Organizations may set more stringent GPA requirements for their officers and members, which should be indicated in their respective constitution or bylaws.

Student organizations may not discriminate unlawfully with respect to membership, leadership or other organizational opportunities. Please reference the university’s, [Prohibited Discrimination and Harassment Policy](#), which includes JWU’s Nondiscrimination Statement, located within the [Student Handbook](#).

Student Organization Categories

For marketing purposes for current and prospective students, all student organizations are organized into one of the categories below:

Academic & Professional Development:

These organizations enhance and support students’ academic/ professional development in specialized studies and disciplines at the University, including academic honorary societies and National Student Organizations (NSOs) such as DECA FCCLA, SkillsUSA, HOSA, etc.

Cultural, Political, & Faith-Based/Spiritual:

Organizations whose mission is to study or promote the culture of other nations and/ or ethnic groups, the interest of a particular church, faith, spiritual belief or denomination organizations provide cultural, educational, social and service oriented events and programs that celebrate various traditions, thoughts and beliefs.

Fraternity, Sorority & Social Fellowships:

Fraternities and sororities are groups of individuals of similar interests bonded together by common goals and aspirations. These bonds are created through traditions and rituals based on values such as honor, friendship, truth, and knowledge. Social Fellowships do not identify as traditional Greek-lettered organizations, however they are values-based organizations that have similar membership development practices and service orientations.

Arts & Media:

Organizations with a purpose to expand student experiences in the areas of arts and communications. These organizations focus on visual arts, drama, dance, vocal and instrumental mastery, journalism and mass media.

Special Interest:

Organizations whose purpose is to encourage students to develop hobbies and social interests within the JWU and the surrounding community. Social and special interest groups coordinate various trips and/or campus events to provide networking opportunities and enjoyment for JWU students.

Club Sports & Recreation:

Organizations whose mission is to encourage development of skills, knowledge, competition or support of a particular sport or recreational/leisure activity.

These groups are designed for students who are exercising their right to free speech and education. They are designed to help spread awareness and educate their peers on pressing issues and upcoming campaigns.

Culinary

Our culinary groups are designed to put learning from the classroom to real life situations. These wide range of groups allow our culinary and baking students to master their skills and find their passion in a relaxed setting while meeting people with similar interests.

STUDENT ORGANIZATION RECOGNITION

Starting a student organization can be personally and professionally rewarding and positively contribute to the student experience at JWU. For students who decide to start a student organization, please note that it may require considerable time and energy to garner necessary student interest and prepare all pertinent information for the review committee specific to the purpose and needs of the organization.

The university reserves the right to deny recognition to any student organization if its stated purpose and/or objectives do not align with the educational mission and values of Johnson & Wales University.

Student organizations must abide by all university policies and guidelines pertaining to student organizations. By accepting membership or a leadership position within JWU student organizations, students agree to comply with all policies of the university and recognize that a violation of university policy and/or interference with university functions is grounds for disciplinary action against the organization and/or its members.

Additional requirements have been established for fraternities, sororities, social fellowships and club sports and recreation groups in accordance with best practices and policies and are outlined in the respective appendices within this handbook.

Student Organization Recognition Classifications

Petitioning:

The phase in which a group of students has applied for official recognition through Community Standards & Engagement, or their designee (i.e. Student Government Association, House of Representatives, President's Roundtable, etc.). If approved, the proposed organization will be transitioned to active status.

Active:

An active student organization strives to provide an outlet for students to pursue their personal, professional and academic interests and passions outside of the classroom by staying in regular communication with Community Standards & Engagement and working to meet expectations set forth.

Failure to meet expectations and requirements may result in interim action taken towards a student organization to maintain its active status. During this period, organizational activity may be frozen within the campus community and the Involvement Network.

Frozen:

Frozen status is reserved for a student organization that must immediately cease all activity due to a direct concern/incident communicated to Community Standards & Engagement.

During this time, the student organization is prohibited from reserving facility space, accessing funding, hosting meetings/events, and other activities indicated within the notification. The student organization will return to active status once the detailed concern/incident has been resolved and notification has been provided by Community Standards & Engagement. If issues persist, the organization's status could change to Inactive.

Inactive:

Inactive status is meant for student organizations that fail to meet expectations outlined in the Student Organization Handbook, or are required to transition to inactive status based on a sanction through the [Group Conduct Review Process](#).

In addition, an organization will become inactive when it is dissolved by its student leaders, preferably in accordance with its constitution and/or bylaws. Any enrolled students may re-activate a student organization through the established recognition process, providing there are no outstanding conduct sanctions.

Dormant: Dormant status is designated as a temporary inactive state of an organization that falls below specific minimum requirements, typically when they are otherwise in good standing with JWU. Student organizations that fall under this status are groups who have been below the minimum requirement for three consecutive terms. Limitations may be placed on student organizations granted this status for a limited period of time to fulfill minimum requirements. If a group has failed to meet the minimum requirements for a third consecutive term; a designated member of the Community Standards & Engagement staff will determine the next steps for organization recognition.

