4.5

SOCIOLGY
SOCI2001 SOCIOLOGY I
This course provides an introduction to sociology with the focus of study on how humans interact within a society, both as individuals and in groups. Stress is placed on sociological methods and paradigms. Prerequisite: Sophomore status. (HO) Quarter Credit Hours 4.5

SOCI2002 SOCIOLOGY II
This course is a continuation of Sociology I focusing on patterns of behavior or institutions that our culture has established. Emphasis is placed on studying those institutions which are essential to the survival of the individual and the group. Prerequisites: SOC2001 or SOC2901; sophomore status. Quarter Credit Hours 4.5

SOCIO20 CULTURE AND FOOD
This course engages the student in an in-depth social scientific analysis of the role of food in the human experience. Students explore how the relationship of food to society has changed over time in terms of importance, selection and preparation. The significance and function of food in diverse societies is discussed to advance students’ sociological and anthropological understanding of humankind. Prerequisite: Sophomore status. (HO) (WI) (OL) Quarter Credit Hours 4.5

SOCIO2035 SOCIOLOGY OF AGING
Aging is a life-long process that affects individuals, families and cultures across the globe. It encompasses a multitude of dimensions — physiological, emotional, cognitive, economic and interpersonal — that influence a person’s physical and social well-being. This course examines aging from multiple perspectives and addresses the roles that individuals, families, service industries, and government play in attempting to meet the needs of this growing population. Prerequisites: SOC2001 or SOC2901; sophomore status. Quarter Credit Hours 4.5

SOCIO2040 COMMUNITY LEADERSHIP: AN APPLIED SOCIOLOGY
This interdisciplinary course [sociology, leadership and service learning] provides students with the opportunity to combine theoretical learning with actual volunteer work at a non-profit organization. Through student initiated placement at one of many pre-designated sites, students are exposed to various aspects of the not-for-profit industry including administrative, fundraising, and community outreach responsibilities as well as having personal contact with the organization’s clientele. Students are also expected to utilize leadership skills by initiating a substantial agency-based project, in conjunction with their on-site supervisor, that will serve as a tangible contribution to the overall organization. (W) Quarter Credit Hours 4.5

SOCIO2060 DEVIANT BEHAVIOR
The purpose of this course is to provide students with a clear understanding of the nature and meaning of deviance. Students learn what is considered the norm in society, what is outside the norm, and how each is relative in nature. Theoretical explanations, cross-cultural references and in-depth analyses of deviant behavior are studied from the three dominant sociological paradigms. Who defines deviance, what is deviant, why deviance persists, the effect of labels, and the personal and social effects of deviance are discussed. Prerequisites: SOC2001 or SOC2901; sophomore status. Quarter Credit Hours 4.5

SPAN1002 CONVERSATIONAL SPANISH II
This advanced elementary-level course is designed to further develop conversational ability by expanding both the vocabulary and the exposure to Spanish-speaking cultures. This course concentrates greatly on advanced verb forms and idiomatic expressions. Prerequisite: SPAN1001 or SPAN1011 or equivalent placement score. Quarter Credit Hours 4.5
SPAN1003 CONVERSATIONAL SPANISH III
This advanced intermediate course is designed to perfect the usage of advanced grammar through extensive conversational drill, directed reading, composition and laboratory practice. Prerequisite: SPAN1002 or equivalent placement score. Quarter Credit Hours 4.5

SPAN1011 CONVERSATIONAL SPANISH I: SPECIALIZED VOCABULARY
This course involves an introduction to the Spanish language with emphasis on vocabulary acquisition and specialized culinary vocabulary, basic grammar construction and oral communication. (HO) Quarter Credit Hours 4.5

SPAN1901 SPANISH I HONORS
This intensive, honors-level course is designed as an introduction to the Spanish language. Heavy emphasis is placed on vocabulary acquisition, on basic grammatical constructions and on effective oral communication. Students are also exposed to several Spanish-speaking cultures. Quarter Credit Hours 4.5

SPAN1902 SPANISH II HONORS
This course is an intensive, honors-level course and is a continuation of Spanish I Honors. Emphasis is placed on oral and written communication skills based on a strong foundation of grammar and vocabulary building. There is also a focus on the culture of the Spanish-speaking world. Prerequisite: SPAN1901 or equivalent placement score. Quarter Credit Hours 4.5

