GET STARTED EARLY
CREATE A LIFE YOU’LL LOVE
What is EEP?
EEP is a program that offers you the opportunity to apply for early enrollment at JWU during your junior year of high school. Then, at the beginning of your senior year, you’ll start attending classes at JWU — earning credits for high school and college courses while still participating in your high school activities. You’ll also be eligible to live in one of our residence halls and still graduate from high school at the same time as your peers.
We were surprised when we heard David was seriously considering the Early Enrollment Program. As parents, we were nervous and concerned about him finishing high school and starting college at the same time. After talking to his academic advisor, she eased our fears. His high school credits were completed after the second term, and he made the dean’s list! He had a successful first year and was involved with many organizations. We cannot wait to see what the future holds for him at JWU!

— Jason and Laura Allen, parents of David Allen

The benefits of EEP
- Graduate one full year earlier.
- Get started on finding your career path sooner.
- Save on tuition. Pay half the regular tuition your first year at JWU.
- Become eligible for JWU scholarships totaling up to 50% of any institutional aid you receive.
WHY JOHNSON & WALES UNIVERSITY?

Do you know the kind of future you want? Are you ready to claim it for your own? Are you ready to dive right in to make it happen? At JWU, we want you to imagine everything your future can be. And then we’ll help you work toward it — because when you work, so does your education.

If you’re the type of student looking for the widest range of unique experiences to help you start creating a life you’ll love sooner, then you’ll excel here. Maybe you already know what major you’d like to study in college. Or you know what you’re interested in, but don’t have an exact major pinned down. No matter what category you fall in, we’ll help you figure it all out. Here you’ll find

- a supportive academic environment that includes academic counselors
- passionate and dedicated faculty
- state-of-the-art makerspaces, e-centers and labs
- access to internship opportunities — last year 2,654 students interned at 1,518 sites in 33 countries
- 80 study abroad programs in 40 countries around the world
- strong career development services
- two campus locations
- a wide range of athletics and student organizations

All statistics are the most current as of September 2020 and incorporate data from the Denver and North Miami campuses which are scheduled to close in the summer of 2021.

The facts presented here reflect the university environment prior to the COVID pandemic, during which time changes have been made to adapt to prevailing conditions and protect the health and safety of the university community. The university reserves the right to make changes to any of its facilities, offerings and services as it deems appropriate.
CHOOSE A MAJOR YOU’LL LOVE

At JWU you can reach your potential ahead of schedule. Choose from degree programs in arts and sciences, business, culinary arts, design, engineering, health and wellness, hospitality and nutrition. With an array of classes, collaborations, majors and programs, you’re sure to find something that ignites your passion. And you’ll build opportunities to expand your résumé through real-world work experiences and internships tied to your major.

Explore our majors through our interactive program finder at jwu.edu/majors.

“JWU worked closely with us and our high school to get everything in place: transcripts, graduation requirements and more. JWU actually cut tuition in half for Michelle’s first year ... and continued to work closely with her during that year to make sure she remained on track. We never had to worry that she was in good hands. Michelle graduated with a National Honor Society diploma and was on the dean’s list at JWU. As a parent, to see the growth in my daughter in one year was incredible.”

— Ann Aliquo
Mother of Michelle Aliquo
ARE YOU READY?

You may be a good candidate for EEP if
• you’re a high school junior
• you want to get a head start on college
• you’re looking for direction, stimulation and a challenge beyond what is offered in high school

WHAT ARE THE ACADEMIC QUALIFICATIONS FOR EEP?
To be considered for EEP, you need to have
• a minimum 2.75 GPA (B-) and a B- in English
• a minimal number of high school classes left to complete to meet graduation requirements. (For example, you might have one English class and one or two other classes to take in order to graduate.)

Requirements and equivalent JWU courses will be determined by your high school counselor and JWU.

For more information about curriculum, admission and attendance, visit jwu.edu/catalogs to view our current catalog.

“Briana’s acceptance and participation in JWU’s EEP was the most beneficial and exciting event to happen in Briana’s academic career. Leaving the proverbial nest at a tender age of 17 was a little nerve-racking from a parent’s point of view. However, because of JWU’s superb program, I watched Briana develop from a young girl to an independent, smart young adult! Thank you, JWU!”

— Frank Valletta
Father of Briana Valletta
To participate in EEP, do the following during your junior year of high school:

- Submit the Undergraduate Application and indicate your program of choice.
  - Application period begins in late fall of your junior year. JWU will need mid-year grades to render a decision on your early enrollment.

- Submit the EEP Agreement Form.
  - Be sure to have your school counselor and principal complete (and sign) the EEP Agreement Form.
  - Have your parent/guardian’s signed consent on the EEP Agreement Form.

If you qualify, Admissions will contact you to schedule your EEP interview.

Please note: EEP students do not need to file a Free Application for Federal Student Aid (FAFSA) for their first year because they are not eligible for federal financial aid their first year. Instead, our EEP students save money by only paying 50% tuition their first year.

For more details about this program and to apply online, visit jwu.edu/eep.