Annual Registration Requirements for Active Status

All student organizations are required to register as directed by Community Standards & Engagement for university recognition and active status each academic year. **Information regarding established deadlines for registration will be shared via the Involvement Network and to student organization leaders via email communications.**

Any organization that has not registered by established deadlines will be considered *inactive* and must follow the recognition process as outlined in this handbook to reactivate.

Starting or Re-Activating a Student Organization

Phase One: Registration:

To create a new student organization, a minimum of **five (5)** full-time students with interest in starting a new student organization is required. The application for starting a new organization can be found on the Involvement Network and must be submitted in a timely manner to work within the established meeting schedule of the designated review committee.

Requests for prior constitutions or membership records to re-activate an inactive student organization should be submitted to Community Standards & Engagement at involved.clt@jwu.edu.

Phase Two – Application Review:

Once the application is received, Community Standards & Engagement will verify completion. If all steps have been completed, the application will be sent to the designated review committee. At least one representative from the proposed student organization must attend the scheduled review meeting before a decision is made to approve or deny the student organization.

Phase Three – Petitioning Status:

Once approved by the designated review committee, the group is now considered *petitioning*. The petitioning student organization will be required to complete the following items to become an active student organization. The organization will receive all benefits of being an active student organization. Additional requirements may be required by SGA or Community Standards & Engagement before active status is granted.

STUDENT ORGANIZATION ADVISORS

All student organizations must have at least one full-time faculty or staff member serve as an advisor to their organization. Adjunct faculty or university-contracted professionals may serve as secondary advisors for student organizations, but cannot serve as primary advisors without approval from the director of Community Standards & Engagement or their designee.

A student organization may choose to have more than one advisor; however, one advisor should be designated as the primary advisor. The primary advisor will serve as the official university contact for the organization. Advisors and student organization leaders must work together to make the experience a positive one for all students involved, therefore it is strongly encouraged that the advisor be informed of all organization business.

The term for an advisor can last one academic year. Advisors and student officers are encouraged to work together to discuss the option for renewing the advisor’s term for the new academic year if both parties deem fit. Advisors will be asked to submit an Advisor Acknowledgement Form each academic year.

Requirements & Responsibilities for Advisors

Before assuming the role as Student Organization Advisor:

- The Advisor Acknowledgement Form must be submitted by the advisor via the Involvement Network each year. New advisors must meet with a designated staff member from Community Standards & Engagement to review advisor expectations or complete an online tutorial if one is available
 - *Organizations will not be approved for programs and funding requests to SGA until an official Advisor Acknowledgement Form is on file with Community Standards & Engagement*
 - *Acknowledgement Form submissions from students on behalf of the advisor are not permitted*

Additional training modules may be required by the University or Community Standards & Engagement for student organization advisors.
- Depending on the nature of the event, Community Standards & Engagement may require student organization advisors to attend events on or off campus that are sponsored by their respective student organization. If required, the advisor must be present for the duration of the events, including set-up and break-down
 - *If an advisor cannot attend a required program, another responsible university full-time staff or faculty member may stand in as a replacement*
 - *If an advisor/university official fails to attend a required student organization event, the event may be cancelled by Community Standards & Engagement*
- The advisor should ensure that Community Standards & Engagement is consulted regarding all verbal and written agreements/contracts related to exchange of goods or services. Student organization officers should log in to their organization’s page on the Involvement Network and select “Create Event” to submit an event, meeting or fundraiser request.

- **“Events”** are considered stand-alone or reoccurring programs and activities sponsored by student organizations, including but not limited to special guest speakers, forums, entertainment showcases, pageants, competitions or off campus trips (i.e. bowling night, hiking trip, local festival, etc.).
- **“Meetings”** are considered special or weekly business or social meetings or practices sponsored by student organizations.
- **“Fundraisers”** are considered programs that have a main goal of raising financial capital for a student organization, charity or collaborating organization.

Meeting Planning

Meeting requests must be submitted a minimum of **one (1) week** in advance of the scheduled meeting. Community Standards & Engagement strongly advises organizations to begin the meeting planning process at least **three (3) weeks** before the meeting date to ensure needs related to facility, equipment, marketing, etc. are met.

Meeting Planning Guidelines:

- All meeting requests must be submitted through the Involvement Network
- If an organization is found to be meeting in spaces without prior approval from Community Standards & Engagement, the organization may lose its privilege to request space on campus

- Please notify Community Standards & Engagement of any meeting cancellations as soon as possible so we may notify other stakeholders of changes

Event Planning

Event requests must be submitted a minimum of **four (4) weeks** in advance of the scheduled event. Community Standards & Engagement strongly advises organizations to begin the event planning process at least **six (6) weeks** prior to the scheduled event to ensure needs related to facility, equipment, marketing, contracts, check requests, catering, staffing, etc. are met.

Event Planning Guidelines:

- All event requests must be submitted through the Involvement Network
- Make sure to fully discuss event details with your advisor
 - *An advisor or their designee may be required to be present for large-scale events the duration of the event, including set-up and break-down.*
- Prior to event approval, a student organization officer and an advisor is required to meet with Community Standards & Engagement to complete a risk assessment and discuss the event in detail.
- Event requests will be processed on a first-come, first-serve basis
- Events should be visible to all students on the Involvement Network by utilizing the “Campus Only” event type on the first page of the event request form.