School of Technology

COMPUTER GRAPHICS
CGRA2020 WEB SITE DESIGN CONCEPTS
Students are introduced to the tools and processes of Web page development. Students utilize industry-standard software when designing, coding and building Web sites. Instruction includes immersion project-based study, client interaction and group design critique. Students are introduced to site planning, best practice and development cycle methods. Students produce a digital portfolio of Web design elements and development work. Prerequisite: CSIS1000 or CSIS1020 or CSIS1030 or CSIS1040. (PT) Quarter Credit Hours 4.5

CGRA2030 MULTIMEDIA APPLICATIONS I
Students are introduced to multimedia concepts and best practices for implementation in various industry settings. The course work focuses on the incorporation of sound, graphics, color, text and other elements into industry-standard multimedia software. Use of multimedia as a tool for ideal communications is implemented. Scripting is introduced and used throughout the Multimedia course sequence as a tool for multimedia project development. Students learn the various uses for multimedia and how they are implemented within the industry. Prerequisite: FIT1000 or FIT1010. Quarter Credit Hours 4.5

CGRA3050 DESKTOP PUBLISHING
This course introduces students to the fundamental principles of desktop publishing. Using current industry standard software, students learn the essential design concepts and work flow practice used in desktop publishing. In-class demonstrations and lectures involve the introduction of design theory and practical applications of desktop publishing. Students are required to produce various types of documents using course software. Assignments are completed in class, with some assignments requiring out-of-class work. Prerequisite: FIT1000 or FIT1012 or FSM2080 or HOSP1008 or SEE3010. (HO) (PT) Quarter Credits Hours 4.5

FOUNDATIONS IN TECHNOLOGY

FIT1000 INFORMATION TECHNOLOGY FOR BUSINESS PROFESSIONALS I
This course provides basic understanding of computer equipment and procedures necessary for business professionals. Students gain practical knowledge of operations and terminology of computer systems as well as hands-on use of word processing, digital presentations, spreadsheet software and using the Internet. Computer-based assessment software may be used as both a learning and skills measurement tool. (PT) Quarter Credit Hours 4.5

FIT1005 INTRODUCTION TO KEYBOARDING
This course is designed to introduce or reinforce keyboarding skills necessary to prepare documents used in the business world. The students learn the keys and techniques to produce error-free documents. Quarter Credit Hours 1.5

FIT1020 INFORMATION TECHNOLOGY FOR BUSINESS PROFESSIONALS II
This course presents microcomputer applications chosen on the basis of local market demand. Students gain a working knowledge of spreadsheet skills and apply those skills to problem-solving cases. Students are also introduced to databases with a focus on creating a simple database as well as manipulating data to produce meaningful reports. Computer-based assessment software is used as both a learning and skills measurement tool. Prerequisite: FIT1000 or FIT1012 or equivalent. (PT) Quarter Credit Hours 4.5

Study Abroad

ABRD4080 OVERSEAS EXCHANGE PROGRAM
This refers to courses of varying credit amounts used by students participating in overseas exchange programs at a foreign institution through an exchange agreement with JWU. Students apply for the exchange program through the Study Abroad Office in Providence, which determines the partner institution from the available options based on a student’s academic department, and approves a planned course of study at the foreign institution. Typically, students study upper-level courses in their major, combined with cultural and/or language courses, depending on the location. Students register at JWU for the appropriate ABRD4080 course(s) during the term(s) they are on exchange. Prerequisite: 2.75 cumulative GPA and 90 quarter credit hours completed prior to departure. ABRD4083 Quarter Credit Hours 4.5
ABRD4086 Quarter Credit Hours 9.0
ABRD4088 Quarter Credit Hours 18.0
ABRD4089 Quarter Credit Hours 13.5
Military Science Courses
(available through the University of Colorado at Boulder)

The following military science courses are offered and taught at the University of Colorado at Boulder, Colorado School of Mines, and/or the Auraria Campus. JWU students may enroll in such courses as part of their authorized participation in the Senior Army ROTC Program at the University of Colorado at Boulder. Further information is available from the professor of military science at the University of Colorado at Boulder at 303-492-6495. For information regarding when and how JWU credit may be obtained for such courses, please contact Student Academic & Financial Services.

