EXPERIENTIAL EDUCATION

JWU's educational approach is designed to help students identify a field of interest and acquire the knowledge, skills and experience to excel in that field. Our unique education model integrates academics and professional skills, related work experiences, community and leadership opportunities and career services. Students develop academic schedules and work experience plans relevant to their career goals, starting in their first term.

Our experiential education model includes career management workshops, a suite of career services, a customized online career management website, work experience tied to a field of study and on-campus recruitment opportunities.

JWU maintains relationships with hundreds of the world's industry-leading companies and offers a variety of work experience programs. In 2016–17, 3,482 students gained industry experience related to their major at 1,847 sites across 47 states and 28 countries.

In 2016–17, 1,771 employer visits occurred on campus at 632 career events, including career conferences and other industry networking events that connect students with leading companies in their field. In 2016–17, 3,141 on-campus interviews were conducted across JWU's four campuses.