- Events should include a flyer on the event request form to ensure the event is visible on your Involvement Network page.

Food & Catering:

Student organizations must abide by the following guidelines for food service and catering. Any violations of this policy may result in disciplinary action:

- On-campus catering is available to all student organizations
- Food services from off-campus caterers/vendors must be approved by the university through a Catering Approval Form before they come to campus. Off-campus caterers must provide insurance verification and a catering license in accordance with state regulations. All documentation must be provided to Community Standards & Engagement or a designee in Campus Dining at least **ten (10) days** prior to the event
- Due to insurance regulations, no outside caterers are allowed to cook in a JWU kitchen. The food must be prepared at their location and brought to your event to be served at proper temperatures if prior approval is granted by University Catering.
- Individually wrapped prepackaged food is allowed to be distributed at events
- The university has an exclusivity contract with Pepsi. As such, no competing products may be provided at campus events
- To protect the health and well-being of JWU students, employees and guests, no student may cook or prepare food for events in any fashion, unless strictly monitored and supervised by a Culinary Arts Teaching Assistant and/or a Culinary Arts Chef Instructor. There are no exceptions to this policy. In addition, no university kitchens may be used for events unless approved by Campus Dining or a designee in Culinary Arts.
- **Events with Alcohol.** Special guidelines and requirements may be specified for events (on or off campus) at which alcohol is provided in accordance with university policies, insurance coverage and liquor licenses. For the best results, student event organizers should meet with Community Standards & Engagement no less than **four (4) weeks** prior to an event at which alcohol may be served or available.

Guests:

The organization hosting the event/activity is responsible for the behavior of any outside guests, including JWU Alumni.

- Be mindful that most university buildings operate on a card-access system which will not allow persons to enter the building unless they are part of the Johnson & Wales community. Therefore, a member from the organization is required to be stationed at the event/activity entrance to assist with admittance into the building for the event/activity
- Groups may be required to pay for an arranged security detail in which JWU security officers are monitoring all event entrances
- All guests must leave campus facilities immediately upon the conclusion of the event

Equipment Usage:

- Student organizations using Community Standards & Engagement equipment at events must have a student assistant present to properly transport, set up, break down and operate it
- Any equipment returned to Community Standards & Engagement which has been damaged or deemed unusable and/or needs repairs will be assessed by Community Standards & Engagement. Any fees incurred to repair or replace the damaged equipment will be at the expense of the responsible party
- Community Standards & Engagement equipment cannot be used for any personal (non-university) events
- **Outdoor and Late-Night Programs:** Sound permits will be required for some outdoor and late-night events in accordance with city or town ordinances. Student organizations should work with Community Standards & Engagement regarding this matter more than **five (5) weeks** in advance. Student organizations must meet with the director of Community Standards & Engagement to obtain a sound permit.

Promotional Table Request Guidelines:

- When submitting an Event Request Form, organizations will have the option to request the use of a promotional table to promote their event prior to the event date.
- Specify each date, time and location (available locations listed on the form) for each promotional table requested
- If your table is not set-up within 30 minutes of the scheduled time, please contact Community Standards & Engagement at 401.598.1195

Event Cancellation:

- Reserving spaces and not using them takes away from other organizations who may also want to use the same space, therefore organizations must provide notice of cancellation to Community Standards & Engagement at least 48 hours in advance
- Once an event has been canceled it cannot be reinstated without rescheduling. Organizations must resubmit an event request and follow the proper protocol to host an event on campus
- Continual event cancellations may result in loss of privileges to reserve space on campus for a designated period of time

Expectations for Off-Campus Events:

- It is important for student organizations to meet with Community Standards & Engagement if they are planning an event that will be hosted off-campus to ensure the organization is aware of relevant policies and recommended risk reductions practices
- Organizations are expected to be familiar with [JWU's Good Neighbor Policy](#) and act in accordance of university policies and state laws when hosting events and activities off campus, regardless if they are formal or informal in nature

Fundraiser Planning

Fundraiser requests must be submitted a minimum of **three (3) weeks** in advance of the scheduled fundraiser. Student organizations are advised to begin the planning process at least **three (3) weeks** before the date of the fundraiser event(s) to ensure needs related to facility, equipment, marketing, etc. are met.