MILR 1011 ADVENTURES IN LEADERSHIP I
Introduces fundamentals of leadership and the United States Army. Examines its organization, customs, and history as well as its current relevance and purpose. Students also investigate basic leadership and management skills necessary to be successful in both military and civilian settings. Includes fundamentals of Army leadership doctrine, team-building concepts, time and stress management, an introduction to cartography and land navigation, marksmanship, briefing techniques, and some basic military tactics. A lab fee applies. Two credits at University of Colorado at Boulder (these credits will transfer to applicable JWU courses).

MILR 1021 ADVENTURES IN LEADERSHIP II
Continues the investigation of leadership in small organizations. Covers selected topics such as basic troop leading procedures, military first aid and casualty evacuation concepts, creating ethical work climates, an introduction to Army organizations and installations, and a further examination of basic military tactics. Introduces students to effective military writing styles. A lab fee applies. Two credits at the University of Colorado at Boulder (these credits will transfer to applicable JWU courses).

MILR 2031 METHODS OF LEADERSHIP AND MANAGEMENT I
Comprehensively reviews advanced leadership and management concepts including motivation, attitudes, communication skills, problem solving, human needs and behavior, and leadership self development. Students continue to refine effective written and oral communications skills and to explore topics such as the basic branches of the Army, and officer and NCO duties. Students conduct classroom and practical exercises in small unit light infantry tactics and are prepared to perform as mid-level leaders in the cadet organization. A lab fee applies. Three credits at the University of Colorado at Boulder (these credits will transfer to applicable JWU courses).

MILR 2041 METHODS OF LEADERSHIP AND MANAGEMENT II
Focuses on leadership and management functions in military and corporate environments. Studies various components of Army leadership doctrine to include the four elements of leadership, leadership principles, risk management and planning theory, the be-know-do framework, and the Army leadership evaluation program. Continue to refine communication skills. A lab fee applies. Three credits at the University of Colorado at Boulder (these credits will transfer to applicable JWU courses).

MILR 3052 MILITARY OPERATIONS AND TRAINING I
Further explores the theory of managing and leading small military units with an emphasis on practical applications at the squad and platoon levels. Students examine various leadership styles and techniques as they relate to advanced small unit tactics. Familiarizes students with a variety of topics such as cartography, land navigation, field craft, and weapons systems. Involves multiple, evaluated leadership opportunities in field settings and hands-on experience with actual military equipment. Students are given maximum leadership opportunities in weekly labs. A lab fee applies. Prerequisite: Consent of the Professor of Military Science. Three credits at the University of Colorado at Boulder (these credits will transfer to applicable JWU courses).

MILR 3062 MILITARY OPERATIONS AND TRAINING II
Studies theoretical and practical applications of small unit leadership principles. Focuses on managing personnel and resources, the military decision making process, the operations order, and oral communications. Examines the role of tactical unit leadership in a variety of environments with a focus on preparation for the summer advance camp experience. A lab fee applies. Prerequisite: Consent of the Professor of Military Science. Three credits at the University of Colorado at Boulder (these credits will transfer to applicable JWU courses).

MILR 4072 OFFICER LEADERSHIP AND DEVELOPMENT I
Examines management and leadership concepts and techniques associated with planning and executing military training and operations at company and higher echelons. Includes analyses of professional ethics and values, effective training principles and procedures, subordinate counseling, and effective staff officer briefing techniques. Also investigates other subjects such as counter terrorism, modern peacekeeping missions, and the impact of the information revolution on the art of land warfare. Conducted both in and out of classroom setting and with multiple practical leadership opportunities to organize cadet training and activities. A lab fee applies. Prerequisite: Consent of the Professor of Military Science. Three credits at the University of Colorado at Boulder (these credits will transfer to applicable JWU courses).

MILR 4082 OFFICER LEADERSHIP AND DEVELOPMENT II
Continues MILR 4072 study of management and leadership concepts and techniques, providing practical leadership experiences in the classroom and during multiple cadet-run activities. Also examines varied topics such as theory and practice of the military justice system, law of war, military-media relations, support mechanisms for soldiers and their families, operational security considerations, and historical case studies in military leadership in the context of 21st century land warfare. A lab fee applies. Prerequisite: Consent of the Professor of Military Science. Three credits at the University of Colorado at Boulder (these credits will transfer to applicable JWU courses).