Items to consider when planning a fundraiser on campus:

- **Donations:** Organizations **may not** solicit donations without prior approval of Community Standards & Engagement. The university has many partnerships with local and national organizations; therefore, requests must be first approved by Community Standards & Engagement with assistance from other campus resources
- **Crowdfunding.** Crowdfunding is the act of funding a venture or project by raising small amounts of money from a high volume of people, typically via the internet. All crowdfunding ventures are subject to university policies and guidelines; therefore, student organizations must meet with a representative from Community Standards & Engagement prior to initiating any crowdfunding ventures. To be approved, Crowdfunding initiatives must:
 - *Align with the educational purpose and foundational principles of Johnson & Wales University*
 - *Be specific, feasible and limited in scope*
 - *Be described in a way to be easily understood by the JWU community and general public*

Graphic Standards, Student Organization Logos & Social Media

Graphic Standards & Student Organization Logos:

In accordance with the University's [Graphic Standards](#), student organizations may design their logos using any typefaces and colors, provided they do not violate established university standards. The crest, the university seal, nor the JWU logo or its official variations may be used without the approval of University Design & Editorial Services (e.g., Wildcat, Sustainability logos)

Event posters, print collateral, merchandise and publications for which the university contributes to their cost are the only times that the JWU logo is required. (See the School Spirit: Organization Print Publications section of the [Graphic Standards](#))

Please contact [Community Standards & Engagement](#) for any matters related to compliance with University Graphic Standards as they pertain to student organization logos, collateral, merchandising, and publications.

Social Media:

Social media can be a great tool to network, connect with others, build your online brand, and stay in contact with student organization members, officers and the JWU campus community - when used effectively. A JWU Social Media website has been created to be the hub of all things social media.

The website also includes strategies for starting and managing social media as well as tips to use social media safely and effectively, and make social media work for you.

Contracts

Contracts are legal and binding agreements that outline a relationship between two parties with reference to an exchange of goods or services. A contract can be verbal or written, and they can be called different things, such as agreements, memorandums of understanding, terms and conditions, etc. so it is important to consider the following guidelines:

- **No student or advisor may sign a contract that binds the university.** Signing a contract or entering an agreement that legally binds the University is a violation of the University's Contract Policy. Anyone who signs a contract or enters into an agreement becomes legally liable for that agreement, including payment. If you have any questions concerning contracts, please contact Community Standards & Engagement.
- All contracts must be submitted to Community Standards & Engagement for review and processing
- All contracts must be submitted **thirty (30) days** in advance of the required date. *The more detailed the contract, the longer the process could take. Please plan ahead!*
- Community Standards & Engagement can assist with preparing a performance agreement or contract for exchange of services or goods upon request.
- Submitting a contract does not guarantee payment. Contracts must be fully executed before payment is requested, via a Check Request Form.
- Contracts are required for all entertainment/services, whether or not they involve payment (*i.e. bands, lecturers, DJ's*).

Below is the minimum information needed to prepare a performance agreement:

- Artist name
- Artist mailing address
- Artist contact number
- Artist federal ID or Social Security number
- Artist fee
- Any additional artist requirements
- Location of program
- Artist set-up time, start time and end time
- Date of program
- Description of services provided

**Community Standards & Engagement suggests asking to see a copy of the technical rider and the hospitality rider*

ORGANIZATION TRAVEL

Organization travel requests should be submitted at least **six (6) weeks** prior to the first day of anticipated travel. However, it is recommended that travel planning begin no less than **two (2) months** prior to a trip for best results.

- *Advanced planning allows for ample time to develop a budget, raise funds, register for a conference, reserve lodging, reserve transportation, and make any other important decisions.*

Student organizations interested in being approved for travel must follow established guidelines. All requests are subject to approval by Community Standards & Engagement and SGA if funding is being requested; there is no guarantee student organization travel will be approved even if submitted in accordance with established guidelines.

Domestic Travel:

Student organizations approved to travel within the continental United States with one or more overnight stays must do so with a university-approved advisor, unless otherwise approved by Community Standards & Engagement.

International Travel:

Student organizations approved to travel outside the continental United States must do so with an approved university faculty or staff member. There are additional requirements for travel outside the continental United States that involve coordination with various university departments, therefore please contact the Director of Community Standards & Engagement before your organization begins planning any international travel to ensure arrangements align with relevant university policies.

FUNDING & FINANCIAL INFORMATION

Financing Student Organization Programs

Deciding how to pay for your program can be one of the most challenging aspects of organizing your event/program; it is also one of the most important. Below are two methods to help pay for your program.

Fundraising: See "Fundraiser Planning" section for more details

SGA Appropriations: Community Standards & Engagement has a set budget for funding student organization events and travel. The Student Government Association is responsible for awarding student organizations with these funds. All active student organizations are eligible to request funding for their programs.

It is the responsibility of each student organization to know and understand the process for requesting appropriations from SGA. Student organization leaders can also request additional training from SGA by emailing them at sga.clt@jwu.edu, calling their office (980-598-1816), or stopping by their office in the Wildcat Center.

STUDENT ORGANIZATION BUDGET ACCOUNTS

Student organizations are required to manage funding for their student organization in JWU-provided accounts. **NO OTHER ACCOUNTS ARE PERMITTED.** Unless otherwise determined by Community Standards & Engagement, chapters of national organizations (i.e. fraternities, sororities, and social fellowships) are responsible for following established national guidelines by their governing charters for financial management in off-campus bank accounts.

Only designated student leaders are authorized to request purchases or debit of funds from student organization accounts; Such requests must have advisor approval. Advisors must work with designated student organization leaders to request reimbursements or other financial requests.

PURCHASING GUIDELINES

All student organization purchases should be conducted in accordance with university purchasing guidelines, unless otherwise stated by Community Standards & Engagement. The function of the Purchasing Department is to ensure that the university is paying the best price possible for a particular item through a bidding process. Although the university uses a bid process, there will be certain items that will not need to go out to bid. Items like DJ's, hotel rooms, conference fees, and bands are examples.

Examples of items required to be acquired through University Purchasing:

- Member T-shirts and Polo Shirts
- University Giveaway Items: pens, Frisbees, etc.
- Professionally Printed Banners
- Any items that require the Johnson & Wales University logo

Any questions regarding the purchasing guidelines should be directed to Community Standards & Engagement.

Purchasing Request Process

If your organization is interested in purchasing an item, complete the Purchasing Request Form. For the lowest cost and for on time arrival, the purchasing process should begin at least **four (4) weeks** before the date required.

- Approval of Purchasing Request Form does not guarantee funds from the SGA Appropriations Committee. Organizations still need to follow the SGA Appropriations Guidelines to request funding, if needed
- The length of time to process the request does depend heavily on the content provided by the organization. Please ensure all logos, graphics, designs, quantities, etc. are clearly thought through prior to submission
- Please do not contact the Procurement Department on your own

UNIVERSITY POLICIES

Group Conduct Review Process

Our students are held to high standards as defined in the [Student Code of Conduct](#) and other university policies, procedures, and rules. Students remain subject to the provisions of the Student Code of Conduct and university policies, procedures and rules at all times, including while engaged in activities of university recognized student clubs and organizations (each, a "Group").

In addition, Groups are also held to the same high standards of conduct. Leaders and members of Groups should at all times be aware that the actions of the Group and its leaders and members, as well as individuals who are authorized or permitted to represent themselves as connected to the Group ("Group Representatives") and guests of the Group ("Group Guests"), reflect on both the university and the Group. As a result, a Group may be held responsible for both the Group's misconduct and for the misconduct of any one or more of its leaders, members, Group Representatives and/or Group Guests. Such misconduct includes any violation of the [Student Code of Conduct](#) or any other university policy, rule, or procedure.

Please reference the [Group Conduct Review Process, which includes information about potential individual or group sanctions](#) for more information.

APPENDIX A – FRATERNITY & SORORITY LIFE STANDARDS & GUIDELINES

Fraternity & Sorority Life Vision Statement: To be a healthy & vibrant community in which brotherhood & sisterhood is exhibited through leadership, scholarship, philanthropy & service

FRATERNITY & SORORITY RECOGNITION

Recognition for all fraternities, sororities, and social fellowships will be granted by Community Standards & Engagement in conjunction with the respective governing council.

The following guidelines outline important requirements and recognition standards for existing and new organizations within Fraternity & Sorority Life (FSL).

DEFINITION OF TERMS

Active member: Any member who is not an alumna/alumnus or disaffiliated member of the organization

Alumna/Alumnus- A graduated member of a fraternity, sorority, or social fellowship

Chartering: A process where the fraternal organization has been granted approval by the respective governing council, the University and their Inter/National headquarters to have an official chapter with a locally assigned designation

Colonization: The process in which a fraternal organization has been granted approval by the respective governing council and the University to begin the formal process to charter a campus chapter

Disaffiliate: to resign one's membership in an organization

Expansion/Extension: The process of potentially starting a new fraternity or sorority on campus

Fraternal organization or chapter: Any fraternity, sorority or social fellowship that is recognized through their respective governing council. The primary purpose of these organizations is the personal development of their members, as distinguished from honorary, professional, departmental and service fraternities

Inactive member: As many organizations have varying ways of defining inactive membership, Johnson & Wales University will adhere to the definition provided by the inter/national organization.

Intake: Term for the process by which some organization (i.e. National Pan-Hellenic) members are selected to become new members of an organization. Intake generally includes an application and an interview process, followed by an educational program done at the local level conducted by both undergraduates and alumni, then an initiation (generally known as "crossing").

Interest Group: A group of current full-time undergraduate students who are interested in starting a new fraternity or sorority and are working with the respective governing council to navigate this process. The interest group should not begin any recognition or membership processes with an Inter/National organization without prior approval from Community Standards & Engagement

Membership Presentation: A performance by newly initiated members. Membership presentations are a way for organizations to showcase the newest members of the organization. These presentations are generally conducted by NPHC, NALFO, and NMGC organizations.

New member education program: Formerly referred to as pledging, this process typically takes place within a set number of days or weeks, serving to help existing and new/non-initiated members get to know each other. Most importantly, new member education programs serve to: a) educate new members about the history and traditions of the organization, b) understand how the chapter operates and the roles of organization members, and c) help new members maximize their use of campus resources for individual and organizational success

(Potential) New member/Aspirant: Any person interested in joining an organization and/or going through the new member education program or process of an organization

Recruitment: A period during which fraternities and sororities seek out and engage interested students by demonstrating what each organization offers its members. This process is different from that of National Pan-Hellenic organizations.

Organizations may choose to have additional secondary advisors, but must maintain the two primary advisors (one Campus Advisor and one Chapter Advisor) on file with Community Standards & Engagement. Student leaders and advisors must follow guidelines for student organizations as outlined in the Student Organization Handbook.

Chapter officers are expected to notify Community Standards & Engagement immediately upon any changes in alumnus/alumna and/or faculty/staff advisor.

It is highly recommended that all Chapter Advisors live or work within the immediate (60 miles) of the respective campus and have the support of the Inter/National headquarters. The main purpose is to be available to provide in-person support to the organization should the need arise.

Additionally, organizations may be held accountable for their behaviors through their respective council and through the JWU [Student Code of Conduct](#) for groups and individuals.

NEW MEMBER/NEOPHYTE EDUCATION PROGRAMS/PROCESSES

It is a privilege, not a right, for student organizations to establish educational requirements for membership and to conduct new member education programs at JWU, on or off-campus. Individuals responsible for new member education activities are referred to as New Member Educators.

AUXILARY GROUPS

Johnson & Wales University does not recognize or approve of the existence of any affiliated auxiliary organizations (sweethearts, diamonds, little sisters/brothers, courts, kittens, interest groups, etc.). Students are encouraged to report any solicitation of any fraternity and sorority to join an Auxiliary organization (sweethearts, diamonds, little sisters/brothers, courts, kittens, interest groups, etc.) to the Community Standards & Engagement designated fraternity/sorority advisor immediately.

Auxiliary organizations are not the same as a fraternity or sorority and should not be considered and/or treated as such.

MEMBERSHIP PRESENTATIONS

A membership presentation is the introduction of a line or new member group to campus. This is usually the first full step show/exhibition performed by members of the new member group of a cultural-based fraternal organization.

JWU views membership presentations as a privilege to host, not a right. Organizations must abide by the following regulations and will assume responsibility for informing invited guest of these policies. Failure to uphold these guidelines will be subjected to disciplinary action.

Member Presentation Requests:

Member presentations must be submitted for approval at least **two (2) weeks** in advance via the Involvement Network. Requests will be reviewed and approved on a first-come-first-serve basis. Weekend presentation requests will be reviewed on a case by case basis in accordance with staff availability. Presentations must be held prior to reading days & final exam week. *Member presentations may not occur more than **thirty (30) days** after members have been initiated.*

If deemed necessary by Community Standards & Engagement, the sponsoring organization must provide and pay for Safety & Security to be on site for crowd management support

Guests:

The sponsoring organization must notify Community Standards & Engagement within **one (1) week of the presentation** if any organization members from other institutions will be present and/or participating in the member presentation. It is the responsibility of the presenting organization to inform guests (including visiting, graduate chapter, and alumni members) of Johnson & Wales University's policy regarding member presentations.

Logistics:

- Presentations can only be performed in the designated areas unless otherwise granted special permission. All presentations must have an inclement weather location. Please work with the Fraternity & Sorority Life advisor to determine the designated areas specific to your campus.
- Presentations cannot exceed **two (2) hours** nor go past 10:00 PM, unless otherwise approved by Community Standards & Engagement.
- The presenting organization will be responsible for ensuring the site is left in its original condition after use.

 - Physical abuse of members, including slapping, kicking, spitting, caning, pushing, poking, punching, etc.
 - Use of bricks, bats, or paddles. Canes, staffs, and sticks may be used as part of the presentation, but these items may not be used as a weapon or to harm others.
 - Disruptions by other attending organizations such as walking through a presentation or talking over the presenter.
- Alcoholic beverages are **NOT** permitted during new member presentations including by visiting chapters, alumni, graduate chapter members, or guests.

STARTING A FRATERNITY & SORORITY

Johnson & Wales University (JWU) recognizes that fraternities and sororities can provide significant positive experiences for development of student morals, ethics, academic endeavors, volunteerism, and social enrichment. To regulate and manage the expansion process, designated officials from Community Standards & Engagement will determine if a fraternal organization offers suitable support for our students and aligns with mission of the university.

INTER/NATIONAL ORGANIZATION AFFLIATION

No local organizations may exist and operate at any JWU campus. All organizations or interest groups must have affiliation with an Inter/National organization and be granted approval to become an interest group or colony by the university.

CITY-WIDE AND AREA CHAPTERS

JWU will not approve new city-wide chapters or authorize re-establishment of former city-wide or area chapters on its campuses. A city-wide or area fraternity or sorority is defined as a collegiate chapter consisting of two or more colleges and/or universities where membership can be generated. Each city-wide or area chapter operates under one constitution/bylaws, one set of elected officers, one initiation, and is chartered and recognized by an inter/national organization. Interested organizations should consider their capability to establish a sole charter at JWU prior to submitting interest for recognition. Membership in JWU fraternities and sororities is only available to enrolled students at Johnson & Wales University.

AFFILIATED MEMBERS OF NON-RECOGNIZED GROUPS

If a student chooses to seek membership in an organization which has lost recognition or has been banned or suspended from the university, the student risks facing disciplinary action, as stated in the *Student Code of Conduct*.

Students who are initiated members of fraternal organizations that are not recognized by JWU do not have the right to reserve space, recruit members, host, or co-host events in the name of that organization, or participate in any events as a member of the fraternity and sorority life community.

EXPANSION PROCESS

All expansion inquiries will be reviewed by an expansion committee. The committee will meet as needed. During these meetings they will review the letters of intent that have been submitted. The committee will consist of the executive leaders of the existing fraternities and sororities, the Director of Community Standards & Engagement (or as designated by the Dean of Students), the Community Standards & Engagement designated fraternity/sorority advisor, and others that are deemed necessary per the discretion of the Community Standards & Engagement designated fraternity/sorority advisor. Prior to the committee meetings the committee will be trained how to determine if the campus is ready for expansion and what to look for in a potential organization.

Key Areas to be reviewed by the expansion committee:

- History of organization
- Information on inter/national strength
- Ongoing Support via headquarters and regionally
- Membership and Education Plan
- Alumni/ae information
- Risk Management policies and Insurance credentials
- Summary of the colonization plan

A governing council may have more than one colony at a given time if they so choose. Additional criteria may be established in the case of organizations seeking re-colonization on campus. Failure to abide by any of these criteria may result in suspension of the colonization process or revocation of provisional recognition as a colony/petitioning group.

Should the university be interested in bringing a fraternity or sorority to campus whose internal expansion policies conflict with or require additional steps other than what is outlined in this section, Community Standards & Engagement may at their discretion make adaptations to the process. Any such accommodations should be designed to acquire the same information required in the official university expansion process and involve the same university expansion committee.

Information about re-chartering:

Organizations that have lost recognition for a period of time from the University may petition to re-charter their organization but, must go through the expansion process. Review of prior organizational conduct records will be taken into consideration before a final approval is provided by the Dean of Students or their designee.

A note to Inter/National Organizations:

Any inter/national fraternity or sorority wishing to colonize at Johnson & Wales University (JWU) should file a letter of intent with Community Standards & Engagement. The letter of intent should be a brief one-page summary of why the organization should be on campus; how this organization can contribute to the greater JWU community; what makes this organization unique or attract a different population of students than the current recognized organizations; and appropriate contact information to follow up with more questions. Letters should be emailed to the designated FSL advisor in Community Standards & Engagement.

A note to Current JWU Students:

If current students do not find a fit with any of the existing organizations, they may petition of start a new organization on campus. Current students must set up a meeting with the respective governing council President and the Community Standards & Engagement designated fraternity/sorority advisor to discuss the process and current state of the community. Current students are encouraged to research potential organizations of interest to learn more about these organizations. However, they cannot begin an interest group or colony prior to approval from an expansion committee. *If students have already established contact with an organization of interest, it is imperative that they connect such representatives with designated member of the Community Standards & Engagement team so they may overview all relevant guidelines and policies with all parties involved*

APPENDIX B – CLUB SPORTS STANDARDS & GUIDELINES

STARTING A CLUB SPORT

Students interested in starting a club sport on campus should review the process of new club recognition as outlined in the Student Organization Handbook, located on the Involvement Network accessible via [jwuLink](#). Following approval, new club sports will be required to provide further information based on designation into one of two categories: Recreational or Competitive club sport.

A **Recreational** club sport classification will be designated for club sports that involve physical activities that are recreational in nature and do not involve competition as a primary focus. A **Competitive** club sport classification will be designated to club sports with activities that involve competition between other colleges and universities that may include both league and tournament play.

These guidelines are a supplement to the Student Organization Handbook. Student leadership from each club sport is expected to become familiar with the contents of the entire handbook so the club sport is aware of all policies and procedures related to clubs and organizations. Situations involving club sport business and activities not covered in this handbook should be referred to the designated contact in Community Standards & Engagement.

ADDITIONAL REQUIREMENTS

Club sports are primarily under the advisement of Community Standards & Engagement and governance of Student Government Association (SGA). All club sports will need to fulfill all required documentation as directed by Community Standards & Engagement and SGA to remain active. Community Standards & Engagement works collaboratively with Athletics and SGA to support club sport activity, therefore specific matters and decisions may be referred to the Director of Athletics or their designee by Community Standards & Engagement as is reflected within many guidelines and requirements stated herein.

Given the assumed risks for participation in a club sport, a club sport may be required to acquire and maintain a Head Coach. Determination for this requirement and criteria for selecting any coaches will be made by the Director of Athletics or his or her designee.

Like other student organizations, university funds are limited for club sports; therefore, all club sports are encouraged to prepare a budget report by the conclusion of the spring term outlining the club sport's internal account balance, and how the club sport will be supporting itself financially in the upcoming academic year. Budget reports be requested by Community Standards & Engagement or SGA to determine a club sport's viability to sustain its activities. If a club sport does not have sufficient funds to support itself, it will go to **inactive** status until the club sport is financially stable as determined by Community Standards & Engagement. Inactive status for a student organization denotes the loss of recognition and privileges afforded to clubs and organizations until necessary issues are resolved.

If a club sport is required to have a head coach, no activity may take place without them or an approved staff designee from the university.

USE OF FACILITIES

Club sports will have access to Johnson & Wales University facilities unless otherwise specified. Requests for facilities must be made through the Involvement Network via [jwuLink](#) as outlined in the Student Organization Handbook. Please schedule an appointment with a representative from Community Standards & Engagement with any questions regarding suitable facilities to accommodate anticipated requests. Facilities on campus will be provided based on their availability, which may be limited. These areas on campus are used by more than just

club sports so it is imperative to request facility use at least **TWO WEEKS PRIOR** to the requested date (Campus-specific policy or practices may require more advanced planning). Facilities off campus may be used based on approval and availability by working with Community Standards & Engagement staff to process contracts and payments appropriately. All club sports will be held to high standards, therefore it is an expectation that behavior of all club sport members and coaches adhere to rules and regulations of all other campuses for competitions and visits, off-campus facilities, and associated leagues in which they compete.

Facility-Use Policies

Club sport officers are responsible for communicating all information related to field and facility utilization to club sport members, spectators, visiting teams, and all other authorized users of the recreational/athletic facilities during the club sport's use.

Failure to adhere to all policies will result in disciplinary action that could include, but not limited to, loss of recreation/athletic facility use.

No Alcoholic Beverages

- Possession or use of alcoholic beverages anywhere on university property is prohibited except for legal use at events, operations, programs, premises or facilities sanctioned by the university.
- Failure to abide by this regulation is a violation of the university's Drug and Alcohol Policy and the Student Code of Conduct and will result in disciplinary action, including suspension and/or dissolution of the club sport.

Inclement Weather

- Club sport teams should inspect the field/venue **PRIOR** to every use to identify any safety hazards or property damage.
- If the club sport members determine the field/venue is unsafe or hazardous for use they need to report the state of the field to the operations manager in Athletics.

Pets

- Other than service animals, **dogs or other pets** are not permitted on university property.

Parking

- Vehicles must be parked in designated areas.
- **NO** vehicles are permitted on recreation/athletic fields.

Clean-Up

- Club sports are responsible for the removal of all trash after an event/competition/practice.
- Trash removal constitutes placing all trash in designated trash receptacles. Failure to take responsibility to do so will result in loss of facility privileges.

Damage to Fields

- Club sports are responsible for any damage to the field/activity space during their usage.

Participants

- Club sports are **NOT** permitted to provide a game site for two non – Johnson & Wales teams. The only exception to this is if the club sport is hosting a tournament approved by JWU Community Standards & Engagement.

Spectator Responsibility

- Club sports are responsible for their spectator's behaviors and actions regarding all facility-use guidelines and campus policies., therefore club sports may be required to request and fund security detail when deemed necessary by Community Standards & Engagement in conjunction with Campus Safety & Security.

CLUB NAMES & UNIFORMS

“Nicknames” for club sports will be limited to “Wildcats.”

All club sports' uniforms must primarily use Johnson & Wales University colors and be approved in accordance with JWU Graphic Standards, unless otherwise approved. Club sports will not be allowed to participate/compete in non-school colors (JWU colors – Royal Blue and White. Athletic Gold/Yellow may be used as an accent color), unless rules of the sport dictate differently. Club sports are required to follow purchasing guidelines stated within this handbook.

All logos must be approved by Community Standards & Engagement. Club sports must use logos that have been previously approved by University Design and Editorial Services.

HEAD COACHING REQUIREMENTS

- Previous Coaching or playing experience in that sport. The coach may not play.
- Certified in First Aid, CPR and AED Training and approved by the Director of Athletics or his or her designee.
- Adhere to the policies and guidelines set forth by the University and Community Standards & Engagement in conjunction with Athletics within the Student Organization Handbook and Club Sport Guidelines.
- Establish conditioning and training programs to physically and mentally prepare the participants for competition. Community Standards & Engagement will facilitate the review and approval of such programs and activities by the Director of Athletics or their designee.

- with compliance regarding conference, league or union rules governing eligibility, competition, and financial obligations.
- At all times, as a representative of Johnson & Wales University, the coach should model good sportsmanship and professionalism.

Community Standards & Engagement has the right to deny any coaching applicant for a club sport if deemed necessary, in its sole discretion.

A faculty-staff advisor is required in accordance with student organization policies and can be any full-time faculty or staff member of Johnson & Wales University, regardless if a club sport has a required Head Coach. Prior approval from Community Standards & Engagement must be received in writing for any part-time or adjunct faculty or staff to serve as student organization or club advisors.

MEDICAL REQUIREMENTS

Depending on the nature of the sport being played, different medical information may be required.

Club sport participants are responsible for their own health and safety while participating in their respective sport. *All club sport participants will be required to sign the assumption of risk form provided by Community Standards & Engagement, and may be required to provide additional information as necessary.*

Participants in sports of a collision or contact nature will be required to provide a physician's examination report to the Director of Sports Medicine or designated representative from Community Standards & Engagement. Club sport coaches will be required to submit a roster of participants to the athletic training department for verification of physicals and concussion testing, when applicable. Failure to do so may result in suspension of participation for that entire sport club.
